Conserve your home or your farm buildings by installing a new asbestos roof. There is an old saying, you know, that a building is no better than its roof. It's a true one. Nothing causes a building to deteriorate more rapidly than a leaky roof. You do not need priority to purchase the shingles you need. We have them in our stock.

Does your house need painting? If it does, consider for a moment the possibility of installing asphalt sidewall shingles. The cost of doing this work is slightly more than painting, but the job lasts indefinitely. It also adds warmth to your home in winter, coolness in summer. We have the shingles available in our yard to do the work.

We Have Labor Available!

If you are consdering a roof or sidewall shingle job consult us at once. No only do we have the shingles available for the work, we have the labor available to install them.

There is considerable activity in this field this Spring and we urge you to act at once if you desire to avail yourself of our labor. We will be glad to estimate the complete cost of the job.

BRITTON

EASTER PARTY

The children of the beginners and primary Sunday school classes of the Christian church were entertained by their teachers Thursday evening from 6:30 to 8:00 in the church parlors.

Thirty-eight children and fifteen mothers were seated at small tables prettily decorated with crepe paper; the beginners in orchid and yellow and the primary in green and yellow.

The favors were colored Easter eggs dressed in gay Easter costumes made by the Junior girls of the church. A lovely two course supper which consisted of "Bunny Rabbit" sandwiches and "Sail Boat" salad was served.

Games with prizes followed this supper.

HOLY WEEK OBSERVED

Services in observance of the "Holy Week" were held in the churches of Britton during the past week. Candle Light community services were held at the Christian church Thursday evening with Rev. Gould and Rev. John of Ridgeway giving the life of Jesus from the time in the Garden to his Death on the Cross.

The following hymns were sung by the chorus during the services, "In the Cross of Christ I Glory," "When I Survey the Wondrous Cross" and "Go to the Dark Gethsemane."

Community Sunrise services were held at the Christian Church at seven a.m. with breakfast for the younger children following. Rev. Johns of Ridgeway and Rev. Gould of Britton assisted by members of the church, participated in the services.

The Easter morning services began at 10:30 with the pastor Rev. Gould speaking on the "Resurrection."

The rising sun is going into total eclipse—and it's never coming out of it! It thought to plunge the democracies in a blackout of fear: but instead its challenge only brought every one of us rallying around our own Stars and Stripes—fighting Tojo-Hirohito militarism blow for blow. The final test is soon to follow. Then Japan will follow Mussolini and Hitler to ignominious defeat—paying dearly for its horrendous crimes.

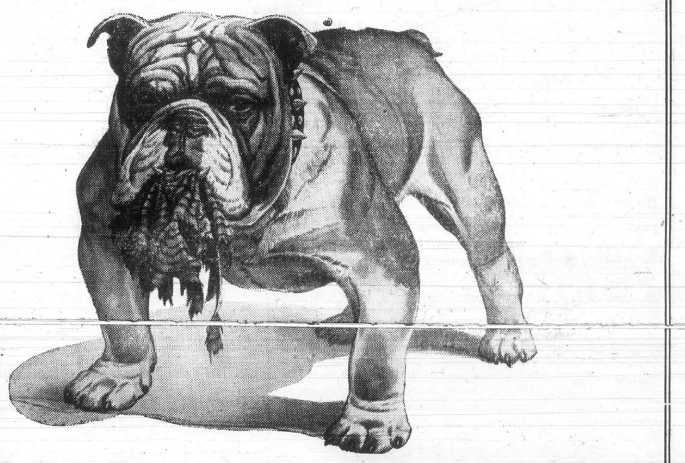
'Therefore—I will liken him unto the wise man, which built his house upon a rock: And the rain descended, and the floods came, and the winds blew, and beat upon the house, and it fell not: for it was founded upon a rock."

St. Matthew 7:24-25

The house of the
MICHIGAN MILK PRODUCERS ASSOCIATION
is founded upon a rock of confidence, efficiency and honest service to all.

Organized in 1916 for the common good of all, it has withstood the rains of criticism by detractors, floods of falsehoods by self-seekers, and the winds of destruction by "labor evangelists."

28 YEARS OF FAITHFUL OPERATION
has builded a structure of capable and efficient management, well trained personnel, a background of substance in capital and equipment, and an unimpeachable record which has stood against all assaults of skeptics and potential destroyers.



Learn something from this fellow

THE BEST THING a bulldog does is **HANG ON!** Once he gets hold of something It's mighty hard to make him let go!

We Americans can well take a lesson from the bulldog. It's a lesson about War Bonds.

Once you get hold of a War Bond, **HANG ON TO IT** for its full 10 years of life.

There are at least two very good reasons why you should do this. One is a patriotic reason . . . the other a personal reason.

You buy War Bonds because you know Uncle Sam needs money to fight this war. And you want to put some of your money into the fight. But . . . if you don't hang on to these War Bonds, your money is not going to STAY in the battle.

Another reason you buy War Bonds is because you want to set aside some money for your family's future and yours. No one knows just what's going to happen after the war. But the man with a fistful of War Bonds **KNOWS** he'll have a roof over his head and three square meals a day no matter **WHAT** happens.

Isn't that something to think about? Can you buy cheaper insurance; insurance shaping the destiny of yourself, your family and your nation?

War Bonds pay you back $4 for every $3 in 10 years. But, if you don't hang on to your bonds for the full 10 years, you don't get the full face value, . . . and you won't have the money coming in later on when you may need it a lot worse than you need it today.

The United States and her Allies are on the road to Victory. Soon . . . we hope it won't be too long, your son and brother, and ours, will be marching triumphantly home.

Let's be able to show 'em a fistful of War Bonds. Let's be able to show 'em we backed 'em to the limit. Remember the Bulldog . . . hang on.

FARMER IS INJURED

Clarence Ostrander, 55 years old, who lives on the Whelan farm near Prospect Hill, suffered a broken vertebra last Wednesday when a load of hay which he and his son were hauling on US-112 near Cement City tipped over. He also was cut about the head and otherwise injured. He was taken to Foote hospital in Jackson.

CLUB CLOSES SEASON

The Woman's Club held its last meting of the season, April 4 at the home of Mrs. H. S. Raynolds, with members of the Manitou Beach Booster club as guests.

The annual reports were given and Mrs. Lloyd Kurtz gave a short history of the year's work. Mrs. Reynolds was elected delegate to the State Federation meeting to be held in Grand Rapids April 18. The club voted to donate $2 to the Adrian College Centennial fund and also voted a $2 membership fee for the adult education programs at Ann Arbor April 16, 17 and 18. Mrs. R. A. Kerr, Mrs. A. S. Kidney and Mrs Max Johncox have charge of the ticket sale for the mother and daughter banquet to be held at the School house April 18. Miss Wildman was received as a new member.

Mrs. Wilbur Riley of the Manitou Beach club presented the program consisting of two accordion solos by Lawrence Riley, poems by Mrs. Frank Pratt, a skit by eight women in charge of Mrs. Florence Davis, piano solo by Lawrence Riley and two readings by Fritz Noffzinger.

Tea was served to 64 members and guests, with Mrs. Frank Morey and Mrs. Dewitt Bennett pouring.

Pvt. James Hewitt of Fort Sheridan, Ill., spent Sunday at his home at Cambridge Junction.

Mrs. Edward S. White and son Jimmy of Chicago were guests in the home homes of George White and other relatives during the past week.

Mrs. Asel Kidney has on hand for Red Cross knitting, sleeveless sweaters, mufflers, gloves and helmets. Anyone willings to knit may call Mrs. Kidney.

Good Friday sevrices were held in the Baptist church with Rev. F. D. Hague speaking on "The Three Crosses." Rev. G. W. Miller of Clayton sang two numbers. Business places were closed during the service.

Onsted Grange met Friday evening when the Tecumseh degree team conferred the third and fourth degrees on a class of candidates. Potluck supper preceded the meeting.

PORK MAKER
Hayden Flour Mills Tecumseh, Mich. April 13, 1944

MARKET YOUR HOGS ON THE RIGHT SIDE

Which side of the fence are you going to be when you market your hogs?

If you are feeding straight corn you will be on the wrong side, unless government price regulations on grain and hogs are changed.

PROPERLY BALANCE YOUR GRAINS WITH HAYDEN'S HOG BALANCER

When you properly balance your grain with Hayden's Hog Balancer you are feeding a ration that will produce pork faster and with less grain.

That means that even on today's market you'll make some profit,—which is better than a loss!

We know that HAYDEN'S HOG BALANCER will cut the cost of production, and in most cases put you on the profit side of the fence.

HEN HUMPER
Hayden Flour Mills Tecumseh, Mich. April 13, 1944

STEP 3
In Your Chick Program

After you have followed steps No. 1 and 2 (last week's "Hen Humper") do the following:

1. Start your brooder to dry out the floor, walls, etc. Be sure there is plenty of fresh air, without any floor draft. After the floor is dry, cover the floor with deep dry litter. Usually a good commercial litter is best. (See us for this.)

STEP NO. 4

1. Run your brooder for 3 or 4 days to be sure it is working properly. If an oil burner, be sure to clean oil pipes, needle valve and burner.
2. Check the thermostat.
3. If you have oil or coal brooder, hang the thermometer 6 inches from the edge of the hover, about 2 inches above the floor.
4. Start your chicks at about 90 degrees and lower the temperature about 5 degrees per week down to 75 degrees, depending on the weather and the type of house you have.
5. Start your chicks on Hayden's Starting Mash.

BOYS AND GIRLS TO GET $25 PRIZES

Waste Paper Matinee is Announced

A Waste Paper Matinee—a full two-hour show to which admission will be by contribution of waste paper only—will be staged by The Strand Theatre here next week, Saturday, April 29, it was announced today by Wallace Nichols, manager. Mr. Nichols is cooperating with the local War Activities Committee in an effort to speed up the collection of the paper, so badly needed in the war effort.

And in addition to the matinee, it was announced that three prizes will be awarded, the first of $10 in War Savings Stamps to the boy who brings in the most waste paper, a second prize of a like amount to the girl bringing in the most paper, and a third prize of $5 in War Savings Stamps to the boy or girl bringing in the second largest amount of paper. This makes a total of $25 in prizes to be awarded during the afttrnoon.

"It seems to us that several tons of paper should be collected at the matinee," a member of the committee declared. "The rules are simple, and the show is open not only to boys and girls living in Tecumseh, but to any boy or girl in Tecumseh's trading area. Rural schools and the Ford schools are expected to participate in the collection.

"Any boy or girl bringing 10 pounds or more of waste paper to the theatre will be admitted without charge. They must bring at least 10 pounds, however. Then, that boys or girls bringing more than 10 pounds will participate in the $25 prize awards," the speaker said.

The waste paper matinee will start at 1:30 Saturday afternoon, Mr. Nichols said. He declared that a large truck and scale would be at the theatre entrance to take care of the paper and to check the weight.

In communities where waste paper matinees have been held, Mr. Nichols declared, from four to six tons of paper have been collected at each show. He declared that he was of the opinion that Tecumseh would not be an exception to the rule, and predicted that several tons of paper would be gathered by the children here.

"Boys living in the country will be able to put a few bundles of paper in the car when they come to town with their folks, Saturday afternoon," the theatre manager pointed out. "In other instances, can pool their efforts and use dad's truck to bring the paper to town. I think that the rural schools will take an active interest in the collection," he declared.

In Tecumseh, Mr. Nichols said, youngsters may use cars, express wagons, wheelbarrows and the like to bring the paper to the theatre. In some towns, he said, even though there was no snow, the youngsters used sleds on the bare streets to bring the paper.

Waste paper is one of the critical war materials today, and there is a definite shortage of paper in this area, mills report. The paper collected here next week will be turned over immediately to a paper mill for processing.

"I am very happy that the Strand is cooperating in the waste paper campaign and I feel that Tecumseh's boys and girls will aid the war effort by collecting paper in next week's drive," was the comment of Wade L. Jones, village clerk, and who has previously aided waste paper collection campaigns. "Certainly the mills need the waste material badly, and Tecumseh can do its part by bringing the old paper to the theatre.

Mr. Jones suggested that local children visit homes in their neighborhood and collect the paper this week-end and take it to their homes, that it will be in readiness for next week's show.

"The boys and girls are being given a 10-day advance notice of the matinee to give them plenty of time to scout around and find larg waste paper stocks. Some boy and girl are going to win dandy prizes besides aiding the war effort," Mr. Jones concluded.

SERVICE-TINGLEY

Mrs. Lillian Tingley and J. Dunaine Service, both of Tecumseh, were married Saturday by the Rev. W. E. Grove at his home in Curtice, O. Following the ceremony, dinner was served in the Grove home.

Mr. and Mrs. Service returned to Tecumseh Monday evening and will make their home at 121 West Chicago Boulevard.

OFFICERS NAMED

The Baptist Youth Fellowship has reorganized and has elected the following officers: Donald Everhart, president John Price, vice president; Dorothy Schumm, secretary; Coleen Davidson, treasurer. The group will meet Sunday evenings at 7:15 at the church.

Community Chest To Get Over $300 From Strand "Army" Show

Between $300 and $400 will be turned over to the Tecumseh Community Chest by The Strand Theatre, to be used for the benefit of returning soldiers and sailors, as a result of the showing of the film, "This is the Army," at the local theatre, Sunday, Monday and Tuesday, Walter Nichols, manaogr, said today.

The theatre announced last week that it would give its entire share of the proceeds of the show to the Chest, not reserving a penny for expense of operation. The all-star cast movie was played at popular prices, and on Sunday approximately 1,800 adults and children were in attendance.

David J. Carson Dies In Gd. Rapids Hospital

David J. Carson, age 75 years, retired proprietor of the Carson Foundry and Manufacturing Co., died Sunday afternoon at Butterworth hospital in Grand Rapids after a short illness.

Mr. Carson came to Tecumseh several years ago from Buffalo as receiver for H. Brewer & Co. He became proprietor of the Carson Co. 11 years ago and sold the business to W. J. Bruce a year ago, retiring because of failing helth. Mr. and Mrs. Carson moved to Grand Rapids in October. He was a charter member of Tecumseh Rotary Club, its second president, and an elder of the Presbyterian church.

Survivors are the widow, one son, Gordon Carson, and two grandchildren, all of Grand Rapids.

The funeral was held in Grand Rapids Wednesday.

Martha Hewlett Wins District Speech Honor

Martha Hewlett of Tecumseh high school was winner of the district oratorical contest, held in Adrian, Friday afternoon. Martha's oratorical declamation was "Union Soldier."

Dorlen Perry of Adrian, daughter of Mr. and Mrs. E. H. Perry, formerly of Tecumseh, was winner of the dramatic declamation. There were no extemporaneous speakers. Misses Hewlett and Perry are now eligible to participate in the regional contest to be held in Adrian in May.

Others from Tecumseh who took part in the district contest were Joan Chusch and Jack Puffer.

4-H Club Achievement Day in Adrian, Apr. 22

The annual 4-H Club Spring Achievement Day will be held Saturday, April 22, at the senior high school in Adrian. Exhibits will be open to the public at 9:30 a. m. There will also be movies, demonstrations and leaders' meetings during the morning.

The afternoon program will open at 1 o'clock and will include a patriotic dress worn by the club girls and a Victory Club skit by the Ridgeway 4-H Victory Club, led by Lillian Dibble. Results of judging contests will be announced at this meeting.

Dinner will be served at noon at the First Methodist church.

GARDEN CLUB TO MEET

Tecumseh Garden Club will meet Friday afternoon at the home of Mrs. W. H. Wehr with Mrs. Al Helzerman, Mrs. L. A. Curtiss and Mrs. Guy Pocklington assisting in entertaining. Mrs. Curtiss, Mrs. Arthur Eaton and Mrs. C. H. Glitner will have charge of flower arrangements. Mrs. H. H. Hammel will tell of the life and projects of Luther Burbank and Mrs. F. C. Hanna will talk on "Growing Annuals in Shady Places."

HARD TIMES PARTY

Members of the Tecumseh school band and their parents will hold a hard times party at the Tecumseh Grange hall on Friday evening, April 21, with a potluck supper at 6:30. Those attending are to bring table service, sandwiches or rolls and food to pass. A prize will be awarded for the best costime. There will be dancing, games and stunts, a spelling bee and other amusements for both old and young.

RECEIVES PURPLE HEART

Pvt. Robert Purkey has been awarded the Purple Heart for wounds received in action in Italy November 6, 1943. Pvt. Purkey, who is a patient at Fletcher hospital in Cambridge, O., spent the week-end with his parents, Mr. and Mrs. Lee Purkey.

Health Survey Is Completed

CANVASS SHOWS BUT FEW IN TECUMSEH HAVE BEEN IMMUNIZED AGAINST SMALLPOX

The result of a survey conducted by the Child Study Club, under the direction of the Health Education committee, made public this week, discloses that Tecumseh's healthguarding program has been sadly neglected, with less than 10 per cent of its population immunized against smallpox and only slightly more against diphtheria.

The survey, which was first turned over to the Board of Education at its regular meeting last week, estimates the village's population at 3,300 and shows that the committee personally contacted 2,159 persons in compiling the report.

Of the total number of persons contacted (2,159) only 190 had been vaccinated against smallpox; 92 immunized against typhoid fever; 229 for diphtheria and 225 for whooping cough.

Concerning Pupils in the public schools, the report shows: Of 678 enrolled in the schools only 87 are vaccinated against smallpox; 44 immunized for typhoid fever; 157 for diphtheria and 129 for whooping cough.

The committee's report says that "the report was presented to the medical staff of the Tecumseh hospital. They recognized that the immediate problem of community health was one of immunization, particularly of the school children, and have gone on record as favoring whatever type of immunization program that can be worked out in Tecumseh this year through the efforts of the Health Education Committee and the public school system."

The Health Education Committee has formulated the following plan for approval and execution:

1. Vaccination of all school children for smallpox excepting those who have been vaccinated within the past five years.

2. Beginning in April, all children needing vaccination have permit slips from their parents.

3. Assistance by the doctors of the community insofar as their time permits.

4. Volunteer trained workers under the selection of Miss Gertrude Spaulding, superintendent of Tecumseh hospital, assisted by [illegible] and other interested parents for clerical work.

5. Application for vaccine from the State Department of Health.

6. Request from the committee that the school ask all children entering school, beginning in September, 1944, to be immunized for diphtheria and vaccinated for smallpox.

It was this program that was submitted to the board of education at its meeting last week. It was pointed out that the plan does not take into consideration the industrial factor of the community. The committee said that it hoped that the adult residents of the village would recognize the importance of such an immunization prgrol and take steps to have it carries out. The committee declared that it was ready to assist such an industrial program in any way possible.

RALPH COMFORT HEADS LOCAL ROTARY CLUB

Ralph Comfort was named as president of the Tecumseh Rotary Club when the board of directors met in special session, Monday evening. Mr. Comfort has been vice-president of the club. He will take office in July. Others elected are Earl L. Wickware, vice-president; Wade L. Jones, secretary, and Lester Rogers, treasurer.

Lenawee Gets War Bond Flag

FIRST COUNTY IN NATION TO RECEIVE AWARD FOR ITS FOURTH LOAN RECORD

The United States Treasury's distinguished service flag now flies over Lenawee county—the first county in the Nation to receive the honor—as the result of the outstanding record made by residents during the Fourth War Loan Campaign.

The flag, a white map of Michigan on a blue background with a Minute Man in blue placed in the white outline of the state, was presented by Frank N. Isbey, Michigan War Finance Chairman, at a complimentary dinner at the Agran Club in that city, last week. County drive chairmen and those from the several villages including W. L. Berkhof of Tecumseh, were present. Lenawee was the first county in the state, outside of Wayne, to put a million dollars in cash in the hands of the treasury through the sales of "E" bonds, and Mr. Isbey praised the county for its outstanding record.

The state chairman also presented three distinguished service certificates. One went to A. A. Palmer, chairman of the county drive, another to J. P. Libbe, chairman of the banking division of the county, and a third to Stuart H. Perry.

Lenawee's E bond quota in the last drive was $1,119,000 and the total sales of small bonds amounted to $1,463,078. The county's complete quota was $3,435,000 and the sales of all types of bonds totaled $5,117,124

Mr. Isbey commended the county highly for its record in the drive and commended the local chairmen and workers for their efforts. "Your record was outstanding in the state in E bond buying," he said. "Lenawee stood out like ten diamonds in a coal pot when the E bond record was completed. I feel confident that you will continue in the war financing drives that are to come.

The success of the volunteer war financing program in the state and nation was reviewed briefly by Mr. Isbey who called it "the greatest volunteer program now under way in the nation."

Tecumseh shared in the honor in that it far exceeded its quota in the Fourth Loan as it has in every other bond drive that has been [illegible]

Youth Club Plans For Summer Program

At a joint meeting of junior and senior youth councils held Tuesday evening, plans were laid to carry on an intensive summer schedule of games and sports at Recreation Center. A committee comprising members of the athletic board, school board, village council and youth councils was named by the chairman, the Rev. J. C. Murdoch. They are as follows: Rev. Bob Scarlett, chairman; C. M. Brown, Perry Satterthwaite, Yale Kerby, Dick Eggleston.

At an open meeting to be held at the Opekasit Club in the very near future the public will be advised of the details of the summer program.

The junior council reported a profit of twelve dollars from the spring formal held at the school gymnasium, April 15, and went on record as favoring another such dance in the fall. In the meantime, special Friday night dances with an orchestra furnishing the music are being planned for the balance of the season.

From the $800 advanced to the club by the Community Fund a balance of $238.08 remains.

OUR CONGRATULATIONS

The Strand threatre's announcement that it is giving all of its proceeds from the showing of "This Is the Army" to the Tecumseh Community Chest, the funds to be used for the benefit of returning soldier and sailors, is indeed commendable.

This is the second time in recent months that the Strand management has seen fit to turn over its theatre to the community in a worth-while patriotic enterprise.

The first occasion was in the Third War Loan when the Strand, co-operating with W. L. Berkof and his War Finance Committee, staged a Bond Premiere which netted in bond sales more than $40,000. The theatre was filled to capacity, admissions being through the purchase of War Bonds.

And this week, The Strand is announcing another patriotic show, this time to aid in the local campaign to collect waste paper. This show is to be staged on April 29 and admission is free—provided 10 pounds or more of waste paper is turned over to the local committee. There will be no paid admission, waste paper being the only "ticket."

Similar "waste paper shows" have been staged in other parts of the state with genuine success. In one community, smaller than Tecumseh, the show produced more than six tons of waste. In another town, nearly four tons were collected.

Tecumseh has not made a very good showing in previous waste paper drives and it is to be hoped that The Strand's show will bring results. It also should be remembered that the show is not open to Tetumseh youngsters alone, but is open to children from all of Tecumseh's trading area. Rural schools, the theatre hopes, will take an active interest.

We congratulate the management of The Strand upon its fine spirit of co-operation.

What Are Your Plans For The Future?

Are you thinking ahead—ahead to the time when Hitler and his Axis allies will be humbled, when peace shall again reign upon the earth?

War is bloody, gruesome business—but it won't last always. And neither will the big wages that are being paid today.

Save a part of your income regularly—a big part of it. Invest it in War Bonds to speed Victory. Then, when the war is won, you'll have cash available immediately to build or extensively remodel your home.

War Bonds, we believe, are today's finest investment. Why, because you are helping to speed up the day of Victory—you are laying aside a sum for the day when you can spend freely.

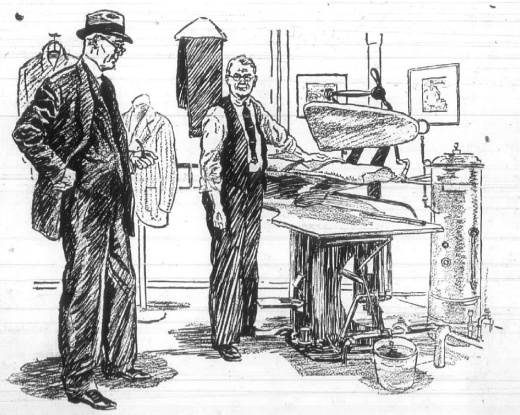
THE OLD JUDGE SAYS...



"The war stories I like best, Judge, are the ones by the special writers overseas who live right with our troops. They give us a better idea of how our men react to things going on over there and back here at home."

"I agree with you, Sam. I never miss one of those stories in the papers or magazines. And there's one thing those writers seem to agree on no matter where they are stationed with our men...and that is that the men who have left their homes and families to go away and fight this war don't want to come back and find that prohibition has been put over on them while they were away...*either nationally or locally*. They have heard about the attempts being made and they resent it bitterly."

"I agree with them, Judge, even though I don't happen to drink myself. Furthermore, I don't think it's fair for us at home to be making any major changes while 10,000,000 of our fighting men are away and have no chance to express their opinions."

Six Steps to Pig Riches

(Cut Out and Save, more will follow next week)

We're not "preaching", but just sharing some secrets on how to raise more and better PIGS.

1. Provide Farrowing Houses with guard rails.
2. Thoroughly clean and disinfect the farrowing house. Then wash and disinfect the sow before putting her in the farrowing house.
3. Plan to be with the sow at farrowing time.
4. Provide and use a Pig Hover, if possible.
5. Be sure you are feeding a properly balanced ration of your grain and HAYDEN'S PIG AND HOG BALANCER for brood sows and nursing pigs.

6. Put iron and copper compound on sows teats. This will help to prevent anemia. (This compound is put up in handy jars, one jar per sow. Ask for it the next time you are at the mill.

OVERCROWDING OF CHICKS BRINGS HIGH DEATH LOSS

(Step No. 5 in Chick Management)

One common mistake in Chick Management is trying to crowd too many chicks into too small a space. You should allow at least one half square feet of floor space for each chick. Overcrowding is responsible for a large portion of your death losses.

Every chick you lose by overcrowding means not only a loss in cash but a loss in time and feed as well. BUY ONLY AS MANY CHICKS AS YOU CAN PROPERLY HOUSE.

DON'T SKIMP ON FEEDER SPACE
4 FOOT FEEDER FOR EACH 100 BIRDS

(Step No. 6)

Be sure to supply plenty of feeder space. One inch for each chick, or the equivalent of a 4-ft. Feeder for every 100 birds. Fill the feeders only 2-3 full to prevent waste. With some types of feeders you may have to fill them to the top for a few days in order that the chicks can eat. But cut this down as soon as possible.

HAYDEN'S STARTER IS TOO VALUABLE TO WASTE, SAVE EVERY BIT.

COMMUNITY CLUB MEETS

The Macon Community Club was entertained Thursday in the home of Mr. and Mrs. Michael Papp where a dinner was served to 45 guests. The president, Mrs. Maude Halladay, conducted the business session. The program was in observance of "Bible Day." Scripture reading was by Mrs. Gretel Collins. After the business session, the gift of an electric lamp was presented to "Teh Richart Sisters," the two oldest members, for their long and faithful service as club reporters.

Mrs. Pearl Kuder presented a program consisting of papers by Mrs. Hazel Burkhardt, Mrs. Bertha Hall, Mrs. Ruth Boice, Mrs. Rose Gilmore and Mrs. Laurel Bailey and a number of amusing contests. Mending for the Tecumseh hospital was distributed by Mrs. Bertha Hall, chairman of the work committee.

Mr. and Mrs. Leon Hall and daughter Miss Doris Hall, Miss Thelma Oldridge, Mrs. Enola Hall and Mrs. D. A. Robison attended a party Thursday for Cpl. Lee D. Van Nest at the home of Mr. and Mrs. Fay Van Nest at Evans lake. Cpl. Van Nest left April 14 for his base at Clovis, N. M. Mrs. Van Nest and daughter Dianne will remain with her parents, Mr. and Mrs. Leon Hall for the present.

Mrs. Donald Graf and infant daughter are at Fort Smith, Ark., for an indefinite visit with her husband, Cpl. Graf. Minnie Sarvey, who accompanied Mrs. Graf to Arkansas, returned home last Wednesday afternoon.

USE MORE EGGS, SAVE LESS PLENTIFUL FOOD

Toledo, Ohio, April 20.—Housewives of this area can make an important contribution to the war effort and save ration points by using more fresh eggs in daily meals, an official of the nation's largest food distributor said today.

Our company is glad to cooperate with other retailers and governmental agencies in the nationwide campaign to move surpluses of eggs into consumers' hands to avoid waste of this essential food," said R. R. Betz, vice president in charge of the A & P Company operations in this area. "Housewives can help conserve less plentiful foods by using more of the nutritious, non-rationed fresh eggs at this time."

The company official reported a seasonal surplus had resulted from the patriotic response of poultrymen who, despite manpower and foot shortages, stepped up egg production to all-time records.

The company is aiding the egg merchandising drive through newspaper advertising and store posters and displays which call attention to the fact that eggs are abundant in supply, of fine quality and an economical food.

Red Cross Nurses Aides Honored at a Dinner

A dinner was given at Brees House last Friday evening by the Tecumseh Hospital in honor of the Red Cross Volunteer Nurse Aides, who have been and are giving such outstanding service at the Tecumseh hospital. An event of the evening was the presentation of the awards to the third group to complete training as Red Cross Volunteer Nurse Aides. Those receiving awards were Mrs. Elmer Burleson, Mrs. Vincent Haight, Mrs. John Thompson, Mrs. John Wintersteen, Mrs. Karl Schneider and Miss Norma Bethel.

Over 5161 hours of service has been given by this group up to April 1 of this year. The Tecumseh Hospital Board, Nursing Staff Medical Staff and the entire community are indeed proud of this fine group of women for their efforts in behalf of the local hospital.

The Red Cross Volunteer Nurse Aides have been one of the most active of all the groups set up by the Civilian Defense, and have contributed a most worth while service, as well as learning much that will never be forgotten by them.

After contributing 150 hours of service a Nurse Aide receives a white stripe to wear on her uniform. The following persons have already earned these stripes: Loretta Barnes, Vivian Beal, Nina Butler, Thelma Dannells, Marie Deaner, Elizabeth Dickinson, Mabel Hanna, Agnes Harris, Nina Heesen, Edna Lent, Henrietta Lindsley, Ethel McLaughlin, Pauline Moore, Elberta O'Brien Harper, Leila Rathbun, Virginia Retter, Alice Schneider, Helen Sisson, Edith B. Kids Show Interest In Waste Paper Drive

With Tecumseh's waste paper matinee at The Strand Theatre only two days away, and with a free show and $25 in prizes awaiting champion paper collectors, local school children and children from the rural schools in this area were making final preparations today for the gathering of tons of old paper on Saturday.

"I don't know just how much paper the youngsters will collect," Walter Nichols, manager of the Strand, said, "but if they do as well as they have in other towns of like size it wouldn't surprise me if five or six tons were assembled."

The waste paper matinee is being sponsored by the Strand in an effort to speed up the collection locally. All that is necessary to gain admission to the show, which will start at 1:30 Saturday afternoon, is to submit a bundle of waste paper, weighing 10 pounds or more. It is believed that more than 500 children from Tecumseh and the rural schools in this area will take part in the collection.

In addition to the show, it has been announced that three prizes will be awarded. A prize of $10 in War Savings Stamps will go to the boy bringing in the largest amount of paper; another $10 prize will go to the girl bringing in the largest amount of paper, and a third prize of $5 will go to the boy or girl bringing in the second largest amount. The total of $25 in prizes will be awarded on the theatre stage after the show starts.

"We have booked a full-length show for the youngsters," Mr. Nichols said, "a show that they will enjoy. We believe that we will play to a capacity audience."

The boys and girls gathering paper are asked to bring it to the Strand before show time that it may be weighed to determine admission privileges and entry in the contest. A large truck will be at the theatre entrance and the paper will be taken immediately after the show to a war processing plant.

Mr. Nichols also pointed out that the contest is not only open to the school children in Tecumseh, but to rural children in this area as well. He urged that they bring in the old paper when their parents come to Tecumseh to shop on Saturday.

There was considerable activity in old paper collection here last week-end, several children rounding up quantities of newspaper and taking it to their homes preparatory to Saturday's matinee. Other youngsters were in the downtown section contacting merchants for waste paper. Girl Scouts also are going to participate in the campaign, it was said.

"Waste paper is vital to the war effort and in previous drives we have not made a very good showing," Wade L. Jones, village clerk and who is taking an active interest in Saturday's matinee, declared. "I hope," he continued, "that the youngsters do a bang-up job this week and that Tecumseh establishes a record. We are on top in the county in all other patriotic enterprises and I'd like to see us top town in campaigns to collect waste paper."

THINGS COME NOT BACK

There is an old proverb taken from the Persian—"Four things come not back—the spoken word, the sped arrow, the past life and the neglected opportunity."

"The spoken word." It is not the fine things we have said that come back to us. What haunts us is the careless word, the critical speech, the unconscious cruelty. The times we misunderstood or misinterpreted our neighbor's action, the hasty generalization, the rumor repeated as though it were a fact, the unkind gossip, are what we remember. If we are sincere in our endeavors to do right, these things plague us. These are the words that hurt us as deeply as those against whom we talked.

"The sped arrow." This is the barb of unkindness that went straight to the heart of our neighbor, the wise-crack that stung, the indifference of our brother's needs, the cold withdrawal from the common life. The sharp trick, the self-interest we displayed, the spurning of the outstretched hand are among the things that torment us.

"The past life. "Not only do we recall those things we did individually but our national mistakes, for which we, as citizens, are responsible. We neglected the developing of brotherly relations between Americans of good faith. We assumed an isolationist attitude toward the problems of the world. We allowed the sores of other nations to fester and flare up until the plague threatened us with its virus of hatred.

"The neglected opportunity." Here again we suffer from both our individual and national errors —the friendships we did not make, the help to the downtrodden we did not give, the responsibility we shirked. We created out of the wilderness a great nation. We founded a democracy—but how have we lived up to it?

We boast that the United States has the ideal living plan for all. If we mean wha wet say, then we must begin immediately to put an end to the race hatred that has been permitted to creep in, or we will undermine our own basic principle and go back hundreds of years to the bigotry of old that destroyed nations.

We have our opportunity now to correct old mistakes, but we must remember the four things that come not back: Let the words we speak be words of fairness and friendship. Let the arrows that we send forth carry benges of brotherly love. Let our life be as near to what we want our future to be, as we can make it—and let us not neglect any opportunity to prove the worth of our faith.

THE OLD JUDGE SAYS...

"We can't argue with the Judge on that point, can we Mabel? It's not fair to penalize the many for the actions of the few."

"That, folks, is exactly what we would be doing in this country if we ever voted for prohibition again. Authorities who have made a careful study of the problem, report that only about 5% of those who drink abuse the privilege occasionally... 95% drink sensibly. Probably doesn't compare with the number of folks who overeat and do other things to excess. Prohibition certainly isn't the answer. It's not that simple. We had nearly 14 years proof of that, didn't we?

"The real answer is education and better control. In fact, the responsible members of the distilling industry are working constantly toward that end. They don't want anybody to abuse the use of their product any more than the three of us do."

"If everybody would take that sensible attitude, Judge, and cooperate as more and more are now doing, we'd be a lot better off a lot quicker."

When the War Is Over

That much yearned for, almost legendary, day will mark a new era for transportation, as it will for everything else.

And our railroads will be ready.

We have plans for that day—plans that are realistic, forward looking, surprisingly progressive.

Michigan's railroads will join in the great change ahead.

They are picturing a future of improved plants, changed equipment, faster schedules, more efficient operation of both freight and passenger services.

The railroads have learned many things during this war period. America will benefit from this new "know how" in the days to come.

"When the war is over" America will move at an increased tempo. But no matter how much faster life will be, or how much greater will be the demands upon transportation, the railroads will be in the forefront, carrying the bulk of America's increased and accelerated passenger and freight traffic, and doing it with smoothness and efficiency.

(STEP No. 7 in Chick Management Program)

SUPPLY PLENTY OF WATER

Supply plenty of drinking water space for your chicks. You should provide at least 3 or 4 one gallon or larger waterers for the average brooder house.

These water founts should be cleaned and disinfected every day.

(Step No. 8)

Separate Cockerels Early

Separate the cockerels as soon as you can tell them apart. Your pullets will grow faster and more evenly with less feed consumption.

As a rule you can detect the cockerels in from 3 to 7 weeks. PUT THEM IN A SEPARATE PEN, or leave them in the brooder house, and move the pullets out on clean range, if weather permits.

After separation put your cockrels on HAYDEN'S BROILER MASH. Then watch them grow into juicy meated broilers.

GIDEONS MAKING DRIVE FOR FUNDS IN TECUMSEH

The Gideons are making their annual solicitation for the Gideon Testament Fund, from which Testaments are purchased and presented to boys in the armed service.

The drive is being made by the Gideon Camp in Adrian, which has a 4-a member in the Armory each morning that boys from this vicinity were leaving for induction. They presented each one with a Gideon New Testament, which includes an identification page, a message from the White House, the Lord's Prayer, well known hymns, the national anthem, books of the New Testament and Psalms.

Contributions may be made locally to Perry Hayden or may be left at the United Savings Bank.

LOSERS PLAY HOST

The members of the Men's Bible class of the Friends church and their wives met for dinner at the Brees house Thursday evening, with 33 in attendance. The dinner was the result of an attendance contest with the losers entertaining the winners. The program included music and movies and talks by members.

MISSION GUILD

The Florence Wild Mission Guild will meet Monday evening May 1 in the church parlors when Mrs. James Cameron Murdoch and Mrs. E. E. Davis will have charge of a Junior Christian Endeavor program.

GETS PROMOTED

Nigel de Neergaard, who is with the U. S. Military intelligence department stationed in London, England, has been promoted from Technical sergeant to Warrant officer (j.g.). Mr. de Neergaard, before entering army service, was employed in the service department at Tecumseh Products Company.

HAYDEN PORK MAKER

Hayden Flour Mills — Tecumseh, Mich. — APRIL 27, 1944

POINTS TO PIG PROFITS

(Cut out and save. There were 6 in last week's Pork Maker, and more will follow. These are practical, not just theory.)

FOLLOW THESE STEPS AFTER YOUR PIGS HAVE FARROWED

No. 7—For bigger pigs at weaning time start creep feeding as soon as possible. Pigs provided with a creep, where they can eat and drink away from the sow will learn to eat sooner. The result is LARGER PIGS AT WEANING TIME.

If you are feeding a well balanced Sow and Nursing Pig Ration, made with Hayden's Hog Balancer put this ration in the creep.

No. 8—CASTRATE AT 4 WEEKS.

It is the custom with some Hog raisers to put this off sometimes to 3 or 4 months. There is plenty of evidence from many practical hog raisers to prove that the earlier you get the job done, the better off will be the pig. At this age here is less bleeding, and less shock to their system, and considerably less set-back. Also, pigs at this age are a lot easier to handle. This is reason enough for castrating early.

Drive Yields Over 20 Tons of Old Paper

ONE OF BEST SCRAP DRIVES YET ENCOUNTERED, SAYS OFFICIAL OF SIMPLEX CORP.

"Yours was the best old paper drive we have yet run up against," was the comment of an official of the Simplex Paper Corp., of Adrian, yesterday when he announced that the waste paper collection campaign, staged here last Saturday, yielded slightly more than 20 tons with a total value of $220.88. The exact weight announced by the paper company was 40,160 pounds.

The check for the paper has been mailed to the Village and upon its arrival it will be turned over to the Tecumseh Community Chest. First, however, $28 must be deducted for prizes and labor. The balance will be earmarked as follows: $100 to be turned over to the Recreation Center to be used in purchasing playground equipment, the balance, $92.88, earmarked for the benefit of returning soldiers, sailors or their families.

"The children did a grand job, and as a result of their efforts Tecumseh is again the top town in Lenawee county in its waste paper collection as well as in every other patriotic enterprise thus far in the war," was the comment of Wade L. Jones, village clerk. "Also," Mr. Jones continued, "the children will benefit from the drive by having playground equipment to use, and so will the Community Chest, and the veterans and their families."

The waste paper collection drive was staged by the Strand Theatre, it having been announced that the youngsters would be admitted to a matinee on Saturday afternoon, free of charge, if they presented 10 or more pounds of old paper as their "ticket." Also, it was announced that a prize of $10 in War Savings Stamps would be given to the girl bringing in the most paper, a similar prize to the boy bringing in the most paper, and a $5 prize to the boy or girls, second high in the contest.

The prize for the boys was won by Elden Service who produced 3,275 pounds of paper. The girls' prize went to Cynthia Spafford, who produced 2,065 pounds, and the runner-up was Shirley Moore, with 2,005 pounds. Fourth on the list was Martha Hayden with 1,845 pounds then came Jack Sisson with 1,490, Gene Tuckey with 1,370 Anthony Rebattaro with 1,010, and Shirley Dewey with 975.

Others in the "top" list were: Beverley Hay, 900; Marvin Higgins, 830; Shirley Happing, 952; Barbara Frost, 800; Russell Hubbard, 890; Jas. Stewart, 777; Mary Ellen Duncan, 720; Calvin Pask, 820; Jack Ready, 769; Jas. Breitenwischer, 739; Chas. Goodacre, 600; Jean Hart, 535; Richard Haight, 530, Inez Robison, 520, and Pauline Bagshaw, 450.

Because the youngsters did such an excellent job, the management of the Strand Theatre and The Tecumseh Herald decided to give the top 20 immediately following the stamp winners two theatre tickets as extra prizes.

The youngsters brought the paper to the rear of the Theatre in all types of vehicles and it was weighed and loaded onto trucks by half a dozen Rotarians and other civic-minded business men. It was a hard task but the job was done beautifully. Large loads of paper were weighed without charge at the R. S. Moore & Son Co., and the Hayden Fuel & Supply Co.

There was no expense to the drive except the $25 in stamp prizes and a $3 labor item. The paper was loaded immediately onto the trucks sent here by the Simplex company, and taken to its plant in Adrian. The expense of the theatre matinee was the contribution of the Strand management.

At Friends Church

MISS EVA CLAUSEN

Special evangelistic meetings are now in progress each evening at 7:45 at the Tecumseh Friends Church with Miss Eva Clausen and Miss Celeste Richardson as the workers in charge.

Both of these women are members of the Salvation Army, and have had wide experience as Christian workers. Miss Richardson is an accomplished pianist and soloist, and Miss Clausen is gifted as a worker among children, while at the same time she has a helpful ministry for adults.

There will be no meeting on Saturday evening. Next Monday evening Miss Clausen and Miss Richardson take a leading part in the county Christian Endeavor meeting to be held at 8 p. m. in the Clinton Congregational church.

Waste Pick-up is Considered

COST OF GARBAGE COLLECTION ESTIMATED AT $4,500; MAY BE STARTED

Village-wide collection of garbage and ashes, paid for out of the tax fund, is being considered by the village council, Orel Rohweder, a member of that body, told the Rotary Club here Tuesday evening, when he spoke to that organization following dinner at Brees House. The cost of the collection is estimated at $4,500 or less, and the council is planning to ask for bids, it was said.

Under the plan considered by the council, only curb pick-up service would be given at this time, due to the shortage of trucks and manpower. To give back-yard service, Mr. Rohweder said, would boost the cost of the collection about 40 per cent, and it would be impossible in any event during the war time, he declared.

The proposed plan, he declared, is to make a once-a-week pick-up in the residential district and a twice a week pickup in the downtown area. The entire program would be controlled by the village and paid for out of the general tax fund, he said. This would make the service available to every home and store without additional expense. The "charge for service" plan defeats the program from a sanitation standpoint, the councilman pointed ou, because no all residents will avail themselves of the collection.

When the service will be started has not been announced but it is unlikely hat it will be before the first of July.

Kin of Tecumseh Folk Is Awarded Oak Leaf

Staff Sergeant Harold R. Skinner, 20, son of Mr. and Mrs. Harold Skinner of Toledo and a grand son of Mr. and Mrs. Fred Sheldon, has been awarded the Air Medal and Oak Leaf Cluster for exceptional meritorious achievement in bombing missions over Europe.

Sgt. Skinner, a member of the 8th Air Force, was cited by General Doolittle for 10 separate bomber combat missions over continental Europe. He has been in service since February 1943.

Plan Vacation Fun Schedule

RECREATION CENTER TO BE IMPROVED AND DIRECTED PROGRAM PLANNED FOR ALL AGES

At a joint meeting of the boards of the Tecumseh Recreation Center and the Youth Council, this week, plans were completed for a summer program of sports, field events and recreational activities under the sponsorship of the two organizations. C. M. Brown, chairman of the Recreation Center board announced that funds have been provided for new playground equipment. It is hoped that this can be secured during the early summer. The equipment would include slides, swings, teeter-totters and a merry-go-round for the youngsters; sports and game equipment, and stoves, picnic tables, etc. It is now possible to purchase these items under the WPB regulations and thus to complete this part of the program.

In addition, it is planned to build shelters and toilet facilities on the Recreation Center grounds and to continue with the grading and seeding to provide space for the new activities, it was said.

The board has secured the services of Fred Ralak, athletic director of the public schools, for the months of June, July and August. Arrangements for the summer program are under his direction in conjunction with C. O. Butler, the chairman of the activities committee of the Center and a special committee of the Youth Council consisting of the Rev. John Scarlett, chairman, Perry Satterwhaite, Yale Kirby, Mr. Brown and Halsey Eggleston.

While the program is not complete, as to detail, the Rev. Mr. Scarlett states that they are developing a very comprehensive schedule of sports including tennis, volley ball, badminton, horseshoes, archery and archery golf. Two soft ball leagues are being organized, one sponsored by the industrial and business groups and the other by the churches. Also, it is planned to organize hiking and nature study groups.

The activities committee of the Center is also planning a program of evening entertainments 'under the lights'.

Under consideration are band concerts, plays, minstrel shows, boxing and wrestling exhibitions. Details will be announced as rapidly as the final plans are concluded.

Another meeting of the board is scheduled for this week and further details will be announced later.

Musical Extravaganza Attracts Big Crowds

"Let There Be Music," a musical extravaganza, presented last Thursday and Friday evenings by the combined choral groups of the high school, was greeted by two capacity audiences, which accredited it with being one of the best school entertainments presented here in some time.

Mrs. John McCall was director of the musicale and also planned the attractive settings for the choruses and glee club numbers. Winona Waldron acted as accompanist and solo numbers were given by Ned Harrington, trumpet; Winona Waldron and Jack Puffer, piano; Martha Jane Kempf, novelty dance and solo parts by Alva Lerch, Lowell Wise, Archie Porter, Wendell Wood, Joyce Ziegler, Isabel Hamilton, Lillard Brown and Jack Tonneberger.

At the close of the final presentation, Mrs. McColl and Miss Waldron were presented with flowers from the cast and later the cast was entertained by Mrs. McColl at a party in the gym where refreshments were served.

NEWSPAPER IS CHIEF SALES AID WITH FOODS

"Newspaper advertising has been one of our chief means of promoting sales of foods, despite the fact many lines in wartime are rationed or otherwise restricted," C. M. Robertson, president of the Kroger Grocery & Baking Company, said recently.

Advertising of Kroger stores in daily newspapers last year cost $1,490,000 or more, than half the total expenditure for all advertising, radio and display. The company operates in 18 states and uses about 1,200 newspapers for regular weekly food advertising.

Kroger advertising costs amount to more than half the company's annual net income, which last year was $5,009,228 on sales of $522,427,610 in 3,000 food stores.

Recognizing the newspaper as a community institution, the Kroger company in recent years has refrained from buying space in free distribution sheets.

Fire Destroys Barns On Robt. LaPointe Farm

The fire department was called to the Robert LaPointe farm east of Holloway about 1:45 Sunday morning when fire of unknown origin destroyed the barn, garage, and other outbuildings. Tools and machinery and stock in the barn were saved but an automobile and a quantity of corn were destroyed.

Departments from Ridgeway, Britton, and Deerfield also responded to the call and worker for nearly three hours to keep the flames from spreading to the house. The loss was not yet determined.

All Car Brakes Will Be Tested

STATE - WIDE CAMPAIGN UNDER WAY; AIM IS TO SAVE BOTH CARS AND LIVES

A new simplified war emergency brake test will be introduced to Michigan motorists during May when safety and traffic organizations and officials will unite in a campaign o encourage the motorist to help himself in the interests of reducing accidents and prolonging the life of vital automotive transportation.

According to Maxwell Halsey, executive secretary of the Michigan State Safety Commission, the new test is known as the "one inch pedal test." Research has shown, Halsey says, that when the brake pedal can be pushed to within one inch of the floorboard before the brakes take hold, double the stopping distance of approximately two car lengths at 20 miles per hour is required. The new test identifies only very bad brakes. Cars which pass the test may still have brakes which are unsafe for reasons other thah lack of adjustment.

The need for a state-wide brake testing effort was indicated, according to Halsey, by spot checks which revealed that as high as 30 percent of the vehicles in some areas had dangerously unsafe brakes. At the same time records reveal that traffic deaths have increased steadily for six months in Michigan, the total increase being 39 per cent. If this rate of increase continues 380 more Michigan people will lose their lives in traffic accidents in 1944 than in 1943.

To reduce these home-front casualties and to preserve vita war transportation which cannot be replaced, the Safety Commission has deveoped a State-Wide Preventative Maintenance Safety Campaign for the month of May. Most of the state's police chiefs and sheriffs have been in attendance at pre-campaign meetings and have agreed to participate. The automobile industry—car companies, dealers and garages—has agreed to make a special effort to give brake repair service during the month.

Approximately a million educational leaflets will be distributed by police, sheriffs, factories, and schools and by agencies. Thousands of posters will be displayed.

"Thousands of motorists will have their brakes tested by police and sheriffs' officers during the campaign," Halsey said. "Those who fail to pass the test will be subject to regular enforcement procedure.

Legion Hospital Beds Available to Public

The American Legion Auxiliary met Monday evening in the Legion hall when a report of the recent district convention in Monroe was given by Mrs. Bert Warren. Mrs. Al. Bagshaw, Poppy chairman reported plans were complete for the annual Pappy sale on May 27, with headquarters in the village offices, Lilley Bank building.

It was also reported that the two hospital beds have arrived and are at the Collins Funeral Home. They are available to any one without charge except for delivery service and set-up fee.

Refreshments were served at the close of the meeting which adjourned until June 5.

PLAN FOR BANQUET

At the recent meeting of the Semper Fidelis Class of the Methodist church, held at the parsonage with Mrs. MacNaughton as the hostess, plans were made and Mrs. George Parson was appointed as chairman for a mother and daughter banquet to be held sometime this month. A social hour with refreshments followed the business meeting.

May Designated as Food Month

PURPOSE OF CAMPAIGN IS TO FOCUS PUBLIC ATTENTION ON BATTLE OF PRODUCTION

The month of May has been designated, by proclamation of Gov. Harry F. Kelly, as "More Michigan Food Month."

The purpose of the campaign is to focus public attention on the battle of production to be fought by growers and producers this year and to emphasize the importance of retailer and consumer cooperation in utilizing this prodction to the greatest possible exent.

This campaign, sponsored by the Michigan Food Council and the Michigan Press Association, follows a series of conferences over the state at which retailers, both chain and independent; wholesalers, growers and processors met to plan increased food-industry efficiency this year and to set up the framework of cooperation in postwar problems.

These conference were held the latter part of April in Grand Rapids, Bay City, Flint and Lansing.

"Public realization of the importance of Michigan's role as a food producer, and public cooperation in enabling the food industry to enact this role efficiently is of utmost importance in this year of crisis," the Food Council announces.

More Michigan Food Month, as designed by Food Council, Press Association and State Department of Agriculture leaders, has three major purposes:

1. To stimulate the grower to make the greatest possible effort to boost production, both in fields and victory gardens, and to call public attention ot the pressing need for farm labor and for machinery and repairs.

2. To encourage Michigan retailers to display and sell more quality Michigan foods,and to call public attenion to the imporance of supporting the state's producers.

3. To acquaint Michigan consumers with the state's diversified food products, and to encourage increased use of Michigan foods.

Food Council leaders point out that unity of purpose and public cooperation in such a program must be stressed now, at the beginning of the growing season, instead of this fall at harvest time if practical results are to be reached.

The Council points out that Government estimates place the share of all foods earmarked for lend-lease and military uses at 27 per cent. It cites figures showing that the nation's railroads have 600,000 fewer freight cars now than were available in World War I, and that they are operating with 100,000 fewer men than present schedules would normally employ.

New Jewelry Store Opened By L. R. Mix

The L. R. Mix Jewelry Store at 152 East Chicago Boulevard, formally opened its doors to the public, last Saturday. The new store is located in the former Williamson building, which has been completely remodeled and redecorated to accomodate the needs of the new occupant.

Mr. Mix, the proprietor of the store, is well known in the county. For many years he operated a store in Clinton and later in Adrian. After he closed his Adrian store, some months ago, he moved to his home here on Burt street, and has operated a jewelry and repair business there, until the opening of the downtown store.

The new store carries a complete stock of watches, clocks and jewelry and does all types of repair work.

Plan to Repair Trunk Line 50

EIGHT AND A HALF MILES OF PAVEMENT EAST OF TECUMSEH TO BE RESURFACED

Lansing, May 4—The State Highway Department recently completed a survey of the eight and one half mile section of M-50 from Tecumseh east to the Lenawee-Monroe county line. Reconstruction of this section of the highway, which is in rough condition and needs replacement, is one of the numerous projects which the department has listed on its proposed $120,000,000 post-war construction program to be spread over a period of three years, Highway Commissioner Charles M. Ziegler announces.

Data acquired in the survey is needed to prepare plans which would be necessary to advertise for bids and carry out construction wor k on the projects once wartime building restrictions are lifted and the department has the finances to go ahead with its proposed post-war building program.

The total post-war program of the department covers proposed projects in every county of the state. Surveys for a number of proposed projects have been completed and survey crews are now working on some 23 additional proposed projects. The completed surveys and those now going on, however, form only a small part of the total post-war program which the department has in mind. As soon as a survey is completed, the crew working on that project is assigned to one of the numerous projects still to be surveyed.

Through its proposed post-war construction program the Highway Department hopes to make Michigan's highway system one of the best of any state in the nation and at the same time provide employment for thousands of returning servicemen and others released from war plant jobs during the time factories are retooling for peacetime production, Commissioner Ziegler said.

Most All Meat Is Ration Free

ONLY BEEF STEAK AND ROAST REMAIN ON LIST,

In a surprise order from the Office of Price Administration yesterday, all meats, except beef roasts and beef steaks, were made ration free, effective last midnight. The surprise order covers all cuts of pork, veal, lamb and mutton.

The action was taken, OPA said, because lend-lease buying had been temporarily halted and there was a reduced demand by the army and the navy. Also, it was pointed out that storage space is crowded and itis hoped the new move will bring more meat to the market.

In making the announcement, it was said that housewives would now have to make red ration stamps go twice as far as before, stretching over a four week period instead of two weeks.

On the red point ration list now remains butter, margarine, cheese, cheese produes, evaporated milk, beef steak and roasts. Red stamps R8, S8, T8 become valid for use next Sunday. No more red stamps will be made available until June 2.

ACCIDENTS KILL PEOPLE

It may be useful to tell you again that accidents have killed twice as many people in the United States as the war since Pearl Harbor.

The National Safety Council says that accidents have reduced 350,000 wartime workers to industrial 4-Fs with permanent disabilities. In addition, 102,000 workers have been killed and 9,500,000 injured.

This is a terrible indictment of modern man and his carelessness. While some of the accidents were inevitable, the great majority of them could have been avoided by more intelligent action on the part of those killed and injured.

The figures show that 61,000 persons have been killed in traffic accidents since Pearl Harbor and that some 2,100,000 have been injured. Certainly, there is no necessity for the death of approximately 2,000 persons a month in highway accidents. These casualties provide unanswerable argument for the stringent enforcement of traffic regulations and the inexorable punishment of those guilty of endangering the lives of their fellowmen on the highways.

RABIES STILL PRAVALENT

Preliminary information indicates that in 1943 thirty-three human beings died of rabies, which is the worst record in five years. There are no figures on the persons saved from this horrible death thru the Pasteur treatment.

The experts who study rabies report that there seems to be no evidence that the dread malady is anywhere near liquidationn. For various reasons, some probably arising from wartime conditions, dogs continue to go mad and avoid all efforts to apprehend them.

Dr. Harry W. Schoening, Chief of the Pathological Division of the Bureau of Animal Husbandry, says that the control of rabies depends upon licensing all dogs in a community, picking up and destroying unclaimed strays and keeping all dogs off the streets when rabies appears. He points out that health officials often fail to receive the whole hearted support of the public in these operations.

While it is distasteful to the average individual to contemplate the destruction of dogs, there is no choice when this seems to be necessary to protect human beings from hydrophobia. The consequences of infection are inevitably intense suffering and death. Consequently no chances can be taken by responsible health officials or by right thiking individuals despite their love of dogs.

WAGNER - MARINE

The North Blissfield Lutheran church was the scene of a charming wedding April 23, when Miss Lois Marine, daughter of Mr. and Mrs. Albert Marine became the bride of Earl Wagner son of Mr. and Mrs. George Wagner of Monrie. The single ring ceremony was read at four o'clock in the presence of relatives and friends by the Rev. William Weilander. Candle light decorated the chancel.

Mrs. Wilson, cousin of the bride was the matron of honor and the bridegroom was attended by Macelroy Frye of Blissfield. Following the ceremony a six o'clock dinner was served to 25 guests in the home of the bride's parents. Guests were present from Monroe, Blissfield, Palmyra, Britton and Holloway. Mr. and Mrs. Wagner will live in their newly furnished home at Holloway.

The members of the Ladies Aid Society met Thursday afternoon with Mrs. Kenneth Kopke for their regular monthly meeting. 27 members and guests were present. During the business meeting which was in charge of the president, Mrs. Matt Lunn, it was voted that each member was to pay $5 for the coming year into their treasury. The devotions were in charge of Mrs. Burnice Dibble. An entertaining program was presented as follows: song, Mrs. Al Helezrman and Miss Ruby Preston, accompanied by Mrs. E. E. Davis, all of Tecumseh; piano duet, Mrs. Roland Fairbanks and Mrs. John Calhoun; quartet, composed by Mrs. Walter German, Mrs. Edna Wilmoth, Mrs. Kenneth Kopke and Mrs. W. P. Rainey and an interesting talk was given by Mrs. D. S. Carmichael. In conclusion refreshments were served. The next meeting will be held with Mrs. Edward DeGroot.

Roof and Sidewall Shingles Available

This spring—right now while you may—re-roof your home or other buildings with our top quality asbestos shingles. You do not need a priority to buy these shingles, we have them in stock in our yard.

And, instead of painting your house this spring, let us suggest asphalt sidewall shingles. Not only do sidewall shingles improve the appearance, they protect in winter against cold, in summer against heat. The cost is only slightly more than a 2-coat paint job.

We Have the Workmen!

We have the labor available NOW to install either roof or sidewall shingles. We urge you, however, to contact us at once if you are considering such a job because time and workmen are limited.

We will be glad to furnish you with an estimate of cost on any roof or sidewall shingle job. Don't place your order elsewhere until you have obtained our prices.

TWO MORE PIG POINTERS WORTH NOTING
VACCINATION AND WORMING

No. 9—VACCINATE PIGS AT 6 WEEKS OF AGE. At this age, you get earlies protection. Pigs are easier to handle. The reaction is not as great, and the cost is less.

No. 10—WORM AT 10 WEEKS OF AGE. Practically all pigs have worms, some more than others depending upon sanitary methods used around the farrowing house and hog lot. Experiments have shown that worms can use from 20 percent to 25 percent of the feed needed to grow a 200 lb. pig. Figure this out at the present price of feed, and you can easily see why it pays to worm your pigs.

2 VERY EFFECTIVE WAYS TO WORM PIGS.

We have two very effective ways to worm pigs. One is Checker-Pig Tabs for individual doses. The other is PHENATHIIZANE for mixing in the sdop. The latter is as effective as the Checker-Pig Tabs. We can supply PHENOTHIAZINE at $1.27 per pound, bulk.

NINETY-FOURTH YEAR—NUMBER THIRTY-TWO | TECUMSEH, MICHIGAN, THURSDAY MAY 11, 1944 | FIVE CENTS PER COPY

226 Children Are Vaccinated

HEALTH PROGRAM OF IMMUNIZATION IS PROGRESSING SMOOTHLY, REPORT SAYS

Tecumseh's health program of immunization is progressing very smoothly in the public schools here Mrs. Richard Preston, temporary chairman of the Tecumseh Health Education Committee, reported today, and before the week is ended, all students through the senior high school will have been contacted Mrs. Preston said. To date, the program has been carried through the elementary grades, kindergarten to sixth, and 226 children have been vaccinated, immunizing them against small pox.

The committee's earlier survey showed that only 18 per cent of the children in the Tecumseh public schools had been immunized against small pox and the program has as its aim a 100 per cent vaccination.

The program started April 27 at the East Branch School with Dr. H. H. Loveland in charge, assisted by Miss Gertrude Spaulding, superintendent of Tecumseh Hospital, and Nurses Carl and Zuk. Child Study Club members acted as recorders in all rooms. The East Branch School reports a 100 per cent vaccination, including children immunized within the past five years.

Dr. M. R. Banden was in charge of the West Branch immunization on May 2, assisted by Miss Spaulding and Nurses Simon and Harding. Here, too, there was a 100 per cent vaccination.

Dr. P. B. Hardy, assisted by Miss Spaulding and Nurses Simon and Zuk and Kempf, had charge of the vaccination of children in Mrs. Walter Evans' room at the Central Building, May 4. Here too, the program was 100 per cent.

Vaccination of children in other grades is continuing this week and the program may be finished by Friday. The work is being carried out through the efforts of the Health Education Committee, the Board of Education, the Child Study Club and local physicians and nurses. Parents have shown a sincere willingness to cooperate, it was said.

Traffic Tickets Issued For Following Fire Truck

Eight traffic violation tickets were issued by local police to motorists here last Sunday evening, and three of the violators already have appeared in Justice F. C. Hanna's court, where fines of $10 each and costs of $3.35 were assessed. The village charged that the motorists followed fire apparatus too closely enroute to fire, last Sunday evening, or that they parked too close to the scene of the fire.

Justice Hanna said that cars involved in the violations thus far to appear in his court were licensed to W. P. Van Tuyle of Clinton, Clyde Greenfield of Clinton, and Wm. Merrick of Ridgeway. He said that he understood that the Van Tuyle car was driven by the owner's son.

Justice Hanna also announced that 15 summons had been issued to motorists for defective brakes and that several others were in the hands of motorists for violating the double parking ordinance. These violators are expected to appear sometime this week.

ROBERT LE BARON BURIED IN BROOKSIDE

Funeral services were held Saturday afternoon at Collins Funeral home for Robert Harry LeBaron, whose death occurred last Wednesday afternoon from injuries received in a traffic accident earlier in the day. Rev. Edward Escolme officiated and Mrs. Escolme sang two songs.

Bearers were Robert Kelley and Weldon Sharp of Adrian, John Simcek of Saline, Nathan Schenck, Francis Packard and Albert Barnes. Burial was in Brookside cemetery. Relatives and friends from Detroit, Monroe, Toledo, Saline, Adrian, Ypsilanti and Clinton all attended the services.

Bruce Says Thank You To Tecumseh Firemen

W. J. Bruce of the Bruce Foundry & Manufacturing Co., today expressed his appreciation to local firemen for the very fast and efficient manner in which a roof fire was extinguished at his plant a week ago this morning.

The fire was started by lightning and the damage was kept to a minimum, Mr. Bruce declared, due to the good judement used by the firemen. "We certainly wish to thank everyone who jumped in and got the fire under control in such a short time," he declared. "Had not the firemen showed such good judgment a lot of war casting cores would have been ruined and a delay in production would have occurred."

The Bruce Foundry is doing about 100 per cent war work and is operating 24-hours daily.

53 Seniors to Get Diplomas

COMMENCEMENT TO BE JUNE 1; BOARD DECIDES TO CALL A SPECIAL ELECTION

The board of education, in regular session Tuesday evening, formally approved 53 Tecumseh high school seniors for graduation on Thursday, June 1. The commencement exercises will be held in the school auditorium and Prof. Bennett Weaver of the University of Michigan will be the speaker.

The board also approved a plan to establish a sinking fund for the building of a new school building Here after the war, and the program will be submitted to electors in a special election on June 14.

Miss Ruth Harding, formerly a teacher in Puerto Rico and a resident of Tecumseh for many years, was named as librarian, succeeding Miss Edith Ingersoll, whose resignation becomes effective on June 30.

The board voted an appropriation of $100 to the Recreation Center's supervised recreation program.

Current bills were ordered paid and the report of the superintendent was placed on file.

Mrs. H. H. Halladay Talks To Rotarians

Mrs. H. H. Halladay, of Clinton, a member of the Michigan Juvenile Corrections Commission, was the speaker at the regular dinner meeting of the Tecumseh Rotary Club, Tuesday evening at Brees House. The program was in charge of Lee Jacokes.

Mrs. Halladay, a former chairman of the commission and who has been one of its members for five years, discussed the work of that organization, which has in its charge, all of the schools in Michigan operated for the corection of juvenile delinquency. Her talk was very interesting and educational.

Later, Mrs. Halladay introduced a girls' octette from the Girls' Training School at Adrian. Several numbers were presented and were enjoyed.

Pythians Here For Convention

JOSEPHINE H. HALL TEMPLE HOSTESS TO DISTRICT; OVER 125 WERE IN ATTENDANCE

Josephine H. Hall Temple of Pythian Sisters was hostess Wednesday at the annual convention of District No. 7, Pythian Sisters, with over 125 in attendance from Adrian, Detroit, Port Huron, Dundee, Milan, Tipton, River Rouge, Wyandotte, Hillsdale and Tecumseh. Guests also attended from Alma, Montpelier, Ohio, and West Virginia. Grand officers present were Helen Lockwood, grand chief of Alma; Maud Steidle, past grand chief, of Milan; Helen Mullman, grand mistress of records and correspondence, of Quincy; Anna McManus, past grand chief, of Port Huron; Gladys Behrens, grand manager, of Charlotte; Mabel Hicks, grand press correspondent, of Detroit; Nellie Schaffer, district deputy, of Adrian.

The meeting, which was held in the I.O.O.F. hall was called to order by Deuty Schaffer and opened with the flag salute and the singing of "America." The invocation was given by Annise Burnor, past chief of Adrian temple. Attorney John R. Ziegler, gave the address of welcome, substituting for Mayor Floyd Elliott, who is ill. Elsie Connin of Adrian Temple gave the response. The morning session included reading of the Deputy's commission by Jean D. Hall, district secretary; reading of minutes; roll call and reports of Temples and introduction of Grand and Past Grand Officers. In conclusion an impressive Memorial service was presented by Adrian Temple with Mrs. Ella Braun as soloist.

Dinner was served at 12:15 in the Pythian hall on the second floor, and was in charge of Mrs. B. E. Brees who was assisted by Mrs. Leon Hall and Mrs. Floyd Farrell. Tables were decorated in Pythian colors and were centered with bowls of sweet peas. Places were marked with small leather covered note books bearing the Pythian emblem in gold.

The afternoon session, also held in the I.O.O.F. hall, opened with the ritualistic opening of the Temple by the Tecumseh Temple. This was followed by the ballot drill by Riverside Temple, Dundee; initiation by Minnehaha Temple, of Tipton; degree staff, Rose Temple, Milan, and draping of charter by River Rouge Temple.

Grand Chief Lockwood of Alma gave a review of the work which was followed by reports of committees. The Temple was then closed in ritualistic form by the Tecumseh Temple.

The group then adjourned to the Pythian hall where refreshments were served and a program was presented consisting of a vocal solo by Mrs. John McCall; tap dances by Judy Sisson and Rita Kay Richardson; piano solo by Jack Puffer; selections by the K. of P. quartet composed of Duncan Oliphant, Garth Hall, Carl Thomas and Albert Williams; a reading by Dundee member; minuet danced by Anita Dickinson, Elbert Hart, Jimmie Hart, Mary Lou Burleson; Jerry Barron, Joan Pfaus, Tommy Mills and Judy Sisson.

Men in Service to Get Ballots

VOTING IS MADE EASY NEXT NOVEMBER, ROBERT KING, COUNTY CLERK POINTS OUT

Men and women in the armed services of the United States will receive the same kind of ballots used by the home folk at the coming November election, and, under the Michigan law, voting is made very simple for the voters in this classification, Robert B. King, the county clerk, pointed out today.

In explaining the simplified process for obtaining ballots for those in service, Mr. King said:

"The extra session of 1944 of the Michigan State Legislature, enacted a law setting the regular September Primaries, two months earlier for the year 1944, or on July 11. This gives seventy days between the primary and the election, for handling of absent voters ballots. In addition to the regular absent voters provisions that have been in effect for many years in Michigan, the new act has the following provisions.

"That any member of the armed forces of the United States, any auxiliary thereof, or the merchant marine, or any nurse or civilian on war duty, otherwise qualified as an elector under laws of this State, whether registered or un-registered, may apply for absent voters ballot for the November 1944 election, upon the form herein prescribed, or to the township or city clerk of the voters place of residence".

"This means that any person who is a citizen, in one of the above named groups, twenty-one years of age, or who will be twenty-one years of age, regardless of whether he is registered heretofore or not, may apply, receive and vote his absent voters ballot. This ballot will not be a special war ballot but the regular official ballot, the same as will be used by those voting in person and will allow the person to vote for all offices from president to coroner."

Mother, Daughter Tea Held Here On Sunday

The Baptist Woman's Union held a Mother and Daughter tea Sunday afternoon at 4:30 in the church parlors with 50 in attendance. The tables were centered with spring flowers. The program opened with Welcome to the Mothers," "A Very Special Day", by Linda Ann Sisson. This was responded to with a toast "To the Daughters" by Mrs. Hazel Beland. Other numbers included a vocal solo "Mother" by Mrs. Dorothy McConnell Grigg; readings by Mrs. Fred Sheldon; vocal duets "My Mother's Bible" and "Faith of Our Mothers" by Jennie Bird and Jackie Gillespie; "For Mothers' Day" by Janet Bashore; a flute solo "Springtime", Dorothy Schumm; vocal trio, "Memories of Mother" and "Little Old Lady" by Mrs. Charles Ruthruff, Mrs. B. J. Roberts and Mrs. Robert Gillespie; "My Own Mother," Constance Hoag; prayer, Mrs. B. O. Bashore.

During the program plants were presented to Mrs. M. Sharp the oldest mother and Mrs. Dorothy Grigg, the youngest mother present.

"No, Junior—mama meant for the service station man to switch the tires!"

COPYRIGHT 1943, STANDARD OIL COMPANY

On Mom's long list of duties these days, you'll see this item bobbing up, more and more: "Have car serviced." That's not surprising—it's easy now for women or men to keep a car running right, running longer, and running *farther* on every gallon of gasoline. Just take it to your Standard Oil Dealer! He's trained for wartime car-saving service. Remember—it's going to be a long, long time before you can replace your car. Don't neglect it. Follow this 3rd-War-Year Service Guide and keep your car at its best always.

Free enterprise after the war might easily be lost by this country if business adopts a policy of pricing goods "at what the traffic will bear" instead of establishing price policies that make for high production.

This is the conclusion of Dr. Edwin G. Nourse, Vice-President of the Brookings Institute. He adds that capital and labor must steel themselves against the lure of immediate profits.

The report points out that business can find permanent prosperity and maximum long-run profits only within a prosperous society, to which policies and practices of business must contribute.

The warning to avoid the lure of immediate profits might be heeded by farmers with similar benefits. The welfare of farmers also depends upon a prosperious society, to which agricultural policies and practices must contribute.

OBITUARY

MRS. EARL BUGBEE

Edna Taft Bugbee, daughter of Louise and Edwin Taft, was born Nov. 28, 1889 and passed away on Friday evening April 2, 1944, after a sudden illness at the Bixby hospital in Adrian where she had been a patient since Monday evening.

The early part of her life was spent in Adrian township and at the home of Mrs. R. W. Cole in Tecumseh. She attended the Friend church at Birdsall and Tecumseh and was active in all neighborhood activities when her health permitted.

Feb. 5, 1908 she was married to Earl E. Bugbee who preceded her in death October 14, 1940. To this union were born two daughters and two sons, Myrna and Ivan at home, Elwyn of Macon, and Mrs. Don Faust of Adrian. Besides these survivors she leaves to mourn their loss; four grandchildren Donald Lee Elaine and Sandra Faust and Brenda Lou Bugbee; one sister Mrs. William Taylor of Adrian; two brothers, Duane Taft of Manitou Beach and Lynn Taft of Seguin, Texas; also Oliver Bovee who has made his home with the Bugbee family the last few years; and many other relatives and friends.

She was a kind and loving mother, always ready to help others. Her main interest in life was her home and the welfare of her family.

Mother look down from the sky
On your children that idolized you,
Your wonderful love will always remain
With us, all through the years.

Funeral services were held at the Everiss Funeral Home Tuesday with the Rev. Harley Bowerman officiating. Mrs. Bugbee's favorite hymn, "Beautiful Isle of Somewhere" was sung by Mrs. Raynor Van Valkenberg, Mrs. Edward Escolme and O. M. Powell. Services were held at Oakwood cemetery. The bearers were, Donald Faust, Oliver Bovee, Carroll and Gerald Bugbee, Curtis Ashley and Hyrtl Taft.

Relatives and friends from Petersburg, Pontiac, Brooklyn, Sand Creek, Manitou Beach, Clinton, Onsted, Adrian, Tecumseh, Detroit, and other nearby towns attended the services.

Thursday the body was removed to Brookside Cemetery at Tecumseh where a prayer service was conducted by the Rev. Harley Bowerman.

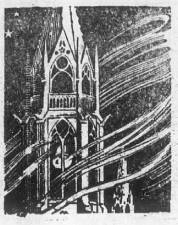
CONE

Mr. and Mrs. Clare Dennison and Edna of Detroit spent Sunday with their mother, Mrs. Nettie Dennison.

Mr. and Mrs. Jack Holeek were Sunday visitors of Mr. and Mrs. Steve Benedick and family and Mr. and Mrs. Joe Benedick and family.

Myrl Wilsey, Junior Kosh, James Stdunicka and Clarabelle Pulsipher of the Caswell School, and Arthur Pattie and Russell Stewart of the Cone school, graduated from the eighth grade Tuesday night. The graduation exercises were held at the Dundee high school.

Walter Curry was home on furlough from the Navy and Frank Popelar and William Pattie were home on furlough from the army.



You will appreciate the sympathy, peacefulness and understanding which prevails in our funeral home.

Gas Rationing Means VACATIONING In Your Back Yard!

Beautify Your Own Property!

In these war-days, with gasoline severely rationed and tires for automobiles almost a thing of the past, we must look to our own "back yard" for vacations.

We suggest, then, that you improve your own property for vacationing—and it can be done easily and economically, too.

We just received a shipment of pergolas, priced at $6.45 and up. Properly placed in your back yard, one or two of these would add materially to its beauty.

Then, too, we have trellises, priced at $1 and up. A trellis or two in your flower garden will make it much more attractive.

We also have lumber with which you can build picnic tables and benches, and cement and brick with which to build picnic stoves.

Don't let tires and gasoline shortages mar your good times at picnics. Hold them in your own yard—invite your friends.

THE OLD JUDGE SAYS...

"Guess we're pretty lucky in our town, Judge, that we don't have the youth problem you read about in other places."

"Don't know as you can call it lucky, Harold... we saw it coming with the war and we did something about it before it hit us. We gave our 'teen age youngsters the recreational facilities they needed and really wanted. Those familiar with this wartime problem know that young folks go to places they shouldn't only when the proper places are not provided for them. Young people always want to be with others of their own age... want their own type of entertainment. Town after town has found out that once these simple wants are met, the problem is well on its way to being licked."

"Guess I didn't really know how far-sighted our town really is, Judge. If we hadn't looked ahead we wouldn't have had anybody or anything to blame but ourselves, would we?"

We Met the Challenge...

"We are the food army of Michigan. There are nearly 200,000 of us—each with our family, our bit of soil, our hopes, our ambitions. Ours is a never-ending battle —sometimes against drought or rain, against cold or heat, against pests and disease, against shortages or surpluses, and *always against time.*

"No state in the union grows a greater variety of products. Proud as you must be of Michigan's industrial contribution to ever-approaching Victory, proud, too, you should be of her agricultural greatness. For Michigan, *last year,* was asked to produce a record-breaking tonnage of food—food to feed our own people, food for our fighting men around the world, food for our allies, food for the starving in China, in Africa, in Italy.

"It was a challenge to the farmers of our state. And we accepted it, though there were many who said it couldn't be done.

"We won the battle of food. We won it in spite of the help we *didn't* have, the equipment we *couldn't* obtain. We won it in spite of a jesting Nature that washed out our early plantings, bogged down our tractors, destroyed precious days and weeks. We harvested nearly 500 millions of dollars' worth of vitally-needed food, an all-time record.

"We met the challenge as you have met the challenge in your work—as your food retailer and wholesaler from the smallest independent to the largest chain store operator met it without complaint. They were beset with problems, too—ration stamps, ceiling prices, countless Government reports, increased operating costs, inadequate help and often shortages of merchandise.

"They made it possible for the food we produced to provide you with the energy to do a fighting job on the home front.

"They brought you our luscious berries, cherries, melons, peaches, pears, plums and apples from our fruit areas . . . sugar from our beets, millions of gallons of health-building milk, cream and other dairy products for your children and war workers, golden honey, top-grade potatoes in abundance, poultry, eggs and meats from our farms . . . fresh vegetables in never-ending streams and much more packed in our canneries . . . peas and beans and tomatoes and body-building, vitamin-enriched root vegetables . . . carrots, turnips, beets . . . all from Michigan farms and orchards and processing plants.

"The cooperation of your food merchants made our victory possible. Michigan working together has overcome almost impossible odds. That is the bright hope of the future as we enter upon a new season . . . we who till the soil of Michigan and distribute its food."

14 HOGS AVERAGE 248 1-2 LBS. IN 5 MONTHS AND 20 DAYS

Lawrence Boyd, Raisin Township Farmer, who has consistently shown such remarkable results in his hog raising, has again given us the figures for a batch of 14 hogs that were sold in February of this year.

"Without any pigs out, the lot of 14 pigs averaged 248 1-2 lbs," said Lawrence.

"How old were they," we asked.

"They lacked just 10 days of being six months old," replied Lawrence.

He added that he was not proud of the profit angle on this lot, but of course the market was something that no individual hog raiser can control. But he was kind enough to add, "If I had not used HAYDEN'S HOG BALANCER my cost would have been much higher."

MICHIGAN IS THE ARSENAL OF VITAL FOODS!

Sure, Michigan is only one state out of 48. Washington says we're the arsenal of democracy, referring to Michigan-made airplanes and tanks and other munitions for our fighting Yanks and Allies.

But did you know that Michigan is an arsenal of vital foods? Michigan is FIRST in cherries, field beans, cantaloupes, carrots and cucumbers; SECOND in celery, strawberries and peppermint; THIRD in onions, tomatoes, sugar beets, grapes and buckwheat; FOURTH in potatoes, beets and pears; FIFTH in apples, asparagus, maple syrup—just to mention a few.

In vital foodstuffs, Michigan rates among the ten leading states in the United States of America.

We're mighty proud of Michigan grown vegetables, fruits, dairy products, poultry, meats and sugar beets. We carry them in our stock at all times, we urge their sale because we know that there is nothing finer than "home grown" products of all kinds.

Little wonder, then, that we say that Michigan is an arsenal of vital foods. Little wonder, too, that we should be proud of our agricultural position in the world's economic picture.

When You Buy

Food Products

grown on Michigan farms, you assure yourself of the best in taste, in quality, in vitamin freshness. Moreover, you also help Uncle Sam by reducing the load on railroads and trucks. You lessen the amount of vital transportation used in shipping foodstuffs from farm to stores.

Remember-Michigan is the Arsenal of Vital Foods!

WATCH OUT FOR WORMS
(Step No. 11 in Chick Management Program)

Right now there are a lot of chickens that are 10 to 14 weeks which need worming.

Unless chicks are raised in strictly clean quarters or on clean range, they may be quite heavily infested with worms by this time.

We can heartily recommend Purina Chek-R-Ton which will easily and safely treat your pullets without harmful after effect.

CARD OF THANKS

I wish to thank all my friends who remembered me with flowers, plants, fruit, cards and letters during my stay in the hospital; also the doctors, nurses and helpers for their care and kindness.

Mrs. Minnie Kempf

We wish to express our most heartfelt appereciation to the many relatives, neighbors and friends, who so graciously helped us during the sudden death of our loving husband, son and brother; especially Dr. Blanden, the Tecumseh Hospital Staff; the Rev. Edward Escolme for his comforting words, the singers and for the many beautiful floral offerings and cards.

THE TECUMSEH HERALD

NINEY-FOURTH YEAR—NUMBER THIRTY-THREE | TECUMSEH, MICHIGAN, THURSDAY MAY 18, 1944 | FIVE CENTS PER COPY

5th Loan Quota $376,000 Here

IS SLIGHTLY MORE THAN THE FOURTH LOAN; COUNTY'S QUOTA IS $3,538,000

A quota of $376,000 in the Fifth War Loan, slightly more than that of the Fourth Loan, was announced today for Tecumseh by W. L. Berkhof, chairman of the War Savings Committee. The drive will start on June 12 and will end July 8, Mr. Berkof said, and he expressed the hope that locally the quota would be exceeded before the closing date.

"Tecumseh has never failed in a single bond drive and I feel confident that we will again reach our goal in the Fifth loan as we have in all other war loans. I expect to call a meeting very shortly to lay plans for the campaign."

Lenawee's quota in the coming campaign is $3,538,000, of which amount more than $2,000,000 is Adrian's quota. Nationally the drive is for 16 billion dollars and Michigan's quota is $526,000,000, 86 millions more than in the Fourth Loan.

Tecumseh's quota is divided as follows: in "E" bonds $86,000 and in other bonds, $290,000.' Quotas in other communities in this area are:

Britton, $11,200; Clinton, $113,000; Blissfield, $248,000; Macon, $6,000; Onsted, $28,800; Ridgeway, $1,200.

Poppy Day Sale to Be Held Here On May 27

"Every penny from poppies that will be sold on the streets of this and thousands of other town, villages and cities in the country, is contributed to the welfare and rehabilitation work of The American Legion and Auxiliary," Mrs. Olga Smith, president of the American Legion Auxiliary said today. "Because this work is being done by volunteers the money goes a long way.

"Many people have wondered what will become of the money collected by the volunteer workers Saturday, May 27. I wish everyone could see what help this money brings to the disabled and their families. Children left fatherless by two world wars are the special concern of the Legion and the Auxiliary. Their needs are often great, especially their human needs. We try to give them comfort both for the body and the mind.

"Of course the government looks after the physical welfare of the disabled men who are in hospitals in almost every state, but there are things which the government cannot provide, such as the understanding aid and the personal attention that so often helps a disabled man and which often helps to keep a family together when the chief breadwinner is incapacitated.

"This is what the money from the poppy sale helps to accomplish. And we hope that this year more and more people will buy the poppies and show their interest in and their sympathy for the men who have fought for them and are now struggling to get back to the point where they can again become self-supporting."

BURTON-DRAKE

Indians Hold Baseball Lead

DEFEATED ADDISON HERE ON TUESDAY, 14 OT 2; TOUGH GAMES ARE AHEAD

The Tecumseh high school Indians hold an undisputed lead in the Lenawee County Baseball League, having won three games, with no losses. Clinton is in the runner-up position, with two games and no losses. The Redskins were to have played a game there yesterday with Morenci, but it was called off because of the weather.

In the game here Tuesday with Addison, Tecumseh made 14 hits, 14 runs and two errors. Addison made two hits and 10 errors. Tom Judd and Max Brandt were the batteries.

The Indians meet Hudson high here on Friday for what is expected to be the most difficult game on the local schedule. Hudson defeated Morenci after that team had clipped off three games, and also defeated Adrian. The Adrian team defeated Tecumseh, but the game was not on the schedule. Other game remaining for Tecumseh are Clinton here next week Tuesday and a game at Morenci next week Thursday.

The Indians defeated Manchester last Friday by a score of 12 to 6, with the batteries Kreger, Judd and Brandt. Two weeks ago, Blissfield was humbled by Tecumseh, 12 to 9, the batteries, Kreger and Brandt.

Adrian College Fund Total Hits $1,974 Here

"A total of $1,974.50 of the Tecumseh quota of $14,000 for the Adrian College centennial fund of $800,000 has been subscribed" said Perry Hayden, chairman for the Tecumseh committee, today. The quota for Lenawee county is $100,000 of a total of $800,000 being sought.

One of the first organizations to give to the College Fund was the American Legion Auxiliary who sent in a check for $50 several weeks ago.

In addition to the $100,000 being asked from residents of Lenawee county $400,000 is being asked of the Methodist church, and $300,000 elsewhere. Already $235,000 of the church's share has been pledged, and there seems to be little doubt but that the balance will be subscribed, said Frank West of Evanston, Illinois, who has been assisting local members of the committee. Mr. West represents the National Board of Education of the Methodist Church, and has been active in directing the over all efforts of the 100-year-old college's drive for needed funds.

LT. KASNIA SAFE IN ENGLAND AFTER SKY-BATTLE WITH NAZIS

An Eighth AAF Liberator Station, England—The B-24 Liberator, "Rubber Check," recently limped home from Western Germany with one of her engines knocked out, nose wheel tire flat, no flaps, no brakes and two injured crew men. First Lieutenant Edward M. Kasnia, Route 2, Tecumseh, Michigan, pilot of the crippled plane had his crew stand in the bomb bays of the ship until it hit the ground and then run to the tail to create enough drag to stop the brakeless plane. It stopped a few feet short of an ammunition dump.

The Liberator lost an engine going into the target and after dropping its bombs was hit three times by Nazi fighters. The gunners claimed three ME-109's. Losing altitude the plane crossed into Belgium "skimming house tops and dodging church steeples." "Flying low over Belgium," Lt. Kasnia said, "we could see the villagers waving to us, and the people seemed very friendly. At one time we went over a railroad intersection where about a hundred men were working—they quickly scattered."

"On the way home we caught a burst of flak below the nose. It hit the navigator and tore a hole in his leg. He used the cord from his electrical suit as a tourniquet, and continued to plot our course. Another burst exploded above the tail turret blowing the tail gunner out of his position back into the ship. Despite injuries, he went back to his guns. About this time the Jerries started shooting with small arms and light anti-aircraft. The tail gunner sprayed one position and the area went up in a puff of smoke. He apparently hit some ammunition. As we passed over one village a man fired a machine gun at us from a window of a two-story building.

Lieutenant Kasnia received his wings at Aloe Army Air Field, Texas. He is the husband of Mrs. Gizella K. Kasnia, Route 1, Britton, Michigan.

Dance Proceeds to Aid Hospital's Lab. Fund

Observance of Hospital Week in Tecumseh will take the form of a hospital ball to be given in the high school gymnasium on Friday, May 26, with dancing to the "Merrymakers" from 9 to 1. The ball is being sponsored by the Tecumseh Hospital Auxiliary and is one of the major events scheduled in the drive for funds to equip a laboratory at the hospital.

Most hospitals on the approved list of American Hospital Association have facilities for technical work for all examinations. Tests such as blood count, urine analysis, blood cross matching, etc. if the Tecumseh hospital is to remain on the list, such facilities must be provided. These techniques are of great benefit, both to the patient and to the doctor. A great deal of expense to the patient and time would be saved, time which might sometime prove costly in human life, if this work could be done immediately here at the hospital.

The Tecumseh hospital, as yet, lacks such a laboratory but it is felt by the Auxiliary that through their various projects planned this year, a suitable beginning will be made. There is a room available for this purpose and estimates are being considered so that the best equipment for a small but adequate laboratory may be purchased. At the present time, a rough estimate places the minimum equipment at a figure of $1,000. To date, individual contributions to this fund amount to $170 which is a good beginning toward the final goal.

MRS. ELLA ZIMMERMAN, FORMER RESIDENT, DIES

Refuse Pickup Bids Are Asked

VILLAGE PREPARES TO ENTER BUSINESS OF COLLECTING GARBAGE AND ASHES

The Village Council, in regular session Monday evening, instructed Wade L. Jones, clerk, and J. H. Rohweder, chairman of the health committee, to advertise for bids for the collection of garbage and rubbish in Tecumseh, the bids to be submitted to the council not later than Tuesday, May 23. It is Mr. Rohweder's hope that the collection system, under council supervision, may be started here not later than July 1.

Mr. Rohweder said that present plans call for a twice-a-week pickup of garbage in the residential section during the summer months, and a trash callection monthly. In the winter time, the collection will be once a week for both garbage and ashes. At first it was believed that a "from the curb" pick-up might be instituted but this program has bien abandonded and the pick-up will be made from the rear of the houses, the chairman said.

As soon as the program is started, Mr. Rohweder said, the village will insist upon the size of the garbage cans to be used, and other requirements. He said that this part of the plan would be announced later, after it had been worked out with whoever received he contract.

The council also approved a plan for the oiling of some 77 blocks of village streets, the work to be done by an out-of-town contractor, because of a shortage of labor. It is estimated that the work will cost about $7,000, and will be started in about six weeks. The specifications call for the treating of the streets with a cut asphalt oil that meets all state requirements.

The council also considered a quarantine on dogs within the village but delayed its action until a later date, awaiting a proposed county-wide quarantine.

GARDEN CLUB PLANS FOR FLORAL EXHIBIT

Tecumseh Garden Club will hold a floral exhibit in the East Side Market building, Friday and Saturday May 26 and 27, with Mrs. C. C. Ruppel as general chairman.

Products Wins 4th Navy Star

PRODUCTION AWARD, IS ANNOUNCED BY ADMIRAL BLOCH, MAY BE RETAINED FOR A YEAR

The Tecumseh Products Company has been awarded a fourth star for its Navy "E" Flag, the announcement coming to the company from Admiral C. C. Bloch of Washington, chairman of the Navy Board for Production Awards. The four star flag will be retained by the company for one year instead of six months, as has been the custom in the past.

Announcement of the fourth star award was made to the employees of the company at a mass meeting in the plant last Friday afternoon. Ray W. Herrick, president, read Admiral Bloch's letter and congratulated the workers on their high efficiency.

"We are the second company in the State of Michigan to receive a fourth star for the Navy "E" flag," Mr. Herrick told the workers, "and I'm very proud of your achievements." The products won its Navy "E" Flag and the Treasury's Minute Man Flag two years ago, the first company in the United States to receive the two awards simultaneously.

Admiral Bloch's letter to Mr. Herrick is as follows:

"Due to the untiring efforts of he men and women of the Tecumseh Products Company to produce the equipment needed for victory, the Navy Board for Production Awards at its last meeting granted your plant a fourth renewal of the Navy "E" Award. A new flag with four stars will reach you in the near future.

"Each and every man and woman of the Tecumseh Products Company is to be heartily congratulated for the splendid production record that has been establish and maintained since the time that the original Navy "E" was granted. The determined support of all is required to back up our courageous men on the battle fronts.

"In view of your excellent record, the Army and Navy have decided that your company may retain the flag for a year before being considered for the next renewal. It is our sincere hope and desire that you will keep up the good work and that your rpesent record will be maintained or exceeded in the future."

Prayer Service on Invasion Day

COMMUNITY SPONSORED SERVICE TO BE HELD IN ONE OR MORE CHURCHES "D" DAY

A service of prayer on invasion day in Europe, in keeping with requests by the governors of the several states, has been announced in Tecumseh by a community committee of which Ray W. Herrick, president of the Tecumseh Products Company, is the chairman. The service will be held at 2 p. m., on whatever day the invasion comes, and the community will be notified of the service 15 minutes in advance by the blowing of whistles and the ringing of bells.

The announced program calls for the use of the three downtown churches for the service. First, the Presbyterian church will be filled, and second, the Methodist church. The Baptist church will be used by 400 students from the Central School building.

"We will not dress up to attend this service, we'll go just as we are to the several churches, Mr. Herrick said. "It is my firm conviction that when the invasion is made in Europe there never before will have been a time when three millions of our soldiers needed the aid and guidance of the Almighty more than at that time. We will go to the churches and offer our prayers for Divine help. It's the least we can do for our boys, thousands of whom are certain to be killed during the first days of the fighting."

Six ministers will participate in the service, the Revs. James C. Murdoch, Norman Mac Naughton, B. O. Bashore, John Scarlett, Fr. John A. Ross and Edward Escolme. The prayer service will last not more than forty minutes giving everyone an opportunity to return to their work by 4 p. m.

Mayor J. Floyd Elliot gave his complete approval of the service and requested that all places of business in Tecumseh, stores and industry, insofar as possible, close their doors from 2:45 to 4 p. m., that everyone might participate in the program.

W. L. Berkhof, superintendent of schools, declared that the school system would cooperate in every possible way, and that the students from the central building, more than 400 of them, would march to the Baptist church for the service.

Mr. Herrick said that the men and women from his factory would march to the church in a body. He said that the program was discussed at a mass meeting at the plant Friday and that the employees were solidly in accord with the service.

Wade L. Jones, village clerk, who is a member of the committee, said that all factories in Tecumseh would be asked to participate in the service. He said that he was certain that downtown stores would be closed for one and a fourth hours, in keeping with Mayor Elliott's request.

It was pointed out that the 2 o'clock service is a community affair and is non-sectarian. Everyone, regardless of church affiliations, is welcome to attend. Several of the churches, it is understood, are planning special services for the evening of the day of invasion. St. Peter's Episcopal church already has announced an 8 p. m. service on invasion day.

Lenawee Eighth Grade Graduation On May 19

The annual Lenawee County eighth grade rural school graduation will be held at the Baptist church in Adrian, Friday afternoon May 9 at 2 o'clock.

WHAT MAKES IT EASY

The national income of the people of the United States in 1943 has been estimated at $147,000,000,000 by the Department of Commerce.

This is one-fifth larger than in 1942, double that of 1939 and four times he depression low of 1932. It is explained that three-fourths of the increase over 1942 is due to larger industrial wages and salaries, Federal payrolls including the armed forces, and farm income.

With this national income the people find it easier to carry a much heavier tax schedule. The taxes of 1943 are severe but they would be impossible under the $40,000,000,000 income of 1932.

The average American should understand that the greater part of the increased national income results from the activity of government, not free enterprise or individual initiative. They will likely wonder why the government can stimulate production during war, without economic disaster and be unable to accomplish the same end in years of peace.

The welfare of the vaerage citzen depends very largely upon the ability of the American system to maintain a large national income, which will enable the people to bear heavy loads to take care of the national debt.

SPEAKING OF NEWSPAPERS

A newspaper man knocked at the pearly gate.
His face was scarred and old,
He stood before the man of fate
For admittance to the fold.
"What have you done," St. Peter asked,
"To gain admittance here?"
"I've been a newspaper man,
Sir," he said,
"For many and many a year."
The pearly gates swung open wide
And St. Peter touched the bell
"Come in," he said, and choose your harp,
"You've had your taste of hell".

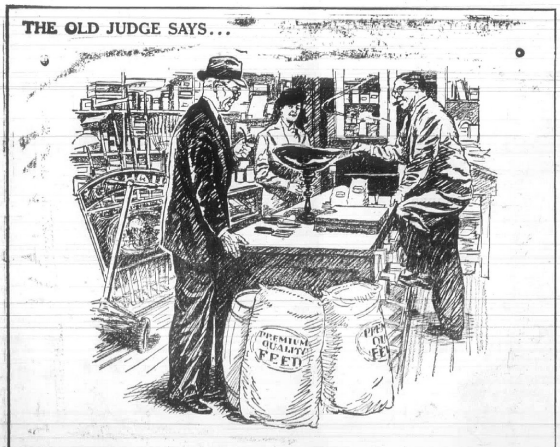
THE OLD JUDGE SAYS...



"Glad you dropped in, Judge. I was just trying to explain to Mary what you told us down at lodge last night...about all the grain used to distill war-alcohol not really being used up. She didn't realize it, either."

"It's true, Mary. Wherever the government has permitted distillers to purchase the equipment necessary to reprocess the used grain, at least 50% of the feed value (25% by weight) of the whole grain is being recovered and returned to farms like yours in the form of premium-quality livestock feed. Only the starch is removed during distilling...the part recovered is a highly-prized concentrate containing valuable proteins, fats and carbohydrates. The distilling industry really has taken a leading part in the development of new cattle and poultry feed products from reprocessed grain...products rich in vitamins B_1 and B_2...so essential to satisfactory growth and production. And the recovery of grain will apply also to the making of whiskey when production is resumed."

Beautify Your Yard

For War-Time Picnics

In these busy war-times, with gas rationing and other restrictions we must again learn to "live at home"—to "make our own fun" so to speak.

That is why we say, BEAUTIFY YOUR OWN PROPERTY and enjoy it. With but little effort you can build a picnic table, a few rustic benches, a stove that is so necessary in preparing out-in-the-open barbeques and hot dogs—and all the time you're having fun.

And why not spruce up that flower garden. We have just received a shipment of trellises, priced from 90 cents up. One or two of these will aid in your landscape plan.

Every Day Can Be a Holiday

Have fun at home and at the same time improve your property. We have the needed materials for picnic tables, benches, and brick and cement needed in building a stove.

$175 PRIZES OFFERED IN LIMERICK CONTEST

"Paper goes to the battlefront,
So paper bags are few;
Stretching them is vital today,
And"

Highlighting the paper bag shortage caused by demands for shipments of war supplies, the Kroger Grocery and Baking Company has announced a limerick contest with war bonds for prizes.

The writer of the winning last line to the jingle above wins a $100 war bond, with other awards of $50 and $25 bonds. The Kroger store bulletin, "Your Wartime Food" distributed free to all customers, carries rules of the contest.

Countless needs for paper are listed in sending to the battle fronts munitions, foods, hospital supplies and kindred articles, the bulletin points out. Reusing bags, taking shopping gbas to market, carrying packaged goods without additional paper—these are among the suggestions given to conserve needed paper to speed the day of victory.

TROPHY IS RENAMED

The "All Arms Trophy" which is presented annually to the company of the 22nd Armored Engineer Battalion at Pine Camp, N. 14 HOGS AVERAGE 248 1-2 LBS. IN 5 MONTHS AND 20 DAYS

Lawrence Boyd, Raisin Township Farmer, who has consistently shown such remarkable results in his hog raising, has again given us the figures for a batch of 14 hogs that were sold in February of this year

"Without any pigs out, the lot of 14 pigs averaged 248 1-2 lbs," said Lawrence.

"How old were they," we asked.

"They lacked just 10 days of being six months old," replied Lawrence.

He added that he was not proud of the profit angle on this lot, but of course the market was something that no individual hog raiser can control. But he was kind enough to add, "If I had not used HAYDEN'S HOG BALANCER my cost would have been much higher."

Wake Up Michigan!

You Have a Job To Do Right Here at Home!

Your job is to use MORE MICHIGAN FOODS whenever possible. Their quality and flavor have made them nationally famous—they contain vitamin freshness from Michigan farms and gardens—blessed by a bountiful nature in Michigan's famed temperate climate protected by the winds off the Lakes.

You Help yourself to health when you help yourself to MORE MICHIGAN FOODS. It also is of great importance to you and to the entire nation when you use MORE MICHIGAN FOODS; you help yourself to vital war transportation. Railroads and trucks must have the right-of-way to war materials. A short haul from farm to food store or market is a patriotic duty this year. Remember when you buy meat, produce, poultry or dairy products, buy MORE MICHIGAN FOODS.

That's Why We Say More MICHIGAN *Food on Michigan Tables*

A BRIEF MESSAGE TO OUR LOCKER CUSTOMERS—These are war times. It is our patriotic duty to conserve everywhere possible. Meat and produce are rationed. There is now definite shortages of perishable foodstuffs.

You as a locker customer, enjoy privileges that those without lockers can but hope to have when the war is over. Therefore, we say to you, use your locker to every advantage. Preserve every pound of meat and produce you can legally obtain under rationing. It is your duty, as a locker customer, to do this. And because you do, others may have more.

MOTHER AND DAUGHTER BANQUET ON THURSDAY

Fifty women and girls attended the Mother and Daughter banquet held Thursday evening at Grace Ev. Lutheran church. The dinner was served by the men of the church under the direction of Rev. J. A. de Ruiter.

Rev. R. Schaller of Ann Arbor gave the address of the evening. The program included "Toast to the Mothers" by Jean Leonard; a "Toast to the Daughters" by Mrs. de Ruiter; poems by Shirley Teske and assembly singing.

Flowers were presented to Mrs. Charles Frost, the oldest mother present; to Mrs. Ralph Dazey, the mother with the most daughters present, and to Mrs. William Rhodes, the youngest mother, and Mrs. Paul Maves in honor of her birthday anniversary.

WATCH OUT FOR WORMS
(Step No. 11 in Chick Management Program)
Right now there are a lot of chickens that are 10 to 14 weeks which need worming.
Unless chicks are raised in strictly clean quarters or on clean range, they may be quite heavily infested with worms by this time.
We can heartily recommend Purina Chek - R - Ton which will easily and safely treat your pullets without harmful after effect.

METHODISTS SPONSOR CHILDREN'S PAGEANT

The Methodist church board of education will sponsor a pageant under the direction of Mrs. L. A. Carlson to be presented at the morning service in the church on Childrens' Day, Sunday June 11. Mrs. Carlson has chosen "God's Willing Workers", a pageant written by Mattie B. Shannon with incidental music by Ruth Dale.

This pageant has been written for children and therefore has been kept simple in the thought and action. It contains a practical message which they can understand and appreciate and this message is especially appropriate for these times. Rehearsals are under way. Parents, relatives and friends are invited to attend this service.

To Dedicate Painting At Presbyterian Church

A dedication service will be held at the Presbyterian church here Sunday morning when a painting, a reproduction of Hoffman's "Christ in Gethsemane" will be unveiled. The painting is being presented to the church by Mr. and Mrs. Wade L. Jones, as a memorial to their parents, the late Mr. and Mrs. Joseph H. Smith and Mr. and Mrs. J. M. Jones.

The painting is the work of Earl Bryan, local artist, and is on the wall at the rear of the chancel. It is approximately eight by 12 feet in size.

A new pipe organ is being installed at the church and as soon as this has been finished, a new lighting scheme for the chancel is under consideration.

Dog Quarantine Now in Effect

STATE ACTS TO IMPOUND ANIMALS AS RESULT OF RABIES; MANY SHEEP ARE KILLED

Because of the steady increase in the number of rabid dogs in Michigan, the State Department of Agriculture, Tuesday, announced a 90 daf quarantine on all dogs in 18 conties of Lower Michigan, including Lenawee, effective at once. Lloyd Van Etten, county dog warden, said that he had appealed for such a quarantine last week.

Mr. Van Etten said that state reports show that there were 146 rabid dogs in Michigan during the first three months of 1944 as compared to 33 a year ago. He said that two cases of rabies had been reported in Lenawee, one of them in Tecumseh.

The new quarantine makes it mandatory that owners of dogs keep them on their own premises, or on a leash and in the company of the owner if taken off the premises. Dogs running at large may be shot, and owners are liable for damage.

More than 40 sheep and 25 chickens were killed in this vicinity by dogs during the past week, the dog warden said. At the Raymond and Leon Van Valkenburg farms in Franklin township, 38 sheep were killed by dogs last Friday. The farmers succeeded in killing two of the dogs but one escaped. At the Guy Hoover farm in Franklin, five sheep were killed last week, also. The dogs escaped. At the Ray Smith farm in Macon, 12 sheep were killed a week ago.

Van Etten also said that he had a report from the Cecil Woodard farm at Clinton to the effect that dogs killed 25 three-pound chickens, Sunday.

"The dog situation has become serious in the county," the officer declared, "and we must have a quarantine if it is to be remedied. People owning dogs must observe the quarantine or they will find themselves in court and their animals shot."

Indians Humble Clinton 5 to 6

RAIZKMEN TAKE THEIR FIFTH STRAIGHT BALL GAME; PLAY HERE ON DECORATION DAY

The Indians lost to Morenci, there, yesterday, by a score of 9 to 6, forcing Tecumseh into a tie with Morenci for the Lenawee League Championship. Both teams won five games. They share co-championship honors.

The Tecumseh high school Indians clipped off their fifth consecutive baseball game in the Lenawee County League here on Tuesday, defeating the Clinton high team by a score of 5 to 6. It was a fast game with Judd pitching and Brandt catching.

Tecumseh, at the close of the Tuesday game, held the undisputed lead in the League with Morenci the runner up. The Indians were in Morenci yesterday afternoon for the final game of the season, and a win there would give them a six victory season with no defeats. A loss would tie Tecumseh with Morenci for the honors.

Coach Fred Raizk announced that an exhibition game with Clinton at Recreation Center, Decoration Day at 2:30, had been scheduled. Coach Aden Meade's relay team also will stage a demonstration. In the event of rain it was said that the Decoration Day program would be called off.

The Indians defended their Lenawee league lead last Friday in a game here with Hudson, defeating that team 9 to 8 in seven innings. It was a hard fought battle with Kregar on the mound and Brandt catching. This was the fourth game that the Indians had won without a single loss.

Brandt was the star of the game making four hits at four times at bat and bringing in two of the team's nine runs. Tecumseh made only three errors during the game.

State's 'D' Day Plan Announced

KELLEY ASKS FOR SOLEMN REFLECTION AND PRAYER; 90 MINUTE SILENCE URGED

Gov. Harry F. Kelly has proclaimed 'D' Day, invasion day, a time for "solemn reflection and prayer, when all people of Michigan are asked to petition Providence for success in battle and for the safety of our sons taking part."

The Office of Civilian Defense, through which invasion day will be officially announced in the state has, through its local chief warden, E. C. Heilman, made this announcement:

The day will be designated on the day by the Governor. This is to guard against premature observances. The state air raid warning system will flash the Governor's message. At a designated time, whistles will blow and church bells will ring and there will be other audible signals. At that time there will be a 90-second pause for prayer; Traffic will come to a halt and all activities will cease.

Mr. Heilman said that this observance would be in addition to the 45-minute church service, previously announced here, and that the reason it was being done was to observe Gov. Kelly's request for a state-wide uniform prayer service.

State Traffic Fatal to 11,000

SAFETY COMMISSION SEEKS TO REDUCE TOLL IN NEXT DECADE BY ONE HALF

The Michigan box score of 17,000 persons killed, 300,000 injured and 1,000,000 street and highway accidents in the 10 pre-war years must be cut at least in half in the next decade, says the Michigan State Safety Commission.

The Commission opposes waiting until after the war to tackle the job.

"It takes hard work now if we are to avoid an even higher death rate on the highways," said Max well Halsey, executive secretary of the Commission.

"The job is one of coordinated engineering and enforcement supplemented by education.

"Prevention of traffic accidents by engineering demands, building of accident proof highways and protecting these roadways by engineering devices such as signals, signs, markings, street lights and channelizing islands.

"Traffic accident prevention by the police, prosecutor and court is just as important as by construction and engineering. These three enforcement agencies control public behavior on the highway.

'We've have had too much horse and buggy justice in the past. The prosecutor and the judge have yet to work out an effective method for handling traffic cases as they have for handling criminal cases."

"These life-saving jobs must be planned for, blue-printed and scheduled."

Spring-board for saving lives in Michigan's highways will be the state-wide safety conference in Detroit, May 25.

"In cooperation with the Traffic Safety Association of Detroit, the Commission is bringing to Detroit the top-notch national authorities in engineering and enforcement, backed up by the best men in the field here at home," said Halsey. "We will pool their resources in organizing the job ahead."

FOR PARENTS ONLY

Parents of men in the service of their country now in the British Isles have no reason to worry about the German propoganda that the moral life of their sons is in grave peril.

The Rev. W. Hammond Bowman, Presbyterian minister of Clover, S. C., effectively answers this suggestion by recalling his experience in the British Isles during the first World War. He has a son who has been in England for a long time.

The experience of these men offer "complete reassurance to any parents who have become unduly alarmed about their sons overseas." The minister says that "the great bulk of our boys will come back as good or better boys than they were when they left us." He says that they "would be subjected to just as many temptations" in this county as they face in England.

THE OLD JUDGE SAYS...

"Did you hear that Tom is going to be inducted into the Army next week, Judge?"

"Yes, Frank told me this morning down at the barber shop. Our town's got a lot of men in the service now, Jim. In fact, all towns have. I was just reading in the paper where there are more than 10,000,000 men away from their homes in the armed forces. And, from all reports, they're doing a grand job bringing victory closer every day.

"We folks at home have a mighty big obligation to those 10,000,000 fighting men. We've got to produce the food to keep them well fed. We've got to keep them supplied with the ammunition and equipment they need to finish their job. We've got to help the Government pay for all these supplies our men need by buying more and more War Bonds. We'll have another big chance to do that by helping to put the 5th War Loan drive over the top, Jim.

"And, in addition, we must be sure that, while they're away and can't express their opinions, we don't go voting on and deciding any things that will displease them when they come back."

We Have The Labor

To Repair Your Roof

Do you need a new roof on your home? Does the old one leak? Is it destroying the sturdy construction of your house?

Don't neglect the roof on your home. And you don't need to neglect it, just because of the war. Uncle Sam has made provision for such necessities and we have the shingle—top quality asbestos— with which to do the work.

And, what is more, we have labor that is available NOW TO PUT A NEW ROOF ON YOUR HOME. However, you must act at once, because orders are coming in and our labor pool is not large.

Sidewall Shingles Available

Before you paint your home this spring, consider the advisability of making it more modernistic, by installing asphalt sidewall shingles. The cost of such a job is not too much more than a good two-coat paint job. Sidewall shingles also protect your home from cold in the winter and heat in the summer. We also have labor available for sidewall shingle jobs, too.

Lockjaw Immunization For Farmer Is Urged

Immunizing of farm workers against lockjaw is advised by the state health department today in an anniversary statement concerning the first year's distribution of tetanus toxoid, a war-inspired product of the department's Lansing laboratories.

Seven of every 10 deaths from lockjaw in Michigan in recent years have occurred in farm families, according to the department. The soil of farms, especially of barnyards, often harbors the germs of lockjaw.

Production of the tetanus toxoid was started in the Lansing laboratories when Pearl Harbor cast the shadow of bombing threats over the nation's industrial centers. Largest quantities of the toxoid distributed so far have gone to the Detroit area.

The injections of the liquid toxoid provide immunity from lockjaw which results usually from puncture wounds. It is valuable as a safeguard for industrial workers also and the immunizing of those engaged in more hazardous occupations is likely to be required sometime by management and unions.

Immunization affords protection, is attended by no ill effects and is not expensive. Lansing laboratories distribute the tetanus toxoid free of charge to health officers and physicians.

AT CLINTON THEATRE

You've probably heard of a guy named Joe every day of your life. And you've probably seen a guy named Joe as many times as you've heard the name. But at the Clinton Theatre on Sunday, Monday and Tuesday, there is a new type of guy named Joe. He's Spencer Tracy and he appears in a new MGM picture called "A Guy Named Joe." The name is as common to the air force as is spinach to children yet there is something about this motion picture that stands out above all names you hear in your daily mode of living. "A Guy Named Joe" is Spencer Tracy, Van Johnson, Ward Bond, James Gleason, Barry Nelson, Lionel Barrymore and all the other pilots who appear in this great film.

Irene Dunn co-stars with Spencer Tracy in this exciting film, and there are many others you will love before you leave the theatre.

Plenty of Feed at Hayden's

A good many feeders seem to be afraid to raise the usual number of chickens this year, due to a possible shortage of feed.

We feel that it is our duty to publicly state that we feel our supplies of feed will be adequate at least for this immediate trading and feeding area,—at least for all poultry use.

There are a good many "slips twixt the cup and the lip", and we may be poor prophets about what lies immediately ahead. But it is a fact that up to date, we have not turned down a single order for poultry feed.

This is no "Green light" for every poultryman in this area to go "Hog Wild" and load up on chicks without any regard for the national situation. Uncle Sam asks,, and good business practice demands that every single feeder in this area liquidate every "Boarder" on his farm.

We Must Cull! Cull! Cull!

But if you cull properly and use every good management pointer such as you rad each week in our Hayden Hen Humper, we feel that the poultry industry around Tecumseh will not suffer. We honestly feel that no local feeder will suffer from lack of feed if you "Hasten to Haydens."

We're Marching Into Battle . . .

"There are nearly 200,000 of us here in Michigan . . . 200,000 dirt farmers and our families marching together. Our battle song is the whisper of the wind among the fruit blossoms, the rhythmic patter of rain on new green leaves, the humming of the tractor as its plow turns over the soft brown earth, the clatter of the seed drill . . .

"Some of our weapons are new as the modern weapons of war, some old as the hills of Judea. For ours is a war that has no beginning, no end. Ours is the *battle of food.*

"Our sons, like yours, are off to the war of planes and tanks and guns and ships. Many of those who helped our fight now forge the weapons for these valiant sons. To feed them all, our battle must be won.

"To feed you here at home is half the task. To feed our fighting men, to aid our allies whose fields are drenched with blood, to make new friends in countries freed from hate . . . that, too, is half our task.

"We achieved the impossible last summer. Now we must do it again.

"Michigan, the Arsenal of Democracy, might well be called the Cupboard of Democracy, too. No state can match the variety of its foodstuffs, nor outrank it in so many products of the soil.

"We bow in grateful tribute to the food retailers in your own community who have matched our efforts with their own. From the smallest independent to the largest chain store, they fight their battle, too, against well-nigh hopeless odds.

"They bring you our luscious berries, cherries, melons, peaches, pears, plums and apples from our fruit areas . . . sugar from our beets, millions of gallons of health-building milk, cream and other dairy products for your children and war workers, golden honey, top-grade potatoes in abundance, poultry, eggs and meats from our farms . . . fresh vegetables in never-ending streams and much more packed in our canneries . . . peas and beans and tomatoes and body-building, vitamin-enriched root vegetables . . . carrots, turnips, beets . . . all from Michigan farms and orchards and processing plants.

"With their cooperation we face this new season. We face it uncomplaining and unafraid . . . with resolute courage and the will to win.

"We are marching into battle, we the farmers of Michigan—marching side by side with all who do battle on the home front that Victory on the fighting front may be achieved the sooner."

THE TECUMSEH HERALD

NINETY-FOURTH YEAR—NUMBER THIRTY-FIVE | TECUMSEH, MICHIGAN, THURSDAY, JUNE 1, 1944 | FIVE CENTS PER COPY

5th Loan Quota Drive Launched

$376,000 IS ALLOTMENT FOR TECUMSEH; BERKHOF IS OPTOMISTIC

"We have an unusually large quota, some $20,000 higher than in the Fourth Loan, but I'm optimistic about Tecumseh, I'm certain that we will meet our goal," was the comment of W. L. Berkof, general chairman of the War Finance Committee here, when he announced today that the Fifth Loan Drive for $376,000 in Tecumseh, is under way.

"All payroll deductions from June 1 count on the Fifth Loan," Mr. Berkhof said, "and we are depending upon local industry to put us over the top in the "E" bond sales, which locally amount to $86,000. The remainder of the quota, $290,000 will be handled by larger buyers, many of whom already have signified their intent to purchase."

Mr. Berkhof pointed out that if Tecumseh is to meet its quot a this time, it will be necessary for every man and woman locally to purchase bonds to their capacity.

"Some people feel that unless they can buy a $100 bond or more, there is no need to buy at all. Such an opinion is wrong, we need every nickel we can get, and the fellow who buys a $25 bond is doing his bit in the war effort. I trust that everyone will cooperate," the chairman said.

Lenawee's quota in the coming campaign is $3,538,000, of which amount more than $2,000,000 is Adrian's quota. Nationally the drive is for 16 billion dollars and Michigan's quota is $526,000,000. 86 millions more than in the Fourth Loan.

Tecumseh's quota is divided as follows: in "E" bonds $86,000 and in other bonds, $290,000. Quotas in other communities in this area are:

Britton, $11,200; Clinton, $113,000; Blissfield, $248,000; Macon, $6,000; Onsted, $28,800; Ridgeway, $1,200.

Ensign Lenox B. Clark Dies In Plane Crash

Ensign Lenox B. Clark, 24, son of Captain and Mrs. Jonh R. Clark of Detroit, formerly of Clinton, was killed in an airplane crash in the South Pacific area May 23, according to word received by relatives. Ensign Clark was born in Clinton later moving to Detroit. He entered the navy in August 1942 and was a navy air force pilot. He went overseas in 1944.

Besides his parents he leaves the widow, a sister Mary Jane Clark of Detroit, a brother Lt. John Clark of Ft. Benning, Ga., two aunts Mrs. C. L. Kimball and Mrs. Hazel Barnard of Clinton. His gather a veteran of World War I, is stationed at Ft. Custer.

MOTHERS ENTERTAINED

The T. P. Bums entertained their mothers at dinner at Brees House Thursday evening with 32 in attendance. The tables were centered with dogwood and tulips and places were marked with carnations.

Mrs. Ann LaSavage was the toastmistress and the program consisted of a welcome to the mothers by Mrs. Carole Hammack, the history of the club by Jean Hubbard; toasts to "To Our Mothers" Mrs. Margaret Baird and "To Our Daughters" Mrs. Stella Zick; vocal solos by Mrs. Wilma Randolph and Jean Fielder; "A Draftee's First Impression of the Army" by Margaret Weimer; group singing led by Mrs. Naomi Sallows, with Virginia Retter, accompanist.

PALMER—DE GROOT

Mr. and Mrs. Edward DeGroot are announcing the marriage of their daughter Phyllis June to H. Dale Palmer of Ann Arbor, son of H. D. Palmer of Romeo, which took place April 8 at the Metropolitan Methodist church in Detroit. The Rev. E. K. Seymour read the service.

The bride is a graduate of Adrian high school and attended the Mercy College of Nursing in Detroit and Ann Arbor. Mr. Palmer is a graduate of Albion College and will graduate from U. of M. medical school in July. They are in Ann Arbor until that time.

READY FOR NEW JOB

Miss Ruth Harding returned last week from Hillman where she was home economics teacher in the Consolidated school. She has taken an apartment at the home of Mrs. Bertha Hoag and on July 1 will take over her new duties as librarian at the Tecumseh library in place of Miss Edith Ingersoll, resigned.

Ten Minute Parking Signs Appear Downtown

Ten minute parking signs made their appearance in several spots in the downtown district this week, the intent of the action by police being that parked cars will be speeded up in certain locations and that the necessity for double parking by cars and trucks will be eliminated.

The real purpose of the new signs, it was said, was to make parking spots available to trucks that are delivering to stores, and to shoppers who intend only to run into a store and out, to make a hurried purchase.

"And the new 10 minute parking spots will be watched and the ruling enforced," an official said. "So, if you don't want a ticket, don't park in one of these spots longer than the law allows."

Mrs. Campbell Dies Suddenly

FUNERAL SERVICES HELD ON WEDNESDAY FOR PROMINENT CHURCH, CLUB WOMAN

Mrs. Lilah M. Campbell, wife of Ernest M. Campbell, died early Monday morning at Tecumseh hospital where she had been taken 24 hours earlier. She had been ill the past two weeks but her condition had not been considered critical.

Mrs. Campbell who was 36 years of age, was born December 22, 1907 near Holloway and had spent her whole life in the vicinity. She was a member of the Presbyterian church and its societies and a teacher in the Sunday School, also a past president of the Business and Professional Women's Club and a member of Tecumseh Monday Club.

Besides her husband she leaves one son Owen, her mother Mrs. George Soncrant, four sisters Mrs. Arthur Dinse, Mrs. Harvey Dinse, Mrs. Robert Grigg all of Tecumseh and Miss Alma Soncrant of Adrian; four brothers Jesse Soncrant of Monroe, Lawrence Soncrant of Toledo, Elray, George and Earl of Adrian. Her father died just two years ago.

Funeral services were held Wednesday afternoon at Collins Funeral Home. Rev. James Cameron Murdock officiated and burial was in Brookside cemetery.

Wilford Oliver Dies After Short Illness

Wilford Oliver, aged 33 years, son of Mr. and Mrs. Ernest Oliver of Britton, died Saturday at Beyer hospital in Ypsilanti where he had been a patient only a few days, after a short illness. He had lived in Ypsilanti about four years and was employed at Willow Run.

Besides his parents he leaves the widow Aileen, five sisters, Mrs. Leta Chase of Tecumseh, Mrs. Nina Taylor and Miss Mary Oliver of Britton; Mrs. Mabel Nelson and and four brothers Ralph and Ray-Mrs. Gladys Phillips of Detroit nor of Tecumseh, LaVerne who is with the armed forces in China, and Lt. Clyde Oliver with the coast guard at Ketchikan, Alaska, who is home on leave.

Funeral services were held Wednesday afternoon at the Niblack Funeral Home in Britton. Rev. O. E. Priest of Clinton officiated and burial was made in Ridgeway cemetery.

82ND BIRTHDAY

Mr. and Mrs. Wade Hendershot and Mr. and Mrs. Elton Osborne entertained at dinner Sunday honoring the 82nd birthday of Mrs. R. R. Hendershot. Twenty-five guests were present from Adrian, Britton, Saline, Dundee and Milan, and several others called in the afternoon. The dinner featured a three tier birthday cake made by Mrs. Hendershot's only grand daughter Jane Osborne. The honor guest was presented with gifts.

HONORS GRADUATES

Mrs. Lawrence Van Gieson was hostess at dinner Wednesday evening to five June graduates who graduated from the Section school eighth grade four years ago. The group inclued their former teacher Mrs. Purnell Osburn, Donald Dresselhouse of Clinton, Alberta Williams, Bill Aebersold, Wendell Wood and Dorothy Van Gieson of Tecumseh.

SURPRISE PARTY

Mrs. Floyd Falk was given a surprise party Wednesday evening honoring her birthday. The guests were a group of neighbors, members of the South End Birthday Club. The evening was spent socially with music and refreshments. Mrs. Falk was presented with gifts.

Salvation Army Asks Local Aid

MONEY WILL BE USED TO AID TROOPS OVERSEAS; HOUSE TO HOUSE CANVASS PLANNED

A drive for funds to carry on the work of the Salvation Army with the colors overseas will be launched in Tecumseh June 5 and will continue until June 12, with Mrs. Fred Marsh as chairman. The money raised will be used to supply our troops with hot lunches, rest bilets, recreation huts, mobile canteen service and other front line necessities. Mrs. Marsh wishes to emphasize the fact that the Salvation Army has received no funds from any previous drives but has quietly been serving troops on every front where the Yanks fight.

The chairman will be assisted by a number of women in the house to house canvass and the following section chairmen have been appointed: Miss Elizabeth Chase, northeast; Mrs. Luther Wood, northwest; Mrs. Otto Baaske, southwest, and Mrs. Ralph Atcheson, southeast. W. P. VanTuyle of Clinton is acting as county treasurer for the fund.

In Italy many recreation centers and canteens have been established, one occupying an entire town with movies, a restaurant serving between 7,000 to 10,000 hot meals daily; showers, writing and rest rooms, and overnight accomodations for 500. In North Africa the Salvation Army has six main centers, supplemented by mobile canteens and small units. In Britain 401 clubs and canteens are in operation and 2 million cups of coffee with dounts were served to American service men in one month. In Australia over 500 centers are supplemented by 110 mobile units and 23 huts have been established in the front lines in New Guinea. Salvation Army canteens were in action before bombs stopped falling on Pearl Harbor, and troops found five centers in Iceland when they arrived Over 1000 Centers also serve troops in India and the Middle East. Most everyone is familiar with the wonderful work done by the Salvation Army during the first World War and with the increased personnel and modern equipment the service is even more outstanding in the present war.

Escolme Will Speak At Open Air Service

Edward Escolme, pastor of the Tecumseh Friends Church will be the speaker at an open air street meeting this coming Saturday night at 8:30, on the four corners of the Tecumseh business district, weather permitting.

He will be the first speaker at this type of meeting which has been planned and will be carried through each Saturday evening by the members of the Men's Bible Class of the Tecumseh Friends Sunday School.

Members of the class who have taken part in setting up these gospel meetings are: Oscar Mead, property; S. E. Lawrence, chairs; Reuben VanWinkle, music; Perry Hayden, location and publicity.

The members of the Men's Bible Class will meet at the church at 8 o'clock for a short meeting prior to the street meeting.

POPPY DAY SALE HERE NETS $467

The annual poppy day sale here last Saturday amounted to $467, Mrs. Albert Baghsaw, chairman, announced today. Mrs. Bagshaw expressed the appreciation of the American Legion and Auxiliary for the excellent public expression.

SUMMER RECESS

Tecumseh Grange met Thursday evening and voted to hold only one meeting during the months of June, July and August. The committee for the June 22 meeting is Mr. and Mrs. Wm. Grigg, Mr. and Mrs. Jennings Frayer and Mr. and Mrs. George Parsons.

June 7 will be clean-up day at the hall and a pot luck dinner will be served at noon.

AT ADRIAN MEETING

Mrs. Edward Beal, Mrs. George Wilson were in Adrian Thursday for a meeting of the Arleen Goodridge Club, composed of matrons and associate matrons of Eastern Star Chapters in the Lenawee-Monroe Association.

The group will hold a picnic July 27 at the home of Mrs. Charles Lee near Manitou Beach.

RELIABLE CLASS

The Reliable class of the Methodist church will meet Tuesday afternoon, June 6, at 2:30 at the parsonage with Mrs. Norman MacNaughton.

Tecumseh Pays Tribute To War Dead, Tuesday

Tecumseh paid a fitting tribute to its war dead on Tuesday, Memorial Day, with a parade through the business district and appropriate exercises at Brookside Cemetery.

The Rev. John Scarlett, rector of St. Peter's Episcopal church, gave the address at Brookside, and group singing was led by Wade L. Jones and W. L. Berkhof. Mr. Berkhof also acted as master of ceremonies.

During the program a Civil Air Patrol plane flew over the cemetery and dropped flowers in Evans Creek, in memory of the sailor dead of previous wars.

Stores and industry were closed here on Memorial Day but there was little activity, except for family gatherings and group picnics.

Diplomas Ready For 53 Graduates

COMMENCEMENT TO BE HELD THIS EVENING; BACCALAURATE HERE ON SUNDAY

Fifty-three seniors in caps and gowns were addressed by the Rev. Alvin C. Brazee at the annual Baccalaureate services held Sunday evening in the Presbyterian church. Rev. Brazee, a teacher in the local school, chose as his subject "The Challenge of the Difficult."

The class, led by Robert Wood, junior class president, entered the church as Mrs. Bertram Updyke played the processional. Rev. J. C. Murdock gave the invocation. Rev. E. Escolme the scripture reading, Rev. N. MacNaughton the prayer and Rev. John R. Scarlett the benediction. St. Andrews choir sang the anthem.

Class Day exercises were held last evening in the high school auditorium and the Commencement program will be held this evening.

Hospital Benefit Ball Attended By 50 Couples

The benefit given Friday evening in the high school gymnasium by the Tecumseh Hospital Auxiliary for the benefit of the hospital laboratory fund, was attended by about 50 couples, with music for dancing furnished by the Merry Makers orchestra. The program also included vocal numbers by the T. P. Broadcasters and by Mrs. Ralph Henard and R. H. Moore. Punch and wafers were served.

Out of town guests included Rear and Mrs. Ralph Henard of Connecticut, Mr. and Mrs. James Buck of Toledo, Ensign Jack Pennington of Texas, Corp. Kenneth Herrick of Dayton and Russell Collins sl/c, home from the southwest Pacific.

An itemized statement of the proceeds follows: 49 tickets sold, $147; donations $114.50; total receipts, $261.50; advertising $6.80, decorations $16, refreshments $9.10, orchestra $44, tax $24.50, total expenditures, $100.40, leaving a balance of $161.10 for the laboratory fund.

MRS. IRVING GOVE DIES AT HOME HERE

Mrs. Irving Gove, died Wednesday afternoon at her home northwest of Tecumseh, after a long illness. Mrs. Gove was formerly Mary Tyson and a life long resident of this community.

Survivors are the husband, two daughters Mrs. Mary Eleanor Wetherell of Clinton and Miss Dorothy Gove of Ann Arbor and a son Gordon Gove at home; also two sisters Mrs. Earl Allen of Tipton and Hazel of Arizona, and a brother Dr. Forrest Tyson in Maine, and 2 grandchildren.

Funeral services will be held Saturday afternoon at 3 o'clock at Collins' Funeral Home, with burial in Brookside cemetery.

DR. SAMMIS DIES

Dr. W. W. Sammis, father of Mrs. Clarence Wagner of Tecumseh, died early Wednesday at his home in Deerfield after a long illness. He leaves the widow, three daughters, four brothers and several grandchildren. The funeral and burial will be held in Deerfield Saturday afternoon.

GOOD CHEER CLASS

The Baptist Good Cheer class will meet Friday evening with Miss Elizabeth Chase. Members are to bring cookies.

AUXILIARY TO MEET

Tecumseh Hospital Auxiliary will meet June 13 at the home of Mrs. C. O. Butler, when Mrs. Rickard Preston will give an explanation of the work of the Tecumseh Health Education committee.

New Zoning Law Now In Effect

TOWNSHIP REGULATION EFFECTIVE GOVERNING BUILDING OF FUTURE HOUSES

Tecumseh township's new zoning ordinance, completely controlling the building of future homes within the township, is now effective. The new ordinance was drafted by a committee composed of L. W. Larsen, chairman, Dwight Hodges, Clyde Bailey and Fred Sheldon and has been given the approval of the county's zoning coordinating commission, appointed by the board of supervisors. The ordinance in its entirety is printed elsewhere in this issue of The Herald.

The ordinance, which in many respects is similar to a zoning code passed by the Tecumseh village council several months ago, was deemed necessary by the township board to protect and regulate the future growth of the area. Under the new law, the township now completely controls the building of new homes and permits must be obtained before construction can be started. The new law, however, does not control additions to present farm homes—homes now in existence—nor does it regulate the construction of building on existing farms, other than new dwellings, LeRoy Titley, supervisor, pointed out.

The ordinance is a part of this community's post-war planning, and is intended to regulate and control the expansion of the Village of Tecumseh. A survey indicates that following the war several hundred new homes will be built in this area, and it is believed that no small number of them will be outside the now-existing village limits.

The village ordinance controls the building of all buildings within the limits of the corporation, and has further restrictions.

Both in the village and in the township, permist must now be obtained to build new houses, and Mr. Titley said that a board of appeals for the township's law would be set up within the near future.

METHODIST PAGEANT ON CHILDREN'S DAY

The pageant, "God's Willing Workers," to be presented in the Methodist church on Sunday morning, June 11, is written around the theme contained in the Bible verse, "Be ye doers of the Word and not hearers only."

The story tells how God sent Jesus into the world to be his great Helper, to teach people to build a chain of love and service. If this chain reached around the world it would keep out all wrong.

Mrs. L. A. Carlson who is directing the pageant for Children's Day is assisted by the teachers of the church school, Miss Bertha LaPointe, Mrs. Edward Beal, Mrs. Arthur Brown, and Mrs. Ellsworth Collins. Rehearsals are under way.

G. D. ELLIS DIES

Garret D. Ellis a life long resident of Macon passed away at Tecumseh hospital Wednesday evening at 7 o'clock. Mr. Ellis was the former owner of the Ford Mill at Macon and a friend of Mr. Ford. Survey Reveals New School Need

PURPOSE OF SINKING TAX FUND VOTE THIS MONTH IS EXPLAINED TO ELECTORS

The decision of the local board of education to call a special election this month on the proposed sinking fund tax levy issue is the culmination of an extended study, by the board during the past year, of school plant needs in the community and the necessary steps which should be taken to meet those needs. This study, which was based primarily upon data presented, upon the request of the board, by the superintendent, W. L. Berkhof, indicates the need for an early consideration by the community of the problem of providing adequate and modern school facilities for local children if Tecumseh is to continue the progressive record which it has established during the past decade. In conducting the study the board was also assisted by a special citizens committee appointed by Dr. Arthur Brown, president of the board, and consisting of Earl Wickwire, editor of The Tecumseh Herald, M. L. Dannells, secretary of the Tecumseh Products Company, and Wade L. Jones, village clerk.

In considering the question of school plant needs the board felt that it was necessary to consider not only present conditions but also such school growth factors as might indicate future needs. These factors include: 1. Community Growth with emphasis upon the rise in the United States Census figures for the community from about 2500 to approximately 3000 and an anticipated continued growth following the war. 2. School Membership Trends, revealing sporadic growth during the past five years and an increase in enrollment from 599 in June of 1938 to 665 in June of 1943, and 3. Census Statistics, which reveal a rather constant birthrate with a comparatively sharp increase during the last three years, a fact which will, barring any large town, reflect itself in increased enrollments in the elementary grades in the comparatively near future.

Other special school growth factors which received considerable attention were the possibilities of school district consolidation in the Tecumseh area and a probable extension of the compulsory school age which may make necessary the addition of grades thirteen and fourteen to the present school program. These factors, although problematical, could not, it was felt, be ignored entirely in view of the fact that there are already forces at work which may make such changes either highly advisable or necessary. The effect of such changes would, of course, be increased enrollments on both the elementary and secondary levels.

In considering the steps which should be taken to assure the eventual erection of a modern and adequate school plant the question of financing the project was considered. Legal restrictions on borrowing by school districts makes the erection of a building by bonding practically impossible even though considerable financial assistance should be received through a Federal Works Project. It was considered necessary, therefore, that the district take advantage of the present ruling permitting the establishment of a sinking fund through which funds may be accumulated over a period of five years in anticipation of the building program and that fund then be supplemented at the time of construction by the issuing of bonds over the next five year period as permitted by law. This procedure would, in the opinion of the board, have the double advantage of spreading the cost over a ten year period and also of reducing the charges for financing which will mean a considerable saving to the community.

The decision of the board of education to bring this question to the attention of the voters at this present time is the result of a desire on the part of the members to be prepared to take advantage of any Federal Works Program which may be organized following the war. The acceptance by the community of the proposed method of financing and subsequent steps in the planning which will then be possible will, it is felt, in no small measure influence the decision of the federal government in the matter of granting assistance to our community if such financial aid is again made available. Careful planning and action at this time may make possible an early consideration of an application for assistance and will bring with it an added advantage of being on the ground floor in the post-war planning program.

PLANT A GARDEN

Two million additional Victory Gardens are needed this year, according to Chester A. Bowles, Director of the OPA, who intimates that the present low point values on food can hardly continue without them.

Mr. Bowles says that we were facing a vegetable crisis last year, with the Government taking thirty per cent, of the supply for its armed forces, Lend-Lease, the Red Cross and other shipments. This year, he adds, the armed forces will get forty per cent. of the commercial pack of canned fruits and vegetables and that the additional Victory Gardens are necessary if we are to meet war food goals.

Warning against any assumption that the food battle is won, the head of the OPA declares that we mus grow more food and can more food from home-front gardens this year. Higher point vauues for canned vegetables, he adds, appear inevitable for next year.

We call attention to this matter in order hat Tecumseh residents will understand the seriousness of the food situation. Many of us can grow some of our food requirements at home. The knowledge that this is not only expedient but necessary as a war measure should persuade everyone to do his, or her, best to successfully operate a Victory Garden.

See Us NOW For Insulation

There are two reasons in this month of June why you should insulate your house.

First, the Summer is ahead. The hot, sultry days of the year lie just ahead. Your upstairs — your bedrooms — will be much cooler if you insulate NOW — in fact your whole house will be changed in temperature.

Second, after Summer comes Winter and the cold days of the year. Then is another time when your insulation works for you. It keeps cold out of your home, it keeps rationed heat IN.

Contrary to some folk, insulation is not expensive. It costs less than $100 to insulate the average size attic and you will save the cost of the job in reduced heat bills in two or three winters. Yes, you save and enjoy at the same time.

See us now for insulation for your home. You do not need a priority to buy it.

"Uncle Sam has recognized the wartime importance of traffic safety lighting. That is why our street lights are maintained while other outdoor lighting has been curtailed.

"This doesn't mean that broken bulbs and shades can be easily replaced. Our government needs the tungsten and other metals used in the manufacture of light bulbs to make vitally needed implements of war. And glass shades are equally hard to get these days because there is a serious shortage of pasteboard cartons used in shipping and packing them.

"I know most boys and girls don't think about these things when they are having fun, as they call it. But once they are given the facts about why they shouldn't break these lights they can be just as patriotic as any grown-up and will, I know, go out of their way to help keep these lights glowing for Victory."

Plenty of Feed at Hayden's

A good many feeders seem to be afraid to raise the usual number of chickens this year, due to a possible shortage of feed.

We feel that it is our duty to publicly state that we feel our supplies of feed will be adequate at least for this immediate trading and feeding area,—at least for all poultry use.

There are a good many "slips twixt the cup and the lip", and we may be poor prophets about what lies immediately ahead. But it is a fact that up to date, we have not turned down a single order for poultry feed.

This is no "Green light" for every poultryman in this area to go "Hog Wild" and load up on chicks without any regard for the national situation. Uncle Sam asks,, and good business practice demands that every single feeder in this area liquidate every "Boarder" on his farm.

We Must Cull! Cull! Cull!

But if you cull properly and use every good management pointer such as you rad each week in our Hayden Hen Humper, we feel that the poultry industry around Tecumseh will not suffer. We honestly feel that no local feeder will suffer from lack of feed if you "Hasten to Haydens."

Building Zone Ordinance of Tecumseh Township

March 24, 1944

Tecumseh Township Zoning Map and Ordinance approved as to Zoning Coordination only.

Zoning Co-ordination Committee
Clarke W. Baldwin
E. J. Fachett
Le Roy H. Titley

AN ORDINANCE to promote, protect, and provide for, in the interest of the public health, safety, comfort, convenience, prosperity and general welfare, in the Township of Tecumseh, Lenawee County, Michigan, the conservation of property values and natural resources and the general trend and character of building and population development, to regulate the location of buildings and structures designed for specified uses, to regulate and determine the areas of given forms of land utilization, to regulate and limit the uses, the height, the area, the size and location of buildings and structures hereafter erected; to prohibit the use of tents and automobile trailers or similar portable dwellings for dwelling purposes in said township; to regulate and restrict the use of land for trade, industry, residence, recreation, agriculture, forestry, soil conservation, water supply conservation and the uses for which buildings or structures shall be erected or altered and designating the trades, residences and industries which shall be permitted in such township, to regulate and determine the area of yards, courts and other open spaces, to limit and restrict the number of families which may be housed in dwelling hereafter erected or altered, and to provide a Building Zone Map as part of this Ordinance, to provide a method penalties for the violations thereof for carrying out the aforementioned regulations, to divide the township into zones of such number, shape and area as appear upon the said building Zone Map.

BE IT ORDAINED by the Township Board of the Township of Tecumseh, County of Lenawee, State of Michigan, by authority of Act No. 184 of the Public Acts of Michigan for 1943.

SECTION 1 - DEFINITIONS

That for the purpose of this Ordinance certain terms are herewith defined:

DISTRICT No. 1: The District being all the area in Sections 19 to 36 inclusive, of the Township of Tecumseh, Lenawee County, of Michigan, excepting therefrom any part or portion of said lands lying within any incorporated city or village.

A STREET is a thoroughfare or way, other than a public alley, dedicated to the use of the public and—or open to public travel.

AN ALLEY is a narrow passageway open to public travel.

A LOT is the parcel of land on which a principal building and its accessories are placed, together with the required open spaces.

A LOT OF RECORD is a lot the dimensions of which are shown on a document or map on file with the Register of Deeds or in common use by county or township officers, and which actually exists as so shown, or any part of such lot held in ownership or record separate from the remainder thereof.

AN ACCESSORY BUILDING is a building subordinate to the main or principal building on a lot and used for purposes customarily incidental to those of the main building.

A CORNER LOT is a lot of which at least two adjacent sides abut for their full length upon a street, provided that such two sides intersect at an angle of not more than 135 degrees. A lot abutting upon a curved street or streets shall be considered a corner lot if the tangents to the curve at its points of beginning within the lot or at the points of intersection of the side lot lines with the street line, intersect at an angle of not over 135 degrees. In the case of a corner lot with a curved street line the corner shall be considered to be that point on the street lot line nearest to the point of intersection of the tangents herein described.

AN INTERIOR LOT is a lot other than a corner lot.

THE FRONT LOT LINE: In the case of a lot abutting upon only one street, the front lot line is the line separating such lot from such street. In the case of any other lot one such line shall be elected to be the front lot line for the purpose of this Ordinance provided it is designated by the building plans filed for approval with the Building Inspector.

THE REAR LOT LINE is that boundary which is opposite and most distant from the front lot line. In the case of a lot pointed at the rear, the rear lot line shall be that assumed line parallel to the front lot line, not less than ten (10) feet long lying farthest from the front lot line and wholly within the lot.

A SIDE LOT LINE is any lot boundary line not a front lot line or a rear lot line. A side lot line separating a lot from a street is a side street lot line. A side lot line separating a lot from another lot or lots is an interior side lot line.

A FRONT YARD is an open space extending the full width of a lot and of a uniform depth measured horizontally at right angles to the front lot line, unoccupied from the ground upward except as hereinafter specified.

A REAR YARD is an open space extending the full length of a lot and of a uniform depth measured horizontally at right angles to the rear lot line and unoccupied from the ground upward except as hereinafter specified.

A SIDE YARD is an open space extending from the front yard to the rear yard and of a uniform width measured horizontally at right angles to the side lot lines and unoccupied from the ground upward except as hereinafter specified.

A COURT is an open unoccupied space other than a yard, and bounded on at least two sides by a building. A court extending to the front yard or front lot line or to the rear yard or rear lot line is an OUTER COURT. Any other court is an INNER COURT.

THE HEIGHT OF A BUILDING is the vertical distance from the established sidewalk grade at the center of the front of the building to the highest point of the roof surface if a flat roof, to the deck line for mansard roofs and to the mean height level between eaves and ridges for gables, hip and gambrel roofs. Where there is no established sidewalk grade, the height of the building may be measured from the average elevation of the finished grade along the front of the building.

A STORY is that portion of a building between one floor level and the floor level next above it, or between the uppermost floor and the roof. Any story lying more than fifty per cent (50%) by volume below the average level of the adjoining ground, and any mezzanine, balcony or similar story having a floor area of less than fifty per cent (50%) of the area of the story immediately above it shall not be counted as a story in measuring the height of buildings under this Ordinance.

A HALF-STORY is an uppermost story lying under a sloping roof, the usable floor area of which does not exceed seventy-five per cent (75%) of the floor area of the story immediately below it, and not used, or designed, arranged or intended to be used, in whole or part, as an independent housekeeping unit or dwelling.

A FAMILY is a number of persons living together in a room or rooms comprising a single housekeeping unit and related by blood or marriage, and including the domestic employees thereof. Any group of persons not so related, but inhabiting a single house shall, for the purpose of this Ordinance, be considered to constitute one family for each five persons, exclusive of domestic employees, contained in such group.

A DWELLING is any house or building or portion thereof which is occupied wholly as the home, residence or sleeping place of one family whether permanently or transiently. In cases of mixed occupancy where a building is occupied in part as a dwelling the part so occupied shall be deemed a dwelling for the purposes of this Ordinance and shall comply with the provisions thereof relative to dwellings. Garage space whether in an attached or detached garage shall not be deemed a part of a dwelling, nor shall automobile trailers or similar portable dwellings or tents be considered dwellings.

A FARM is all of the unplatted contiguous or neighboring land which is directly farmed by one farmer by his own labor or with the assistance of members of his household or hired employees, provided, however, land to be considered a farm hereunder shall include a continuous, unplatted parcel of not less than twenty (20) acres in extent; provided further, farms may be considered as including establishments operated as greenhouses, nurseries, orchards, chicken farms and hatcheries, apiaries; but establishments keeping, or operating, fur bearing animals, commercial dog kennels, riding and boarding stables, game, fish hatcheries, stock yards, recreational parks, stone quarries, or gravel or sand pits shall not be considered farms hereunder unless combined with bona fide farm operations on the same continuous tract of land.

A PRIVATE GARAGE is a structure for the storage principally of non-commercial motor vehicles, having no public shop or service in connection therewith, and occupying a ground floor area of not to exceed six hundred (600) square feet or a larger area if for the private use solely of the owner or occupant of the principal building on a lot, or of his family or domestic employees.

A COMMUNITY GARAGE is a structure, or series of structures, for the storage of motor vehicles, having no public shop or services in connection therewith, and separated into compartments or sections with separate vehicular entrances, for the use of two or more owners or occupants of property in the vicinity.

A PUBLIC GARAGE is a structure other than a private or a community garage, for the storage care, repair or refinishing of motor vehicles, except that a structure or room used solely for the display and sale of such vehicles, in which they are not operated under their own power, and in connection with which there is no repair, maintenance or refinishing service or storage of vehicles other than those displayed, shall not be considered a garage for the purposes of this Ordinance.

A MOTOR SUPPLY STATION is a building or structure designed or used for the retail sale or supply of fuels, lubricants, air, water and other operating commodities for motor vehicles, and including the customary space and facilities for the installation of such commodities on or in such vehicles but not including facilities for the storage, repair, refinishing or other servicing thereof.

SECTION II - ZONES

For the purpose of this Ordinance the Tecumseh Township is hereby divided into the following zones:

RESIDENCE A ZONES
RESIDENCE B ZONES
RESIDENCE C ZONES
COMMERCIAL A ZONES

The boundaries of said zones, shown upon the map marked and designated Building Zone Map of Tecumseh Township which is attached hereto and make a part of this Ordinance are hereby established; said map and all notations, references and other information shown thereon shall be as much a part of this Ordinance as if the matters and information set forth by said map were all fully set forth and described herein.

SECTION III
GENERAL PROVISIONS

Except as hereinafter provided no building or land or part thereof shall be used, altered, constructed or reconstructed in Tecumseh Township, except in conformity with the provision of this Ordinance which apply to the zone in which it is located. However, any lawful non-conforming use existing at the time of passage of this Ordinance may be continued except as herein prohibited or restricted provided that the building or land involved shall neither be structurally altered or enlarged unless such altered or enlarged part shall conform to the provisions of this Ordinance for the zone in which it is located. No non-conforming use if changed to a use permitted in the zone in which it is located shall be resumed or changed back to a non-conforming use.

Nothing in this Ordinance shall prevent the continued occupancy of any existing dwelling whose area is four hundred (400) square feet or greater at the first floor level, but any dwelling occupied at the time os the passage of this Ordinance and having an area less than four hundred (400) square feet at the first floor level, may at the discretion of the Board of Appeals hereinafter provided, be granted for a period not to exceed one year an unrenewable temporary Certificate of Occupancy.

Nothing in this Ordinance shall prevent the restoration of a building destroyed less than fifty per cent (50%) of its value, exclusive of the foundations, by fire, explosion, act of God, or act of the public enemy, subsequent to the passage of this Ordinance; or shall prevent the continuance of the use of such building or part thereof as such use existed at the time of such impairment of such building or part thereof.

Nothing in this Ordinance shall require any change in the plans, construction or intended use of a building having an area of at least four hundred (400) square feet at the first floor level which has been started prior to the time of passage of this Ordinance and the construction of which shall have been diligently prosecuted. Nothing herein contained shall prevent the strengthening or restoration of any building or wall declared unsafe by the Building Inspector hereinafter provided.

No yard, court or other open space provided about any building for the purpose of complying with the provisions of these regulations shall again be used as a yard, court or other open space for another building existing or intended to exist at the same time.

No dwelling shall be built upon a lot having a width at the front of less than sixty (60) feet and fronting upon a public street, or upon a permanent unobstructed easement of access to a public street, such easement to have a width throughout of not less than thirty (30) feet, and at the end thereof and at intermediate intervals of five hundred (500) feet a turn-around not less in width than forty (40) feet, except on lots of narrower front width that have been platted previous to this Ordinance.

Wherever there is a public alley at the rear of a lot upon which the lot abuts for its full width, measurements of the depth of any abutting rear yard required under this Ordinance may be made to the center-line of such alley.

Commercial A Zone shall not extend to a greater depth than two hundred (200) feet from the streets or highways, which bound the lands in said zone.

No outside toilets or vaults shall be used or constructed, excepting on farms, as defined in this Ordinance.

ESSENTIAL SERVICES

The erection, construction, alteration, or maintenance by public utilities or municipal departments or commissions, of underground or overhead gas, electrical, steam or water distribution or transmission systems, collection, communication, supply or disposal systems, including mains, drains, sewers, pipes, conduits, wires cables, fire alarm boxes, police call boxes, traffic signals, hydrants, towers, poles, and other similar equipment and accessories necessary for the furnishing of adequate service by such public health or safety or general welfare, shall be permitted as authorized and regulated by law and other Ordinances of the Township of Tecumseh in any use district, it being the intention hereof to exempt such erection, construction, alteration, and maintenance from the application of this Ordinance.

THE CUBICLE CONTENT shall be computed on the following basis: The cubic content of the actual space enclosed within the outer surfaces of the outside walls and contained between the outside of roof and bottom of first floor joist or floor slab. Bay, oriels, dormers, chimneys, pent house, are to be taken in full volume. Porches, if built within the residence proper or enclosed porches, built as extension to the house are to be taken at 2-3 volume. The cubage shall not include a private garage either attached or detached, outside steps, terraces, light shafts, cornices, footing, piles, caissons, deep foundations and exterior gardens walls.

Outside stairways, fire-escapes, fire-towers, porches, platforms, balconies and other projections shall be considered as part of the building and not as a part of the yards or courts or unoccupied spaces. This provision shall not apply to unenclosed outside porches not exceeding one story in height which do not extend into the required front or rear yard farther than eight (8) feet, nor to one such unenclosed porch which does not extend into the side yard nearer than five (5) feet to the side lot line nor exceed twelve (12) feet in its other horizontal dimension, or to cornices not exceeding eighteen (18) inches in width. Provided, that the Building Inspector may permit encroachment or extensions into the front or rear yards provided whenever such structures do not extend more than thirty (30) inches from the main wall of the building, do not in the aggregate occupy more than twenty per cent (20%) of the length of such wall, and do not interfere with the light or ventilation of any room used as a dwelling.

SECTION IV
RESIDENCE A ZONE

USES: In a Residence A Zone no building or land, except as otherwise provided in this Ordinance, shall be erected or used except for one or more of the following specified purposes:

(1) Dwelling.
(2) Farms.
(3) Churches, public schools, public libraries, museums, private schools and educational institutions.
(4) Public hospitals (but not including institutions for the care of the feeble minded or insane), when permitted by the Board of Appeals.
(5) Community buildings, country clubs, fraternal lodges, or similar civic or social clubs when permitted by the Board of Appeals.
(6) The use of open land or waters for privately owned and operated parks, picnic groves, golf courses, or similar facilities for outdoor exercise and recreation (not including boat liveries and public bathing beaches), which may not be operated for profit, and provided such use does not impair the natural appearance of such land or tend to produce noise or annoyance to surrounding properties only when permitted by the Board of Appeals.
(7) Community garages when permitted by the Board of Appeals.
(8) Accessory uses customarily incident to any of the above permitted uses including not more than one private garage in which there is housed therein not more than one commercial vehicle of not to exceed one and onehalf (1½) tons capacity for each lot, and including signs pertaining to the sale, lease or use of a lot or building placed thereon, and not exceeding eight (8) square feet in area on any one lot, except by authorization of the Board of Appeals. Dwellings for the use of domestic employees of the owners, lessee s or occupants of the principal dwelling on a lot shall be considered accessory buildings; but if containing a complete housekeeping unit or units shall conform to all the height and yard requirements for dwellings in the zone in which they are located; but automobile trailers or similar portable dwellings, or tents used for dwelling purposes shall not be considered as a legal accessory use hereunder.

AREA OF BUILDING: No dwelling shall be erected or altered in this zone which provides less than nine hundred and sixty (960) square feet of floor area per family at the first floor level, exclusive of any garage area or area in any necessary building.

SIZE OF BUILDING: No dwelling shall be erected or altered in this zone which provides less than eleven thousand five hundred and twenty (11,520) cubic feet of content.

FRONT YARDS: In a Residence A Zone, unless otherwise permitted by the Board of Appeals, there shall be on every lot, a front yard the minimum depth of which shall be thirty five (35) feet. Where a front yard of greater or less depth than the above specified exists in front of a dwelling or dwellings in existence at the time of passage of this Ordinance, on one side of a street in any block, the depth of the front yard of any building subsequently erected on that side of the street in that block shall not be less and need not be greater than the average depth of the front yard of such existing dwellings, but this shall not be deemed to require in Residential A Zone, a front yard of greater depth than sixty (60) feet or permit a less depth than thirty five (35) feet in any case.

SIDE YARDS: In a Residence A Zone, there shall be on each side of every lot a side yard, the minimum width of any side yard shall be ten (10) feet except on previously platted lots of less than sixty (60) feet width, then the minimum side yards shall be seven and one-half (7½) feet.

On a lot occupied by a church or other building in which persons congregate, or which is designed, arranged, remodeled, or normally used for the congregation of persons in excess of twenty-five (25) the width of each side yard shall not be less than fifty (50) feet.

The width of a side yard abutting upon a street shall be not less than the minimum front yard depth required on an adjoining interior lot fronting upon such side street, but this shall not reduce the building width of any lot of record at the time of passage of this Ordinance to less than thirty (30) feet at the ground story level.

REAR YARDS: In a Residence A Zone, there shall be on every lot a rear yard, the minimum depth of which shall be twenty (20) feet for a one-story building, twenty five (25) feet for a two-story building. On a lot occupied by a church or other building in which persons congregate of which is designed, arranged, remodeled or normally used for the congregation of persons in numbers in excess of twenty-five (25) the depth of the rear yard shall be not less than fifty (50) feet.

The depth of a rear yard abutting upon a street shall not be less than the depth of front yard required for a building of the same size and kind on an adjoining interior lot fronting on such rear street.

HEIGHT: In a Residence A Zone, no building shall exceed two and one-half (2½) stories or shall exceed thirty five (35) feet in height.

AREA OF LOT: In a Residence A Zone, no dwelling shall be erected or used on any lot having an area of less than eight thousand (8000) square feet for each family housed thereon; except that this shall not prevent the use for one family of any lot existing and of record at the time of passage of this Ordinance and having an area of less than eight thousand (8000) square feet, but not less than six thousand (6000) square feet.

BUILDINGS ON SAME LOT: Accessory buildings and portions thereof not exceeding one story or fifteen (15) feet in height may occupy not more than ten per cent (10%) of the lot area, not exceeding two stories or twenty-five (25) feet in height may occupy not more than eight per cent (8%) of the lot area, but no portion thereof shall approach nearer to a side or rear lot line than five feet unless the exterior surface of all such portion within five (5) feet of the lot line be incombustible material and entirely without windows or other openings. Where a rear yard abuts for its full width upon a street, accessory buildings shall not occupy any of the minimum required rear yard space. On a corner lot accessory buildings shall not occupy any of the minimum required side yard space abutting upon a street nor any of that portion of the rear yard lying nearer to the street than the width of side yard required on such lot and abutting upon such street. On a lot occupied by a building or portion of a building on a lot is used as a dwelling, there shall be left between it and all other buildings on such lot, a space of the size prescribed in the Housing Laws of Michigan.

SECTION V
RESIDENCE B ZONES

USES: In a Residence B Zone no building or land, except as otherwise provided in this Ordinance, shall be erected or used except for one or more of the following specified purposes:

(1) Dwellings.
(2) Farms.
(3) Churches, public schools, public libraries, museums, private schools and educational institutions.
(4) Public hospitals (but not including institution for the care of the feeble minded or insane), when permitted by the Board of Appeals.
(5) Community buildings, country clubs, fraternal lodges, or similar civic or social clubs when permitted by the Board of Appeals.
(6) The use of open land or waters for privately owned and operated parks, picnic groves, golf courses, or similar facility for outdoor exercise and recreation (not including boat liveries and public bathing beaches) which may not be operated for profit provided such use does not impair the natural appearance of such land or tend to produce noise or annoyance to surrounding properites only when permitted by the Board of Appeals.
(7) Community garages when permitted by the Board of Appeals.
(8) Accessory uses customarily incident to any of the above permitted uses including not more than one private garage in which there is housed therein not more than one commercial vehicle of not to exceed one and one-half (1½) tons capacity for each lot, and including signs pertaining to the sale, lease or use of a lot or building placed thereon, and not exceeding eight (8) square feet in area on anyone lot, except by authorization of the Board of Appeals. Dwellings for the use of domestic employees of the owners, lessees or occupants of the principal dwelling on a lot shall be considered accessory buildings; but if containing a complete housekeeping unit or units, shall conform to all the height and yard, requirements for dwellings in the zone in which they are located; but automobile trailers or similar portable dwellings, or tents used for dwelling purposes shall not be considered as a legal accessory use hereunder.

AREA OF BUILDING: No dwelling shall be erected or altered in this zone which provides less than seven hundred sixty (768) square feet of floor area per family at the first floor level, exclusively of any garage area or area in any accessory building.

SIZE OF BUILDING: No dwelling shall be erected or altered in this zone which provides less than nine thousand two hundred sixteen (9216) cubic feet of content.

FRONT YARDS: In a Residence B Zone, unless otherwise permitted by the Board of Appeals, there shall be on every lot, a front yard the minimum depth of which shall be forty (40) feet. Where a front yard of greater or less depth than the above specified exists in front of a dwelling or dwellings in existence at the time of passage of this Ordinance, on one side of a street in any block, the depth of the front yard of any building subsequently erected on that side of the street in that block shall not be less and need not be greater than the average depth of the front yard of such existing dwellings, but this shall not be deemed to require in Residence B Zone, a front yard of greater depth than fifty (50) feet or permit a less depth than twenty five (25) feet in any case.

SIDE YARDS: In a Residence B Zone, there shall be on each side of every lot a side yard, the minimum width of any side yard shall be ten (10) feet, except on previously platted lots the side yard shall not be less than five (5) feet in width.

On a lot occupied by a church or other building in which persons congregate, or which is designed, arranged, remodeled, or normally used for the congregation of persons in excess of twenty five (25) the width of each side yard shall not be less than fifty (50) feet.

The width of a side yard abutting upon a street shall be not less than the minimum front yard depth required in an adjoining interior lot fronting upon such side street, but this shall not reduce the buildable width of any lot of record at the time of passage of this Ordinance to less than thirty (30) feet at the ground story level.

REAR YARDS: In a Residence B Zone, there shall be on every lot a rear yard, the minimum depth of which shall be twenty (20) feet for a one-story building, twenty five (25) feet for a two-story building. On a lot occupied by a church or other building in which persons congregate or which is designed, arranged, remodeled or normally used for the congregation of persons in numbers in excess of twenty five (25) the depth of the rear yard shall be not less than fifty (50) feet.

The depth of a rear yard abutting upon a street shall not be less than the depth of front yard required for a building of the same size and kind on an adjoining interior lot fronting on such rear street.

HEIGHT: In a Residence B Zone, no building shall exceed two and one-half (2½) stories or shall exceed thirty-five (35) feet in height.

AREA OF LOT: In a Residence B Zone, no dwelling shall be erected or used on any lot having an area of less than eight thousand (8000) square feet for each family housed thereon; except that this shall not prevent the use for one family of any lot existing and of record at the time of passage of this Ordinance and having an area of less than eight thousand (8000) square feet, but not less than six thousand (6000) square feet.

BUILDINGS ON THE SAME LOT: Accessory buildings and portions thereof not exceeding one story or fifteen (15) feet in height may occupy not more than ten per cent (10%) of the lot area, not exceeding two stories or twenty five (25) feet in height may occupy not more than eight per cent (8%) of the lot area, but no portion thereof shall approach nearer to a side or rear lot line than five feet unless the exterior surface of all such portion within five (5) feet of the lot line be incombustible material and entirely without windows or other openings. Where a rear yard abuts for its full width upon a street, accessory buildings shall not occupy any of the minimum required rear yard space. On a corner lot accessory buildings shall not occupy any of the minimum required side yard space abutting upon a street nor any of that portion of the rear yard lying nearer to the street than the width of side yard required on such lot and abutting upon such street. On a lot occupied by a building or portion of a building on a lot is used as a dwelling, there shall be left between it and all other buildings on such lot, a space of the size prescribed in the Housing Laws of Michigan.

SECTION VI
RESIDENCE C ZONES

USES: In a Residence C Zone no building or land, except as otherwise provided in this Ordinance, shall be erected or used except for one or more of the following specified purposes:

(1) Dwellings.
(2) Farms.
(3) Churches, public schools, public libraries, museums, private schools and educational institutions.
(4) Public hospitals (but not the care of the feeble minded or insane), when permitted by the Board of Appeals.
(5) Community buildings, country clubs, fraternal lodges, or similar civic or social clubs, (but not a residential club or one operated as a commercial enterprise), when permitted by the Board of Appeals.
(6) The use of open land or waters for privately owned and operated parks, picnic groves, golf courses, or similar facility for outdoor exercise and recreation (not including boat liveries and public bathing beaches) which may not be operated for profit provided such use does not impair the natural appearance of such land or tend to produce noise or annoyance to surrounding properties only when permitted by the Board of Appeals.
(7) Community garages when permitted by the Board of Appeals.
(8) Accessory uses customarily incident to any of the above permitted uses including not more than one private garage in which there is housed therein not more than one commercial vehicle of not to exceed one and one-half (1½) tons capacity for each lot, and including signs pertaining to the sale, lease or use of a lot or building placed thereon, and not exceeding eight (8) square feet in area on anyone lot, except by authorization of the Board of Appeals. Dwellings for the use of domestic employees of the owners, lessees or oc-

cupants of the principal dwelling on a lot shall be considered accessory buildings; but if containing a complete housekeeping unit or units, shall conform to all the height and yard requirements for dwellings in the zone in which they are located; but automobile trailers or similar portable dwellings, or tents used for dwelling purposes shall not be considered as a legal accessory use hereunder.

AREA OF BUILDING: No dwelling shall be erected or altered in this zone which provides less than five hundred seventy six (576) square feet of floor area per family at the first floor level, exclusive of any garage area or area in any accessory building.

SIZE OF BUILDING: No dwelling shall be erected or altered in this zone which provides less than six thousand nine hundred twelve (6912) cubic feet of content.

FRONT YARDS: In a Residence C Zone, unless otherwise permitted by the Board of Appeals, there shall be on every lot, a front yard the minimum depth of which shall be thirty-five (35) feet. Where a front yard of greater or less depth than the above specified exists in front of a dwelling or dwellings in existence at the time of passage of this Ordinance, on one side of a street in any block, the depth of the front yard of any building subsequently erected on that side of the street in that block shall not be less and need not be greater than the average depth of the front yard of such existing dwellings, but this shall not be deemed to require in Residence C Zone, a front yard of greater depth than forty (40) feet or permit a less depth than twenty (20) feet in any case.

SIDE YARDS: In a Residence C Zone, there shall be on each side of every lot a side yard, the minimum width of any side yard shall be seven and one-half (7½) feet, except on previous platted lots of less than forty five (45) feet width, then the minimum side yard will be five (5) feet.

On a lot occupied by a church or other building in which persons congregate, or which is designed, arranged, remodeled, or normally used for the congregation of persons in excess of twenty five (25) the width of each side yard shall not be less than fifty (50) feet.

The width of a side yard abutting upon a street shall be not less than the minimum front yard depth required on an adjoining interior lot fronting upon such side street, but this shall not reduce the buildable width of any lot of record at the time of passage of this Ordinance to less than thirty (30) feet at the ground story level.

REAR YARDS: In a Residence C Zone, there shall be on every lot a rear yard, the minimum depth of which shall be twenty (20) feet. On a lot occupied by a church or other building in which persons congregate or which is designed, arranged, remodeled or normally used for the congregation of persons in numbers in excess of twenty five (25) the depth of the rear yard shall be not less than fifty (50) feet.

The depth of a rear yard abutting upon a street shall not be less than the depth of front yard required for a building of the same size and kind on an adjoining interior lot fronting on such rear street.

HEIGHT: In a Residence C Zone, no building shall exceed two and one-half (2½) stories or shall exceed thirty five (35) feet in height.

AREA OF LOT: In a Residence C Zone, no dwelling shall be erected or used on any lot having an area of less than six thousand six hundred (6600) square feet for each family housed thereon; except that this shall not prevent the use for one family of any lot existing and of record at the time of passage of this Ordinance and having an area of not less than six thousand (5000) square feet, but not less than four thousand (4000) square feet.

BUILDINGS ON THE SAME LOT: Accessory buildings and portions thereof not exceeding one story or fifteen (15) feet in height may occupy not more than ten per cent (10%) of the lot area, not exceeding two stories or twenty five (25) feet in height may occupy not more than eight per cent (8%) of the lot area, but no portion thereof shall approach nearer to a side or rear lot line than five (5) feet unless the exterior surface of all such portion within five (5) feet of the lot line be incombustible material and entirely without windows or other openings. Where a rear yard abuts for its full width upon a street, accessory buildings shall not occupy any of the minimum required rear yard space. On a corner lot accessory buildings shall not occupy any of the minimum required side yard space abutting upon a street nor any of that portion of the rear yard lying nearer to the street than the width of the side yard required on such lot and abutting on such street. Where any building or portion of a building on a lot if used as a dwelling, there shall be left between it and all other buildings on such lot, a space of the size prescribed in the Housing Law of Michigan.

SECTION VII
COMMERCIAL A ZONE

USES: In a Commercial A Zone, no buildings or land, except as otherwise provided in this Ordinance, shall be erected or used except for one or more of the following specified purposes:

(1) Any use permitted in a surrounding or adjoining Residence Zone.
(2) Public buildings and properties.
(3) Schools and hospitals (but not institutions for the care of the feeble minded or insane).
(4) Parish houses, community buildings and clubs.
(5) The executive, or administrative offices or departments of professional, Philanthropic and commercial activities, theaters and other places of amusement and recreation conducted primarily for the residents of the locality; mercantile establishments for the sale of goods at retail; and the repair, conversion, alteration, finishing, assembling, fabrication, or storage of goods primarily for the residents of the locality or for sale at retail on the premises, provided there is not in connection therewith the operation of any machinery of the conduct of any process or activity or the storage or display of goods in such manner as to be noxious or offensive by reason of the emission of odor, fumes, dust, smoke, waste, vibration or activity involving the use of machinery in excess of five horsepower or employing more than five mechanics or workers on the repair, conversion, alteration, finishing, assembling or fabrication of goods shall be begun or enlarged except with the approval of the Board of Appeals.
(6) A motor supply station when so arranged and maintained as not to adversely affect the normal development or use of neighboring property in same Zone or adjoining Residence A Zone, Residence B Zone, Residence C Zone, when permitted by the Board of Appeals.

FRONT YARD: In a Commercial A Zone there shall be on every lot a front yard, the minimum depth of which shall be twenty five (25) feet. Where front yards of four (4) or more buildings in existence at the time of passage of this Ordinance, on one side of a street in any block, the depth of the front yard of any building subsequently erected on that side of the street in that block shall not be less and need not be greater than the average depth of the front yards of such existing buildings.

SIDE YARD: In a Commercial A Zone a corner lot shall have an exterior side yard of at least twenty (20) feet unless otherwise permitted by Board of Appeals. Side yards are not required along interior side lot lines if all walls abutting or facing such lot are of fire proof construction and wholly without windows or other openings. If walls facing such side lot lines contain windows or other openings, side yards of not less than ten (10) feet shall be provided. Under no condition shall the exterior walls of a commercial building be built with other than fireproof construction.

COURTS: In a Commercial A Zone, if side yards are not provided there shall be an outer court along the interior side lot line on each side of each lot on which a dwelling is erected, such court to begin not higher than two feet above the floor level of the lowest story used for dwelling purposes, and to have a width measured to the side lot line (or if not adjoining the side lot line, to the centerline of the courts), of not less than five (5) feet for a one story dwelling and eight (8) feet for a two story dwelling.

Such courts, if opening on a rear yard, shall extend to within thirty (30) feet of the front wall of the dwelling or to within thirty (30) feet of another court opening on the front yard or front lot line; and if opening on a front yard or front lot line, shall extend to within thirty (30) feet of the rear wall of the dwelling or to within thirty (30) feet of another outer court opening on the rear yard. On a lot thirty (30) feet or less in width, or where a court, as measured above, has a width of more than fifty located in a zone restricted one-third of the width of the lot, the court on one side of such lot may be omitted, provided all walls erected along the side lot line are wholly without windows or other openings, but in no case shall the width of lot between two courts, or between a court and a side yard, or side street lot line be more than fifty (50) feet.

Variation from the above requirements relative to the arrangement and position of outer courts for dwellings, in cases where such variation does not alter total area of yards and courts provided about any dwellings, nor impair the light or ventilation of any room, may be permitted by the Board of Appeals.

Inner courts in dwellings shall comply with the provisions of the Housing Law of Michigan.

REAR YARDS: In a Commercial A Zone there shall be on each lot a rear yard the depth of which shall be not less than fifteen (15) feet. Such yard shall at all times be kept free from obstructions for the ingress and egress of fire fighting equipment. Where the rear of a lot abuts upon a street the depth of rear yard shall be the same as that required for a front yard of a building on an adjoining lot fronting on such rear street.

HEIGHT: In a Commercial A Zone no dwelling or portion of building used as a dwelling shall exceed a height of two (2) stories or of thirty (30) feet. Buildings or portions of buildings not used for dwelling purposes shall not exceed a height of two and one-half (2½) stories or of forty (40) feet, except that towers, steeples, and similar structures may be erected to a greater height when permitted by the Board of Appeals.

AREA: In a Commercial A Zone no dwelling shall be erected or used on any lot having an area of less than four thousand (4000) square feet for each family housed thereon.

AREA OF BUILDING: No building shall be erected or altered in this Zone which provides less than six hundred (600) square feet at first floor level exclusive of any garage area or area in any accessory building. Excepting a motor supply station may be built with an area of not less than four hundred (400) square feet.

BUILDINGS ON THE SAME LOT: Where any building on a lot is used in whole or part as a dwelling, accessory buildings erected thereon shall conform to the provisions of the Housing Law of Michigan for buildings erected the same lot with dwellings. In any other case, accessory buildings may be erected in addition to the principal building on a lot in such manner as to occupy in the aggregate the total space permitted for a single building on such lot.

BOOTHS: Booths for the sale of farm produce shall not be considered commercial structures when located on their owners' property and used for the sale of their owners' produce. These booths must, however, comply with the regulations for front yards provided for structures in commercial zones.

SANITATION: No principal commercial structure on any lot may be occupied unless equipped with running water and sanitary toilet facilities.

SECTION VIII
BOARD OF APPEALS

The Township Board, shall, in accordance with Act No. 184 of the Public Acts of Michigan for 1943, appoint a Board of Appeals on Zoning, consisting of three members. The first (1st) member of such Board of Appeals shall be the chairman of the Township Zoning Board, the second (2nd) member shall be a member of the Township Board appointed by the Township Board; the third (3rd) member shall be selected and appointed by the first two members from among the electors residing in the unincorporated area of the township; provided, that no elected officer of the township nor any employee of the township board may serve simultaneously as the third member of or as an employe of the township board of appeals. The total amount allowed such board of appeals in any one year as per diem or as expenses actually incurred in the discharge of their duties shall not exceed a reasonable sum which sum shall be provided annually in advance by the township board. Members of the board of appeals shall be removable by the township board for non-performance of duty or misconduct in office upon written charges and after public hearing. Said Board of Appeals in addition to the general duties and powers conferred upon it by said Public Act No. 184 of the Public Acts of Michigan for 1943, may, in specific cases and subject to appropriate conditions and safeguards, interpret and determine the application of the regulations herein established in harmony with their general purpose and intent as follows:

Permit the erection of additional buildings or the enlargement of existing buildings or uses on the same parcel of land or one contiguous thereto or directly across an alley therefrom, each in the same single ownership of record at the time of passage of this Ordinance, for a business or activity restricted in a zone against such use, where the enlargement or expansion of such business or activity will not be detrimental to or tend to alter the character of the neighborhood or the district.

Where the boundary line of a zone divides a lot in a single ownership at the time of passage of this Ordinance, permit the extension of a use permitted in the less restricted portion of such lot to the entire lot but not for a distance of more than fifty (50) feet beyond the zone boundary line.

The Board of Appeals shall have the power to permit the erection and use of a building, or an addition to an existing building, of a public service corporation or for public utility purposes, in any district to a greater height or of larger area than the district requirements herein established, and permit the location in any use district of a public utility building, structure, or use, if the Board shall find such use, height, area, building or structure reasonable necessary for the public convenience and service, provided such building, structure, or use is designed, erected and landscaped to conform harmoniously with the general architecture and plan of such district.

Permit in a Residence A Zone, Residence B Zone, and Residence C Zone a temporary building or use incidental to the residential development, including real estate sign boards, located on the premises to which they apply, such permit to be granted for an initial period of not more than two years, and in the case of a building only upon application accompanied by a bond and bill of sale to the Township; effective in case the building is not removed prior to the expiration of the permit. Permits may be renewed by the Board of Appeals for successive periods of not more than one (1) year each.

Permit in all Zones the erection of bulletins, memorial markers or other signs not used for commercial advertising, in excess of eight (8) square feet in surface area, under such temporary permit or permanent conditions as will prevent them from becoming dilapidated or unsightly or a menace to the public health, safety and general welfare.

Permit the structures or uses requiring the approval of the Board of Appeals under previous sections of this Ordinance.

Permit exceptions to the height for buildings or portions of buildings not used for dwelling purposes and which do not in the aggregate occupy more than ten per cent (10%) of the area of the lot.

Permit variations in the requirements for outer courts in dwellings.

SECTION IX
BUILDING PERMITS AND CERTIFICATE OF OCCUPANCY

It shall be unlawful to build, use, or permit the building or use of any structure or land or part thereof hereafter created or erected, except barns and accessory farm buildings. This exception does not exempt new farm dwellings nor the conversion of accessory farm buildings for residential use from compliance with this Ordinance, or to alter or to change or to enlarge the use of any building or part thereof, except existing farm dwellings, barns, and accessory farm buildings until a Building Permit in accordance with the provisions of this Ordinance, properly endorsed as to occupancy in a manner herein provided shall have been issued by the Building Inspector hereinafter authorized and that a charge to be set by the Township Board be made for the issuance of such permits. An application for a Building Permit shall be made to the Building Inspector not less than ten days prior to the time when a new or altered use of a structure or land or part thereof is intended to begin. Such application shall be accompanied by a plat or plans in duplicate, drawn to scale, showing the exact dimensions of the land and structures to which the permit is to apply, the lines of all lots or parcels under separate ownership contained therein, the width of and alignment of all abutting streets, alleys, easements of access and public open spaces, the area, size position and height of all buildings or structures erected or to be erected or altered thereon, plans in duplicate drawn to scale, of the proposed structure or alteration and such other information as may be deemed necessary for the proper enforcement of this Ordinance. Accessory buildings, when erected at the same time as the principal building on a lot and shown on the application therefor shall not require a separate Building Permit. A record of all such applications shall be kept on file by the Building Inspector. Wherever the buildings, land, and uses thereof as set forth on the application are in conformity with the provisions of this Ordinance it shall be the duty of the Building Inspector to issue within ten (10) days after the receipt of such application a Building Permit, and when such Permit is refused, to state such refusal in writing with cause.

The Building Inspector shall be notified by owner when foundations are completed and the Inspector shall inspect same within three days after notification, and if it is found to be in conformity with the provisions of this Ordinance, shall endorse such fact on the Building Permit, also within five (5) days after notification that the building or premises or part thereof is ready for occupancy the Building Inspector shall make final inspection thereof and, if it is found to be in conformity with the provisions of this Ordinance, shall endorse such fact on the Building Permit in a statement properly signed and dated and such statement shall have the force of a Certificate of Occupancy.

The Building Inspector may issue a Temporary Certificate of Occupancy for a part of a building prior to the completion of the entire building, but such temporary Certificate shall not remain in force for a period in excess of one (1) year nor more than five (5) days after the completion of the building ready for occupancy.

SECTION X - ENFORCEMENT

The Provisions of this Ordinance shall be administered by the Building Inspector, who shall be appointed by the Township Board for such terms and subject to such condition and at such rate of compensation as said Board shall determine; and the duty of enforcement hereof shall rest with such administrative official or officials as shall be authorized therewith by law.

SECTION XI - PENALTIES

Any firm, corporation or person who violates any of the provisions of this Ordinance shall be fined not less than twenty five ($25.00) nor more than one hundred ($100.00) dollars for each offense or shall be punished by imprisonment in the county jail for a period of not to exceed ninety (90) days for each offense, or may be both fined and imprisoned, as provided herein. Any building which is erected, altered or converted or any use of land which is begun or changed subsequent to the time of passage of this Ordinance and in violation of any of the provisions thereof is hereby declared a nuisance per se. The Building Inspector, the Legislative Body of the Township, the Board of Appeals or any court having jurisdiction shall order such nuisance abated and the owner or agent in charge of such building or land shall be adjudged guilty of maintaining a nuisance per se. Each day that a violation is permitted to exist shall constitute a separate offense. The rights and remedies provided herein are cumulative and in addition to all other remedies provided by law.

SECTION XII - AMENDMENTS

Amendments or supplements to the Zoning Ordinance may be made from time to time in the manner provided by Act No. 184 of the Public Acts of Michigan for 1943.

SECTION XIII
INTERPRETATION; PURPOSE

In interpreting and applying the provisions of this Ordinance, they shall be held to be the minimum requirements adopted for the promotion of the public health, safety, comfort, convenience, prosperity and general welfare. It is not intended by this Ordinance to repeal, abrogate, annul or impair any existing and unrepealed provision of ing and unrepealed provision of law or Ordinance or any rules, regulations or permits previously adopted or issued pursuant to law relating to the use of buildings or land; provided, however, that where this Ordinance imposes a greater restriction upon the use of buildings or structures or land or upon the height, area or size of buildings or requires larger yards, courts or other open spaces than are imposed or required by such existing provision of law or Ordinance or by such rules, regulations or permits, the provisions of this Ordinance shall control. All Ordinances or parts of Ordinances inconsistent herewith are hereby repealed.

SECTION XIV - VALIDITY

Should any section, clause or provision of this Ordinance be declared by a court of competent jurisdiction to be invalid, the same shall not affect the validity of the Ordinance as a whole or any part thereof other than the part so declared to be invalid.

SECTION XV
EFFECTIVE DATE

This Ordinance is ordered to take immediate effect.

Approved by the Board of Tecumseh Township.

Printed by the authority of Township Board of the Township of Tecumseh, County of Lenawee, State of Michigan.

Passed by the Township Board the 3rd day of April, 1944, and given immediate effect.

Higher School Tax To Voters

SPECIAL ELECTION ON JUNE 14 TO DECIDE ISSUE TO RAISE $60,000 IN 5 YEARS

Qualified electors residing in the Tecumseh public school district will be given an opportunity to express their desires regarding the creating of a sinking fund of approximately $60,000 to be used at some future date for the construction of a new school building, at a special election which will be held in the high school building on June 14. This election is the culmination of an extended study, during the past year, of school plant needs in the community by the local board of education and is, more directly, the result of a resolution adopted by the board at the last regular meeting that the proposition of levying a tax to create a sinking fund be placed before the voters in June.

Due to the 15 mill tax limitation which applies to the school district at the present time, it will be necessary for the electors to give their approval on two issues if a sinking fund is to be created. The first issue, which must receive a majority vote, is, whether or not the school district shall levy 5 mills for a period of five years, the years 1944 to 1948 both inclusive, to create a sinking fund for the purchase of real estate for sites for and the construction or repair of school buildings. The second issue, which must be passed by a two-thirds vote, is, whether or not the limitation on the total amount of taxes which may be assessed against property in the district shall be increased for the year 1944 to 2.2 per cent of the assessed valuation; for the years 1945 to 1946, both inclusive to 2.1 per cent, of the assess devaluation; and for the years 1947 to 1948, both inclusive, to 2 per cent of the assessed valuation of all property in the district. Variations in the percentages indicated for the various periods are the result of expirations of previous increases beyond the 15 mill limitation approved by the electors for debt service on the recreation center and for public library purposes.

Necessary qualifications of persons voting on the issues which are to be presented can be summarized briefly, as follows:

1. A person voting on the sinking fund tax levy must be: (a) a citizen of the United States; (b) 21 years of age (either male or female); (c) a resident of the school district for 3 months; (d) the owner of property which is assessed for school taxes in the district. (Note. Where husband and wife own property jointly and the property so held is assessed for school taxes in the school district, both husband and wife are qualified to vote at school elections provided they meet the qualifications mentioned above). 2. A person voting on increasing the 15 mill limitation rate must be: (a) A citizen of the United States; (b) 21 years of age; (c) A resident of the state for 6 months and of the school district for 20 days prior to the date of the election.

Approval of the propositions by the electors will be the first step toward the realization of providing modern and adequate plant facilities for all of the children of the community. The assurance of funds for building purposes will make it possible for the board of education to consider, more fully, the type of building program which may be advisable and to place this question before the voters at an early date so that the district may qualify for such state and federal aid as may be available for planning and building purposes both now and after the war.

100,000 LB. SHIPMENT FLOUR TO U. S. ARMY

One thousand sacks of enriched flour, ground from hard spring wheat, and milled for the U. S. Army left the plant of the Hayden Flour Mills this week. Each sack is 100 pounds making the total weight of this one carload 100,000 pounds. This is one of the largest shipments of flour from Tecumseh.

Perry C. Satterthwaite, who was manager of the firm during the days of the Near East Relief, said that a few cars of approximately the same weight were shipped at that time, about 1923.

A grain storage tank built of tile, and the second to be built within the past year, was just completed this week. This gives the Tecumseh firm another 25,000 bushels of grain storage.

To Spend $7,666 On Streets Here

CONTRACT AWARDED FOR RESURFACING AND WORK ALREADY IS IN PROGRESS

The village council, in regular session Monday evening, awarded a contract to the White and Ayling Co., of East Tawas, for the resurfacing of the streets in Tecumseh, at a cost of $7,666.25. The company was the lowest of three bidders.

Wade L. Jones, clerk, said today that the program called for the resurfacing of more than 50 blocks of streets during the next few weeks. Ordinarily, he said, the work is done by the local department but this year, due to the of labor, it was deemed advisable to use an outside contractor. The company also was given a contract for furnishing 2000 gallons of oil for the street department's stock, at a cost of $210. Work already has started on the project, and will continue for several weeks.

The council confirmed the appointment of F. K. Smith as a member of the hospil board for a five year term, succeeding Lillard Brown. Florence Howe and C. Rome Dustin were named to the board of review.

Robert Fuller, public accountant, submitted his annual audit of village books to the council and it was approved.

The bond of the village treasurer was increased to $20,000 and the treasurer of the cemetery board to $10,000. Current bills were audited and ordered paid and reports of committees were placed on file.

5th Loan Drive Begins Monday

BERKHOF ASKS THAT COMMUNITY "RESPOND NOBLY" TO BACK INVASION IN EUROPE

The Treasury's Distinguished Service Flag, awarded to Lenawee county for outstanding purchases in the Fourth War Loan, was on display at the United Savings Bank here Wednesday. The flag was taken to Tecumseh Products plant yesterday afternoon, and was at the Strand Theatre last evening. Today, the flag goes to Clinton for display. Lenawee was the first county in the nation to receive the honor.

Back the invasion by buying an extra War Bond in the Fifth Loan.

That was the slogan suggested by W. L. Berkhof, chairman of the Tecumseh War Finance Committee today, as he prepared to set local machinery in motion for the Fifth War Loan drive, which will be officially launched, nationwide, on Monday. Tecumseh's quota is $376,000, approximately $20,000 more than in the Fourth Loan.

"The invasion is on in Europe, and I am confident that Tecumseh will back its boys with every available dollar," Mr. Berkhof said. "I know how the community responded in previous drives. Tecumseh has always exceeded its quota—and I know that we will go far over the top this time."

Mr. Berkhof pointed out that he is depending upon local industry almost entirely for the $86,000 "E" bond quota locally. "Of course," he said, "many people not employed in local industry will buy "E" bonds, but we should be able to reach the goal in this bracket through payroll deductions. Personally," he continued, "I'd ike to see our sale of "E" bonds here go well over the $100,000 mark."

John R. Thompson, co-chairman of the campaign and cashier of the United Savings Bank, said that bond buying here thus far in June has been at about a normal pace. "The public has not yet started to show the Fifth Loan spurt, but we expect that it will be very noticeable by Saturday, and that it will be well under way the first of the week."

Mr. Thompson pointed out that all bonds purchased since the first of June count toward Tecumseh's Fifth Loan quota.

Lenawee's quota in the coming campaign is $3,538,000, of which amount more than $2,000,000 is Adrian's quota. Nationally the drive is for 16 billion dollars and Michigan's quota is $526,000,000. 86 millions more than in the Fourth Loan.

Tecumseh's quota is divided as follows: in "E" bonds $86,000 and in other bonds, $290,000. Quotas in other communities in this area are:

Britton, $11,200; Clinton, $113,000; Blissfield, $248,000; Macon, $6,000; Onsted, $28,800; Ridgeway, $4,200.

IS THAT YOUR BOOK?

Miss Edith L. Ingersoll, librarian, is planning a period of "homecoming" for library books sometime before her resignation becomes a fact. During this period fines will be remitted on all books that are over-due. She asks that home library shelves be examined for books belonging to the public library and long overlooked. This method of redeeming books has been tried by libraries in other towns with good results. The date of this "home-coming" will be announced later, but it will be sometime before July 1.

ACADEMY GRADUATE

"D" Day Church Services Held

ESTIMATED 2,000 PARTICIPATE IN COMMUNITY PRAYER MEETING HERE ON TUESDAY

In what is believed to have been the largest attendance at a community church service in the history of Tecumseh, an estimated 2,000 persons participated in an Invasion Day service of prayer in this village, Tuesday. Work was halted in local industries, stores and shops closed their doors, and between the hours of three and four o'clock, Invasion Day, this village prayed for the safety of American and Allied troops in combat and a speedy and just peace.

"The observance of 'D' day in Tecumseh was marked by an amazing demonstration of faith in God and Christian patriotism," the Rev. Edward Escolme of the Friends church, dean of local pastors, said. "For the first time in this generation, perhaps for the first time in the history of Tecumseh, five churches were filled to capacity at the same hour. Few who witnessed the sight will ever forget the procession of hundreds of men and women clad in their working clothes, quietly walking to the churches in which services were being held. It was a sight to inspire every man and woman in our armed forces."

Plans for the prayer service were made by a committee headed by Ray W. Herrick of the Products Company, and union services of the Friends, Episcopal, Baptist, Methodist and Presbyterian churches were held in the Presbyterian. All were filled to capacity, and there was little standing room. Methodist and Baptist churches. Simultaneously, similar services were held in St. Elizabeth's Catholic church and in Grace Ev. Lutheran church. These churches, too, were crowded.

By previous arrangement, bells were rung and whistles sounded at 2:45 p.m. and factories closed and the men from the several plants marched to the churches. It was an inspiring sight. Stores were closed and the downtown district, 10 minutes before the services started, was crowded as folk pushed their way to the places of worship.

The Rev. B. O. Bashore had charge of the service at the Baptist church, the Rev. Norman Mac Naughton at the Methodist church, and the Rev. Edward Escolme and John Scarlett at the Presbyterian church. The Rev. James C. Murdoch Presbyterian pastor, was absent from the city. At St. Elizabeth's church, the Rev. John Rose had the service, and the Rev. J. de Riuter at the Lutheran.

"Many had hoped that invasion day might be avoided, we had hoped that Germany might collapse without invasion," the Rev. Mr. Escolme said. "But invasion now becomes a judgment of God upon tyranny and oppression. It becomes an expression of God's mercy as invasion results in the liberation of oppressed peoples and in the re-establishment of the orderly purposes of government. We pray for those near and dear to us that God will be with them in life and in death, and that the grace of our Lord and Saviour Jesus Christ may be with them. May Go help us that we shall not think so much of the things that peace will bring, but that we may be concerned about the things that will bring and maintain glory to God in the highest, and on earth peace among men of good will."

St. Peter's church also held an invasion night service on Tuesday evening, as did the Friends church. Both services were large attended.

In keeping with the Governor's proclamation of "D" day, whistles blew and bells rung at 10 a. m., and there was a 90-second pause for prayer at that time.

FIFTH WAR BOND DRIVE NEAR

In the month of June, the people of the United States will be asked, once more, to invest some of their money in the future of their nation.

The vast spending that accompanies war on an unprecedented scale requires more money than the Government can collect in taxes. To pay its bills, the Treasury must have a flow of funds. Some of this money must come from the investment of citizens.

Few Americans deserve any credit for investing some of their surplus cash in Government bonds. The security is good and the interest rate attractive. It is the duty of every loyal American to support the war effort financially, as well as in other ways.

While no credit attaches to the American who lends some of his money on good security, considerable discredit should apply to Americans who, for any reason, refuse to support the fighting men who risk their lives. The ships, tanks, guns, planes and other paraphernalia that our soldiers and sailors must have if they are to live, much less win, can be obtained only when the Government is able to buy them.

This article appears before the new War Bond Drive begins in order to remind our readers of the call to be made. In the meantime, we can make whatever arrangements may be necessary in order to subscribe liberally to the Government's loan. In doing this, the people at home give some support to the men in the field.

Pay Bills by Mail With a Checking Account

In these busy war days, you don't need to go from store to store to pay your bills the first of the month if you use a checking account in this bank.

A checking account enables you to pay your bills by mail. There's no worry when you mail your check, and when it has been cashed, the cancelled voucher is a permanent receipt.

These are only a few of the advantages of a checking account.

Why not open an account today and save yourself time?

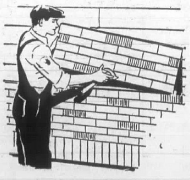
Would Sidewall Shingles Improve Your Home?

If you act promptly, we have the labor available to install either sidewall or roof shingles.

You do not need a priority to buy—but you must act promptly.



Does your house need paint? Wouldn't new asphalt sidewall shingles do the job better, be more durable, improve the appearance of your home?

Sidewall shingles may be obtained in a variety of colors, and they can be installed for approximately twice the cost of a two coat paint job. They last for years, with practically no upkeep.

And in addition to improving the appearance, they add warmth in winter, coolness in summer.

Insulation is Important, too

Make your house cooler in summer and warmer in winter by having it insulated.

Attic insulation is not expensive—the average size attic job costs little more than $50.

Save coal next winter and avoid upstair heat this summer by having your attic insulated NOW.

How To Maintain Egg Production
During
the Hot Summer
Months

1—Cull out all birds with yellow legs and shrivelled combs.

2—Provide plenty of ventilation in your laying house. Open all doors, windows, and ventilators to provide sufficient ventilation.

3—Be sure the birds and the house are free from worms, lice, and mites.

4—Keep Hayden's Egg Mash before your birds 7 days a week. (You might have scruples about working on Sundays, but your hens won't!)

It's time to turn to A&P
SELF-SERVICE
Hubby's home-coming on a busy day won't fluster you . . . if you shop in one stop . . . at one store . . . your handy A&P Self-Service Market!
A&P's ability to give consumers exceptional value for their money is the key secret of A&P's growth from a single "tea store" to "Grocer to a Nation." A&P does endless things to bring its customers more and better food for their grocery dollars. To mention but one, many of the good things to eat your A&P offers are made in its own factories, plants, canneries, and bakeries. And they are marketed in a direct "beeline" route from producer-to-you. Thus, many expenses of handling and transportation are cut from their cost . . . and the savings are shared with you.
For good eating . . . and savings . . . millions agree "It's time to turn to A&P!"

Graduation Program Tonight

Graduation activities for the 1944 class of 25 members of the Clinton high school began Sunday evening with the class sermon in the high school auditorium at 8:15. The processional and recessional marches were played by Eileen Christiansen at the piano. The Rev. Fr. John A. Ross of St. Dominic's Catholic church delivered the sermon and special musical numbers were a cornet solo by Mary Jane Hutton and a vocal trio by Vivian, Barbara and Phyllis Moats.

The class night program was given Wednesday evening in the form of a radio quiz.

Dr. Howard Y. McClusky, professor of educational psychology at the University of Michigan in Ann Arbor will speak on "Strength For These Times" at the commencement program tonight at 8:15. Miss Kathryn King will sing a solo and Janice Allen will play a cello selection.

The presentation of diplomas and awards will be made by T. B. Nilsen, president of the board of education.

The class officers are Dean Schneiria, president; Terry Merritt, vice president; John Robinson, secretary; Janice Allen, treasurer. Donald Dresselhouse is president of the student council and Mary Kershner is secretary. Miss Virginia Thielan of the school staff is the class advisor.

The class consists of Janice Allen, Ruby Jean Anglemyre, Janet Baker, Mary Brighton, Betty Bruder, Charles Campbell, Donald Dresselhouse, Margaret Garrison, Ted Greenfield, Donna May Jacob, Glen Jones, Mary Kershner, Robert Kennedy, Gloria Kroh, Helen McDermott, Terry Merritt, Shirley Priest, John Robison, John Samonek, Dean Schneiria, Arthur Schuler, John Stoner, Mabel St. John and Carl Winchell.

The members of the school faculty and their families enjoyed a picnic supper Thursday evening at Wampler's Lake. Swimming and baseball were enjoyed. The school will close next week with two of the faculty, Roy Holdorf and Miss Kathryn King, not returning next fall.

O.E.S. Chapter Meets

"Labyrinth Night" was observed in an impressive ceremony Thursday evening at the regular meeting of Golden Rod chapter, Order of the Eastern Star. It was given by the worthy matron, Mrs. Raymond Anglemyer, and her officers. The chapter voted to cancel the July and August meetings. The first fall meeting Sept. 7, will be "Men's Night."

Fire Department Called

During the electric and rain storm yesterday afternoon the Clinton fire department was called to the Floyd Odell house, 3 miles east of Clinton on US-112. The house is occupied by Mr. and Mrs. Frank Lasky and son. Bed clothing in an upstairs bedroom had been too close to the stove pipe and had caught fire and had burned until the mattress had caught. The smouldering mattress and bed clothing were the only articles damaged.

Children's Day will be observed Sunday, June 11 with the annual program and baptismal service.

A Vacation Bible school will be held daily at the Methodist church from June 19 till June 30 inclusive.

The Clinton 4-H Club met Monday evening with James and Carl Woodward to make plans for the summer.

Corp. Henry Smith son of Mr. and Mrs. Leo Smith, is home on ten days furlough from California.

The Congregational Woman's Union at its recent meeting elected the following officers for the coming year: Mrs. Albert Geiger, president; Mrs. Donald O'Hara, vice-president; Mrs. Clyde Greenfield, recording secretary; Mrs. F. R. Kaiser, corresponding secretary; Mrs. Elna Spence, treasurer; Mrs. Harry Werth, parish chairman; Mrs. Raymond Anglemyer and Mrs. O. E. Priest, world service committee. The next meeting will be held at the church with a pot luck supper for church families.

Robert Escott has been stationed at Camp Fannin, Texas.

The American Legion Auxiliary reports $214.47 from the recent sale of Poppies. They were assisted by the Girl Scouts and Jackie Feldkamp.

Mrs. Robert Walton has returned from a visit with her husband who was stationed in California.

Mrs. Clinton Hoelzer has returned from several weeks stay with her husband in San Diego, Calif.

Pvt. and Mrs. Charles Hanley of Camp Upton, N. Y., were recent guests of his sister Mrs. R. H. Jones and her parents Mr. and Mrs. S. Breitenwischer near Manchester.

Pfc. Robert Hunt who spent eight months in a naval hospital in California for injuries received in action in the Solomons, has returned to duty with the U. S. Marines.

The American Legion and Auxiliary will hold a joint meeting the evening of June 18 with Mr. and Mrs. Vance Ogden as host and hostess.

Piano pupils of Mrs. Alta Allen presented a recital at the Methodist church Sunday afternoon.

Red Cross rooms are open Tuesdays and Wednesdays from 1 'till 4 p. m. and 7 'till 9 p. m., and all women are asked to help with the new quota of surgical dressings now ready.

The American Legion Auxiliary met Tuesday evening at Waterworks Park for a picnic in connection with their regular meeting.

Make Your Home Grains and Pasture Produce All The Pork They Can!

Make your home grains and pasture do their full share towards pork production.

If you are feeding home grains and pasture straight, or if you are feeding them with too high a percentage of protein concentrates you are not using your grain or pasture to the best advantage. In fact you are only cutting down your profit on pork.

You simply must make a profit if you are to continue in business.

To make more profits, supplement your pasture and grain with HAYDEN'S HOG BALANCER.

It's your job and mine

to keep him supplied with bullets

The fight for Victory in Europe is mounting toward a decisive intensity. The money you've invested to date in War Bonds, is blasting a path toward the heart of Nazi tyranny.

It is time for the infantry to move in and do that delicate job of finishing off the Fascist locusts who must be rooted from the occupied lands of Europe before the world can be free of fear again.

That takes a never ending stream of bullets, of supplies, of food, of transportation that men need to fight with.

Some of those men will never come back. More will. . .if they never lack support from you.

Every dollar you put into War Bonds will come back with interest. . .the dollars you already have invested in them. . .the dollars you still must invest.

The intensity of the fight is doubling. Double your support by buying twice the Bonds you bought last time—During the Fifth War Loan Drive.

IT'S TEAMWORK THAT DOES IT

The 5th War Loan STARTS NEXT WEEK!

WHEREVER your invasion forces are fighting—at sea, in the air, on the ground—they're working together for victory. They know that they must depend on each other, for only by coordinated teamwork will they win through to final victory in the earliest possible time.

The Fifth War Loan starts next week. It's going to take teamwork—a lot of it—to put this drive over the top. For we've got a job to do. As the tempo of invasion rises every one of us must mobilize for support of our fighting men.

In every city, town and hamlet men and women like yourself have banded together as War Bond Volunteer Workers, giving their time to taking your subscriptions for Bonds. Support them. Give them the kind of teamwork our boys are giving to each other on the fighting fronts!

When your Volunteer Worker calls, *double* your War Bond subscription. It's their job to help raise $16 billions of money for victory during this Fifth drive, $6 billions from individuals like yourself.

Make up your mind to welcome your Victory Volunteer with a friendly smile and an open checkbook—remembering that it's teamwork that does it!

REGISTRATION NOTICE
For General
PRIMARY ELECTION
Tuesday, July 11th, 1944

To the Qualified Electors of the Township of Tecumseh, County of Lenawee ,State of Michigan.

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Township Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township not already registered who may Apply To Me Personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Twentieth Day before any regular, special, or official primary election and the day of such election.

Notice is hereby given that I will be at the Supervisor's office in Te- June 21, 1944, the Twentieth Day cumseh, Michigan, on Wednesday Preceding Said Election from 8 o'clock a. m. until 8 o'clock p. m. on said day for the purpose of Reviewing the Registration and Registering such of the qualified electors in said Township as shall Properly Apply therefor.

In any township or city in which the clerk does not maintain regular daily office hours, the township board or legislative body of such township or city may require that the clerk of such township or city shall be at his office or other designated place for the purpose of receiving applications for registration, on such other days as it shall designate prior to the last day for registration, not exceeding five days in all.

The name of no person but an ACTUAL Resident of the precinct at the time of said registration, and entitled under the Constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

REGISTRATION ON ELECTION DAY

Sec. 9. If any person whose name is not registered shall offer and claim the right to vote at any election or primary election, and shall, under oath, state that he is a resident of such precinct and has resided in the township or city 20 days next preceding such election, designating particularly the place of his residence, and that he possesses the other qualifications of an elector under the constitution, and that, owing to the sickness or bodily infirmity of himself or some member of his family, or owing to his absence from the township or city on public business or his own business, and without intent to avoid or delay his registration, he was unable to make application for registration on the last 2 days provided by law for the registering of electors preceding such election or primary election, then the name of such person shall be registered, and he shall then be permitted to vote at such election or primary election. If such applicant shall, in said matter, wilfully make any false statement, he shall be deemed guilty of perjury.

PROVISION IN CASE OF REMOVAL TO ANOTHER PRECINCT

Sec. 30.—Any registered elector who has removed from 1 election precinct of a city, township or village to another election precinct of the same city, township or village in the same senatorial or congressional district shall have the right to make application to have his registration transferred on any election or primary election day by executing a request over his or her signature for such transfer and presenting the same to the election board in the precinct in which he is registered. Upon receiving such request the inspector or election in charge of the registration records shall compare the signature thereon with the signature upon the applicant's registration record and if the signatures correspond then such inspector shall certify such fact upon said request and the applicant for such transfer shall then be permitted to vote in such precinct for that election only. The application for transfer shall be filed with the city, township or village clerk and it shall be the duty of such city, township or village clerk, as the case may be, to transfer such voter's registration in accordance with the application. When the name of any street in a city or village or township has been changed, it shall be the duty of the city, village or township clerk to make the change to show the proper name of street in the registration records, and it shall not be necessary for the elector to change his registration with respect thereto in order to be eligible to vote. When the resident house numbers of any section of a city or village or township have been changed, such change shall not affect the right of such voter to cast his vote. Corresponding change in the registration records may be made upon election day upon proper showing.

HEAVY WATER VEIN FOUND NEAR YPSILANTI

Discovery near Ypsilanti of a hundred-foot gravel vein containing water, probably the thickest water-bearing gravel vein ever found in Michigan, has been announced by the geological survey division of the conservation department at Lansing.

The vein was discovered while tests were being made to find a water supply for the Willow Run bomber plant and surrounding territory. It is a potential source of supply for Ypsilanti, Ann Arbor, and the area surrounding Willow Run.

In the search for an adequate water supply in this war-boom area, 13 wells were drilled from January to May by the Federal Works Agency under the supervision of the United States geological survey assisted by the department's geologists.

THE TECUMSEH HERALD

NINETY-FOURTH YEAR—NUMBER THIRTY-SEVEN | TECUMSEH, MICHIGAN, THURSDAY, JUNE 15, 1944 | FIVE CENTS PER COPY

Tecumseh Says 'Hello' To Its Men In Service

LEGION AUXILIARY SENDING CARDS; ANNUAL REPORT SHOWS WOMEN ACTIVE

The American Legion Auxiliary of Underwood-Orr Post, Tecumseh, is sending postal cards to all its service men, reading something like this:

"Hi-Bud"

Station H-O-M-E calling! We're on the Four Corners and swapping news about OUR BOYS. Thought maybe YOU could drop us a line now and then—just a breeze from your corner of the globe—nothing fancy. All OUR BOYS get THE HERALD now. (Four of them got together in New Guinea because it printed a letter and address of one of them. Boy! Was that a reunion!)

We know we're sort of on the sidelines while you're in there pitchin' for us—but the old Tecumseh Gang is rooting you on to VICTORY—with a lump in it's throat!

COME ON—LET'S HEAR FROM YOU — PLEASE. (Write: American Legion Auxiliary, c/o Mrs. Olga Smith, Pres.)

Meanwhile, we'll be working every day and GOING OVER THE TOP on everything to bring you back HOME SOON — BELIEVE YOU US!

THE HOME FOLKS."

By this means the Legion Auxiliary hopes to get some more of those newsy letters which appeared about Christmastime when the boys wrote thanking the Legion and Auxiliary for sponsoring the drive for funds to send them the hometown paper. It also wanted to reassure the boys that in Tecumseh, at least, the citizens are not striking.

The local Auxiliary has had a busy year and in summing up its activities the record shows as follows:

Last week it contributed $10 to the Salvation Army; $15 went to buy a second kit of 48 new phonograph records to be sent to isolated outposts where some local boys are stationed. Another $16 went to a fund to help to buy and furnish a clubmobile, one of those mobile units which serve our boys overseas with hot coffee, sandwiches, etc., and can be converted into an ambulance in emergency.

Other contributions from the local treasury include gifts to the Red Cross, March of Dimes, Patriotic League, Tecumseh Community Chest, Youth Club, Adrian College, besides donating to local philanthropy, and sending two girls to Girls' State this August. Ruth Schneider and Jocelyn Anderson are the candidates.

The public response to other drives has made the following gifts possible: $25 to War Prisoners' Aid (profit from the sale of cosmetics last summer); $126 collected from the canteens placed in stores went to buy playing cards for servicemen overseas; $477 collected in the Poppy Drive will finance rehabilitation of veterans during the coming year; a sale of magazine subscriptions makes available to the public two hospital beds, which were awarded by the publishing company. Any one in the village may use the beds by calling the Collins Funeral Home where they are stored. They may be used free of charge except for a small delivery fee.

Hospitalized Veterans of World War I are still the interest of the Auxiliary. Its contributions through the year make possible birthday parties, and a hundred and one "little" services that are not included in their compensation. It takes care of their children in their Child Welfare program, and each unit looks after its own Gold Star Mothers.

Members of the Auxiliary have served on ration boards, recruited for the Wacs, solicited funds for the Salvation Army, are used on the OPA price ceiling survey, and work for the Red Cross. The organization has bought three one hundred dollar War Bonds during the recent drives.

The Tecumseh Legion Auxiliary extends its thanks to a generous public which has made possible a grand total contribution of one thousand dollars to War-allied activities during one short year. It knows, too, that whatever the next year's demands may be Tecumseh will help its service organizations BACK UP THE BOYS AT THE FRONT. D-Day just marks the beginning of the LONG PULL AHEAD!

IN NORTH AFRICA

Pvt. Kenneth R. Jennings, son of Mrs. O. Jennings of Tecumseh, is one of 19 Michigan soldiers listed as a member of the staff of the 70th General Hospital in North Africa.

Dr. P. A. Scheurer Of Manchester, Dies

Dr. P. A. Scheurer, Manchester physician, died Friday night at Mercy Hospital in Jackson, after several days illness. He had been in failing health for some time.

Dr. Scheurer who was 59 years of age, was a graduate of the Detroit College of Medicine and had been a member of the Mercy Hospital staff for 20 years.

He leaves the widow, his mother and three sisters.

Funeral services and burial were held Monday in Manchester.

COAST-TO-COAST BROADCASTS TO BE MADE FROM MARTHA-MARY CHAPEL BY STUDENTS

The first of a series of four Sunday evening radio programs will be broadcast June 18 from Martha-Mary Chapel at Macon by students of the Macon Edison Institute, over the Blue Network from coast to coast. The broadcasts, which are the first from Lenawee County Sunday evening from June 18 will be from 8 to 8:15 p. m., each through July 9 and each student of the Edison Institute will participate in two of the four programs.

Local residents may tune in for the program over WXYZ, Detroit, 1200; WTOL, Toledo, 1230; WENR-WLS, Chicago, 890; or WIBM, Jackson, 1450.

The programs are sponsored by Mr. and Mrs. Henry Ford.

Clinton Boy To Be Seen In Movie At Strand

"The Memphis Belle," Technicolor film arriving at the Strand Theatre next Sunday and eulogizing the Flying Fortress of the same name is sure to provide an eye-opener for millions of Americans the country over.

While not in a physical sense, the picture moves the war one step closer to this side of the Atlantic by bringing before the eyes of the public the true and untarnished camera report of our own sons, husbands and brothers in action. This action dwells for the most part on the MEMPHIS BELLE'S twenty-fifth mission over Hitlers' Fortress Turope and its successful reutrn which won a deserved rest for the crew members.

The factual account of this mission is told in a straightforward manner. No attempt was made to inject glamour, heroics or undue histrionics into the documentary.

CAPTAIN CHARLES B. LEIGHTON, navigator of this ship, is 24 years old, comes from East Lansing, Mich. The crew relies completely on his skill and alertness, declare that he has yet to make his first mistake. The modest navigator credits it to luck.

Staff Sgt. Casimer A. Nastal, waiste gunner, is the baby of the crew. At 19, has two confirmed fighter kills to credit, thinks he has knocked down others "but never had time to watch whether they went down." He formerly lived in Clinton, Mich., and attended school there.

MRS. ROSACRANS HONORED

Mrs. O. W. Laidlaw, Mrs. George Adamson, Mrs. Edith C. Smith and Mrs. R. T. Mead were co-hostesses Friday at a tea honoring Mrs. Eugene T. Rosacrans of Los Angeles, Calif. The party was held in the Laidlaw home and Mrs. Frank Sutton, Mrs. C. F. Sage, Mrs. H. H. Hanna, Mrs. F. C. Dickinson and Misses Beth Satterthwaite and Clara Waldron presided at the tea table uring the afternoon. Guests attened in groups and included from away Mrs. L. B. Dimond of New York City, Mrs. Amos Paley of Grand Rapids, Mrs. W. J. Ingersoll of Oak Park, Ill., Mrs. B. D. Hammond of Detroit, Mrs. Dale J. Bowen of Dallas, Texas, Miss Iva Baxter of Lima, O., Mrs. E. T. Armstrong of Adrian, Mrs. Fred Morse of Jasper, Mrs. L. W. Kimball, Mrs. Percy VanTuyle and Mrs. Ralph Halladay of Clinton.

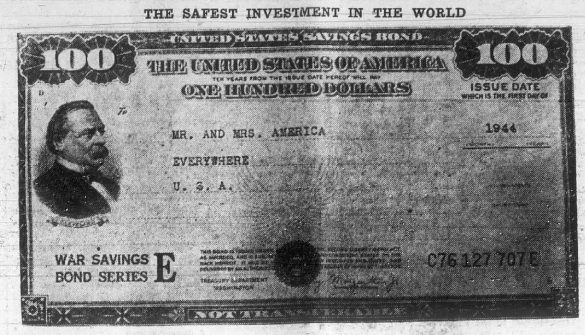
LEHMAN—STAUP

Miss Bessie I. Staup and Sherman Lehman were married June 6 at the parsonage of the Evangelical church in Blissfield by the Rev. W. C. Bassett. They are making their home at 303 West Chicago Blvd. Both are employed at Tecumseh Products Co., the bride in the timekeepers office.

IN 30 MISSIONS

Mrs. Edward Kasnia has received a cable from her husband Lt. Edward Kasnia, somewhere in England, that he has completed 30 missions over enemy occupied territory and is eligible for a visit at home. Lt. Kasnia is pilot of the B-24 Liberator "Rubber Check," damaged in a sky-battle with the Nazis.

THE SAFEST INVESTMENT IN THE WORLD



"I'm optimistic, I feel that Tecumseh will again over-subscribe its quota in the Fifth War Loan." Those were the words of W. L. Berkhof, chairman of the War Finance Committee here, today, as he made a survey of the first four days activities in the bond drive and declared that Tecumseh is "functioning normally."

It's a bit too early to announce dollars and cents figures," Mr. Berkhof said, "but early indications point to an excellent start. The pay-roll deductions in industry are coming along, and buying by individuals is commencing to show that this community is backing its boys in the invasion."

Tecumseh's quota in the Fifth Loan is $376,000, slightly higher than in the Fourth Loan, and the War Finance chairman pointed out that it is "everybody's job" to buy bonds.

"I say that I am confident that we will make our quota because I feel that no one here will shirk his or her responsibility in bond buying," Berkhof said. "We can't oversubscribe our quota by not cooperating. By that I mean that everybody, man or woman, must buy bonds in this campaign."

The War Finance chairman recalled that only last week the Lenawee County Distinguished Service Flag, presented by the Treasury department, was on display here. The flag was given to the county by the government for oversubscribing the Fourth War Loan, and it was the first flag of its kind to be presented in the nation.

Tecumseh played an important part in winning the flag for the county," Berkhof said. "We were far over-subscribed in the Fourth Loan, and we have never failed to meet our quota in any patriotic enterprise since the war started. Now that the invasion of Europe is on, we must buckle down a bit more and loan our money more liberally. We can't fail our boys, and I know that we will not fail them."

Nation-wide, the quota in the Fifth Loan is 16 billion dollars. Michigan's quota is $526,000,000 and Lenawee's share of that amount is $3,538,000. Tecumseh's quota is approximately $20,000 greater than in the Fourth Loan, $376,000. Of this amount, $86,000 is in "E" bonds. Of the county's quota, more than $2,000,000 of the amount must be subscribed in the City of Adrian.

County's Roads Get State Aid

HIGHWAY DEPARTMENT TO TO SPEND $163,000 ON LENAWEE HIGHWAYS DURING THE YEAR

The State Highway Department will spend $163,523 during the present fiscal year ending June 30, 1944 on maintenance of state trunkline highways in Lenawee county, an increase of $79,820 over the $83,703 spent for the same purpose during the 1942-43 fiscal year. Highway Commissioner Charles M. Ziegler reports.

The increased expenditure of state funds in Lenawee county this year for state trunkline maintenance is in line with Commissioner Ziegler's policy of an intensive program designed to bring the trunkline system up to satisfactory standards. Trunkline maintenance had been allowed to lag in recent years and many miles of trunklines were in poor condition a year ago. This condition and the necessity for keeping roads in good condition to protect the peoples' heavy investment in these roads, to reduce tire wear and to speed wartime traffic prompted the Commissioner to adopt a maintenance program calling for an increase of 40 per cent in expenditures over the entire state as compared to any previous year.

Gravel placed on state trunklines in the last year doubles that of any previous, recent year. A similar program is necessary for this year to build up these highways. Good progress is being made in this work which is resulting in a general improvement in the state highway system, Commissioner Ziegler said.

YOUTH IS FINED $100 FOR DRUNK DRIVING

William Glisson, 18, Tecumseh, drew a $100 fine, $7.10 costs, $200 damages and was sentenced to serve five days in the county jail, when he pleaded guilty in Justice Beau's court at Adrian, Tuesday, to a charge of drunk driving. In default of payment he must spend 90 days in jail. He did not pay, Tuesday. The youth was arrested by State Police Monday evening after his car became involved in an accident and collided with a car driven by Norma Jean Parrett, also of Tecumseh. Mrs. Parrett received treatment at the hospital here for cuts and bruises and then was released.

Refreshments featured a wedding cake and miniature shower baskets were used as place cards.

Mrs. Harry Duncan was hostess to the women employees of the United Savings Bank on Tuesday evening for Miss Underwood, who received a shower of miscellaneous gifts.

Miss Underwood will be married June 17 to LeRoy Feldkamp of Saline.

CONSUMERS EMPLOYEES HONORED BY COMPANY

S. Henry Smith, local manager for Consumers Power Company, and Ernest G. Church, operator at the Company's Tecumseh hydro-electric plant, were among the honored guests at a dinner given in the Hotel Hayes, Jackson, last week Thursday night for employees of the Jackson division of Consumers Power Company who, in 1943, completed five, ten, fifteen, twenty or twenty-five years of continuous service. Also invited were all members of the Quarter Century Club; that is, all employees who have put in more than twenty-five years with the company. Mr. Smith has been with Consumers and predecessor companies for 41 years, and Mr. Church joined the organization 30 years ago. Division Manager H. H. Koelbel presided at the dinner, and there were talks by Vice President and General Manager Dan E. Karn and Vice President Frank G. Boyce. Mrs. Smith and Mrs. George Church attended, bringing the total attendance to 180 persons.

School Issue Loses At Polls

21 VOTES LACKING TO GIVE NEW BUILDING PROGRAM A TWO-THIRDS MAJORITY

By a 21 vote margin, the proposal to create a $60,000 sinking fund during the next five years for the purpose of building a new school building in Tecumseh in post-war days was defeated by electors at the polls, yesterday. The election was held at the high school from 5 to 9 p. m.

Electors received two ballots, one to increase the tax limit beyond 15 mills, the second to create the sinking fund. On the former, any qualified voter, whether property owner of not, was eligible to vote. On the sinking fund issue, only property owners were qualified.

On the proposal to increase the tax limit, 105 voted in favor of such a plan and 84 opposed it. While a majority favored the action the law provided that a two-thirds majority is necessary to give approval and 126 "yes" votes would have been necessary. On the proposal to create the sinking fund, 100 voted in favor and 86 against.

The vote clearly indicated that a majority of those at the polls were in favor of the building program, but because the law provides a two-thirds majority on the tax limitations provision the issue was defeated. Those in close touch with the election said that the failure of qualified voters to take time to go to the polls spelled the program's defeat.

The school board had planned to create the sinking fund for post-war building and in that way relieve taxpayers of a heavy interest burden on bonds to pay for a new school building five or 10 years hence. It is said that a new building is inevitable if Tecumseh's growth continues. Present buildings are crowded to capacity

Town's Value Grows $104,000

BOARD OF REVIEW COMPLETES WORK; PLACES ASSESSMENT FIGURE AT $3,237,880

Tecumseh township's assessed valuation was placed at $3,237,880 by the board of review, which finished its session this week. The new figure is $104,500 greater than that of a year ago when the town's taxable total was $3,133,380.

The board placed the village value at $2,493,450, divided as follows: $2,116,150 real estate and $287,300 personal. Farm real estate was set at $701,150 and farm personal $133,280, a total of $834,430.

In 1943, the village real estate value was $2,067,950 and village personal was $260,800. Farm real estate was $688,750 and farm personal $125,880.

LeRoy Titley, supervisor, said that the township received its greatest taxable increase from the Ford Hayden Mill.

The tentative county tax rate will be fixed by the board of supervisors in session this month. This rate, however, is subject to revision downward when the board meets in October. It will not be until after the October session that the rate will be announced.

The finance committee of the village council held a special session last evening to fix the tax rate for the village. While no announcement was made, pending its report to the council when it meets in regular session next Monday, it was generally believed that a $14 a thousand rate would be recommended. A similar rate was in force in the village last year.

Mrs. Carrie Bishop To Be Burried Today

Mrs. Carrie Bishop, aged 62 years, wife of Herbert Bishop of Ridgeway, died Monday after a long illness. Mrs. Bishop was born April 13, 1882 in Saybrook, Ill., and had lived in this community for a number of years. For the past 17 years the family have lived on the Charles Lowe farm. She had been a patient at the Leland hospital for seven months. She was a member of the Methodist church.

Survivors are four sons James at home, George and Nilwen of Ridgeway, and T. Sgt. Harry G. Bishop now overseas, two daughters Mrs. Ethel Towler of Saline and Mrs. Lucille Richards of Centerline; two sisters Mrs. Lena Pott and Mrs. Aaron Suter and a brother Harry Little all of Gibson City, Ill., and five grandchildren.

Funeral services will be held today at 2 o'clock at the Niblack Funeral Home in Britton. Dr. Fred Lendrum of Saline will officiate and burial will be in Ridgeway cemetery.

HOLD YOUR WAR BONDS

The nation-wide campaign to secure subscriptions to the Fifth War Loan emphasizes the importance of retaining the bonds, when purchased, unless an imperative demand for cash compels redemption.

In May there were $280,000,000 worth of bonds cashed by holders of Series E, or about 38 per cent of the $713,907,992 sold.

The record of Series E bonds, however, reveals $32,000,000,000 sold and only $2,800,000,000, or about nine per cent, cashed in. Every time a holder of a war bond cashes it he cancels the sale of a bond of equal amount.

Of course, every sensible person knows that there will arise occasions when the individual, regardless of patriotic impulses, is faced with the necessity of getting some cash from bonds. This is caused, very often, by over-enthusiasm in buying and by emergencies that arise after the investment has been made.

The necessary cashing of a bond implies no reflection upon the holder but, just the same, it is very important for us to realize the importance of making every effort to keep our bonds as a permanent investment. By so doing, even at personal inconvenience, we really "back the attack."

Don't Waste Time or Feed
on Runty Under-Sized Chicks !

Life is too short to monkey around with runty, under-sized chicks in your poultry program.

Everyone, inlucing your good self, has undesirable members of their poultry flock.

The sooner you elimniate these culls,—and you can do it at an early age, you accomplish three important things:

1—Save vital feed.
2—Lessen chance for disease in your flock.
3—Improve the general appearance of your flock.

Along with this culling, do this for maximum results: At the age of 3 weeks, mix a pound of Chek-R-Ton (Purina product) with 100 lbs. of Mash and feed for 1 week. At 6 weeks of age mix 2 lbs. of Chek-R-Ton to 100 lbs. mash, and feed for one week. This product will give your chicks a flushing out that is highly beneficial. It will clean out the slime from the intestinal tract. This will result in a keener appetite, increased feed consumption and faster growth.

Always feed Hayden's Starter and Grower!

A&P SELF-SERVICE

The battle for the World is on!

NOW THAT the chips are down . . . now that our men are writing decisive history with their blood . . .

There can be no halfway measures for *us*.

The greatest battle in the history of the world *must* be matched by the greatest war loan in the history of the world.

That's what Uncle Sam says . . . the same Uncle Sam for whom your brothers and sweethearts and husbands are fighting and dying this very minute.

They, in the front lines, are throwing in everything they have.

We, behind the lines, must do the same.

Remember, this is the battle for the WORLD. *Our* world. And we've *got* to win it. That's why Uncle Sam expects every dollar, like every soldier, to do its duty.

State Will O. K. Federal Ballot

By Gene Alleman
(Special to The Herald)

Lansing, June —Monday, June 19, the Michigan state legislature will convene in special session at Lansing for the express purpose of enacting a law to validate the "federal ballot" for Michigan soldiers and sailor in the November election.

Here's how the change would work.

By August 1, or August 15 at the latest, every Michigan service man or woman will be given an army-navy postcard. If the service man fills out the card, it will go to Secretary of State Herman Dignan at Lansing. The cards will be routed to county clerks, and from there to city clerks according to the applicants' home towns.

This card is a formal request for an absentee ballot. However, a request may be made by letter, and in fact 20,000 such letters have already been received at the secretary of state's office in Lansing.

If by October 1, the absentee ballot has NOT been received by a Michigan service man, wherever he may happen to be, then the federal ballot law—if validated by the Michigan legislature June 19—would permit commanding officers in the field to distribute the federal ballot.

This federal ballot provides a vote only for the following: President, vice-president and members of Congress.

In fact, it was the federal ballot plan that evoked such a controversy among members of Congress, bringing about a working coalition between southern democratic members and northern Republican members.

If the suspicion prevails among Republicans that the federal ballot is intended to circumvent the state ballot and to favor a fourth term for the President, why then did Governor Kelly and the entire Michigan Republican delegation at Washington—Vandenberg, Ferguson and the congressmen—decide to recommend its legislative validation in Michigan?

Here is the governor's explanation:

"There is an unanimity of opinion that the state ballot affording the right to vote for federal, state and county office—the same opportunity which they would have to vote if home—is infinitely preferable to the supplemental Federal ballot which is confined to presidential and congressional offices.

Well-trained GHOST wants work!

THE local Society of Spooks and Spectres blames *us* for unemployment among its members.

They say a ghost has got to have long dark halls to work in and flickering candles to blow out. How can any self-respecting wraith rattle chains or utter mournful moans in a brightly lighted room with the radio playing swing music?

Seriously, today's children have little chance to learn the fear of the dark that once oppressed their elders. They don't know how shivery blackness can be. They never fumbled blindly for a match or felt tremulous relief as the lamp wick caught flame and slowly drove back the shadows.

Who's afraid of misty apparitions — with reassuring light always instantly at hand? And just as electricity has all but banished haunted houses, so it has laid the ghosts of many household jobs that once were done by hand.

In fact, electricity is so common, so *constant* today, that most people take it for granted. But the folks who work for this company can't do that. It's *their* hard work, careful planning and good *business* management that keep electric service friendly, dependable and cheap — even in wartime.

Why Vernon J. Brown for Lieutenant Governor?

His qualifications are unquestioned. The Republicans of Michigan have a right to demand such a man in this important office. Responsible Republican leadership, as well as rank and file workers throughout the State, believe that Vernon J. Brown is the one man in the Party who, as Lieutenant Governor, can function as a cooperating member of the Republican team.

In recognition of the need for his services as Lieutenant Governor, Vernon J. Brown was willing to forget selfish considerations and accede to the wishes of Republicans throughout the State. He believes the Republican Administration is entitled to the services of a Lieutenant Governor who will work with the administration in the public interest.

Such an attitude certainly deserves the sincere consideration of every Republican on Primary day, July 11.

America — this is it!

He's doing his part . . . We must do our part!

For him the terrifying grand climax of the war is at hand.

The supreme military risk—bloody, costly in American lives.

Our boys know this. They don't have to read the heart-rending headlines or casualty lists to know what is expected of them.

They are *in* it.

But they are not flinching . . . not holding back.

They will see the grim venture through to the bitter, victorious end.

And if, for your boy, or some boy you know, the price of Victory is death, you can be absolutely certain that he did his part courageously . . . for the cause of Freedom.

For us, too, the terrifying grand climax of the war is at hand.

This supreme, desperate call for American dollars—*16 billions of them*—is to enable our fighting men to carry through the grim, bloody assault to a successful conclusion and Victory.

Not just American dollars—but the dollars in your pocket—in *your* savings account.

You *must* buy War Bonds—now! At least *twice* as much as you bought last time. If you are already buying Bonds on a pay-roll savings plan, buy EXTRA Bonds during this Drive.

Your Government is counting on you. Your boy—and your neighbor's boy—millions of *them*—are counting on you. Just as desperately as you are counting on them in this fateful hour.

▶ **Don't let them down!** Do your part—as they are doing theirs. Dig down, America—dig down deep! While there is still time. This is America's Zero Hour—Civilization's Zero Hour!

And here are 5 *MORE* reasons for buying EXTRA Bonds in the 5th!

1. **War Bonds are the best, the safest investment in the world!**
2. **War Bonds return you $4 for every $3 in 10 years.**
3. **War Bonds help keep prices down.**
4. **War Bonds will help win the Peace by increasing purchasing power after the War.**
5. **War Bonds mean education for your children, security for you, funds for retirement.**

REGISTRATION NOTICE
For General
PRIMARY ELECTION
Tuesday, July 11th, 1944

To the Qualified Electors of the Township of Tecumseh, County of Lenawee State of Michigan.

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Township Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township not already registered who may Apply To Me Personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Twentieth Day before any regular, special, or official primary election and the day of such election.

Notice is hereby given that I will be at the Supervisor's office in Tecumseh, Michigan, on Wednesday, Preceding Said Election from 8 o'clock a. m. until 8 o'clock p. m. on said day for the purpose of Reviewing the Registration and Registering such of the qualified electors in said Township as shall Properly Apply therefor.

In any township or city in which the clerk does not maintain regular daily office hours, the township board or legislative body of such township or city may require that the clerk of such township or city shall be at his office or other designated place for the purpose of receiving applications for registration, on such other days as it shall designate prior to the last day for registration, not exceeding five days in all.

The name of no person but an ACTUAL Resident of the precinct at the time of said registration, and entitled under the Constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

REGISTRATION ON ELECTION DAY

Sec. 9. If any person whose name is not registered shall offer and claim the right to vote at any election or primary election, and shall, under oath, state that he is a resident of such precinct and has resided in the township or city 20 days next preceding such election, designating particularly the place of his residence, and that he possesses the other qualifications of an elector under the constitution, and that, owing to the sickness or bodily infirmity of himself or some member of his family, or owing to his absence from the township or city on public business or his own business, and without intent to avoid or delay his registration, he was unable to make application for registration on the last 2 days provided by law for the registering of electors preceding such election or primary election, then the name of such person shall be registered, and he shall then be permitted to vote at such election or primary election. If such applicant shall, in said matter, wilfully make any false statement, he shall be deemed guilty of perjury.

PROVISION IN CASE OF REMOVAL TO ANOTHER PRECINCT

Sec. 20.—Any registered elector who has removed from 1 election precinct of a city, township or village to another election precinct of the same city, township or village in the same senatorial or congressional district shall have the right to make application to have his registration transferred on any election or primary election day by executing a request over his or her signature for such transfer and presenting the same to the election board in the precinct in which he is registered. Upon receiving such request the inspector or election in charge of the registration records shall compare the signature thereon with the signature upon the applicant's registration record, and if the signatures correspond, then such inspector shall certify such fact upon said request and the applicant for such transfer shall then be permitted to vote in such precinct for that election only. The application for transfer shall be filed with the city, township or village clerk and it shall be the duty of such city, township or village clerk, as the case may be, to transfer such voter's registration in accordance with the application. When the name of any street in a city or village or township has been changed, it shall be the duty of the city, village or township clerk to make the change to show the proper name of street in the registration records, and it shall not be necessary for the elector to change his registration with respect thereto in order to be eligible to vote. When the resident house numbers of any section of a city or village or township have been changed, such change shall not affect the right of such voter to cast his vote. Corresponding change in the registration records may be made upon election day upon proper showing.

Tecumseh Bond Sales $100,000

"E" BOND SALES ARE HEAVY AND CHAIRMAN IS OPTIMISTIC ABOUT LOCAL QUOTA

"Tecumseh is coming through. I know that our boys on the battle front will be proud of their home town when they read the final figures in the Fifth War Loan Drive," W. L. Berkhof, chairman of the War Finance Committee here, said today when he let it be known that Tecumseh has subscribed approximately $100,000 of its $376,000 Fifth Loan Quota. "True, we still must subscribe $276,000, but I'm confident that Tecumseh will meet its quota, as it has in every loan since the war started."

Loan figures from the United Savings bank on Tuesday showed that Tecumseh thus far had purchased $93,423.25 in bonds, and while totals were not available last night it was said that the $100,000 mark had been passed.

"We also can be proud of the excellent "E" bond buying that Tecumseh is doing," John R. Thompson, co-chairman of the drive, said. Thus far, Mr. Thompson pointed out, Tecumseh has bought over $51,000 worth of "E" bonds." The local quota is $86,000, leaving less than $35,000 remaining in that classification before the quota is reached.

"I feel that Tecumseh is really rolling up its sleeves and preparing to do a bang up job in this loan," Mr. Berkhof continued. "We have a lot of Tecumseh boys in England, in Italy, in Africa and in the South Pacific. Every front today is an invasion front and the war is far from being won. We, at home, must support these boys if they are to have the materials with which to carry the fight to the Axis allies. And I'm sure, when this drive is over, that it cannot be said that the old home town didn't measure up to our fighting sons' expectations."

Mr. Berkhof pointed out again that small bond buying is exceedingly important. Just because a man, woman or child can't afford a $100 bond is no reason why they shouldn't purchase a $25 bond, which costs only $18.75.

"It's these $18.75 sales that, in the long run, add up to the final total," Berkhof said. "And the fellow who can afford only a small bond is just as patriotic, just as important as the $1,000 buyer. This is everybody's fight, and its everybody's job to buy bonds."

LENAWEE NURSES HOLD ANNUAL DINNER MEET

The Lenawee District Nurses' Association held a dinner meeting at the Presbyterian church in Palmyra Tuesday evening. The business meeting was conducted by Miss Gertrude Spaulding, president. Annual reports were read.

The program included a soprano solo by Mrs. Marcella Crosley of Palmyra accompanied by Miss Wilma Corbett. Group singing was also enjoyed, led by Mrs. Hilda Will of Tecumseh. Kathryn Tubbs and Loreda Schneider of Blissfield favored with flute and clarinet selections accompanied by Mrs. Schneider.

The "Cadet Nurse Marching Song" was played and sung by Miss Sophie Zuk, Miss Clara Simon and Miss Mary Alice Harding of Tecumseh Hospital. These senior cadets of the United States Cadet Nurse Corps were in their summer uniforms for the first time and made a very stunning appearance.

Mrs. Thelma Brewington of Detroit, new president of the Michigan State Nurses' Association and a member of the Michigan Nursing Council for War Service gave a most interesting and inspiring talk on the "Newer Trends in Nursing."

Mrs. George Rathbun, chairman of the Tecumseh Red Cross Volunteer Nurse Aide Committee, and Mrs. Frank Smith, president of the Tecumseh Hospital Auxiliary were guests from Tecumseh.

Local Barber Shoppers At International Meet

The TP Broadcasters, representing Tecumseh, lost out by only two points for entrance in the finals at the Sixth Annual International Convention of the SPEBSQSA, held at Detroit June 15-18, in the Book Cadillac and Masonic Temple. The quartet is made up of Wiley McCann, Herbert Gilmore, Charles Butler and Wesley Costigan.

The local quartet was eliminated in the preliminary contest by the Food City Four of Battle Creek. Some 63 quartets participated in the convention and international first place honors were won by The Harmony Halls of Grand Rapids.

It was announced today that late in July or the fore part of August the local chapter of SPEBSQSA plans to stage a "Parade of Quartets" at Recreation Center here, in which the top 15 quartets in the association will take part. This will include the international champs. It will be recalled that at the minstrel show staged at the same place a year ago several quartets sang and that the show was very popular. This year, however, no minstrel is planned.

Some 60 people from Tecumseh, interested in the local quartet and in "barber shop harmony" were in Detroit for the contests last week.

$10,000 Damage In Motor Crash

THREE FLY WHEELS ON DIESEL MOTORS AT PRODUCTS EXPLODE; NO ONE INJURED

Damage estimated at $10,000 was caused last Saturday morning at the plant of the Tecumseh Products Company in an explosion of a fly wheel on a diesel motor which generates a part of the electrical power used at the factory. No one was hurt in the accident.

There are three diesel motors in the power room at the plant and it is believed that one of the motors backfired, causing the first fly wheel to break. This, in turn, broke the second and the third wheel. The three wheels weigh approximately 15 tons. Fragments of the heavy wheels were hurled through the roof of the building and through the wall.

R. W. Herrick, president of the company, said that the exact cause of the accident had not been determined. Repairs have not been completed, but will be made in the future.

Mrs. Maude E. French Dies at Her Home Here

Mrs. Maude E. French, wife of Percy E. French, died Sunday afternoon at her home on South Maumee street after a long illness. Mrs. French who was 53 years of age was born in Dundee and had lived in Tecumseh for 35 years.

Besides her husband she leaves two daughters, Mrs. Gladys White and Mrs. Marjorie Foster and a granddaughter Sharon White all of Tecumseh.

Funeral services were held Wednesday afternoon at the Collins Funeral Home, Rev. Alvin Brazee officiating and burial was in Brookside cemetery.

$14 Tax Rate For Tecumseh

IS SAME AS THAT OF YEAR AGO; COUNCIL ACTS TO ENFORCE WATER AND ZONING CODES

The village council, in regular session, Monday evening, fixed a $14 tax rate for Tecumseh, the same figure as that of a year ago. The village this year has a total assessed valuation of $2,493,450 and the rate will raise $33,648.30 for the treasury.

Seven mills or one-half of all money raised by taxation locally goes into the general fund. One and a half mills goes to the highway fund, three mills to the sewer fund, one and a half mills to the cemetery fund, and one mill to the hospital sinking fund.

After the council had given its approval of the budget and established the rate the assessor was ordered to prepare the roll for the treasurer. Tax bills will, therefore, become due next month.

The council, acting under a two-year old ordinance, ordered seven delinquent water bills added to property assessments. Under the village law, delinquent water bills may be assessed against the property where the delinquency occurs, and the bill then becomes a part of the village tax.

The council took its first action to enforce the newly created zoning ordinance when it ordered the village marshall to call on the following property owners and give them 10 days in which to comply with the zoning code: Mrs. W. J. G. Hastings; Mrs. Florence Doye; Albert Barnes; L. P. Williamson; Clayton Covell; Richard Schillberg. The council voted unanimously for such enforcement.

The village engineer was instructed to purchase materials and furnish labor in conjunction with the Ford Motor Co., to construct a sidewalk on the north side of Chicago boulevard, between Division and Eastern streets.

Marvin Watkins was named by Mayor J. Floyd Elliott as a member of the Lenawee Council of Veterans Affairs, and the appointment was confirmed.

Current bills were audited and ordered paid, and the reports of committee and department heads were read and placed on file.

Mrs. Carl Phillips, 25, To Be Buried Thursday

Mrs. Carl Phillips, aged 25 years, died Monday morning morning at Foote hospital in Jackson after giving birth to a daughter Carolyn Sue. The infant lived. Mrs. Phillips was formerly Phyllis A. French, daughter of Mrs. Lilly French and the late William French and was born in Tecumseh September 12, 1918. She graduated from Tecumseh high school in June 1936 and on June 19, 1943 was married to Carl Phillips of Montpelier, O. Her death occurred on her first wedding anniversary. She was a member of the Friends church, the Rebekah lodge, the Ladies Auxiliary of the F. O. E. of Monroe and of the Ladies Activity club of Tecumseh.

She leaves her husband and infant daughter, her mother, two sisters Mrs. Mildred Smith of Britton and Mrs. Jessie Odell of Detroit and a brother Marion E. French who is with the armed forces overseas.

Funeral services will be held at the home 104 N. Division street this (Thursday) afternoon at 2 o'clock. Rev. Edward Escolme will officiate and burial will be in Petersburg cemetery.

GOES TO GREAT LAKES

Lt. (j.g.) Martha Comfort, who recently returned from the Southwest Pacific and has been visiting her mother, Mrs. A. A. Comfort and other relatives, left Saturday for Great Lakes Naval Hospital.

Mrs. Perry Hayden entertained at a tea for sister Lt. Comfort, Friday afternoon, 20 guests attending. On Friday evening Mrs. Herbert Murphy was hostess at a picnic in Macon Park for Lt. Comfort. Eighteen attended. The Friends church and Sunday school also gave a fellowship supper in her honor last Tuesday evening.

The farm is owned by Hollis Whelan.

To Cut Tithe Wheat July 8

INTTEREST IN PROJECT IS NOW NATION-WIDE, PERRY M. HAYDEN DECLARES HERE

Perry Hayden and Ralph Comfort will show the colored movies of the Dynamic Kernels Tithing Wheat project at the Tecumseh Grange meeting Thursday night, June 22.

From the amount of interest already being shown, not only locally but throughout the state and the United States on the tithing wheat project, Tecumseh is destined to get a great amount of favorable publicity in the next two years.

Thomas McClure Mead, son of Mr. and Mrs. Richard Mead, of this city, has indicated that the Universal News Pictures, of which he is manager in New York City, expect to send a cameraman to take movies of the cutting Saturday July 8, to be released as a news movie.

Louis Schneider says that the Detroit Automobile Club is sending its special sound truck to amplify the speeches to be made at the wheat field one mile east of Tecumseh.

A special feature of this fourth cutting of 14 acres on Ford land is to be a wheat cradling contest. Judges are to be Charles Figy, state commissioner of agriculture, Roy Decker, head of the Farm Crops department of Michigan State College, and Garfield Farley, prominent fruit grower, and director of the Michigan Crop Improvement Ass'n., from Albion. Louis G. Hall, county agent will be superintendent of the contest. Entries may be made anytime with Mr. Hall or Perry Hayden. Among the speakers expected will be Mrs. Bernice M. Curtiss, of Charlotte, chaplain of the Michigan State Grange, and Wm. J. Cameron of the Ford Motor Co. Students of the Edison Institute will sing. C. D. Finkbeiner, of Clinton, furnished the original cubic inch of Bald Rock Wheat that was planted four years ago that now has grown into a field that is one mile around. Each year a tithe, or one tenth of the wheat has been given to the Tecumseh Friends Church.

Miss Maxine Underwood Weds Leroy Feldkamp

Miss Maxine M. Underwood, daughter of Mrs. Ida Underwood and the late Warren Underwood of Tecumseh, and Leroy C. Feldkamp, son of Mr. and Mrs. Clarence Feldkamp of Saline, were married Saturday evening at the bride's home on East Pottawatamie street. The Rev. O. E. Priest of Clinton read the marriage service, the couple and their attendants Arlene and Harold Feldkamp, standing before an improvised altar of roses, ferns and delphinium in the bay window of the living room. Only the immediate families were present for the ceremony and wedding supper served by Misses Wanda and Frances Prielipp and Marilyn Jean Weslow.

Mr. and Mrs. Feldkamp later left on a short trip, returning Tuesday evening, and will make their home on a farm near Saline.

The bride is a graduate of Britton high school and since moving to Tecumseh has been employed in the United Savings Bank.

LEAVE FOR SERVICE

School Issue To Be Put To Vote On July 7

BOARD OF EDUCATION BELIEVES PUBLIC FAILED TO REALIZE IMPORTANCE OF VOTING

Another special election, at which time residents of the Tecumseh school district will again vote on a proposal to establish a sinking fund over a five-year period, the money to be used to build a new school building here in post-war days, will be held at the high school on Friday, July 7, between the hours of 2 and 9 p. m., it was announced today. Only one issue will be before the electors, instead of two as was the case at the June 16 election, and any person who has these qualifications may cast a ballot:

The voter must be a citizen of the United States, be 21 years of age or over, and a resident of the state of Michigan for six months and of the school district for 20 days prior to the date of the election.

A two-thirds majority vote is necessary to give the proposal approval.

The board of education decided to call the election next month after it convened in special session, last Friday evening. It was said that the board was of the opinion that the vote at the June 16 election clearly indicated that property owners were in favor of the post-war building program, and that a majority of all voters favored the issue. However, because only a small vote was cast, the limitations proposal failed to receive a two-thirds majority. In the election last week, 105 favored increasing the tax limitation and only 84 opposed it. However, 136 yes votes were necessary to obtain the two-thirds majority. On the proposal to create the sinking fund, upon which issue only taxpayers could ballot, 100 voted in favor of the proposal and 86 opposed it.

It was pointed out that it is not necessary to resubmit the issue which carried at the poll last week, (the proposal to create the sinking fund) but rather only the issue to increase the tax limitations authority.

If the proposal carries at the July election, and there seems to be every confidence that it will, then Tecumseh will, in post-war days, be in a position to consider the building of a new building without the necessity of bonding the district for the total investment.

In other words, it was pointed out, the establishment of a sinking fund by increasing the tax limitations clause, will enable the district over a five year period, to raise approximately $67,000. With this nest egg, it would then be possible to bond the district for an amount sufficient to build the necessary structure.

"Tecumseh is certain to grow after the war and this means increased school enrollment," an enthusiastic supporter of the measure said. "Our school buildings already are crowded to capacity. Then, too, if we are forward-looking enough to establish a sinking fund, which is only good business, we wont' have to pay interest on bonds to such a large extent when the time comes that a building is necessary. Sinking funds for future projects are always built up by good business corporations, and it is time that the school district was looked upon as a business corporation."

It also was pointed out that with plans and specifications ready, Tecumseh might be able to avail itself of federal aid in the post-war era, and obtain a grant from the government for 40 or 50 per cent of the cost of the new building. The district also will be able to share in the five million dollar state post-war planning fund, it was said.

The ballot which will be submitted to electors July 7 will read as follows:

"Shal the limitations on the total amount of taxes which may be assessed against property in school district No. 7, Township of Tecumseh, County of Lenawee, and State of Michigan, for all purposes except taxes levied for the payment of interest and principal on obligations incurred prior to December 8, 1932, be increased for the year 1944 to 2.2% of the assessed valuation of all property in the district; for the years 1945 and 1946 to 2.1% of the assessed valuation of all property in the district; and for the years 1947 and 1948 to 2% of the assessed valuation of all property in the district, as provided in section 21, Article X, of the Constitution of Michigan."

THE DUTIES AND RESPONSIBILITIES OF THE OFFICE

As President of the Senate, the Lieutenant Governor should be fully conversant with legislative procedure and should possess the ability to cooperate fully with the members of the Senate. He is also a member of the State Administrative Board which has a general supervision over all state business. This requires a knowledge of government and its procedures.

In the event of a vacancy, this man becomes Governor. Such a man should be a capable administrator. His long experience qualifies Vernon J. Brown as the candidate of the Republican Party for Lieutenant Governor.

FIGURE IT OUT; IT'S EASY

How many voters are there in the United States?

The Census Bureau says 88,666,555 and we are in no position to disprove the assertion. From the same source comes the information that 600,000 more women than men are of voting age.

The effect of the war upon the political races is evident from the estimate that 7,860,000 men over 21 years of age are in the armed services.

In 1940, 49,815,312 ballots were cast in the selection of Presidential Electors. This was 37.8 per cent of the population and 62.4 per cent of the citizens of 21 and over.

From these figures Tecumseh readers can, with the aid of a pencil and a few square yards of white paper, make his, or her, calculations thus determine without doubt the outcome of the presidential election of 1944.

MACON

Macon Graduation

The sixth annual commencement of Macon high school was held at the Martha-Mary Chapel, Macon Thursday evening, June 8, 1944.

A class of ten received their diplomas from Mr. Carl Hood of The Edison Institute. Mr. W. J. Cameron of The Ford Motor Company gave the address. The high school chorus sang two numbers and Miss Ros. Mary Froelich sang a solo.

The graduates were: Henry Hillan, Robert Bush, Joan Cadmus, Richard Graf, Mary Jane Hammond, Clarabelle Kerr, Wayne Kopka, Martin Korth, Jeanette Morden, and Jack Swick.

On Tuesday evening, June 4, the Senior Class sponsored an "Open House." For three periods in the evening classes were in session in the different buildings of the high school. School buses were used in transporting the over 120 visitors from one location to another. Exhibits of work done throughout the year were on display.

The Senior Vesper Service of Sunday, June 4, was dedicated to former students of The Edison Institute Schools of the Macon area who are members of the armed forces of our country, and a Service Roll of sixty-five names was presented by the class to the Martha-Mary Chapel.

INSULATE YOUR HOME

Make it COOLER in SUMMER

Make it WARMER in WINTER

Insulation works for you 24 hours out of every day, and 365 days out of every year. It is one of the best home investments that you can make.

In the summertime, when days and nights are hot, insulation is on the job. Well insulated houses are many degrees cooler; upstairs rooms are more comfortable to sleep.

In winter, when it is cold, insulation is on the job, too. It keeps the heat from your furnace IN YOUR HOUSE. It does not permit it to escape through the roof.

And, contrary to some opinions, INSULATION IS NOT EXPENSIVE. It costs approximately $50 to insulate the average size attic. And, you can buy insulation without priority.

Sidewall Shingles Help, Too

Does your house need painting? Would sidewall shingles make it cooler in summer, warmer in winter? Of course they would, and you can install sidewall shingles for about twice the cost of the average paint job.

Before you paint, consider sidewall shingles. There are many advantages besides improved appearance. And, if you act now, we can furnish the labor to do the work.

How about the "beachhead" on your doorstep?

● A NEIGHBOR OF YOURS has a mission—a war mission. It takes him to your doorstep to enlist your vitally needed help. What kind of a "beachhead" will he establish there?

Don't make it tough. This neighbor is a Victory Volunteer in the 5th War Loan. He's taking time from his work and his recreation to help Uncle Sam raise the money needed to finance the war, money needed to get the boys past the *real* beachheads—those *bitter* beachheads that cost so much more than money!

Turn him down? Ask him to come back another time? No! Don't! Don't . . . above all things . . . don't tell him you can't afford more Bonds. Make up your mind now that you're going to BUY MORE THAN BEFORE. Think of the price our boys are paying. Then pledge every dollar you can.

Decendants of A. V. Hunt IN 41st Annual Meet

The 41st reunion of the descendants of Abraham Valentine Hunt was held June 18 at the home of Mr. and Mrs. Don J. Hunt. Seventy relatives and friends were seated for the potluck dinner which was centered around a large cake in honor of Father's Day and the ninth birthday of Helen D'Arcey.

The president Don J. Hunt, presided over the business meeting. Edward Furgason was chosen president for the coming year and the 1945 reunion will be held at the home of Mr. and Mrs. Furgason in Tecumseh. The afternoon was spent socially and playing games.

Guests attended from St. Petersburg, Fla., Camp Grant, Ill., Fife Lake, Albion, Jackson, Brooklyn, Onsted, Clinton, Tipton, and Tecumseh.

DEATHS DECREASE

Deaths in Michigan were down slightly for the first three months of 1944. The Michigan Department of Health reports 14,830 deaths against 15,011 for the same period last year.

WINS COMMENDATION

Camp Chaffee, Ark. (Special)—A former Tecumseh resident who worked at the Ford plant in Detroit and who is now a tank driver in Headquarters Company, 16th Armored Div., Combat Command "B" was one of fifteen officers and men who received Division commendations from Major General Douglass T. Greene, division commander, at recent ceremonies here.

He is Tec. 5 Donald L. Graff, who was commended as driver of the light tank that scored the highest in the division tank gunnery tests.

Tec. 5 Graff, the son of Otto Graff, of Saline, is a graduate of the Macon Ford High School. His wife, the former Miss Dorothy L. Gregez and their 4-month old daughter Janice now live in Tecumseh.

26,000 BABIES

During the first three months of 1944 there were 26,115 babies born in Michigan, compared with 30,260 births during the same period last year. This decrease is general throughout the country.

RAYNOR F. MARSHALL TO BE BURIED FRIDAY

Raynor F. Marshall of Clinton, aged 52 years, died Wednesday morning at Tecumseh hospital where he had been a patient since Monday. Mr. Marshall was the son of the late Frank and Helen McCook Marshall and was born in Franklin township. He had lived in Clinton since a small child and was a graduate of Clinton high school. He had served as township and village clerk for 20 years, and for several years had conducted an insurance business.

Survivors are a niece and a nephew both of Dearborn and several cousins.

Funeral services will be held Friday afternoon at 3 o'clock at the Hause Funeral Home, Rev. O. E. Priest officiating. Burial will be in Riverside cemetery in Clinton.

NEWS OF OUR MEN AND WOMEN IN UNIFORM

Somewhere in the Southwest Pacific

Dear Editor:

Have been receiving your paper quite regularly since October. So I decided it was due time to write you a short letter to sort of show my appreciation and to express my thanks.

Have been overseas nearly two years, and have seen two campaigns including the one I am now participating in. At present I am sitting at the edge of my fox-hole looking out for Nips that are holed up just across the river. They are a quiet bunch and haven't given us much trouble as yet.

The island is of the typical jungle type and contains every thing but the romance and beauty that is often depicted in the movies. There are no Lamours over here and what beauty there is, is "shaken" due to the fact one can't fight Japs and enjoy scenery at the same time. It only rains once a night and the mosquitoes are on duty 24 hours a day. The ants are abundant and we have lizards by the thousands. Our biggest enjoyment is swimming in the ocean and reading news from home. "Eating from a can was fun, but as time goes on, it grows quite monotonous. There is just one things that keeps me going and gives me courage to grin when things seem the darkest. I know that some day I can return to the best little town in the world. In closing this letter I wish to thank you, your paper and all the people for all their thoughtfulness and consideration to us guys "over here."

Sincerely,
George Baughey.

24,873 CASES MEASLES

From January 1 through June 9 there were 24,873 cases of measles reported to the Michigan Department of Health. During the same period there were reported 1,873 cases of whooping cough, 6,051 cases of scarlet fever and 116 cases of diphtheria.

It's a Grand and Glorious Feeling!

When, after you've put the best that you had into getting a fine litter of pigs to see them fill out and become fine large money makers.

If you want to be sure of that feeling that so many feeders of Hayden's Hog Balancer express to us at the mill, here is the secret, boiled down in a nut shell.

1—Mix Hayden's Hog Balancer in the right proportion, according to the weight of your pigs.

2—Keep plenty of this mixture before your pigs always, with plenty of fresh water.

HELL DIVING'S HIS JOB ..LENDING IS YOURS!

WITH GUNS BLAZING and a prayer in his stout heart, this American fighter is hell-bent on destruction of our enemies. HE is not thinking of how little or how much he's doing to help win the war. For him, the chips are down; but his fighting spirit is as high as the heavens from which his plane is diving.

In cramped foxholes and disease-infested jungles, on sun-scorched beachheads—under and over the seven seas—other Americans are matching his courage. And their name is legion. They KNOW that war is a bloody business; that their lives, as well as yours, are now at stake. You cannot—you must not—let them down.

Is it asking *too much* of you to back these men up by buying more, and still more, War Bonds? There can be but one answer. You'll find it in your own heart.

And remember, too, as you dig deeper than ever before into your pocketbook or cash surplus, that the Fifth War Loan MUST raise 16 billion dollars. It is the *greatest financing drive* the world has ever known . . . to back up the *greatest invasion* drive the world has ever known.

And Here Are 5 *MORE* Reasons for Buying EXTRA Bonds in the 5th!

1. War Bonds are the best, the safest investment in the world!

2. War Bonds return you $4 for every $3 in 10 years.

3. War Bonds help keep prices down.

4. War Bonds will help win the peace by increasing purchasing power after the war.

5. War Bonds mean education for your children, security for you, funds for retirement.

Claude L. McGuffie and Caroline McGuffie, Plaintiffs

vs.

James Whitney, Marian Stephens, Asher Stevens, Marian Stevens, Abel Whitney, Nicholas Fratts, Daniel K. Underwood, Mrs. Daniel K. Underwood, George Martin, Mary Frances Martin, or their respective unknown heirs, devisees, legatees or assigns,

Defendants.

At a session of said court held at the Court Room in the City of Adrian, on the 31st day of May, A. D. 1944.

Present, Honorable G. Arthur Rathbun, Circuit Judge.

In this cause it appearing from the bill of complaint on file that it is not known whether the above named defendants are living or dead, or whether they, or any of them, have heirs, devisees, legatees or assigns, and that the names of the persons who are included as defendants herein without being named cannot be ascertained, after diligent search and inquiry,

On motion of L. B. Kuney, attorney for the plaintiffs, IT IS ORDERED that the appearance of the said defendants be entered herein within three months from the date of this order, and that plaintiff cause this order to be published according to law.

G. ARTHUR RATHBUN (signed)

What news will Gen. Eisenhower get from us?

You know now what we've heard from him.

We've heard that Eisenhower and his Americans have hurled themselves like a thunderbolt against the bristling defenses of Hitler's Wehrmacht!

We've heard that they are smashing at our foe — sparing neither steel nor sweat nor blood in one final, furious assault that marks the supreme military effort of this War!

And what news do Eisenhower and his men expect from *us*?

Men and women of America — what the Invasion is to our fighting men, the 5th War Loan is to us at home!

For us, as well as for them, this is the crisis — the time for tremendous, overwhelming effort! Make no mistake! The 5th War Loan will undoubtedly be the biggest, most vitally important financial effort of this whole War!

If the 5th War Loan is to succeed, each one of us must do more than ever before — must buy double . . . yes, *triple* . . . the Bonds we bought last time.

Our men expect to hear that we *are* buying double — that we are matching their sacrifice as best we can — that the American nation, soldiers and civilians together, is making one gigantic effort to win this War!

That's the news our men expect to hear from us.

Will you *personally* see that they get it?

And here are 5 More reasons for buying Extra Bonds in the 5th!

1. **War Bonds are the best, the safest investment in the world!**
2. **War Bonds return you $4 for every $3 in 10 years.**
3. **War Bonds help keep prices down.**

Britton Boy Tells of Rome

LIEUT. PALMER WAS FIRST INFANTRY OFFICER TO ENTER CITY AFTER ITS CAPTURE

Lt. Douglas A. Palmer who is with the Fifth Army in Italy, writes his wife and parents, Mr. and Mrs. Willis Palmer of Britton that he had the privilege of being the first infantry officer to enter Rome. His rifle company formed the point as the infantry entered the city on a main highway. Lt. Palmer was much impressed by the beautiful city with its ultra-modern buildings. The Vatican City could be seen in the distance and he regretted having no time to visit it. He stated the Italians were overjoyed to see the American soldiers and although having little to give, wanted to give them practically all they had.

Lt. Palmer was inducted into the army in August 1941 and has been overseas since February 1944.

Mrs. Edith Smith Is New Regent of D. A. R.

Abi Evans Chapter, Daughters of the American Revolution, held their annual picnic Friday at the home of Miss Irene Wisner near Tipton, with Mrs. Don McClure and Mrs. Ralph Ruesink the assisting hostesses. Thirty-two members and guests attended including Mrs. E. T. Rosacrans of Los Angeles, Calif., a former regent of the chapter.

Mrs. Ruesink gave a history of her great-great-grandfather Jehiel Wisner and of the farm where the picnic was held which has been in the Wisner family since 1832. The chapter visited the grave of Jehiel Wisner nearby which has been marked with a boulder from the farm and with a bronze plaque of a Revolutionary soldier.

During the business session Mrs. Edith C. Smith was installed as regent and she appointed Miss Edith Ingersoll, Mrs. Hoyt Whelan, Mrs. C. H. Williamson, Mrs. F. C. Dickinson and Miss Ethelyn Garlinghouse to arrange the programs for the coming year. Miss Corleone Hunt was received to membership in the chapter.

THE TECUMSEH HERALD

NINETY-FOURTH YEAR—NUMBER THIRTY-NINE | TECUMSEH, MICHIGAN, THURSDAY, JUNE 29, 1944 | FIVE CENTS PER COPY

Recreation Is Popular Place

INTEREST IN CHURCH LEAGUE SOFTBALL INCREASING; NIGHT GAME HERE, FRIDAY

Tecumseh Recreation Center, this year under the full-time direction of Fred Raizk, athletic director at the high school, is becoming one of the most popular playtime spots in northeastern Lenawee, with activities for youngsters and oldsters every afternoon and evening.

"We are having some grand fun at the Center, but what we need now is more participants in our sports. We have excellent crowds of spectators, and we'd like to make more of the spectators players. I just wonder if everybody understands that it costs nothing to participate in the sports. I'd like to see twice as many folk joining in our activities," Coach Raizk declared.

The Tecumseh church softball league is probably the headliner at the center, playing games each Monday, Thursday and Friday evenings. The first game is at 6:30, the second at 7:45.

"These games are full of fun and they are attracting large crowds," the coach commented. "Right now the Presbyterians and Friends are tied for first honors, each having won two games with only one loss. These games are free to the public."

The first "under the lights" it necessary softball game of the season will be played here on Friday evening, starting at 8:30. This contest will be between the Tecumseh Products team and the Dove Brothers team from Adrian. The coach expects this game to attract a big crowd, and he also hopes that more of the contests will be booked.

A "kids" baseball game, between the East End Tigers and the West End Giants, played each Tuesday evening, also is a popular attraction. Strange as it may seem, it is attracting almost as large a crowd as the church games.

The playground equipment at the center is arriving and the children of Tecumseh are joyed with the contests that have been arranged.

"It won't be long now before all equipment will be in place and we are planning a village-wide picnic or party with games and contests," Raizk said.

"We now have two women's archery clubs meeting every Monday and Tuesday evenings, and we'd like to have more such clubs. Of course, they would have to meet some other evenings. Also, we would like to organize a girls' softball team. Anyone interested in such an organization should see me. We will furnish the bats and balls," the coach commented.

The remaining schedule of the church league softball, first game at 6:30, second game at 7:45, follows:

June—Thursday, 29, Methodists—Baptists, Presbyterian—St. Peters; Friday, 30, Lutherans—Friends, Baptists—Methodists.

July—Monday, 3, Presbyterians—Baptists, St. Peters—Methodists; Thursday, 6, Lutherans—Methodists, Baptists—Friends; Friday 7, Lutherans—St. Peters, Presbyterians—Friends; Monday, 10, Friends—Methodists, Baptists—St. Peters; Thursday, 13, Presbyterians—Lutherans, St. Peters—Friends; Friday, 14, Lutherans—Baptists, Methodists—Presbyterians; Monday, 17, Baptists—Lutherans, Presbyterians—Methodists; Thursday, 20, Friends—St. Peters, Lutherans—Presbyterians; Friday, 21, St. Peters—Baptists, Methodists—Friends; Monday, 24, Lutherans—Methodists, Presbyterians — Friends; Thursday, 27, Baptists—Presbyterians, Methodists — St. Peters; Thursday, 27, Baptists—Presbyterians, Methodists—St. Peters; Friday, 28, Friends—Baptists, St. Peters—Lutherans; Monday, 31, St. Peters—Presbyterians, Friends—Lutherans.

August—Thursday, 3, Methodists—Baptists, Presbyterians; Friday, 4, Lutherans—Friends, Baptists—Methodists; Monday, 7, Presbyterians—Baptists, St. Peters—Methodists; Thursday, 10, Lutherans—Methodists, Baptists — Friends; Friday, 11, Lutherans—St. Peters, Presbyterians—Friends; Monday, 14, Friends—Methodists, Baptists—St. Peters; Thursday, 17, Presbyterians—Lutherans, St. Peters—Friends; Friday, 18, Lutherans—Baptists, Methodists — Presbyterians.

Sinking Fund Vote, July 7

ABSENT VOTER BALLOTS MAY BE OBTAINED AT OFFICE OF THE SUPERINTENDENT

Persons who, because of illness or absence from the district, will be unable to cast their vote at the school district's special sinking fund election on Friday, July 7, may obtain absent voter ballots, it was said today by W. L. Berkhof, superintendent of schools.

"We have such ballots now available and they may be obtained by application in letter or in person to the secretary of the board of education at the superintendent's office at the high school," Mr. Berkhof said. He also explained that the ballots must be voted and placed in a sealed envelope and mailed to the secretary of the board. The outside of the envelope must be marked "'Ballot" and must be in the hands of the secretary before the polls open on election day.

The election next week is the second special poll at which residents will vote on a proposal to establish a sinking fund over a five-year period, the money to be used to build a new school building in post-war days. The election will be held at the high school and the polls will be open from 2 to 9 p. m. To qualify as a voter you must be a citizen of the United States, over 21 years of age and a resident of the state for six months and of the school district for 20 days. A two-thirds majority is necessary to give the poposal approval.

Voters in next week's election will decide only one issue, whether the tax limitations clause should be increased, enabling the district to establish over a five year period, a sinking fund of approximately $67,000, the funds to be used after the war to aid in financing a new building program. The sinking fund would act as a nest egg and relieve the taxpayers of a heavy interest load on bonds for such a building, it was said.

In the first election, held three weeks ago, the voters by majority, approved the establishment of a sinking fund for the building program.

REV. E. T. RODDA TO BE HERE FOR 2 WEEKS

Rev. John R. Scarlett and family will be at Camp Frisbie, Waterford, Michigan, for two weeks beginning Saturday. This is the Diocese of Michigan camp for younger boys and Rev. Scarlett will be camp chaplain and religious education director for that period.

Rev. E. Thomas Rodda, rector of St. Peters in 1942-43, now rector of St. Thomas church in Trenton, will conduct services at St. Peters church during Mr. Scarlett's absence and with his family will reside at the rectory for that time.

State Praises Health Survey

COMMUNITY COMMENDED ON VACCINATION PROGRAM CARRIED OUT BY HEALTH GROUP

Tecumseh received the commendation of the Michigan Department of Health last week when Dr. Hugh Robins, director of the Calhoun County Health Department, representing Dr. Wm. De Kleine, state commissioner, visited this village and evaluated the recent school health program, carried out under the direction of the Tecumseh Health Education Committee. The committee invited local physicians and the board of education to sit in at the meeting.

Dr. Robins declared that the program of immunization (vaccination for smallpox) was well planned and efficiently carried out. He urged the committee to make immediate plans for the next step in the program, immunization against diphtheria.

As a result of the recent vaccination program, 83 per cent of the school children locally are now protected against smallpox. The state desires that the protection level never fall below 80 per cent. Before the program was started, only eight per cent of the school children were protected.

The local health committee pointed out that Lenawee is one of the few counties in the state without some kind of a county health unit and expressed the hope that by the example set in the local immunization program, other communities in the county will follow, and that there will be a place in the post-war panning for a county-wide agency. The committee expressed its thanks to everyone who took part in the recent program and its appreciation for the excellent cooperation.

Hospital Laboratory Fund Near Half Way Mark

The drive for funds for the Tecumseh Hospital laboratory with a goal of $1000 has nearly reached the half-way mark. Activities of the Hospital Auxiliary augmented by numerous contributions, plus the splendid donation realized by the Tecumseh Garden Club, makes the Auxiliary feel that the laboratory which had long been their dream, is now a definite thing instead of a dream.

Many people and organizations who have not been able to patronize the various social events have aided by cash contributions. The Auxiliary is very grateful to everyone who has hoped realize this sum since February of this year and earnestly hopes that further activities and interest of the people of Tecumseh will carry this drive well over the top.

Following is a list of contributions to date:

Miss Bessie VanAntwerp...	$ 25.00

Woman Killed In Road Crash

MRS. HARLEY LAMSON FATALLY HURT IN ACCIDENT NEAR MANCHESTER, SATURDAY

Mrs. Harley Lamson, who suffered a skull fracture and other injuries in an automobile accident near Manchester Saturday night, died Tuesday morning at Tecumseh hospital, never regaining consciousness.

Mr. and Mrs. Lamson and daughter and Mrs. Wm. Lamson and children were on their way to Chelsea and near Manchester stopped because of a flat tire. Mrs. Wm. Lamson, who was driving, left to telephone for aid and the car was struck by a Ford Motor Co. truck, driven by Irwin Blumenauer of Manchester. Mrs. Lamson, who was in the back seat received the full impact of the crash. Mr. Lamson was bruised about the head. The car was wrecked.

Mrs. Lamson who was 49 years of age was born in Chelsea March 29, 1895, and was formerly Bertha C. Bareis, daughter of Mr. and Mrs. J. J. Bareis. She had made her home in Tecumseh for 12 years and was a member of Jehovah's Witnesses.

Besides her husband Mrs. Lamson leaves her parents in Chelsea, three daughters, Mrs. Margaret Robinson of Tecumseh, Mrs. Hazel Pfeifle and Mrs. Virginia Norquay of Adrian, a brother Fred Bareis of Jackson, two sisters Mrs. Loraine May of Chelsea and Mrs. Louise Townsend of St. Louis, Mo., and three grand children.

Funeral services will be held Friday afternoon at 2:30 at the Collins Funeral Home with burial in Brookside cemetery. George Snyder of Jackson will conduct the service.

SAME OLD STORY

Don Goddard, local angler, says that fishing in Lenawee lakes, which opened on Sunday, is "the same old story." And to prove his point, Don tells of catching a dozen or so bluegills and perch, but, he says, the big bass got away. I'd like to see the year when the big one stayed on the hook," was Mr. Goddard's comment.

Merle Lanning Fatally Hurt

EMPLOYEE OF STATE HIGHWAY DEPARTMENT HIT BY TRUCK; BURIED HERE, SUNDAY

Merle Lanning, an employee of the state highway department, suffered fatal injuries Thursday afternoon while mowing weeds on the berm of US-112 near Marshall, when his machine was struck by a semi-trailer. He died two hours later in a BattleCreek hospital.

Mr. Lanning who was 40 years of age, was the son of Mr. and Mrs. Bert Lanning of Tecumseh and had lived here nearly all his life, moving to Marshall a few years ago.

Besides his parents he leaves the widow formerly Irene Kempf of Tecumseh, two daughters Norma Jean and Dorothy, a half brother Ned Lanning in the armed service, a half sister Dola Lou Lanning and a step-sister Mrs. Cecil Alderdyce of Tecumseh.

Funeral services were held in Marshall Sunday morning and at the Belding Funeral Home here in the afternoon. Rev. K. K. Holt of Marshall officiated and burial was in Brookside cemetery.

Funeral Service Held For Mrs. Robert Jones

Private funeral services were held from the Belding Funeral Home here Tuesday afternoon at 4 o'clock for Mrs. Robert Jones, aged 92 years, who died Sunday morning from heart failure at the home of her daughter, Mrs. Glenn L. Williams on West Chicago Boulevard. The Rev. John R. Scarlett, rector of St. Peter's Episcopal church, officiated, and burial was in the mausoleum at Brookside cemetery. Bearers were Stuart Perry and Chas. G. Hart of Adrian, Guy Belding, John Thompson, George Adamson and Earl Wickwire of Tecumseh.

Mrs. Jones, whose maiden name was Nell Jones, was born in Ontario near Windsor and came when a young girl to Chicago where she was married to Mr. Jones who died about 1880. She lived in Hinsdale, Ill., until 1912 when she made her home with her daughter in Adrian, removing to Tecumseh in 1930.

Besides Mrs. Williams, her only child, she leaves a sister, Mrs. May McArthur of New Jersey, and a granddaughter, Miss Frances Williams of Tecumseh.

WED 30 YEARS

Australian Bride

Pfc. and Mrs. De Puy

William DePuy Weds Australian

MISS MONA SOUWER IS HIS BRIDE AND HOPES TO VISIT TECUMSEH SOON

Mr. and Mrs. Neil E. DePuy of 219 South Pearl street, recently received word of the marriage of their son, Pfc. William N. DePuy, to Mona Souwer, only daughter of Mr. and Mrs. Max Souwer of Brisbane, Australia, which took place April 12, 1944.

Pfc. DePuy was employed at Tecumseh Products Co., before his induction into the army with the National Guards. He went to Australia in April 1942, then to New Guinea during the fighting at Buna and Buna Mission, and later returned to Australia. After a siege of malaria he was transferred to Headquarters S. O. S., A. P. O. 501, where he is doing clerical work.

Mrs. DePuy is of Holland descent, her parents coming to Australia several years ago. She attended government schools and was governess and teacher in a private kindergarten after her graduation. At the outbreak of the war she resigned and is now stationery clerk at the Brisbane Airport.

She will come to the States and to Tecumseh as soon as arrangements can be made. William hopes to be home around Christmas time, if possible.

Friday's Rain Over 4 Inches

One of the most severe electrical storms in the memory of residents of Tecumseh, accompanied by a rainfall of 4.57 inches in approximately five hours, swept this section of Lenawee county last Friday morning, beginning a few minutes before 1 a. m., and lasting until nearly 6 o'clock. Local recordings of rains indicate that more water fell during the storm than in any previous one in 25 years.

The first thunderstorm came out of the northwest, observers say, and was met in this section by another storm which rode in from the south. The two electrical disturbances lighted the sky almost constantly for nearly five hours and the thunder that accompanied the storm was terrific. Residents in all sections of Tecumseh were awakened and houselights burned as brightly at 3 a. m., as they did during the previous evening. Strangely enough, there was damage from the lightning locally.

State and county highway officials declared that the storm did terrific damage to all roads. In many places in the county trunk lines were along the River Raisin were flooded and low fields in all sections of the county were under water. Several corn fields between Tecumseh and Adrian still were under water, yesterday.

CLASSMATES REUNION

A reunion of six former schoolmates from Clinton high school was held recently at the home of Mrs. Wade Hendershot. Those present were Mrs. Sarah Lancaster Libs, Mrs. Ann Knight Bailey and Mrs. Marjorie Hard McPhail of Adrian, Mrs. Leora Anglemyer Hause of Clinton, Mrs. Margaret Kehoe Breitenwischer and Mrs. Hendershot of Tecumseh.

JOINS NURSES' CORPS

Miss Lucy Dell, a member of Tecumseh Hospital Nursing staff was in Detroit Thursday where she passed her examination for the Army Nurses' Corps.

ILLINOIS PICNIC

The annual Illinois Club picnic will be held July 9 at the Britton Park.

Potluck dinner featuring fried chicken will be serve at 1 o'clock.

"E" BOND SALES HIT $68,000

TECUMSEH HAS RAISED NEARLY A THIRD OF ITS QUOTA IN FIFTH LOAN CAMPAIGN

Nearly one-third of Tecumseh's Fifth War Loan quota of $378,000 had been subscribed as of last evening, John R. Thompson, cashier of the United Savings Bank and co-chairman of the War Finance Committee here, announced. Total bond sales as of yesterday amounted to slightly more than $120,000 and of that amount $68,000 were in "E" bonds. Tecumseh's "E" bond quota is $86,000.

"Our 'E' bond sales are very good and we should exceed our quota," was Mr. Thompson's comment. "Now we have got to begin to push a little harder on the 'other bond' quota to assure success in the drive."

Lenawee county's quota in the Fifth Loan is $3,538,000 and as yet only slightly more than three-fourths of a million of that amount has been subscribed. The city of Adrian's quota is $2,204,000 and sales around the $300,000 mark. Palmyra and Manitou Beach are the only two communities to reach their quota. Britton is nearing its $11,2000 quota but the village of Clinton has nearly $100,000 of its $113,000 quota to raise.

"Tecumseh is coming through in its usual good style and I have no fear but that we will hit our quota and exceed it," was the comment last evening of W. L. Berkhof, general chairman of the campaign here.

"This community is back of its boys and the war effort 100 per cent. We have never failed in any loan campaign and I know that we will not fail this time," Mr. Berkhof said. "I'm very pleased with the reported sale of 'E' bonds, and I hope that we hit $100,000 in that classification. It is the 'E' bonds that we want to sell. 'E' bonds are the people's bonds, and believe me the man or woman or child who buys a $25 bond is just as important as the big bond buyer."

Mr. Berkhof said that beginning next week special emphasis will be placed on the sale of "other bonds" to large buyers to hurry Tecumseh's quota over the top.

DYNAMIC KERNELS PROGRAM TO BE ON THE AIR NEXT WEEK SATURDAY

W.J.R. will be in the Dynamic Wheat Kernels program July 8 at 10 a. m. and will rebroadcast from 1:30 till 2 in the afternoon the highspots of the morning's program.

Universal News Reel will take movies. Edison Institute students will sing, to the accompaniment of an electric organ. A cradling contest will be conducted, with Chas. Figy, commissioner of agriculture, Roy Decker, of M. S. C. and Garfield Farley, prominent Albion farmer, as judges. Louis Hall, county agent will be superintendent of the contest, and C. D. Finkbeiner of Saline, who furnished the original cubic inch of wheat in 1940, will assist.

Triumph Self Rake Reaper, used by Henry Ford, upon which he cut 25 acres of wheat on his farm in Dearborn when a lad of 11 years, will be used to cut a portion of the 14 acre field. It will be drawn by Leroy Matthew's team.

Mrs. Bernice M. Curtiss, state chaplain of the Michigan Grange, will speak. The Tecumseh Grange has voted to supply labor for the harvesting of the fourth crop. They will also set up lunch stands for the visitors to the affair July 8. Those desiring to enter the cradling contest should register now with Louis Hall, or Perry Hayden.

TO ENJOY PICNIC

The Women's Society of Christian Service of the Methodist church will meet Thursday, July 13 at the home of Mrs. W. G. Waldron for their regular meeting and a picnic supper. Those attending are to meet at the church at 3 o'clock or call Mrs. Dora Warren or Mrs. Geo. Green if transportation is desired.

The regular luncheon of the society has been postponed from July 5 till July 12, because of the holiday.

GETS TRANSFER

Alc Jack Gooding has been transferred from Gunter Field, Alabama, to Freeman Field, at Seymour, Ind.

NO RED TAPE TO GET YOUR TIRES RECAPPED

The Lenawee ration board has warned that tires are scarce, that quotas are exhausted. That's reason enough for you to protect the tires you have, if you desire to continue to drive. Bring your tires to us for inspection. If they need recapping, we have the work done for you, promptly and efficiently.

"ZOOT SUITERS" AGAIN

The "zoot-suiters" are reported in Montreal, Canada, where police and military authorities recently broke up a score of fights which resulted from attacks by "zoot-suiters" on soldiers and sailors spending a weekend.

This reminds us of clashes which occurred in this country where the wearers of "zoot-suits" were manhandled. Exactly what this fighting was about has always escaped us.

Sidewall Shingles Add Style to a Home

There are so many advantages to covering your house with sidewall shingles that they are hard to enumerate. However, not least among the group is STYLE. Look around you. See the homes that wear sidewalls and notice how they stand out, what an excellent appearance they make.

Sidewall shingles cost approximately twice the cost of a two coat paint job. You can, therefore, see how economical they are, because they last far, far longer than paint and require but little care.

Another advantage is the insulation sidewall shingles give. They make your house cooler in summer, warmer in winter. Your fuel bill is less, summer comfort is far greater.

Consider these advantages, then put sidewall shingles on your home.

Insulate This Summer!

We Can Furnish the Labor, Too

If you act within a reasonable time, we have the labor available to sidewall your home. We also can furnish the labor for roof shingles, too.

A glance around town will show you that many are turning to sidewall shingles. If you'd like to have your house in new dress this fall call us NOW.

Insulation is another advantage in these days of hot weather and also in the fall and winter when fuel is rationed, too.

Contrary to some opinions, the cost of insulation is very, very reasonable. To insulate the attic of the average size home, the cost is not more than $50.

Consider, if you will, the low cost of insulation and you'll see how it is possible to save more than the cost in fuel in three to four years.

Call us for an estimate on your home.

NOTICE OF CLOSING OF HIGHWAY

On the 24th day of June 1944 at a meeting of the Lenawee County Road Commission, Commissioner Swick offered the following Resolution and moved its adoption:

RESOLVED, that the Lenawee County Road Commissioners pursuant to Act 52 of the Michigan Public Acts of 1943, abandon and discontinue the following described highway located in the County of Lenawee and State of Michigan, described as follows:

A strip of land of the uniform width of sixty six (66) feet, the center of which lies on the north section line of section two (2), township of Raisin, between the north and south highway at the northwest corner of said section and the north and south highway at the northeast corner of said section.

Further, that it is the belief of the said Road Commissioners that it is to the best interests of the public that the portion of the highway above described be absolutely abandoned and discontinued.

Resolution was adopted by the following vote:

Yeas: Swick, Hillard and Stone.

Nays: None.

THE OLD JUDGE SAYS...

"I can't think of anything else you'll need for your Victory garden, Judge... you've got pretty nearly everything."

"I think so, too, John. Ever get your asparagus patch going?"

"I gave that up last year, Judge. Tried it six years in a row with no luck. Just haven't got the right soil, I guess?"

"Well, I think you're wise, John... no use keeping on trying things you know won't work. Just like prohibition. State-wide prohibition has been tried in this country seventy-two times in the last ninety years. It has been adopted forty-seven times in the past thirty-three years and discarded everywhere except in three states. Same thing was tried in eight provinces in Canada and in Norway, Sweden, Finland and Russia but it was an admitted failure and universally abandoned.

"The reason is *prohibition does not prohibit.* All you get is bootleg liquor instead of legal liquor, plus no end of crime and corruption."

HAYDEN
HEN HUMPER
Hayden Flour Mills Tecumseh, Mich. June 29, 1944

After All, It's a Good Feed That Every Hen Really Needs!

Sunshine and water and grass are all mighty important factors in the development of growing pullets. But any one, or all three of these will not do the job alone.

Too many poultry raisers do not realize the importance of feeding a good balanced growing ration. During the summer months too many chicks are allowed to shift for themselves, on mostly grass, and water and bugs. Range pasture is excellent for growing pullets, but be sure your pullets have plenty of clean fresh water and HAYDEN'S GROWING ration at all times.

We have winter garments by the dozens in our shop that have been cleaned and pressed and ready for the owners.

These garments are taking up space that we need badly, due to increased cleaning demands.

If you have winter garments in our shop that have been here longer than two weeks, won't you please call for them? We'll appreciate your kindness, and we know that you'll be happy to cooperate.

Cut Down the Time!

If you want to cut down the time between farrowing and marketing, here is a sure fire plan.

1—Be sure to have your own grain properly balanced with Hayden's Hog Balancer, always.
2—Since a hog's body consists of 70 per cent water, be sure to have plenty of fresh water before the hog at all times.
3—If you have a pasture available, move the feeder and waterer out there. But be sure that the water is not over 10 to 15 feet away from the feeder.

Good pasture will save from 10 to 18 per cent of your feed bill. But remember that the better you balance your ration the quicker you'll get to market.

THIS BEACHHEAD IS BIG ENOUGH FOR ALL OF US

RIGHT NOW, while you are reading this, men are dying—American men, giving their lives to establish beachheads from which they can sweep on to Victory.

That's *their* duty—to smash the Nazis and the Japs, and all they represent, once and for all—to make this a better world to live in—for *you*. And they never stop to ask the cost.

You're an American—*you* have a duty, too! Here's *your* chance to do *your* share—to fight by their side on every bitter beachhead in the world. The 5th War Loan is on—the biggest Drive for Dollars in all history. You *know* how you can help: BUY WAR BONDS WITH EVERY DOLLAR YOU HAVE! Now is the time to buy *extra* Bonds—as many as you can.

If you are already buying Bonds on a payroll savings plan, whoever you are, whatever you do, ask yourself this question: "What did I do today that some mother's son should die for me tonight?" Then *double* the Bonds you bought before—make them *know* you're with them! And not next week or next month, but NOW, when every bullet and every dollar counts MOST!

And Here Are 5 MORE Reasons for Buying EXTRA Bonds in the 5th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you $4 for every $3 in 10 years.
3. War Bonds help keep prices down.
4. War Bonds will help win the Peace by increasing purchasing power after the War.
5. War Bonds mean education for your children, security for you, funds for retirement.

April 28, 1944.

The Honorable President and Trustees,
Village of Tecumseh,
Tecumseh, Michigan.

Gentlemen:

Pursuant to engagement, we have an audit of the books of account and records of the VILLAGE OF TECUMSEH AND THE TECUMSEH CEMETERY ASSOCIATION for the period February 21, 1943 to February 20, 1944.

In connection therewith, we have reviewed the system of internal control and the accounting procedures of the Village of Tecumseh and Cemetery Association, and without making a detailed audit of the transactions, have examined or tested accounting records and other supporting evidence, by methods to the extent we deemed appropriate.

Verification of the Securities, in the Perpetual Care Fund of the Cemetery Association, was made at April 26, 1944. Securities are shown in the Inventories at face or nominal value, without present appraisal.

We certify that, in our opinion, the attached Condensed Statements of Receipts and Disbursements of the Village of Tecumseh and of the Tecumseh Cemetery Association present the result of the transactions for the period under review, as further explained in our Audit Report dated April 28 ,1944, which forms a part hereof and is on file at the Clerk's office.

Respectfully submitted,
ROBERT G. FULLER & COMPANY,
CERTIFIED PUBLIC ACCOUNTANTS.

THE TECUMSEH HERALD

NINETY-FOURTH YEAR—NUMBER FOURTY | TECUMSEH, MICHIGAN, THURSDAY, JULY 6, 1944 | FIVE CENTS PER COPY

Tecumseh Near Goal On Bonds

SALES HERE AS OF LAST NIGHT TOTALED $351,529.50; QUOTA HERE IS $376,000

Tecumseh is within less than $26,000 of its Fifth War Loan quota, John R. Thompson, cashier of the United Savings Bank and co-chairman of the War Finance Committee here, announced last night. Totals as of yesterday, Mr. Thompson said, were $351,529.50. Tecumseh's quota is $376,000.

"We are also doing an excellent job in the sale of "E" bnods," Mr. Thompson said. "Our "E" bond sales of last night amounted to $82,475 against a quota of $86,000. I am predicting that we will far exceed it."

W. L. Berkhof, general chairman of the committee, expressed his gratitude at the showing that Tecumseh is making in its war bond sales.

"I said at the outset of the campaign that Tecumseh always comes through and that it would come through again this time. I think that I was right, and I am predicting that before the drive is over our totals here will near the $400,000 mark."

State-wide the bond sales are lagging and every effort is being made to push Michigan over the top in the campaign which officially ends on Saturday. Lenawee county, too, is quite distant from its goal but it is believed that late buying this week will shove the figures up, substantially.

Hey, Listen, Skinney! A Circus Is Comin' To Town

James Dewey, general representative of the Mills Bros., 3-Ring Circus was in the city this week completing final arrangements for the appearance of the show here. Mills Bros. Circus is a vast tented city with innumerable performers, animals and all the varied attractions that go to make the circus, a favorite "Must See" on your amusement list. Monday, July 24 is the date and 2 and 8 p. m. is the time on that date. Circus grounds is the place. Main entrance opens at 1 an 7 p. m. on circus day.

The circus is being sponsored in Tecumseh by Fire Department and through special arrangements with the sponsoring organization a special student's ticket will be placed on sale, ten days in advance of circus day. A low price has been placed on these student's tickets but they must be purchased before circus day.

Adult tickets are on sale NOW by all members of the sponsoring organization and the sponsoring committee receives a much greater return from advance sale of adult tickets.

SGT. PAUL PALMER IN FRENCH INVASION

Sgt. Paul W. Palmer, husband of Mrs. Margaret S. Palmer of Jackson, and son of Mr. and Mrs. Ernest Palmer of Britton, received his baptism of fire in the week preceding the Allied landings in France on June 6, according to information received by his parents.

Gunner on an Eighth AAF Flying Fortress, Sgt. Palmer, according to a delayed dispatch, made his first missions with a formation which hamlered the French invasion coast prior to an on D-day. The veteran combat group to which Sgt. Palmer is assigned has been cited by the President for gallantry over Germany and occupied Europe.

Sgt. Palmer joined the army on March 13, 1943, and has been overseas for about two months and for a time was located in England.

ON STATE COMMITTEE

Mrs. Ayesha Laidlaw, local homemaking teacher, is a member of a special Michigan Vocational Association committee which confered with officials of the University of Michigan regarding possible revision of University entrance requirements so as to provide for the recognition of work taken by students in vocational fields. Mrs. Laidlaw served as the state representative of the homemaking teachers on the committee which held its first meeting in Ann Arbor, Wednesday afternoon.

80 YEARS OLD

William Gibson will celebrate his 88th birthday Friday, July 7.

Governor and State Officials to Watch Dynamic Kernels Cutting Here Saturday

That the word of God is mightier than a two edged sword is being dramatically proven by the Tithing Wheat project started by Perry Hayden in the fall of 1940. It was on a Sunday morning, September 22, 1940, that a young ministerial student from Newport News, Virginia, by the name of Clifton Robinson preached in the Tecumseh Friends Church. His text was taken from John 12:24 in which our Lord says "Verily, verily, I say unto you, except a kernel of wheat fall into the ground and die, it abideth along, BUT IF IT DIE, it bringeth forth much fruit."

Acting upon the inspiration of that, Perry sought the aid of Edgar Clark, superintendent of the Macon Ford Farms, who promised a plot of ground to start the project. C. D. Finkbeiner, a grower of pedigreed seed at Clinton supplied the wheat—one cubic inch—and the project began. With the aid of students from the Macon area of the Edison Institute, the one cubic inch of wheat, exactly 360 kernels of Bald Rock wheat, was "buried" on Thursday, September 26, 1940.

With the purpose in mind of proving scripture, it was decided at the very outset that one tenth of the yield each year would go to the Lord, in this case to or through the treasurer of the Tecumseh Friends Church. And so when the first crop was cut by sickle, threshed in a flour bag with a carpet beater, and seperated by lung power in the Hayden home August 18, 1941, it was found that the one cubic inch had grown to 50. On August 24, 1941 the first Tithe was taken to the "storehouse." These five cubic inches of wheat "entered the ministry" in the form of breakfast food in the Friends Parsonage the following morning before the Escolmes left for "Yearly Meeting."

Realizing that there must be some "terminal facilities" to this project, Leviticus 25:3 and 4 was used as a basis. It reads "Six years thou shalt sow thy field—but in the seventh year shall be a sabbath of rest unto the land." So six years was set as the length of time to continue the project. Each year after the tithe was given to the church the nine-tenths would be replanted.

In 1942 the crop was 70 pounds, and after taking out the "tithe," the 63 pounds remaining was planted on one acre of ground just east of the Tecumseh Hospital. Thus for three years consecutively land had been furnished by Henry Ford for this project. In fact he personally viewed the cutting and threshing of the third crop of "Dynamic Kernels" on July 10, and July 24, 1943. On Saturday morning July 17, 1943, Mr. Ford paid a personal visit to Perry Hayden at the office of the Hayden Flour Mills to encourage him in carrying through the project to completion. "I'm interested in the tithing end of this. You're the only one that can finish this, by all means keep it up," said Mr. Ford, as he drove away.

Bringing the subject up to date, there are now 14 acres of ag fine a stand of wheat as "lies out of doors" on another piece of Ford's land, one mile east of Tecumseh on M-50. This is to be cut Saturday, July 8 at 10 a. m. E.W.T. with appropriate ceremonies.

Part of the ceremony July 8 will be the cutting with sickle of a small plot of wheat eight feet by four feet in size. On this plot last fall was planted another cubic inch, exactly the same amount as was planted three years prior. It was at the suggestion of Thomas McClure Mead, manager of Universal Pictures of New York City, that this plot was sown in 1943, to depict the growth of the project from its inception to date. Mr. Mead, son of Mr. and Mrs. R. T. Mead of Tecumseh, is sending a camera man with sound equipment to make a newsreel of the event. Not only will be visualized the cutting of the fourth crop of Dynamic Kernels, but the voices of many of those present will go along also on this "talkie," giving Tecumseh considerable publicity.

Beside showing the use of the sickle, there will be a wheat cradling contest. Since cradling was first done on the wheat project in 1942, this part of the program will be known as the Third Annual Cradles Contest.

Many registrations have already been made for the cradlers contest, and all those desiring to enter, must register by 9:30 a. m., Saturday, July 8, either with Louis G. Hall, county agent at Adrian, or with Perry Hayden, Tecumseh. Cradlers under 60 will be known as "Juniors." Those from 60 to 79 will be called "Hustlers," and those above 80 will be honored as "Pioneers." Cradlers must bring their own cradles. Among those who have indicated that they will enter the contest are: Professor Thomas C. Trueblood, 88, Ann Arbor; Charles Mehan, 93, near Metamora, Ohio; Charles East, 90, Britton; J. W. Friedly, 85, Blissfield; C. D. Finkbeiner, 60, Clinton; B. F. Allen, 59, Cement City; Willard Gray, 84, William LaBounty, 82, David Boyd, 81, all of Tecumseh; Mike Horrigan, 81, Britton; Frank Lawrence, Hudson; John Boettner, 84, Saline; Wm. Kempf, Joy Road, Ann Arbor; Rush Taylor, Munson, Mich.; W. E. Scott, 80, formerly of Morenci, and now living in Detroit; Thomas Riley, Addison, Mich.

For the benefit of those who are unable to secure a cradle, Henry Ford is supplying a number, from the Edison Institute Museum at Greenfield Village.

The judges for the third annual cradling contest are: Charles Figy, commissioner of agriculture of the state of Michigan, Morenci, Mich.; Roy Decker, head of the Farm Crops Dept., Michigan State College, East Lansing; and Garfield Farley, prominent Albion farmer, and director of the Michigan Crop Improvement Association. Louis Hall, county agent at Adrian will be superintendent of the contest, assisted by George Parsons, agricultural teacher of Tecumseh. In addition to selecting a champion cradler in each class, these three will compete for the honor of grand champion.

One feature of the program will be the singing of hymns by students of the Edison Institute schools at Macon, to the accompaniment of a Hammond electric organ. The music will be under the direction of Mr. Tank, of Dearborn.

If possible, a squadron of B-24 bombers, from the Willow Run Plant will circle the wheat field about 10:30 in the morning.

Among those to appear on the program Saturday morning will be Charles Figy, commissioner of Agriculture; Mrs. Bernice M. Curtiss, chaplain of the Michigan State Grange, of Charlotte; Edward Escolme, pastor of the Tecumseh Friends Church; Clifton Robinson, pastor of West Park Friends Church of Cleveland, Ohio.

The Hon. Harry F. Kelley, governor of Michigan, has been invited, and if able to be present, will be asked to speak briefly.

Radio Station W.J.R. will make recordings of the high spots of the wheat cutting ceremony Saturday morning and broadcast in detail the story from 1:30 till 2 on that afternoon.

Time and Life Magazines have both written that they will "cover" the activities.

The Tecumseh Grange voted at their last meeting to furnish the labor for harvesting the fourth crop of Dynamic Kernels. Wm. Leslie Becker is the chairman of the committee, and is being assisted by Charles Patterson and Harold Rohrback.

The Tecumseh Grange also will operate stands where guests may secure cool drinks and sandwiches. Rev. Blair Bashore and Melbourn Partridge were appointed to secure pop and tents.

William Hanna is in charge of police and traffic and will be assisted by officers from the Michigan State Police as well as the county sheriff's force.

Official Guest

Governor Kelly

Gov. Harry F. Kelly will be included in the interested spectators at the cutting of the Dynamic Kernels, Saturday, July 8, at 10 a. m. The field is located just east of the corporation limits on M-50, on Ford land. Mr. Henry Ford is taking a keen interest in the project.

Sgt. Raynor M. Wilson Is Missing In Action

Sgt. Raynor M. Wilson, son of Ralph Wilson and husband of Mrs. Neoma Wilson of Tipton, has been reported as missing in action in France June 6. Mrs. Wilson received official notice from the war department on Thursday.

Sgt. Wilson was employed at Tecumseh Products Co., before entering army service in March 1942. He had been over seas since May 1943 and served in N. Africa, Italy, Iceland, England and Sicily.

Mrs. Mary E. Brooks To Be Buried, Friday

Mrs. Mary Ellen Brooks, widow of the late Allan Brooks, died suddenly Tuesday evening of a heart attack at the home of her son Howard Brooks northwest of town.

Mrs. Brooks who was 75 years of age was formerly Mary Ellen Cummings and was born in this vicinity, where she spent her whole life. She returned on Monday from Yonkers, N. Y., where she had been spending several months with her son Ralph.

Survivors are three sons Ralph W. of Yonkers, N. Y., Howard and John of Tecumseh, four daughters Mrs. Frances Hewlett, Mrs. Marian Harrington, Mrs. Mildred Gove and Mrs. Gertrude Stevenson, two sisters, Mrs. W. C. VanAntwerp and Mrs. Gertrude Sherman all of Tecumseh and several grandchildren.

Funeral services will be held Friday afternoon at 2:30 in the Belding Funeral Home with Rev. Alvin Brazee officiating and burial in Brookside cemetery.

Herrick Says School Needed

DECLARES COMPANY PLANS BIG EXPANSION AND THAT ENROLLMENT WILL CLIMB

Declaring that he is very much pleased with the board of education's move to build a new school building here after the war, and pointing out that such a building program is necessary if the town is to keep pace with the Tecumseh Products Company's post-war expansion plans, Ray W. Herrick, president of the company, today gave his endorsement of the board's proposal to establish a $67,000 sinking fund over a 5-year period, the money to be used for a new school building. The issue will come to a vote at the high school on Friday, July 7.

"We plan to spend $640,000 in a post-war building program at the Products," Mr. Herrick said, "and we expect to employ within about 15 months after the war some 2,500 or 3,000 people. That is about twice our peak employment before the war, and our production volume will more than double.

"That means that Tecumseh must grow, that we must have new houses, that new families must come to town. I anticipate a city of 8,000 here within four or five years after the end of the war. We can't properly care for the children of the present residents in our schools at this time and that means that we must build if we are to grow. If we build only 300 new houses here and each family has two children that means 600 more children in our schools. What else is there to do but to expand our present educational facilities. Parents won't come to a town where they can't educate their children."

Mr. Herrick Expresses Himself in advertisement on Page 3

Mr. Herrick pointed out that his company has some $30,000,000 worth of post-war orders on its books and he declared that this volume will increase.

"Tecumseh is in for a post-war boom in my judgment and I sincerely hope that education is not neglected. I hope there is a large vote out on this issue and that it carries by a substantial majority."

Funeral Services Held For John M. Frost

Funeral services were held Saturday at Collins Funeral Home for John M. Frost who died last Wednesday at the Rubadou nursing home where he had been a patient for three years.

Mr. Frost who was 70 years of age was born in Macon and was the son of the late William Frost and wife. He had spent all his life in this community.

Survivors are a sister Mrs. Hazel Downing of Britton and two brothers Charles Frost of Tecumseh and Ollie Frost of Britton. His wife, Lizzie, died several years ago.

Rev. Alvin Brazee conducted the funeral services and burial was in the Macon cemetery.

DIES IN JACKSON

Mrs. William Smith, Mrs. Charles Herring, Mrs. Ernest Robison and Mrs. George Cooper were in Jackson Saturday for the funeral of William Lee, who died Tuesday, June 27, following a heart attack.

He leaves the widow, formerly May Herring, two sons and three daughters. Burial was in Jackson.

The family formerly lived in Tecumseh.

WOUNDED IN ACTION

Sgt. William Soncrant, son of Mr. and Mrs. E. F. Soncrant of Adrian and a grandson of Mrs. George Soncrant, has been wounded in action and is again in a hospital in Italy. He was only recently released from the hospital and returned to action after wounds received in February.

Primary Polls Open Till 8 P.M.

ONLY MODERATE SIZE VOTE ANTICIPATED AT ELECTION TO BE HELD HERE, JULY 11

With few contests on either ballot, the state and county primary election, to be held on Tuesday, July 11, is expected to attract only a moderate sized vote, observer forecast today. The voting locally will be in the council building and polls will be open from 7 a. m., to 8 p. m.

The contest locally that is attracting most attention is between Congressman Earl C. Michener and Galen S. Ross, for the Republican nomination for representative in Congress. Also, there is some interest in the race between R. W. Scott and Sheriff Elmer Bringman for the sheriff's nomination. Mr. Scott is a former sheriff. The third contest on the Republican ticket is between Elmer R. Porter, incumbent, and Clare C. Fauver for nomination as state representative, and the fourth, between Vernon Brown and E. C. Keyes for the lieutenant-governorship nomination.

On the Democratic ticket, E. C. Brooks, W. J. Cody and E. J. Fry are seeking the governorship nomination, R. M. Burr and Donald Gay the nomination as U. S. representative. Those are the only Democratic contests.

Edgar R. Rogers Dies After Long Illness

Edgar R. Rogers, life long resident of Holloway, died early Monday in his home after a long period of failing health. Mr. Rogers was born March 20, 1864, on the farm taken by his grandfather Obidiah Rogers from the government in 1832, now occupied by the Merlin Fairbanks family. He was a faithful member of the Holloway Presbyterian church where he had served as an elder for nearly 50 years, and as superintendent of the Sunday school. He was also a member of the Holloway Grange.

Survivors are the widow, Ida, three daughters Mrs. Arthur Mitchell of Saskatchewan, Canada, and twins, Mrs. Merlin Fairbanks of Holloway and Mrs. Elwood Comfort of Albion; 12 grandchildren and four great grandchildren.

Funeral services were held Wednesday afternoon at the Holloway Presbyterian church and burial was in the Presbyterian cemetery.

PETITION DENIED

The board of education, in special meeting on Friday, denied the petition of 10 residents asking that the proposal to establish a sinking fund for school building purposes be re-submitted to electors at the special school election, next Friday. The board ruled after taking legal advice, locally and from the attorney general.

Legal authority held that the issue was submitted to electors at a previous election and that the issue carried. Therefore, it was ruled, the issue could not be legally resubmitted at tomorrow's election. The issue that is being resubmitted is to increase the tax limitation clause.

Questions And Answers Regarding Approaching School Elections

Who can vote at the special election, July 7?

Any person, over 21 years of age, who is a resident of the U. S., of the state for six months, of the district 20 days.

What time is the election?

From 2 to 9 p. m., at the high school gymnasium.

For what purpose is the election called?

To vote to increase the tax limitation in the school district over a five year period, to permit the establishment of a sinking fund looking to post-war building of a new school. The proposition of creating a sinking fund which was previously approved by the electors depends upon the passage of the issue to be voted upon.

How much money will be raised?

Approximately $67,000 over a five-year period, or about $13,000 yearly.

What are the advantages of creating a sinking fund?

The establishment of a sinking fund makes it possible for the district to have ready money, after the war, to build a new school building and immediately pay a part of its cost. Otherwise, should a new building be built, all of the money would have to be raised by the sale of bonds, and interest paid on these bonds. For example: If a new school costs $200,000, the district could pay off the first $67,000 with the sinking fund, the balance financed by bonds.

Another advantage is the possibility of a federal grant. In prewar days, such grants were made by the federal government for as much as 50% of the cost. This, in Tecumseh, might mean a saving of as much as $1000,000.

A third advantage. With plans and specifications ready for postwar, the district is able to participate in a state planning fund and a percentage of the planning costs are paid by the state.

Has a site been chosen for the new building?

The answer is no. The board has discussed the use of the park immediately west of the present high school and the suggestion also has been made that the site lying immediately east of the recreation center be utilized. However, no definite site has been selected and will not be until later. The board is convinced that a large plot of ground is necessary, looking forward to further growth of the school system.

Are the present school building crowded?

Yes. Were it not for the Ford schools operating in this section it would have been necessary to build a building many years ago.

What about the future?

W. L. Berkhof, superintendent, says that with the opening of the school year next September he has a problem of finding room in present buildings for one or two classes. Census figures indicate heavy enrollments in the near future in elementary grades.

When will the second election be held?

The annual school meeting of the district will be held on Monday, July 10, at the high school, at 8 p. m.

For what reason?

For the election of two members of the board of education and for such other business as may be necessary.

Who may vote?

Any taxpayer of legal age or the parents or guardian of any school age child.

Two Important School Issues Up To Voters

TO VOTE ON SINKING FUND ISSUE, FRIDAY; ANNUAL SCHOOL MEETING, JULY 10

Voters of the Tecumseh school district will be called upon to cast two important ballots within the next week, the first election being on Friday of this week, July 7, and the second, the annual meeting, on Monday evening, July 10.

The election this week Friday, to be held in the high school gymnasium between the hours of 2 and 9 p. m., is for the purpose of determining whether or not the tax limitations clause shall be increased in the district for a period of five years, to permit the establishment of a $67,000 sinking fund (about $13,000 annually) looking to post-war days when a new school building will be a necessity.

Voters, at a previous election, approved the establishment of a sinking fund, but in order to make the previous action operative the proposal to increase the tax clause must be endorsed. Any citizen over 21 years of age, and who has been a resident of the state for six months and of the district for 20 days is eligible to vote.

The second election, also at the high school, on Monday evening, July 10, is the annual meeting of the district, at which time two members of the board of education must be elected. The terms of Earl Lindsley and Jens Touberg expire with the approaching election and both men will be candidates to succeed themselves to the office.

The annual report of the superintendent will be read, as well as that of the treasurer, and such other business as may be necessary will come before the meeting.

Any property owner or the parents or guardian of a school age child is eligible to vote at the annual meeting. Where property is held jointly by husband and wife, both are entitled to vote.

It is expected that a large vote will be cast at both elections.

Miss Gwendolyn Pfister Weds Sgt. G. E. Linger

Miss Gwendolyn Pfister of Adrian and St. Sgt. Garrett E. Linger, recently returned from overseas, were married Sunday afternoon at the West Adrian Congregational church by Rev. Serge Hummon. The bride was attended by her sisters Mrs. Roger Linger, matron of honor and Mrs. Roy VanDoren as bridesmaid. Roger Linger assisted his brother as best man. Dr. Kenneth Pfister and Max Linger were ushers. Mary Howe the flower girl and John Pfister the ring-bearer. Preceding the ceremony Mrs. Medford Pfister played a recital of nuptial music and Mrs. Edward Beal and Mrs. Bert Howe sang "I Love You Truly" and "Because."

A reception for 70 guests followed the ceremony and later Sgt. and Mrs. Linger left on a short trip, returning Wednesday for a party at the home of Mr. and Mrs. Wm. Yaeger.

Mrs. Linger, daughter of Mr. and Mrs. Walter Pfister of Adrian, is a graduate of Adrian high school and attended Siena Heights College and has been employed in the Marks Jewelry Store in Adrian. Sgt. Linger is a graduate of Tecumseh high school. He has served with the Army Air Forces in England, Africa and Italy the past two years and only recently returned to the states.

DIES IN CALIFORNIA

Mrs. Ed Pangle was notified of the death of her brother George V. Schreder, which occurred suddenly Monday night at his home in San Jose, Calif.

Mr. Schreder who was 76 years of age, was born in Ridgeway and was the son of the late John C. Schreder and wife. He left here in 1898 going to the west coast where he later married.

He leaves a daughter Mrs. Winfred Pettit of San Jose and the sister Mrs. Pangle. Mrs. Schreder died a number of years ago.

The funeral and burial were held in San Jose.

SURPRISE SHOWER

VITAMIN FAD DENOUNCED

Doctor Herman L. Kretshmer, of Chicago, does not believe that the people of this country are in such a state of malnutrition "as to require the use of $250,000,000 worth of vitamins."

The doctor recently took office as president of the American Medical Association and lost no time in condemning the wide-spread indiscriminate use of vitamins. He declares that "the excessive claims made for vitamins are beyond any basic medical evidence."

Doctor Kretshmer says that the people of the United States have never enjoyed better health conditions. He cites the following facts:

(1) The death rate is the lowest in our history, except for a slight rise last year.

(2) There have been no major epidemics such as the influenza epidemics in the last war.

(3) Tuberculosis, which often rises during war, has reached an all-time low.

(4) Pneumonia is no longer the danger it was before the advent of the sulfa drugs.

(5) Cerebo-spinal meningitis, which formerly had a death rate of sixty to seventy per cent, now has a mortality of about five per cent.

(6) More than three million babies were born last year in this country with the lowest maternal and infant death rate in our entire history.

(7) The troops of the nation enjoy good health, with bullets killing more fighting men than disease, which is the reverse of previous war time experiences.

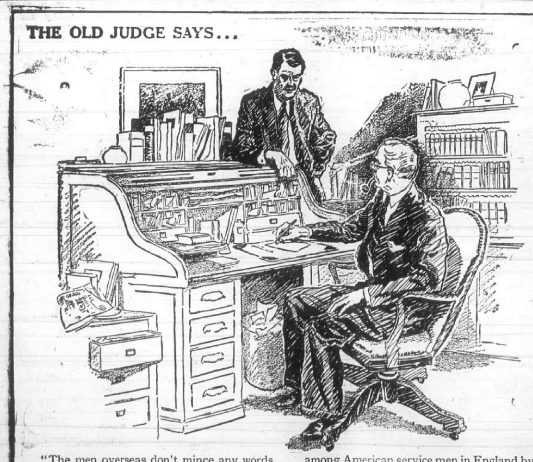
THE OLD JUDGE SAYS...



"The men overseas don't mince any words about the way they want to find this country when they come marching home... do they, Judge?"

"They certainly don't, Herb...and they shouldn't. They're doing a masterful job fighting over there to protect our rights and they have good license to expect us to protect theirs back here at home. One thing they're mighty clear on is their stand on prohibition."

"Their position on that subject was stated very emphatically in a poll taken recently among American service men in England by the British Institute of Public Opinion. When hundreds of men were asked point blank how they would vote on prohibition, *89% of them* stated, in unmistakable terms, that they would vote *against* it. There's no doubt about it, Herb...the men overseas don't want any action taken on that subject while they're away."

"And they're 100% right, Judge, because I know how I felt when I came home after the last war—only to learn that we had been over there fighting for so impractical a thing as Prohibition."

A Message To The Voters

From Ray W. Herrick

There are two vitally important elections to be held in Tecumseh within the next few days. The first is on Friday, July 7, when the eligible voters will decide whether or not we will establish a sinking fund of some $67,000 over a five-year period, looking to post-war days when we may build a new school building. The second election will be held on Monday evening, July 10, when we will elect two members to the Board of Education.

In my opinion, the **FUTURE OF TECUMSEH** depends in a large measure upon the outcome of these two elections.

Here are my reasons for making such a statement:

First, **TECUMSEH IS GOING TO GROW.** It must grow. The only reason Tecumseh is not today a city of 8,000 population is the war and its necessary building restrictions.

The Tecumseh Products Company has plans and specifications ready for a building program immediately after the end of the war. We intend to spend $640,000 in our post-war expansion program. We have approximately $30,000,000 worth of post-war orders on our books. We will furnish to the highest type companies in the world electrical refrigeration units for peace time business.

Do you realize that in order to keep pace with the demands that will be made upon us for refrigeration units by these companies that we must step-up the production of our plant to approximately twice what it was before the war, when we were employing about 1,200 people?

Do you realize that if we employ 2,500 or 3,000 people—and we will within 15 months after peace is declared—we want them to be residents of Tecumseh?

Do you realize that today there is not a vacant house in Tecumseh? Do you know that even sleeping rooms are at a premium? That Tecumseh has out-grown itself insofar as housing is concerned?

If our company is to expand and meet the demands that will be made upon it in peace time then **TECUMSEH MUST GROW.** Otherwise we will not be able to house the men and women we will employ.

NOW GET THIS. We don't want to spend $640,000 in Tecumseh if our men and women can't live here. We want to spend it in a town that is willing to grow with us. A town that is progressive-looking, a town that is anxious to grow after the war.

Tecumseh is one of the finest towns I know but it's time we wakened up and paid a little more attention to our voting privileges. We hold elections here and only a few dozen voters take the trouble to vote. That's wrong. It's not the true American way.

I believe it to be sensible to establish a sinking fund for the building, after the war, of a new school house. Why? Because our present buildings are too small, we can hardly handle our present population of children to say nothing of post-war growth.

I believe a sinking fund is sound. It's the business-like way of handling such a situation. It will relieve voters of some of the heavy interest load necessitated in a building program after the war, and it will place us in a position to receive federal and state aid, if such aid is available, for such post-war projects. In short, it may save the taxpayers as much as $100,000 through such a federal grant program.

I am, therefore, thoroughly sold on the establishment of the sinking fund. I believe that it should be approved and a post-war building program started. We must have faith in the future, and **WE MUST KNOW** that Tecumseh has faith. We're going to spend our money and we'll pay a sizeable amount of the tax for the new building.

Now, for the second election, July 10.

I am interested in retaining the present members of the board of education. I want them to be re-elected to the board. Namely, they are Mr. Earl Lindsley and Mr. Jens Touborg.

Here are my reasons for saying this:

First, this is no time to change the personnel of the board of education in Tecumseh. We have a board that has already made a large part of its post-war plans. I believe that Mr. Lindsley and Mr. Touborg are progressive members of the board. I believe that they are looking to the future, that they are interested in Tecumseh, interested in its growth.

I believe that a change in the personnel of the board of education of Tecumseh at this time is a step backward. Why change now, when the present members of the board are "on the job" and are doing a job?

Personally, I am well satisfied with the work that Mr. Lindsley and Mr. Touborg are doing and I am interested and Tecumseh Products Company is interested in their re-election.

Perhaps I have spoken a bit plain regarding these two public issues. Frankly, I intended to talk plain. I am vitally interested in Tecumseh, I have a large investment here. I want to see the town grow, I want to see it prosper, I want to see everybody busily employed in post-war production, in fact I want to see Tecumseh the **BIGGEST TOWN** in Lenawee county.

I believe we have an exceptionally bright post-war future, if we just use our heads. I believe that the two approaching elections mean far, far more to Tecumseh than the average man and woman realizes. That's why I am bringing this message to Tecumseh through the press at this time.

I urge, therefore, that everybody **VOTE** at both elections. I urge the approval of the sinking fund issue.

I urge the re-election of Mr. Lindsley and Mr. Touborg.

For the future of Tecumseh, that we may keep faith with the more than 400 of our boys now in service—we have pledged them jobs when the war is over—and for your best interests and for ours, I urge your serious consideration.

Yours very sincerely,

RAY W. HERRICK, President,
Tecumseh Products Company.

SUMMER RANGE SHELTERS ARE A GRAND INVESTMENT!

Summer shelters provide the salvation to hot summer nights. Unless you have plenty of brooder houses, your young pullets are apt to be overcrowded at night. Especially is this true in the summer months. Birds that are overcrowded at night without plenty of air circulation become sweaty, run down, and invariably diseased due to the lack of proper roosting condition.

If you haven't range shelters, get plans and build some now. They will prove one of the best investments you can make in your whole poultry operation.

AT CLINTON THEATRE

Melody, Mirth and Romance form the ingredients of the tasty little dish Metro-Goldwyn-Mayer is serving at the Clinton Theatre, where "Broadway Rhythm" holds the screen. Co-starring George Murphy and Ginny Simms in technicolor plus the music of Tommy Dorsey and his orchestra, "Broadway Rhythm" is a must-see on your movie list.

Charles Winniger clowns and toots a trombone in a duet with Dorsey, George Murphy sings and dances, Ginny Simms raises her glorious voice in song, Lena Horne dances a spectacular boogie-woogie number and sings two songs, Hazel Scott does things to a piano, and Dean Murphy and the Ross Sisters contribute outstanding moments to the film. Comcis Nancy Walker, Ben Blue and Eddie "Rochester" Anderson supply the laugh lines and Bunny Waters joins Miss Simms in the glamour department.

★ Don't wait . . . invest your savings in it today. Everything can depend on it—your freedom, your happiness and peace of mind. The eyes of the entire world are on you, those of our enemy as well as the men and women who are fighting for us. This is the zero hour, the hour of INVASION. What we do in backing up this invasion by buying more War Bonds than ever before can easily raise the morale of our fighting forces and help to lower the resistance of the enemy. NOW is the time to let the world know in no uncertain terms that we are 100% back of our men, that we intend to preserve our freedom and safeguard the future of our children.

Some people speak of buying bonds as though it meant sacrificing for them to invest in the safest, surest investment in the world, an investment that will not only help to bring peace sooner, but one that will pay them in cold cash four dollars for every three they loan Uncle Sam.

Who among us here at home can speak of sacrifice who has not crawled in mud; slept under rain-soaked blankets; and been nurtured by raw fish and bird-meat while waiting to be rescued from a life-raft! Our soldiers, sailors, marines and coastguardsmen face that kind of sacrifice every day yet all they are counting on us to do is invest all we can in war bonds . . . bonds which will equip them to fight this war to a finish—fast!

What Is The TELEPHONE Situation?

—o—

War Production Board Orders Manufacture Of Telephones——

On May 19, 1944 the War Production Board ordered a limited resumption of the manufacture of civilian-type telephones . . . the first since the fall of 1942.

Essential Demands——

Communications Division Director Leighton H. Peebles, however, warns that the limited production will not approach the essential demand for some time . . . unessential civilian demands cannot be met until mid 1945.

Over ONE MILLION TELEPHONE ORDERS On File

TELEPHONE COMPANIES throughout the Nation have applications on file for 1,250,000 TELEPHONES which they cannot install due to a lack of facilities.

One Hundred Thousand Additional Orders . . . for TELEPHONES are being received each month by the TELEPHONE COMPANIES of the country which must also be filed for future installation.

HURRY UP, AMERICA! GIVE HIM YOUR ANSWER!

the Fifth War Loan Drive ends July 8th!

AMERICANS!

You in the factories. You in the offices. You on the farms. You in the homes.

You cannot—you *must* not—fail to get behind your fighting man in this supreme, heroic hour.

He knows what's *ahead.*

Bloody, bitter fighting . . . superhuman toil . . . hardship . . . pain . . . perhaps death.

He's facing it. He'll keep on facing it, as long as there's breath in his body and blood in his veins.

But he wants to know *what's behind him.*

And you have *only a few days left* to give him the answer.

That answer will be written in the final figures on the Fifth War Loan Drive.

For this is the crucial, the all-important Drive. Never has the need for War Bond buying been so great.

To make the Drive a success, you—and everyone else—*must* buy at least *twice* as many Bonds as you bought in the last drive.

If you haven't yet bought your full share, DO IT NOW! The time is short! Make YOUR supreme effort in HIS supreme hour!

Remember—a soldier, *your* soldier, is waiting for his answer.

What will it be . . . from *you?*

5TH WAR LOAN

And here are 5 MORE reasons for buying EXTRA Bonds in the 5th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you $4 for every $3 in 10 years.
3. War Bonds help keep prices down.
4. War Bonds will help win the Peace by increasing purchasing power after the War.
5. War Bonds mean education for your children, security for you, funds for retirement.

Ford Assists In Harvest Of Tithe Wheat

GOVERNOR KELLY AND OTHER STATE OFFICIALS ON HAND FOR CUTTING, SATURDAY

While B-24 bombers roared overhead, and an estimated crowd of 2,500 persons look on, Henry Ford, assisted by his grandson, Henry Ford II, last Saturday cut with an antique sickle from Edison Institute, Greenfield Village, a replica of the world's smallest wheat field. Later, Mr. Ford participated in the cutting of a 14-acre plot of wheat on his farm just east of Tecumseh —tithing wheat which was first planted by Perry Hayden in 1940.

The original field contained 360 kernels and from that small planting the 14-acre plot developed. Each year for four years the grain has been harvested and one-tenth has been given to the Tecumseh Friends Church, the remainder replanted for another harvest. The project is to continue for six years and it is estimated that the final planting in 1945, will require about 1,700 acres. The tithing plan was inspired by a sermon, preached in the Friends church here in 1940, from the text, John 12:24.

The wheat cutting last Saturday was unique in that it brought together some of the nation's most celebrated people, as well as the governor of Michigan, Harry Kelly. Newsreel cameras ground out yards and yards of film, and Radio Station WJR, Detroit, broadcast a recording of the event to its home station, which was heard on the air at 1:30 Saturday afternoon.

The radio program that preceded the cutting was participated in by the Rev. Edward Escolme of the Friends Church, the Macon schools choir of 70 voices, the Rev. Clifton Robison of Cleveland, Mr. and Mrs. Hayden, Charles Figy, state commissioner of agriculture, and Governor Kelly. Others on the platform included Congressman Earl Michener, Vernon Brown, auditor general, Clark Brody, secretary and manager, Michigan Farm Bureau; Albert Marsh, head of the Flour Milling Division of Allis Chalmers Mfg. Co., Kalwaukee; Carl Hood, superintendent of Edison Institute, Greenfield Village; Roy Decker, head of the Farm Crops Department, MSC; Garfield Farley, prominent Albion farmer; C. D. Finkbeiner, of Clinton, who gave the original cubic inch of wheat; C. D. McKenzie, of Quincy, president of the Millers National Federation; Howard Holmes, Chelsea, president of the Michigan State Millers Association; J. Floyd Elliott, president of the Village of Tecumseh; H. B. Earhart, of Ann Arbor, founder of the White Star Refining Co., and Prof. Emeritus Thos. C. Trueblood, 88 years of age, of the U. of M. Speech Department.

Probably the most active group on the scene was the Grange. Not only was Perl Ash and the members of the Tecumseh Grange on hand to feed the crowd, but James Marr, master of Pomona Grange, and W. G. Armstrong, of Niles, state master of the Grange. Mrs. Bernice M. Curtiss, chaplain of the State Grange, of Charlotte, was also present. Wm. Leslie Becker ("Red" to most of us) was in charge of the crew that shocked the wheat. Jack Haughn of the Ternes Farms with one of his best teams, cut some of the wheat with a horse-drawn binder, to complete the historical sequence. Thus some of the wheat was cut with sickle, some with cradle, some with a reaper, drawn by the Johnson team, in charge of Leroy Matthews, and driven by Henry Ford himself, and the balance with horse-drawn and tractor-drawn binders.

One of the most interesting phases of the wheat cutting July 8 was the cradling contest. Twenty contestants took part, some bringing their own cradles, and others using the cradles that were brought here from the Edison Institute. In the junior class (ages up to 59 years) B. F. Allen of Cement City was the winner, followed by Clare Beland and Francis Stone, of Tecumseh as second and third.

In the hustler class (ages 60 to 79) John Leedy of Adrian was first; O. S. Evans of Tecumseh second, and George Evers of Hudson third.

In the pioneer class (80 and over), our own David Boyd was the winner, with Chas. Hendershot of Onsted, 84, as second place; and J. W. Friedly, 85, of Blissfield, as third.

In the finals, John Leedy of Adrian was awarded the honor of grand champion.

Following the cradlers contest there was a "Gleaners" contest with all but one member of the Grange, as participants. The winner of the set of dishes for picking up the most heads of wheat from the ground in ten minutes

Ralph B. Comfort Is Rotary President

Ralph B. Comfort assumed the presidency of the Tecumseh Rotary Club at its regular dinner-meeting Tuesday evening at Breen House, succeeding M. L. Dannells, whose term had expired. Other officers are Earl Wickwire, vice-president; Wade L. Jones, secretary, and Lester Rogers, treasurer.

Mr. Dannells was presented with a past-president's pin by the club, the presentation being made by W. L. Berkhof, who expressed the members' appreciation for Mr. Dannells' service. The ex-president responded, briefly. Mr. Berkhof also thanked the club for the fine interest it has taken in the Fifth War Loan Drive.

The program time was given over to a discussion of business and reports. There was a brief meeting of the board of directors.

Voters Deny Tax Increase

SPECIAL SCHOOL ELECTION, LAST FRIDAY, BRINGS DEFEAT FOR BUILDING PROPOSAL

Needing a two-thirds majority to carry, the proposal to increase the tax rate in the Tecumseh school district an additional five mills for a five-year period to permit the building of a new school building in post-war years, was defeated at a special election here, last week Friday. Three hundred and eleven persons voted in favor of the proposal and 194 opposed it. Twenty-five more yes votes would have been necessary to have obtained the majority.

This was the second time the issue was voted upon by local electors, the first time, about a month ago, when it was defeated by approximately the same number of votes. However, about 500 more people voted in last week's election than in the first one.

The proposal was submitted to election by the board of education after a careful survey of post-war plans had been made, indicating that Tecumseh's growth will force the building of a new school within a few years after the end of the war. The board was of the opinion that the establishment of a sinking fund over a five year period would put the district in shape to meet the problem.

Had the proposal carried, it would have permitted the district to have established a sinking fund of about $67,000 in five years, and this money would have been used to make a down payment on the building. The remainder of the cost would have been financed through the issuance of bonds.

Persons in close touch with the situation said today that the issue was defeated because of the apathy of local voters. The 500 vote constituted only about one-fourth of the voters eligible to cast their ballot at the election.

There is considerable desire on the part of interested persons to re-submit the issue to electors for a third time. It is believed that many folk who would have supported the proposal either forgot to vote or believed that the issue would receive sufficient support to carry without their vote.

DAVENPORT—MEYER

Pfc. Elwin Davenport, son of Mr. and Mrs. C. M. Davenport of Tipton and Miss Doris Meyer of Baltimore, Md., were married July 1 at the Community Church in Tipton by Harry Starbuck, pastor. They were attended by Miss Iona Dell Davenport, sister of the groom and Pvt. Norvell Ralston of Washington, D. C.

Pfc. Davenport is taking a course in tank and airplane mechanics at the Continental Motors Corp. in Detroit.

A Wheat Harvest Scene

Photo above, taken last Saturday at the time of the cutting of Perry Hayden's Dynamic Kernels wheat on a Ford farm just east of Tecumseh, shows, from left to right, Henry Ford II, Mr. Hayden, Henry Ford and Governor Harry Kelly. Mr. Ford and his grandson took an active part in the cutting of the grain, following a ceremony in which the Fords and state officials participated. The program was broadcast over WJR and newsreel cameras ground out thousands of feet of film. In the background can be seen a small number of the 2,500 persons who attended the harvest. The grain will be threshed on July 22 on the same farm.

Guy Pocklington Funeral Friday

WELL KNOWN RIDGEWAY TOWNSHIP RESIDENT SUCCUMBS IN HOSPITAL AT ADRIAN

Guy Travis Pocklington, aged 65 years, life long resident of this community, died Tuesday afternoon at Bixby hospital in Adrian where he had been taken Monday afternoon after a long illness.

Mr. Pocklington was born in Macon and was the only son of Charles A. and Sarah Travis Pocklington. He lived his whole life on the Pocklington farm southeast of Tecumseh. He was a graduate of Ridgeway high school and of Cleary College in Ypsilanti and had served as secretary of the Ridgeway school board for many years. He attended Tecumseh Presbyterian church and was a member of Tecumseh Lodge, F. & A. M., and of the Grotto in Ann Arbor.

Survivors are the wife, formerly Lena Stewart whom he married in June 1900, a son Ronald S. Pocklington, a member of the U. S. rubber survey of South America, now at home; a daughter, Mrs. Lawrence Gray and three grandsons of Ypsilanti.

The body will remain in the home until Friday noon, when it will be removed to the Niblack Funeral Home in Britton where funeral services will be held at 2:30. Rev. C. B. Gould of Britton will officiate and the Masons will conduct services at the grave in Ridgeway cemetery.

Bond Quota Is Exceeded Here

TECUMSEH'S SALES IN FIFTH LOAN OVER $540,000; QUOTA WAS $376,000

Again, Tecumseh has come through in a War Bond drive and this time by exceeding its quota in the Fifth War Loan by approximately $165,000. These figures were released last night by John R. Thompson, cashier of the United Savings Bank and co-chairman of the War Finance Committee here.

According to Mr. Thompson's report, Tecumseh's total subscriptions to Fifth Loan bonds amounted to $540,960 against a quota of $376,000. In "E" Bonds, Mr. Thompson said, Tecumseh oversubscribed its quota by more than $9,000, sales amounting to slightly more than $95,000 against a quota of $86,000.

Tecumseh, as was Lenawee county, was shoved far over its quota by the purchase of about a million dollars worth of bonds in this county by the State of Michigan. Tecumseh's share of the purchase amounted to about $139,000, and as the result of the state's gesture, every community in the county went over the top with the exception of the Village of Clinton.

Tecumseh, however, did not need the state's assistance in making its quota, as was the case with many other communities in Lenawee. Tecumseh's "home subscription" to the drive amounted to more than $401,000, or about $25,000 in excess of its allotment.

W. L. Berkhof, general chairman of the war committee, today expressed his appreciation to the public for its generous response in bond buying and to the committee that has assisted him in making the campaign a success.

Lunch was served at the close of the meeting.

Ross Defeated By Michener

BRINGMAN AND PORTER ALSO NOMINATED, TUESDAY; LIGHT VOTE IS CAST

In a light vote, state-wide as well as in Lenawee county, electors in both the Republican and Democratic parties registered their choice for candidates whose names will appear on the November election ballot. In Tecumseh, between 300 and 400 votes were cast, and county-wide between five and six thousands persons visited the polls.

Rep. Earl C. Michener, in his first primary contest since 1934, defeated Galen Starr Ross of Ann Arbor, his Republican opponent, by approximately four to one. In the district, Mr. Michener polled more than 16,000 votes to Mr. Ross' 4,000. There were two other outstanding contests in the county, the first between Sheriff Elmer Bringman and farmer sheriff, Roscoe Scott, for the GOP nomination. Sheriff Bringman polled more than 3,200 votes to his opponent's 1,900. The other contest was between Senator Elmer Porter and Clare Fauver, for nomination for the state senate seat. Mr. Porter defeated Mr. Fauver by a two-to-one margin.

Tecumseh Republicans voted as did the state for contested offices. Vernon J. Brown, seeking the nomination for the lieutenant governorship, proved an easy victor over Dr. Eugene Keyes. In the Democratic contest, Edward J. Fry won the nomination for governor, and Redmond Burr of Ann Arbor was nominated for the congressional race over Donald Gay of Milan by an easy margin. Those were the only contests.

Tecumseh's vote was as follows: Republican: Governor, Kelly, 190; lieut. gov., Brown, 208; Keyes, 87; Congress, Michener, 215, Ross, 73; State senate, Porter, 181; Fauver, 93; State leg., Conlin, 175; Prosecutor, Kuney, 169; Sheriff, Scott, 115; Bringman, 178; county clerk, King, 180; county treasurer, Bradley, 179; Co., register of deeds, Warner, 171; coroner, Brann, 148, Mott, 113; surveyor, Bruce, 162. Democrat: Governor, Ray, 15, Cody, 8, Brooks, 13; Lieut. gov., Lee, 31; Congress, Burr, 21, Gay, 6; state leg., Stout, 23, J. Moon, 23; prosecutor, B. Williamson, 25; Co. clerk, Seeley, 21; register of deeds, E. Hammack, 22; Snyder, 20.

William C. Hartman Britton Resident, Dies

William C. Hartman, aged 73 years, a resident of Britton, died Sunday at Tecumseh hospital where he had been a patient the past month. Mr. Hartman was a native of Kentucky but had lived in Michigan since 1923 coming from Kalkaska to Britton a year ago to live with his son John Hartman and wife.

He leaves two sons John of Britton and James of Bradshaw, W. Va., a brother E. C. Hartman of Anderson, Ind., five sisters Mrs. Mary Pool, Mrs. Emma Glass, Mrs. Etta Webb and Mrs. Rosa Kelley all of Kentucky and Mrs. Phoebe Moreland of Annapolis, Ind.

The body was taken to Wilkinson, Ind., for funeral and burial.

School Board Is Unchanged

TOUBORG AND LINDSLEY RE-ELECTED AT ANNUAL MEETING; 225 VOTERS PRESENT

Jena Touborg was named as president of the school board of education at an organization meeting last night. He succeeds Dr. Arthur Brown. John Larsen was named as vice-president, Perry Satterthwaite as secretary and Earl Lindsley, treasurer.

In one of the best attended school meetings here in many years, there were 225 voters present, Earl Lindsley and Jena Touborg were re-elected to the board of education for three-year terms and reports of the district were read and placed on file. The meeting was held Monday evening in the auditorium of the high school.

There was no opposition to the re-election of Mr. Touborg to the board and the ballot was cast by acclamation. When Mr. Lindsley's name was presented, John Larsen, a member of the board, placed the name of LeRoy Van Winkle in opposition. In the balloting that followed, Mr. Lindsley received 185 votes and Mr. Van Winkle, 40 votes.

Dr. Arthur Brown, president of the board, presided at the meeting and reports were made by the secretary, Mr. Larsen, the treasurer, Mr. Lindsley, by Fay Whelan, treasurer of the Athletic Fund, and by Miss Edith Ingersoll, librarian. It was Miss Ingersoll's final appearance at a school meeting in the capacity of librarian, she having tendered her resignation after 35 years of service. At the conclusion of her report the voters extended to her a rising vote of thanks.

W. L. Berkhof, superintendent, in a 20-minute report to the district, reviewed carefully the work that has been done here during the past school year and the program that is being outlined for the coming year. He pointed to the crowded condition of the schools, and urged serious consideration to a post-war building program. At the conclusion of the superintendent's report, Mr. Larsen spoke briefly of its value and urged that it be made a part of the published annual report of the district. The voters concurred in this suggestion.

The board is expected to meet this week to organize and to elect officers.

James L. Snoddy, 66 To Be Buried, Friday

James Leroy Snoddy, aged 66 years, died Tuesday afternoon at his home, 112 N. Pearl street. He had been in failing health for about seven years.

Mr. Snoddy was born in Mansfield, O., Nov. 22, 1877, and formerly resided northeast of Britton and in Tecumseh. He had lived in Tecumseh only since June 6. He was a member of the Rae Methodist church.

Survivors are the widow, Mande Ann, three brothers, one sister, and several nieces, nephews and cousins.

Funeral services will be held at 2:30 Friday afternoon from the Collins Funeral Home. The Rev. Charles Bragg of Dundee will officiate and burial will be in Ridgeway cemetery.

Eugene Lidster Dies; Formerly of Britton

Eugene Lidster, aged 75 years, life long resident of Britton and vicinity, died Monday at a nursing home in Morenci where he had been a patient the past few months.

He leaves one son Earl Lidster of near Cone, a daughter Mrs. Mary Taylor in Toledo and two sisters Mrs. Addie Spohr of Deerfield and Mrs. Florence Meyers of Britton. Mrs. Lidster's death occurred last fall.

Funeral services were held Wednesday afternoon at the Niblack Funeral Home in Britton and burial was in Ridgeway cemetery.

AN EDITORIAL

Did Tecumseh Think, or Didn't It?

Approximately 1,500 Tecumseh voters slept through one of the most important elections in local history last week Friday and permitted a mere handful of electors to "spike" the district's post-war planning program at its inception by defeating a proposal to increase the tax rate here five mills for a five-year period, the purpose being to establish a sinking fund for a new school building.

To say the least, it is indeed unfortunate that the election went as it did. Only 505 persons voted. Nearly four times that number were eligible to vote. Only 194 persons opposed the issue, 311 favored it. It would have taken 25 more "yes" votes to have carried the proposal, a two-thirds majority being necessary.

We say it is too bad that the issue lost because we firmly believe that Tecumseh has a bright post-war future. The head of Tecumseh's leading manufacturing concern, Mr. Ray W. Herrick, has said publicly that his company expects to spend $640,000 in post-war building at the Products Company. Mr. Herrick also says that his company has $30,000,000 in post-war orders on its books, that it will, within 15 months after the end of the war, employ from 2,500 to 3,000 persons.

Such plans as Mr. Herrick is making indicate clearly that Tecumseh MUST grow. His plant alone must double it's pay-roll, it's number of employees. There are not sufficient houses in Tecumseh at the present time to accomodate needed workers in local plants. What, then, about the future?

Is Tecumseh going to sleep at the switch and hold back progress by such an attitude as was taken by the voters at the election last Friday or is it going to waken up to the fact that NOW is the time to plan for the days of Victory and Peace?

Does such an up-and-coming town as Tecumseh intend that a mere handful of voters check it's progress? Does Tecumseh desire to remain "as is"—satisfied, content? Isn't it a fact that a community can't stand still; it must go forward or backward?

...The reason the tax limitation issue lost at the polls last Friday is because too many Tecumseh voters said, in action, "Let George do it." It's not only in school elections that the voters are saying this, they've been saying it for years, and years, in state and national elections. The voters did the same thing in France, in Germany. Where are they now?

Let's get up in the buggy. Let's live up to our reputation here in Tecumseh. Let's give this school business our careful consideration. Let's think.

Wouldn't you rather increase your tax load one-half a cent on the dollar now and establish a sinking fund for a new school and permit that money to go into the building proper, into brick and steel and lumber, than to wait until the state says you must build and then let the same half cent go into someone's pocket for interest?

True, such an increase would only raise $67,000 over a five-year period, and in all probability we would have to float bonds to finance the balance of the cost of a building, but we'd at least have a nest egg and we wouldn't have to pay interest on the entire cost.

There has been plenty of shouting in Tecumseh for several years by certain individuals that what is

HAY-FEVER SEASON

Ragweed, one of about 130,000 pollens known to botanists, is thoroughly detested by millions of Americans who annually suffer the miseries of hayfever.

Medical experts have been unable to solve the mystery of hayfever and treatment does little good to the victims of this malady. Injections are successful in some cases and partially so in others, but many sufferers have to endure their annual torture or run for the mountains or the sea shore.

The eradication of ragweed, if it could be successfully accomplished, would probably give some relief. Most cities and states have laws aimed at insuring the elimination of growing weeds, but they are usually ineffective.

While close proximity to ragweed and other pollens probably increases the physical discomfort of those who have hayfever, there is the probability that, when plants shed their pollen, the atmosphere may be permeated with the noxious substance. Anyway, an easy fortune awaits the individual who perfects a "cure" for hayfever.

AND SWIMMING POOL, TECUMSEH

Electric Irons are in the fight, but of course our soldiers are not using them in just this way. The main reason, however, why so few are being made is that the thermostats used to control their temperature are busy on land, sea and air guarding against motor trouble in tanks, fire danger in planes and overheating in gun equipment on battleships. This is why Uncle Sam urges you to take extra good care of your time saving . . . labor saving electric iron.

You will make ironing Easier if you Remember . . . It's the contact of heat with the dampened garment that removes wrinkles, not the pressure or weight. So don't wear yourself out pressing down. Use a lightweight iron and let heat do the job.

THESE HELPFUL HINTS WILL MAKE YOUR IRON LAST LONGER

1. Keep the bottom of iron clean. Wait until iron is cool, then wipe off with a damp cloth. If necessary, use soapsuds or a mild scouring powder. Wipe with a clean, damp cloth afterwards. Never immerse the iron in water.
2. Avoid ironing over buttons, hooks, zippers or other hard articles.
3. Avoid dropping the iron. Dropping puts more irons out of commission than any other one thing.
4. Be sure the iron is perfectly cold before putting it away.
5. Replace connecting cord at first sign of wear. Keep cord away from hot iron.

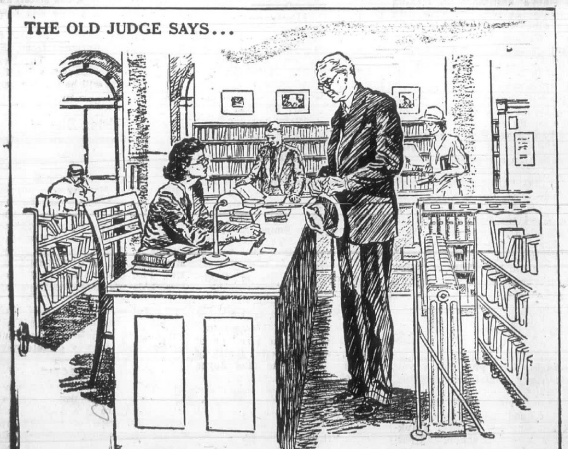
THE OLD JUDGE SAYS...



"Judge, I've had a lot of calls for that book you took out last week . . 'Tell the Boys Back Home'. How did you like it?"

"Fine, Sarah, fine . . . it's just the kind of book I like to get hold of . . . I enjoyed every word of it. Wish I could have been along with the author myself . . . actually living with the men right on the fighting fronts. He got mighty close to them and they certainly opened up their minds and their hearts to him."

"There were lots of new things in the book I hadn't seen in any other reports from front-line writers. But there was one question the men asked the author that I have seen time and time again in these stories. That was 'Are you going to put prohibition over on us soldiers again . . . and without getting our vote?'"

"I noticed that, too, Judge, and I think the least we can do for those fighting men who are doing so much for us is to respect their wishes on that subject."

"When I Grow Up"
Youth Looks to the Future . . . To a Home and Security

Johnny's a great fellow, you wouldn't take a cool million for him, but are you planning for his future? What about that home the family has longed for; are you building your plans about post-war?

We'd suggest that you invest heavily in War Bonds NOW and then, after it's over, you'll have the nest egg to build the home you've dreamed about. Talk it over with your wife and the children. They'll be for it, too.

And right now, if you are a home owner, don't neglect your property. Keep it in the best repair possible. We can furnish the materials and we'll help you to plan. Remember, it's doubly expensive to neglect leaky roofs.

And, on this subject of repair, consider sidewall shingles. We have an excellent stock right now, and the cost of installation is little more than painting.

"For More Comfort, Summer and Winter, Insulate."

OBITUARY

Mary Ellen Brooks

Mary Ellen Cummings, daughter of Lydia and Ralph Cummings, was born in Tecumseh, Mich., Dec. 21, 1867 and departed this life July 4, 1944 at the home of her son, Howard, in Franklin township. She was aged 76 years, 6 months and 13 days.

Dec. 31, 1891, she was married to Allen Leeds Brooks of Tecumseh and spent her entire life in this vicinity.

To this union was born seven children, four daughters and three sons. She was a member of the First Baptist Church of Tecumseh, and the Maccabees.

She was a kind and loving mother, always cheerful and ready to help those in need and will be sadly missed by her children, grandchildren and a large circle of friends.

She leaves to mourn their loss, four daughters, Mrs. Roscoe Hewlett, Mrs. Lamont Harrington, Mrs. Garland Gove, and Mrs. Chas. Stevenson, all of Tecumseh; three sons, Ralph W. of Yonkers, N. Y., Howard A. of Franklin township, and John L., of Tecumseh; two sisters, Mrs. Wm. VanAntwerp and Mrs. Gertrude Sherman and one brother, Ralph Cummings all of Tecumseh. Her husband preceded her in death May 10, 1931.

The funeral was held in the Belding Funeral Home, Friday afternoon at 2:30 o'clock. The Rev. A. C. Brazee officiated. The bearers were John Hewlett, Ned Harrington, Duane Brooks, Robert Smith, John Sherman and Arthur Good, and burial was made in Brookside cemetery. Relatives and friends from Yonkers, N. Y., Detroit, Toledo, Hillsdale, Jonesville, Jackson, Brooklyn, Saline, Britton, Macon, and Clinton attended the services.

was Mrs. M. A. Cornell, with a record of 545 heads. Mrs. Paul Groeh of Adrian was second with 470 heads, and Mrs. W. W. Grigg third with 422 heads. A total of 4,418 heads of wheat was gleaned by these women in 10 minutes. The remaining 16 women were Mrs. Chas. Patterson, Mrs. Perl Ash, Mrs. Ted Zarnow, Mrs. Ray Johnson, Mrs. Lawrence Hoagland, Mrs. Lawrence Ash, Mrs. Harold Rohrbach, Mrs. Tom Korican, Mrs. Clayton Bigelow, Mrs. Geo. Everett, Mrs. Melburn Partridge, Mrs. Lloyd Wagner, Mrs. Robert Stewart, Mrs. Norman McConnell, Mrs. F. G. Ellis, and Mrs. Sam Patterson.

Photographers from Universal News Reel, Life and Time magazines, and many newspapers were present.

The thrsehing of the fourth crop of Dynamic Kernels will take place at the field Saturday, July 22 at 10 a. m.

The special features will be the operation of the 1863 model Birdsall horse operated separator from the Edison Institute. Will Knight, of Adrian is in charge of the horses to operate this separator, and teams are being supplied by the following owners: Joe Diver and Wilson Diver, both of Deerfield; Carlof Darrichlow, of West Adrian; Lyle Bailey of West Adrian, and Art Ternes of Tecumseh.

A miniature steam threshing outfit, made by Mr. Ford for his grandchildren and which has been in the Edison Institute for several years will also be brought to Tecumseh to operate for the entertainment of the guests expected that day.

The bulk of the grain will be threshed by a J. I. Case engine and Westinghouse separator. The engine was given by Meigs Bros. of Malcolm, Iowa, to Mr. Ford, and Merrill Meigs, vice-president of the Hearst Corporation, in Chicago, will assist Mr. Ford in the operation of this engine.

It is hoped that a flailing demonstration may be held, also, to show how wheat was threshed up to the early part of the last century.

Did Tecumseh

(Continued from Page One)

needed in local government and in the schools is "a business administration; someone who will use their head, cut expenses, hold down costs."

That's exactly what the board of education was doing in proposing the establishment of a sinking fund. What did they get for using their heads? A slap in the mouth.

We hate to believe that the electors here were thinking seriously last Friday when they turned down the proposal. We are ashamed, too, of the 1,000 and more who didn't bother to vote.

We hope that the issue is again submitted to the voters and that we have a real expression of opinion. Not 500 votes but 1,500 votes. And we hope that the voters give the issue careful thought. It will stand picking to pieces, there's nothing hidden, nothing held back. It's just good, sound business judgment.

And, while we're on the subject, here's something further to consider about the proposal. If the federal government, after Victory, decides to issue "grants" for such needed community projects (it was done before and in all probability it will be done again) unless Tecumseh has some means of financing, some plans and specifications for a new building ready for the architect, Tecumseh will not be in a position to share in such a grant.

What, then, if the government should pay up to 50 per cent of the cost of a new building and we were not ready? The answer is, your "NO" vote of last Friday would cheat Tecumseh out of as much as $100,000 plus interest and other charges, an amount that might run into nearly $150,000.

We don't believe that the "NO" voters and the voters who failed to vote last Friday thought about these things. To say the least, we hope they didn't. We'd like to excuse them on those grounds.

Tecumseh Baptist Church, June 25, 1944
These facts are ONE year old, including 12 months data.
In the midst of a shortage of lumber we used 370,000,000 ft. of lumber in making Beer barrels.
9,960 cars were used to ship this lumber.
2,400 cars were used to carry 50,000 tons of steel for hoops for these barrels.
28,000 freight cars were required to transport about 200,000 tons of coal used per year in this industry.
Two billion pounds of Barley.
441 million pounds of Corn.
145 million pounds of Sugar and Syrup.
189 million pounds of Rice.
These were all used (or wasted) in one year for the production of Beer alone.
Beer uses up the total production of 3,000,000 acres of land and labor each year.
1,000,000 people are employed today in the liquor industries.
There are slighty over one million people in this country who are today on the scrap heap because of Alcholism.
We spent in this country alone for liquor last year: $3,700,000.00. We think this sum would help on the Bond department.

IT PAYS PROFITS TO FEED PULLETS PROPERLY

Feed the pullets properly, and you'll get eggs to the good top market 30 to 60 days ahead of the flock owner who does not care.

A good many pullets are well cared for and fed as chicks. Then summer comes along, grass dies out, water and mash are not provided as carefully as they should be. In some cases only whole grain is provided. The result is slower development and fewer eggs. Grain fed pullets have taken as long as 8 months to come into full production. Guard against this by providing plenty of clean fresh water along with your own grain, and plenty of HAYDEN'S GROWING RATION.

Your Furnace --
Is It Ready to Give You Service Next Winter?

Have you inspected your furnace? Are the grates all right? Does the jacket leak, is the fire-pot cracked or burned so that it will let you down during the cold months of the coming winter?

These are some of the things you should know, and you should know them NOW. Next winter is not the time to put your furnace in ship-shape, it should be done this summer.

We suggest that you call us and let us inspect your furnace NOW. We can clean it and tell you whether or not the grates, firepot, etc., are in condition to give you service next year. If they are not, we can order the parts and install them before winter comes.

Don't neglect your heating plant. And DON'T NEGLECT THE INSPECTION, either.

For Our Children: The Rich Heritage of all Our Flag Represents

THE AMERICAN FLAG. Red, white and blue, the banner of freedom unfurled today in a Jap-held island, tomorrow in a Nazi-held town, yesterday in an Italian village where men, women and children were captives of a war-mad dictator.

What does it mean to these war-bound folk to see the American flag flying in the breeze? What does it mean; it means freedom, their release from slavery, the birth of a hope that they have been longing for, praying for, yes, dying for. It means to these war-tired folk that again they can LIVE, free to worship, to work, to lend their aid to the liberation of more and more captives until peace again reigns upon the earth.

That's what this flag means "over there" but how about "over here"—where we see it daily, were born under it's shadow, reared under its protection?

We, "over here" must not accept our job too lightly. "Over there" hundreds and thousands of American boys will pay with their lives that the old flag may fly—fly with respect. "Over here" we too oft consider American freedom—the right to speak, worship and think according to the dictates of our own conscience—a God-given privilege, a privilege that "George" must fight for but not us.

Let's start thinking right. Let's teach our children what Old Glory stands for. Let's teach them so well that they'll never forget it. Let's each of us do our part in WINNING THE PEACE. Let's not shirk; let's not bicker; let's not back-bite; let's not do anything except what we can do in a true American spirit.

Let's establish such a fine example of national cooperation that when Victory has been won and the blue birds return to the White Cliffs of Dover, all the world will point to these United States as the true form of Democracy, to the American Flag as the flag of freedom.

NOTICE OF CLOSING OF HIGHWAY

On the 24th day of June 1944 at a meeting of the Lenawee County Road Commission, Commissioner Swick offered the following Resolution and moved its adoption:

RESOLVED, that the Lenawee County Road Commissioners pursuant to Act 62 of the Michigan Public Acts of 1943, abandon and discontinue the following described highway located in the County of Lenawee and State of Michigan, described as follows:

A strip of land of the uniform width of sixty six (66) feet, the center of which lies on the north section line of section two (2), township of Raisin, between the north and south highway at the northwest corner of said section and the north and south highway at the northeast corner of said section.

Further, that it is the belief of the said Road Commissioners that it is to the best interests of the public that the portion of the highway above described be absolutely abandoned and discontinued.

Resolution was adopted by the following vote:

Yeas: Swick, Hillard and Stone.
Nays: None.

E. STACY STONE,
Chairman
NORMA M. BABCOCK

ORDER OF HEARING

STATE OF MICHIGAN,
COUNTY OF LENAWEE, ss.

At a session of the probate court for said county, held at the probate office in the city of Adrian, on the 3rd day of July, in the year one thousand nine hundred and forty-four.

Present, HON. MAURICE E. TRIPP, Judge of Probate.

In the matter of the estate of LUELLA V. NICHOLS (or LOAH V. NICHOLS) Deceased.

On reading and filing the petition duly verified, of Lauren E. Nichols, son and legatee of said deceased, praying for reasons therein contained, that the estate of said deceased be reopened and your petitioner re-appointed fiduciary thereof for the purpose of determining whether a certain morigage is a part of said estate and giving a proper release thereof;

IT IS ORDERED, That Monday, the 31st day of July next, at nine o'clock in the forenoon, Eastern War Time, be assigned for the hearing of said petition.

IT IS FURTHER ORDERED, That a copy of this order be published in The Tecumseh Herald, a newspaper printed and circulating in said County of Lenawee for three consecutive weeks previous to said day of hearing.

MAURICE E. TRIPP,
A True Copy: Judge of Probate.

OBITUARY

Edgar Reed Rogers

Edgar Reed Rogers was born March 20, 1864, son of Samuel Reed Rogers and his first wife, Charlotte C. Foster, who was born July 18, 1831, at Webster, Monroe Co., N. Y., daughter of Rufus Foster and Prudence Stuart. He was the youngest of the three sons of this couple, and later purchased from the other heirs the homestead on which he was born in Raisin township, Lenawee county, Michigan, which had been taken up in 1831 by his grandfather, Obadiah Rogers, who, having been born in Dana, Mass., settled first in New Braintree, Mass., and after the birth of eight children brought them and their mother, Lydia Reed Rogers, to Michigan in May, 1832. Three other children were born to Obadiah and Lydia Rogers after they came to Michigan.

It was in the log cabin of Obadiah Rogers that the Raisin Presbyterian Church was organized March 4, 1835. Until 1868 it was known as the "First Congregational Church," but August 2, 1868, it was re-organized as a Presbyterian Church, and "Deacon Obadiah Rogers" continued to be prominent in it.

Edgar R. Rogers was one of the elders of this church for forty-six years, being elected to that office to fill the vacancy caused by the death of his father who died Jan. 29, 1898. He also served as superintendent of the Sunday School for a number of years. The welfare of the church was dear to his heart and he stood ever ready to help and give encouragement in its work.

He was also a loyal member of the Holloway Grange, and as long as his health permitted he attended its meetings. In his quiet way he gave of his time and strength to further all good work which was brought to his attention.

He was married March 20, 1890, in Raisin township, Lenawee county, Michigan, to Miss Ida E. Carpenter, born Dec. 9, 1862, at Manchester, Washtenaw county, Michigan, daughter of Orlando E. and Phebe Carpenter. Three daughters were born to them: Blanche, born Jan. 13, 1891, now Mrs. Arthur Mitchell of Saskatchewan, Canada; Bertine C., now Mrs. Elwood Comfort, and Irene, now Mrs. Merlen Fairbanks, who are twins, born Dec. 16, 1894. All three of the daughters are left to be a comfort to their mother in her hours of loneliness and grief. Twelve grandchildren and four great-grandchildren survive, also several nieces and nephews.

He spent the more active years of his life on the old homestead, which he still owned at the time of his decease, but in 1915 he removed to the village of Holloway to the pleasant home in which he passed away at 4:30 a. m. July 3, 1944. His two brothers, Frank Foster Rogers, of Lansing, Mich., and Fred Stuart Rogers, of Enid, Oklahoma, preceded him in death. His mother died when he was very small, passing away Nov. 20, 1864. After her death his father married Mary Beardmore, daughter of Robert and Emily Beardmore, of Madison township, Lenawee county, who died Jan. 14, 1892. Only one child was born to them, May, who married Charles Anthony, and died April 30, 1899.

Edgar Reed Rogers was a direct descendant of Thomas Rogers, one of the passengers of the Mayflower in 1620, and the beautiful tribute written by one of his neighbors and read during his funeral service testifies to the fact that the guiding principles upheld by that little band were strong in his life and character. He will be greatly missed by all who knew him.

The funeral was held Wednesday afternoon, July 5th, at 2:30 p. m. in the Raisin Presbyterian Church at Holloway. The Rev. D. S. Carmichael of Walled Lake, a former pastor, officiated.

The bearers were E. O. Ridge, of Deerfield, Fred Blouch, Frank Hedrick, John Calhoun, Stanley Doty and Andrew McWilliams of Holloway. The burial was in the Raisin Presbyterian cemetery.

Relatives and friends were present from Detroit, Lansing, Cleveland, Hillsdale, Adrian, Horton, Manchester, Britton, Tecumseh, Palmyra and Holloway.

A Neighbor's Tribute To Edgar R. Rogers:

"He has achieved success who has lived well, laughed often and loved much; who has gained the respect of intelligent men and the love of little children; who has filled his niche and accomplished his task; who has left the world better than he found it, whether by an improved poppy, a perfect poem, or a rescued soul; who has never lacked appreciation of Earth's beauty or failed to express it; who has always looked for the best in others and given the best he had; whose life was an inspiration; whose memory a benediction." In tribute to our neighbor, Edgar Rogers, whose integrity, faith, kindly interest, counsel, and fine humor has been an inspiration, and whose memory is a benediction.

ATTENTION ALL HOME CANNERS

Before you begin your 1944 canning, Good Housekeeping Magazine advises you: use the boiling-water method for tomatoes and fruits, only. Can all vegetables except tomatoes by the correct use of a pressure cooker to be sure of killing botulinus germs. In the last few years, cases of botulinus food poisoning have cropped up in widely different parts of the country. Buy, borrow, share a pressure cooker—but don't can low-acid vegetables any other way. If you want further information, write Good Housekeeping Magazine, 959 Eighth Avenue, New York 19, N. Y.

Two Local Vets Suffer Wounds

LIEUT. ROBERT ROBISON OF CLINTON GETS PURPLE HEART FOR ITALIAN BATTLE

Two veterans of World War No. 2 from this district who have been wounded in action are recovering from their injuries, according to official announcement, and a third, who has completed some 30 missions over enemy territory, is now at home on a 21-day leave.

Mr. and Mrs. Sam Robison of Clinton have received word that their son Lt. Robert Robison, with the Air Forces in England, is in a hospital for wounds received on a recent mission. He has served in Italy and Africa since leaving the United States in March and has been presented with the Purple Heart and the Air Medal with Oak Leaf Clusters.

Sgt. Vern Manwaring who has been in a naval hospital in the Hawaiian Islands for a foot injury, has been returned to the States and is on the west coast. He and his brother Clair, a radio man 2/c, saw each other frequently while he was in the Islands.

Lt. Edward Kasnia, who recently completed 30 combat missions over enemy occupied Germany has arrived in the United States and is spending a 21-day leave with his wife in Detroit and his mother Mrs. S. Tanana, north of town. Mr. and Mrs. Tanana entertained at a family gathering in his honor Sunday. Guests were Mr. and Mrs. Walter Kasnia and son of Belleville, Mr. and Mrs. Stanley Kasnia and children, Mr. and Mrs. T. Kripps and Mrs. Edward Kasnia of Detroit.

Mills Brothers Circus To Show Here Monday

Mills Bros. Three Ring Circus, which is booked to appear in Tecumseh on Monday, July 24, for two performances at 2 and 8 p. m, on the Old Athletic Field, under the auspices of the Fire Department presents for the 1944 season, a great array of circus artists. There are two patriotic spectacles with special music, arranged and played by Jake Mills and his circus concert band, making up two whole hours of clean, fast moving and educational summer entertainment for young and old alike.

There will be fun for the children in pleasing acts by groups of tiny trained shetland ponies, dogs, monkeys and goats and the ever ridiculous old style clowns who make merry. Lovers of horse flesh will be thrilled by the Mills Bros. Circus' menege and high school horses mounted by daring and beautiful lady riders.

The Fire Department will receive a far greater percentage on all circus tickets that are sold in advance of the show date, and it has been suggested by the sponsoring organization they be bought now from one of the members or their representatives.

NOBLE GRAND CLUB

The Rebekah Past Noble Grand Club met last Wednesday evening at the home of Mr. and Mrs. C. C. Richards with their husbands as guests. Potluck supper was followed by pedro and prizes were won by Edward Furgason, Mrs. Lela Thurlby and Mrs. Mabel Wilson.

WHEAT DESTROYED

Six acres of wheat belonging to Henry Mueller and John Walper, was destroyed by fire on the Curtis farm northeast of Britton Saturday, after fire broke out in a combine. The Britton fire department was called but the blaze was out of control before they arrived.

PRICE CHANGE

In the A. & P. Tea Company's advertisement on page three of this issue, the price of Deepdale Eggs should read 42 cents a dozen. The price of fresh string beans should read, pound 15 cents.

Presbys, M.E.'s In League Race

CHURCH SOFTBALL TEAMS ATTRACTING ATTENTION; RECREATION CENTER BUSY

The Methodists defeated the Presbyterians here on Monday evening to nose into second place in the Tecumseh Church League and, in mathematics, the M.E.'s are only .007 behind the league leaders, the Presbyterians. Third in the league is the Baptist-Foundry team, fourth the Friends, fifth, St. Peter's and in cellar position, the Lutherans.

The original schedule of the league has been shifted so that only one game will be played each evening, Monday, Thursday and Friday, of each week, instead of two as in the past. The games now start at 7:15, and the second game scheduled for next Monday will be played on Tuesday, Thursday's first game will be played on Wednesday, and the second game of Thursday to be played Thursday, etc., until the schedule is rearranged.

A committee of three has been named to select an all-star team to play Tecumseh Products Company at some near date. This game will be in the form of a benefit for Eddie Basinger, who broke one of his ankles recently while playing softball. The hat will be passed and the committee in charge is made up of Rev. J. C. Murdoch, Aden Mead and Sam Sisson.

In another evening game on Monday, Stubnitz-Green of Adrian defeated Products by a score of 7 to 0.

Local No. 9, MESA of Detroit, is scheduled to play Products at Recreation on Sunday, July 23, at 6 p. m. This promises to be one of the fastest games of the season.

The "little world's series"—one of the Recreation Center's leading attractions this summer, between the West Side Giants and the East End Tigers has been completed and was won by the Giants, 11 to 10. Conrad Fosbender, Dave Green, R. Henkel starred for the victors while Capt. Gene Tuckey, Jim Wilson, Lee Phibbs and Jerry Eggleston were outstanding for the losers.

Director Fred Raizk announced that the girl's softball team got under way last week and is alternating softball and archery. The women's archery club is meeting on Monday and Tuesday evenings at 7:15. Persons interested may join this group. More entries also are needed for the singles and doubles tennis tournament. Interested players should report to Mr. Raizk at Recreation Center any evening.

COUNTY C. E. HOLDS JULY MEETING HERE

The July meeting of the Lenawee County Christian Endeavor was held at Boulder Park Monday evening, with the Tecumseh C. E. acting as hosts.

The Rev. Milton Coleman, of Adrian, led the chorus, assisted by Mrs. Coleman at the portable organ. Mrs. Paul Green of Adrian played her piano accordian. Devotions were led by the president of the Tecumseh society, Mrs. Naomi Sallows. Miss Marvel Steinhoff of Adrian reported on the State C. E. Convention held at Muskegon June 22 to 25. Mary Jane Hayden reported on the convention of the United Youth Movement held at Lakeside, Ohio, recently.

The meeting closed with all singing "The Spirit of the Living God," after which "Mizpah" was pronounced. The next meeting will be at Wamplers Lake, August 7.

ENJOYING ENGLAND

A V-mail letter from Pvt. Herbert Maynard who is in England, tells of his meeting with Sgt. John Boldon, also of Tecumseh who has been overseas for some time. He reports lots of rain but beautiful scenery. He misses the States but is O. K. and is receiving his Herald regularly.

AT SCOUT CAMP

Decorated By General

Photo shows Lieut. Jimmie McClure, Tecumseh high graduate and former employee of Tecumseh Products, receiving Distinguished Flying Cross from Brig. Gen. Jesse C. Auten, left, wing commander of Jimmie's squadron. The medal was awarded for extraordinary achievement in performance of duty against the enemy over Europe. Lieut. McClure is the son of Mr. and Mrs. Cliff McClure of Tecumseh.

Barn Near Onsted Destroyed By Fire

A large barn 30 x 70 on the Elmer Holland farm east of Onsted was destroyed by fire Friday afternoon, the cause of which has not been discovered. Mr. Holland discovered the fire while working in the garden and the Onsted fire department was called and prevented the fire from spreading to nearby buildings. The flames spread rapidly and some tools, machinery and 45 tons of hay were also destroyed. A number of hogs were saved.

The loss was only partially covered by insurance.

Library Receives $100 From State Aid Fund

The Tecumseh Public Library has received a check for $100.19 from the State Board for Libraries, according to Miss Ruth Harding, librarian. This represents the final payment on a grant of $158.61 form the general library fund.

Tecumseh library receives this bonus because the local tax support is being maintained. If the local tax support drops, the library would not be eligible for this additional assistance.

The school board decides how these grants are spent so the projects are designed to fit the library, Miss Harding explains. Only capital expenditures are prohibited.

The grant is part of the state aid to public libraries fund set apart by the legislature for the development of Michigan libraries. The 1944 Special Session appropriated $300,000 for the 1944-45 fiscal year which will help libraries hold the line under war-time conditions.

GETS NEW RATING

The petty officer rate of motor machinist's mate third class was awarded to Bluejacket Laine R. Holden, 27, husband of Majel F. Holden, 208 S. Union St., Tecumseh, Mich., who recently graduated from the Naval Training School (Diesel) on the University of Illinois campus, Urbana, Illinois.

Selection to the specialty school is based on results of recruit training aptitude test scores. The course of study includes the use, operation and maintenance of diesel engines. A theoretical phase is concerned with diesel engine theory, electrical fundamentals and machine shop operation.

The graduate now has a permanent assignment as instructor in diesels at the University and Mrs. Holden and son expect to leave soon for Urbana to make their home.

BROTHERS HOLD REUNION

Pfc. Milo Studnicka, a former employee of Tecumseh Products Co., now in the South Pacific, recently located his brother Sgt. Charles Studnicka and spent the night with him. The boys had not seen each other in over a year and a half and were stationed only seven miles apart at the time of their reunion. They are sons of Mr. and Mrs. Charles Studnicka of near Blissfield.

ALTAR SOCIETY MEETS

St. Elizabeth Altar Society met Thursday evening at the home of Mrs. Paul Clauda when plans were made for the installation of a new lavatory in the church. Articles were brought to fill Christmas boxes for service men and in conclusion refreshments were served. Mrs. Clauda was assisted by Mrs. Ted Golat.

The August meeting will be held at the home of Mrs. James Tressler.

LICENSES ON SALE AT HALF PRICE

All automobile license plates went on sale at half price Saturday, July 15. Until August 10, it is necessary to bring in first half plates and the registration stub received when it was purchased. After August 10, bring in just the registration card. First half plates expire August 31.

Car Stamp Sale Here Reported As Normal

Sale of automobile "use stamps" is about normal in Tecumseh, P. A. Bowen, postmaster, announced this week. Thus far, Mr. Bowen said, the sale locally amounts to slightly more than 1,200, and a normal sale here is less than 1,500.

The federal law provides that the $5 stamp, which this year is orchid in color, must appear on the windshields of all automobiles in service on and after July 1. Cars operating at this time without the stamp attached are in violation and owners are subject to a fine if the violation is observed by officers.

In years past, the stamps could be purchased at the $5 price only in July, and after that time there was a slight reduction. This year, however, stamps purchased at local postoffices are $5 regardless of the time of purchase. The only way they may be brought at a reduced price is through the collector's office, and then a explanation of the reason why the stamp was not bought in July must accompany the application.

ROTARY CLUB HEARS CONVENTION REPORT

A report of the district convention of Rotary International, attended 10 days ago in Dearborn by Ralph Comfort, president of the local club, Wade L. Jones, secretary, and Paul Maves, was given by Mr. Comfort when the Tecumseh club met in regular session, Tuesday evening at Brees House. Mr. Comfort, who is just starting on his term as head of the club, declared that some of the convention suggestions regarding programs would be carried out by the club here during the coming year.

FRIENDLY CLASS

The July meeting of the Friendly Class of the Friends Sunday school was held at the home of Mrs. John Harwood. Mrs. Emma Day was leader of the program which consisted of assembly singing; readings by Mrs. Iva Cleveland, Mrs. Naomi Sallows and Mrs. Edward Escolme; song by Mary Jane Hayden and a pantomine "The First Flag" by Nellie Wilson and Billy Swanston. Refreshments were served.

HONORS SON

Mrs. Harold Naser entertained a group of children Thursday afternoon honoring the fifth birthday of her son John. Games were enjoyed and refreshments served. Those present were Salley Mullaney, Kirk and Jane Smith, Billy Bruce Berkhof, Michael Rodda, Sandra Hall and Joyce Poley.

SEAMAN INJURED

Mr. and Mrs. Drew Edwards of Britton have received word that their son Seaman Charles Edwards of the Merchant Marines, is recovering from injuries received in a recent storm at sea. Both legs were injured but no bones were broken and he is able to be about with the aid of crutches. His ship took part in the invasion.

Buy your tickets in advance from local firemen for Mills Bros.' Circus here Monday afternoon and evening. Firemen get a larger share of advance sale tickets. adv.

He leaves the widow Mabel, a sister Mrs. Augusta Raymond of Chelsea and three nephews Edward Messler of Adrian, George Messler of Holloway and Willard Messler of Lima, O.

Funeral services were held Saturday afternoon at the Hause Funeral Home in Clinton with Rev. O. E. Priest officiating. Burial was in Riverside cemetery in Clinton.

Auxiliary Has Had Busy Year

LEGION LADIES MAKE ANNUAL REPORT SHOWING CONTRIBUTIONS TOTAL OVER $1,000

The July meeting of the American Legion Auxiliary was held at the home of Mrs. Dora Warren when delegates to the state convention were elected as follows: Mrs. C. W. Howe, Mrs. Louis Schneider and Mrs. Bert Warren; alternates, Mrs. Marvin Watkins, Mrs. Ray Sluyter and Mrs. Jack W. Smith. The second district meeting to be held July 16 was announced. The sum of $20 was voted to be given to the Tecumseh Hospital laboratory fund.

A report of the past year's contributions amounting to $1000 was given and included contributions for records for service men at outposts; to the Michigan Clubmobile, the Salvation Army, Red Cross, March of Dimes, Patriotic League, Adrian College fund, war prisoners aid, playing cards, stationery and Herald subscriptions for service men, the community chest, Youth Council, Poppy Day, Gold Star Mothers and local philanthropy.

Two hospital beds have been obtained through magazine subscriptions and are available to the public at no cost except delivery fee from Collins Funeral Home where they are stored. Three $100 war bonds have been purchased and two girls will be sent to Girls State in Ann Arbor in August.

Members have also served on the ration boards, recruited for WAC's, solicited for the Salvation Army, worked for Red Cross, and on the OPA price ceiling survey.

There will be no meeting in August and the September meeting will be held at the Schneider cottage at Wampler's Lake when officers will be elected.

TO ENFORCE TIME LIMIT ON DOWNTOWN PARKING

The village council, in regular session, Monday evening, instructed the police department to immediately begin to enforce the 2-hour parking restriction in the downtown area. There was little business before the council other than routine. Current bills were audited and ordered paid and reports of department heads were read and placed on file.

Fords To Help Thresh Wheat

EQUIPMENT FROM EDISON INSTITUTE TO BE USED AT DYNAMIC KERNELS PROGRAM

Henry Ford, and his grandson, Henry Ford II are expected to take an active part in the threshing of Perry Hayden's Dynamic Kernels Tithing Wheat, Saturday, July 22.

The Westinghouse portable steam engine which Mr. Ford will operate himself was the identical engine that he used to thresh wheat continuously for 85 days in the summer of 1882.

"I was eighteen and nineteen that summer," said Mr. Ford at Dearborn Tuesday, in describing the engine to Perry Hayden, "And I actually threshed grain till snow fell." Mr. Ford will be 81 years old July 30. The separator which his 62 year old engine will drive is also a Westinghouse, made in Schnectady, N. Y. in 1890 and is the vibrating type.

Henry Ford II, who is expected to fly from Boston, Mass., to attend the threshing, will operate what his grandfather lovingly calls the "Hy-Ben-Jo-Bill." This unusual combination of nicknames is engraved on the plate at the front of a miniature thresher, which Mr. Ford made for his grandchildren, Henry II, Benson, Josephine, and William about 17 years ago. The engine itself is about 54 inches in height, and operates a thresher of the same proportion. A miniature wagon to draw the grain, and a miniature water wagon are also part of the "Hy-Ben-Jo-Bill" threshing outfit. In addition to tiny pitchforks that will pitch the small bundles, there will also be on display, tiny plows, harrows, and other equipment that Mr. Ford made for his grandchildren. He offer to move the miniature barn which housed the ponies and equipment, from Greenfield Village, to Tecumseh was refused by Parry.

FORD SAYS TITHING REPRESENTS DIVINE LAW

Henry Ford, who has taken a *keen interest in the Dynamic Kernels Tithing Wheat project here*, today authorized Perry Hayden to release this statement:

"I believe the Tecumseh experiment of Perry Hayden is useful because it emphasizes the natural law of increase and the divine law of sharing.

"The natural increase of real wealth—not money, but usable things such as wheat—is very high. And if we tithed it, many of our problems would be eased.

"I believe there is a divine method in these matters which we should discover and practice."

Henry Ford.

Girl Drowns

16-YEAR-OLD DOROTHY WHITE LOSES LIFE IN RIVER RAISIN

Dorothy White, 16-year-old daughter of Mr. and Mrs. Henry White, who live in the tenant house on the Cyrus Smith farm at Britton, was drowned Wednesday afternoon in the River Raisin near Sutton's Crossing where a group of girls had gone to swim.

Mr. White, her father, is a government truck driver and left last week on an eastern trip. Efforts are being made to locate him.

The parents and three sisters and brothers survive.

The sheriff's department was notified and Ed Braun of Adrian acted as coroner.

The body is at the Niblack funeral home in Britton.

Henry F. Barnes, 94, To Be Buried Friday

Henry F. Barnes, 94 years of age, a resident of Ridgeway and vicinity nearly all his life, died Wednesday at the home of his daughter Mrs. Wm. E. Miller in Adrian. Mr. Barnes was born in Germany and came to this vicinity when eight years of age. He lived on a farm near Dundee and later served as supervisor and drain commissioner. He was also postmaster at Ridgeway.

Survivors are the daughter Mrs. Miller, seven grandchildren and 14 great grandchildren. Mrs. Barnes who was the former Arsula Dibble, died a number of years ago. A daughter Estella Mapes died in 1905 and a son Ervin Barnes died in May.

Funeral services will be held Friday afternoon at 2 o'clock at the Braun Funeral Home in Adrian with burial in Ridgeway cemetery.

STICK AROUND FOR SURPRISES

It ought to be very interesting to live during the next fifty years in order to see what develops in the world.

First and foremost, of course, is the question of peace. During the next half century, it ought to be apparent whether the peoples and nations of the earth can devise a satisfactory substitute for war.

Then, in the field of developing science, many interesting accomplishments seem assured. For example, John L. Baird, London television pioneer, is working on a project that will transmit 750,000 typed words a second by applying the principles of television to photographs and telegrams.

This is just one of the research efforts underway and the imagination of those living today can hardly suspect what will come before the year 2,000. The only way to find out is to stick around, prepared for surprises.

COMMUNICATIONS

Editor The Herald and
Mr. R. W. Herrick:

The school proposition to raise $67,000 over a 5-year period for use in new building erection and purchase of real estate was defeated because of several factors, chief of which was a rumor, said to have originated with a member of the school board, in the form of a threat to a property owner on Shawnee St.; to-wit: condemnation of several pieces of property on the north side of E. Shawnee between Evans and Oneida streets and the closing of Shawnee from Evans to Oneida, Oneida to E. Logan, and East Logan St., to Evans St., for site of a new high school building and campus. Tecumseh is not large enough for so extensive a layout.

Rumors said to have eminated from another school official says no additional room is needed, and a school employee is said to have declared there are two vacant rooms in the present high school building that are not used, but could be, for classes.

Much opposition was aroused over the above two rumors and especially the acquiring of additional real estate. It is felt the school district now possesses sufficient ground near the East Branch and east of the recreation park for all building purposes necessary for years to come. Then, too, many people feel that the $67,000 raised wouldn't pay for seized properties, to say nothing of defraying and construction costs, and should be used to repair the East Branch school.

Some school patrons seem to be under the impression that to endorse the sinking fund will be only to give the school board carte blanche to do as they please, while others have felt the issue has been clouded and no clear cut, definite statement made as to the actual intent of the school board. Until such time as the school patrons are satisfied no wild-eyed scheme is contemplated and a definite proposal submitted, the proposition will remain a dead issue.

Another primary factor against the school sinking fund is the $200,000 must sewer proposition, and Tecumseh, like all small country towns, is made up largely of retired agriculturalists, widows, and bachelor girls, upon whom taxes bear heavily.

I agree with you, Mr. Herrick, in your statement of the soundness of creating a contingent fund in advance of need. Evidently somebody talked out of turn and in so doing created a defensive attitude that defeated the issue.

If, as you claim, the Products will employ well over 2000 persons following cessation of war, there will indeed be a problem to be solved then and all money borrowed will bear interest, whereas a sinking fund would earn some interest.

Fear of another depression following the war has its share in the reluctance to go in debt; and this fear is not unfounded unless some such stabilization plan as The Townsend Old Age Insurance plan is adopted, which will keep money in circulation.

School Patron,
George Bancroft,

THE OLD JUDGE SAYS...

"I don't blame the fellows overseas for gettin' all het up over it, Judge. For the likes of me I can't see what's all the hurry about holdin' these local prohibition elections while they're away."

"I agree with you, Steve. Time after time...in their letters, in articles, in polls taken to get the views of our fighting men... they have indicated in unmistakable terms that they don't want any action taken on prohibition, either *local* or *national*, until they get back."

"Too bad there isn't a law or somethin' to be sure their wishes are carried out, Judge."

"There is in one state I know of, Steve. Just recently it passed a law prohibiting the calling of any prohibition election until a year after the peace is declared."

"That really makes sense to me, Judge."

Detroit Cadet Nurses End Training Here

The first group of senior cadets of the U. S. Cadet Nurse Corps from the Henry Ford Hospital School of Nursing in Detroit, has finished the three months experience at the Tecumseh Hospital, and this week returned to Detroit for the balance of their training. Those returning to Detroit were Miss Mary Alice Harding of Highland Park, Miss Sophie Zuk of Bad Axe, and Miss Clara Simon of Bloomdale, Ohio.

The senior cadets who arrived this week are Miss Carol Tiedeman of Fowlerville, and Miss Betty Montague of Clio. These cadets will remain in Tecumseh for three months of experience.

Tecumseh Hospital was the first small hospital in Michigan to be approved for giving experience to senior cadets of the U. S. Cadet Corps. The seniors are those who have completed at least two and one half years of their three years training and experience. The Tecumseh Hospital program has included participation in community activities as well as the experience in the hospital itself. The participation of the community itself in hospital activities was entirely new to the cadets, because in large city hospitals such participation and interest is not felt to any degree within the hospital itself.

The work of the Lenawee County Recruitment Committee, with Mrs. Esther Wetterholt as chairman, is a part of the nation-wide drive to enroll new students in the U. S. Cadet Nurse Corps. Girls who can qualify as members of the corp may enroll in one of over a thousand schools of nursing in the country. They receive their nurse education under all expense scholarships provided by the U. S. Public Health Service. On graduation they are eligible to apply for registration in their respective states and to become registered nurses. In return they agree to remain in nursing, either essential civilian or military nursing for the duration of the war.

Any girls interested may obtain information from their local hospital, or from Mrs. Wetterholt in Adrian.

Hayden, because of the work involved, to the Ford organization. Some small children will be picked by Edgar Clark, superintendent of the Macon Ford Farms, to assist Henry Ford II in operating "Hy-Ben-Jo-Bill."

A special feature of the threshing of the "Dynamic Kernels" July 22 at 10 will be a horse operated Birdsall 1863 model separator, also taken from the Edison Institute. This is the same machine that threshed the one acre of wheat for Perry Hayden last summer, and which caused so much interest.

Will Knight, prominent horse breeder, of Adrian, will be in charge of the horses that will operate this Civil War type separator. Five teams, each weighing at least two tons, will be furnished by the following: Carlos Barrick-low, RD Adrian; Lyle Bailey, RD Adrian; Joe Diver and Wilson Diver, Deerfield, and Art Ternes, of Tecumseh.

An 1892 model J. I. Case traction engine, donated to the Edison Institute by Merrill Meigs who as a young man sold and serviced the same engine for the J. I. Case Co. Mr. Meigs is well known to sports fans as the "Babe" Meigs on Alonzo Stagg's famous football team at the U. of Chicago in 1904-05. It is hoped that the separator that Mr. Meig's engine will drive will also be a J. I. Case.

In addition to these four threshers, Edgar Clark will have a fifth outfit, a Port Huron engine, and a Nichols and Shepherd Red River Special Separator to finish off the crop.

In keeping with the plan to show the evolution of threshing, Mr. Ford is also loaning some flails, which will be operated by "old timers" to show how grain was threshed in Bible times.

All of the above mentioned equipment will be operated within a fenced off enclosure in the wheat field, one mile east of Tecumseh on M-50. It is expected that 5,000 people may attend this threshing, which is the fourth one in the "Dynamic Kernels" project, which grew from a cubic inch of wheat planted by Perry Hayden in 1940 on the inspiration of the Bible Text John 12:24.

A thirty minute program of a devotional nature will be given sharply at 10, with Edward Escolme, pastor of the Friends church, presiding. The program which will be amplified over loud speakers from the special platform built for the occasion right in the wheat field will be as follows:

Invocation: Rev. Blair Bashore, pastor Tecumseh Baptist church: chorus by the students of the Edison Institute, scripture reading by Rev. John Scarlett, rector of St. Peter's Episcopal church, Tecumseh; chorus by Edison Institute students; prayer, by Rev. Norman MacNaughton, pastor of the Tecumseh Methodist church; singing by the chorus. Brief remarks will then be made by Perry Hayden, Rev. W. A. Spring, president of Cleveland Bible College, Cleveland, Ohio; Howard Rather, dean of the new Basic College, at Michigan State College, East Lansing; and Merrill C. Meigs, of Chicago. The Edison Institute chorus will sing, and the Rev. James Cameron Murdoch, minister of the First Presbyterian Church in Tecumseh will offer the closing prayer.

Meals will be provided on the grounds by the members of the Tecumseh Grange.

The tithe of the wheat, or ten per cent of the crop, will be sold to farmers who in turn will give a tenth of the 1945 crop to their own churches. The money this year from the sale of the tithe will go to the Cleveland Bible College. The first year the tithe of five cubic inches "entered the ministry" in the form of breakfast food at the Friends parsonage in Tecumseh. Its cash value was $.002125. The second tithe, in 1942, with wheat then at $1.17 per bushel, was seven pounds, and had a value of $.1365. It was baked into cookies and eaten at the Ohio Yearly Meeting of Friends in Damascus, Ohio. The third tithe in 1943 of 1.6 bushels was sold to Bernard Poucher of Tipton, for $2.67 and the money turned over to the Cleveland Bible College. Mr. Poucher is in turn giving one tenth of his 1944 crop, to the Tipton Community Church.

Charles Figy, Michigan Commissioner of Agriculture, says 100,000 bushels of wheat in 1946 is possible. The nine tenths, in 1946, will all be given to Christian work, says Mr. Hayden.

LIBRARY NOTES

Miss Edith Ingersoll retired as librarian June 30 after twenty-six years of faithful work. July 1 Miss Ruth Harding took over the duties. It is her desire to serve the public in every way possible.

Is Your Furnace in Good Condition?

Have you carefully inspected your furnace or heating plant so that you know it is in condition to serve you next winter without a breakdown.

Of course you haven't, and 10 chances to one, neither has anyone else. That's natural.

But here's something you shouldn't forget. Under normal conditions, if your furnace should break down during the winter, we'd hurry the parts and have you going again in a day or two.

But today, conditions are not normal. YOU CAN'T GET REPAIR PARTS QUICKLY.

NOW IS THE TIME TO REPAIR

That's why we say that now is the time to inspect your furnace and to make needed repairs. If we discover NOW that your furnace needs parts, we have 60 to 90 days in which to obtain repair parts and install them.

Don't wait. Waiting may mean cold rooms during next winter.

We specialize in furnace cleaning, too.

THE Fifth War Bond Drive is over—*but the Invasion is not!*

Actually, the war right now is at its most critical stage—which is just why our men need *your* support as never before, why they need you to help pay for the mass of materials of all kinds that will bring crushing defeat to our enemies that much sooner!

Of course, you have just done your part in the Fifth War Loan Drive—but they have done theirs in many a grim, bloody battle and *they* aren't resting on what they've done before! They are carrying the fight to the enemy wherever they can reach him, every day—and your dollars are needed every day, too!

Surely you won't stop buying—won't let up now—when the chips are down!

5 MORE REASONS for Keeping Up Your Bond Buying

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you $4 for every $3 in 10 years.
3. War Bonds help keep prices down.
4. War Bonds will help win the Peace by increasing purchasing power after the war.
5. War Bonds mean education for your children, security for you, funds for retirement.

REUNIONS

DARRAGH FAMILY

The annual reunion of the Darragh family was held at the Britton Park with potluck dinner served to 50 members. David Gibson conducted the business session and all officers were re-elected. Several communications were read from members unable to attend. A program was presented and was followed by games and a social afternoon.

Edward J. Smith of Painted Post, N. Y., Alfred Gibson of Marion, Glendora Green of Lyons, O., Eula Avery of Ann Arbor, Mr. and Mrs. Geo. Youngiove of Detroit and others from Britton, Deerfield, Ridgeway and Tecumseh attended.

RINEHART FAMILY

Mr. and Mrs. Marvin Watkins entertained the annual reunion of the Rinehart family at their home on South Oneida street with 60 in attendance. Picnic dinner was served in the yard. During the business meeting Mr. Watkins was elected president; Mrs. Watkins, vice president; Mrs. Clifford Rinehart of Adrian, secretary, and Mrs. Wm. Krouse of Adrian, treasurer. A program and games followed.

SPREEMAN REUNION

The annual reunion of the Spreeman family was held Tuesday at the home of Mr. and Mrs. Albert Filter in Ridgeway. Forty relatives from Gaylord, Bay City, Cheboygan, Detroit, Jackson, Tecumseh, Britton, Ridgeway, Holloway and Deerfield attended. Potluck dinner was followed by a social afternoon.

The 1945 reunion will be held in Jackson with Mr. and Mrs. Arthur Bamm.

ILLINOIS PICNIC

The Illinois Club held its annual reunion at Britton Park with 115 members seated for the chicken dinner. Mrs. Carl Thompson of Tecumseh presided and all officers were re-elected including Mrs. Thompson, president; Earl Aiken of Milan, vice president; Mrs. Harlan Meyers of Britton, secretary and treasurer. It was voted to present a picnic table to the park and to hold next year's reunion in the same place.

Mrs. T. Rentschler of Tecumseh was in charge of the program which included music, poems and readings and a talk on "Patriotism" by Rev. C. B. Gould. Pictures of the group were taken in conclusion by Mr. Gould and Leon Rosacrans.

MISS FLORENCE McNAIR ENLISTS IN NAVY

Miss Florence McNair, daughter of Mr. and Mrs. Fred McNair of Leadville, Colo., formerly of Tecumseh, has enlisted in the Navy and has received approval for officers' training in the U. S. Tecumseh Youth Killed In Italy

PFC. JACK SLATER LOSES LIFE IN BATTLE, WAR DEPARTMENT MESSAGE SAYS

Mr. and Mrs. Percy Slater were notified Friday by the War Department of the death of their son Pvt. Jack Slater who was killed in action in Italy, July 7. Pvt. Slater who was 19 years old, entered service in May 1943 and had been on overseas duty since August 1943. He was a member of the Fifth Army. He attended Tecumseh high school before entering service and was a member of the Friends church and Sunday school.

A memorial service for Pvt. Slater will be held on Sunday afternoon at three o'clock at the Tecumseh Friends church. Pvt. Slater was born in Tecumseh October 20, 1924, and in the spring of 1942 he enlisted in the Michigan State Troops. On March 12, 1943, he was inducted into the United States Army and went to Fort Custer. From there he went to Fort Sill, Oklahoma, and still later to Camp Shenango, Pa., and in September he went from a camp on the east coast for duty over seas and landed in North Africa. He served in the heavy artillery in the Italian campaign, visiting Rome after that city fell to our forces. It was while serving in this campaign that he gave his life in the service of his country.

He is survived by his father and mother, Mr. and Mrs. Percy Slater of S. Wyandotte St., Tecumseh, sister Mrs. Paul Clauda, also of Tecumseh, and two nieces, and other relatives and a wide circle of friends.

The memorial service Sunday afternoon is open to the public.

Arthur Daniels of Tipton has received word from the War Department that his son Pfc. Eldred Daniels, has been wounded in the South Pacific area. Pfc. Daniels, a graduate of Tecumseh high school in 1927, enlisted in the Marines in Washington, D. C., two years ago, and was sent overseas in January 1943. He has a brother Loren and a sister Mrs. Chester Baker both of near Tipton.

Sgt. William Soncrant, son of Mr. and Mrs. E. F. Soncrant of Adrian and a grandson of Mrs. George Soncrant has notified his parents of his arrivia in the United States from Italy. Sgt. Soncrant who has been wounded in action twice is to be sent to some hospital. He has been awarded the Bronze Oak Leaf Cluster and Combat Award, also the Purple Heart.

Miss Dorothy Drewyor Bride of Roy Linder

Miss Dorothy Drewyor, daughter of Mr. and Mrs. Clyde Drewyor of Tecumseh and Aerial Gunner Roy R. Linder of Lansing were married Sunday, July 23, at St. Luke's Methodist church in Oklahoma City, where the groom is stationed. The bride was accompanied to Oklahoma by her mother and Mrs. B. H. Vicary of Leslie. She will spend several days in Oklahoma, then returning to her duties at the U. S. Employment office in Adrian.

Mrs. Drewyor was hostess at a miscellaneous shower for her daughter last Wednesday evening entertaining 25 guests at a social evening with games and refreshments. Prizes at cards were awarded to Mrs. Leo Robison, Mrs. Charles Terry and Miss Lois Francis who presented them to the honor guest. Refreshments featured a wedding cake with miniature bride and groom.

The guests included Mrs. Charles Terry and daughter Betty of Jackson, Mrs. Francis Scarlett and daughter Phyllis of Holt, Mrs. B. H. Vicary and Mrs. Harold Welpert and daughter Donna of Leslie, Miss Margaret Cromie of Detroit, Miss Dora Cromie of Adrian, Miss Helga Bly of Lansing and Mrs. Doris Maskrey of Grosse Isle and others from Tecumseh.

80-Year-Old Thresher Sees Service at Tecumseh

Approximately 5,000 people witnessed the fourth threshing of Dynamic Kernels, Perry Hayden's Biblical wheat, on Henry Ford's land, just east of Tecumseh, Saturday. Mr. and Mrs. Ford and their grandson, Henry Ford II, were among the interested spectators, as was Chas. Figy, state commissioner of agriculture. Photo shows the horsepower thresher, brought to Tecumseh from Greenfield Village by Mr. Ford, and used to thresh a part of the 14 acres of wheat.

Dr. Norman Mac Naughton Is Rotary Club Speaker

"A Philosophy of Life," was the interesting subject discussed by Dr. Norman MacNaughton, pastor of the Methodist church here and head of the psychology department at Adrian College, when he addressed the dinner-meeting of the Tecumseh Rotary Club, Tuesday evening at Brees House.

Man is worthless to himself and to society, Dr. Mac Naughton declared, until he has become important to someone other than himself. He blamed the world's troubles today to misunderstanding, greed and selfishness, and said that man's greatest problem is to understand man.

Too many of our problems are in darkness, the speaker said, and instead of attempting to solve them where they are we bring them out into the light. We judge in the light of the knowledge we have, instead of seeking new solutions. It is the Christian philosophy, Dr. Mac Naughton declared, that is the true philosophy.

It was announced that Congressman Earl C. Michener would address the club at its meeting on Tuesday evening, August 8. Next week's meeting will be held on Monday evening instead of Tuesday.

GARDEN CLUB MEETS

Tecumseh Garden Club met Friday afternoon at the home of Mrs. L. W. Larsen, with Mrs. C. H. Giltner and Mrs. F. C. Hanna assisting in entertaining. The program cosisted of a paper on "Growing Slips and Cuttings" by Miss Mary McWilliams and one on "Pansies" by Mrs. Charles Kempf. Floral arrangements were in charge of Mrs. Kempf, Mrs. Larsen and Mrs. R. W. Herrick. Tea was served in conclusion by Mrs. Herrick and Mrs. O. W. Laidlaw.

The August meeting will be held at St. Peter's parish house when the county agricultural department will demonstrate pressure canning. This meeting will be open to the public.

Henry Walden's Gun Crew Shot Down Nazi Plane No. 1

Pvt. Henry Walden of Route No. 2 Tecumseh, now in Normandy, wants The Tecumseh Herald.

For some reason, Henry's name failed to get on the subscription list of Tecumseh township men in service, and who are receiving The Herald through the courtesy of the American Legion and this newspaper.

Henry, in a letter to The Herald today, from Normandy, has this to say in part:

"I have lived near Tecumseh for about the last 10 years but it seems that I'm not very well known in my own home town these days. There happens to be one more chap from Tecumseh here that gets your paper so I managed to see it now and then. But now I'm in France and have been since D-day and I can't get the paper any more, so I'd like to have you add my name to your subscription list.

"Just in case you care for a little news from the front (which I couldn't possibly give you) I'll try anyway.

"It was our gun crew that shot down the first plane in Normandy, at least in our outfit. They certainly come down pretty. No more time, I've got to get to business. I'm writing this within trigger reach of my four little 50-calibre babies."

John's name is being added to the subscription list this week and he will receive this paper. We're sorry that his name was overlooked and we congratulate him on his fine marksmanship.

Robert Carlton Swain Commissioned Ensign

Robert Carlton Swain, son of Mr. and Mrs. Samuel J. Swain of Onsted and a brother of Stanley Swain of Tecumseh, graduated July 15 from the Naval Air Training Center at Corpus Christi, Texas, and was commissioned an Ensign in the U. S. Naval Reserve.

Following his graduation Ensign Swain was married to Miss Donnavieve B. Hardy, daughter of Mr. and Mrs. Roscoe Alverson of Jackson, formerly of Onsted. The double ring service was read by Chaplain Bruce W. Evans at the N.A.T.C. chapel in Corpus Christi. Special nuptial music played by Karl O. Lellky, organist included the "Wedding March" by Rossini, with Earl G. Ruble as soloist. The couple was attended by Miss Genell Johnson of Corpus Christi as maid of honor and Ensign H. L. Eichenseer of St. Louis, Mo., as best man.

Ensign and Mrs. Swain will reside at Corpus Christi.

JOINS MARINES

River Victim Buried Saturday

FUNERAL SERVICES HELD AT BRITTON FOR DOROTHY M. WHITE, AGED 16 YEARS

Funeral services were held Saturday at Niblack Funeral Home for Dorothy M. White, 16 year old daughter of Mr. and Mrs. Henry White, who drowned last Wednesday afternoon in the Raisin River south of Sutton's Crossing. Rev. Clarence B. Gould officiated and burial was made in the LaSalle cemetery.

Dorothy was a member of the sophomore class of the Britton high school and attended Sunday school at the Congregational church. Vivian VanWaggoner and Joyce Upell accompanied her to Sutton's Wednesday afternoon but were unable to save her when she swam into too deep water. She was learning to swim and drowned in seven feet of water. New York Central railroad workers nearby rushed to her aid and the resuscitator of the Adrian fire department was brought out, but all attempts to revive her failed. Coroner Edward Braun decided there would be no inquest.

Her parents, one sister Charlotte, two brothers Earl and Robert of Britton and her grandfather Fred Grams of Boyne City survive.

The family lives in the tenant house on the Cyrus Smith farm and the father is a government truck driver. He left a few days before her death on an eastern trip.

Bearers were Robert Osterhout, Gladwin Spohr, Richard Vallie, Llewellyn Pilbeam, Russell Wood and Wayne Filter, all fellow members of the sophomore class of Britton high school. Relatives and friends attended from Wyandotte, Petoskey, Boyne City, Monroe and Milan.

Doctors O. K. Health Plan

TECUMSEH COMMITTEE ELECT OFFICERS; TO EXTEND VACCINATION PROGRAM

The medical staff of Tecumseh hospital, in a statement this week to the Tecumseh Health Education Committee, whole-hearedly approved the plan for immunization of local school children, a program sponsored by the committee. The Health group also met and named officers for the coming year as follows: Mrs. Richard Preston, chairman, J. H. Rohweder, vice-chairman, and Mrs. Sam Sisson, secretary and treasurer.

The committee, in an announcement, expressed its desire to extend the vaccination program locally against small-pox during the coming school year. Local physicians advise this step as does Dr. DeKleine, commissioner of the state department of health.

In this connection, the committee said, parents are urged to see to it that children of school age who were not vaccinated in the program a few months ago, are vaccinated before the beginning of school in September. This should include children who will begin kindergarten work in the fall, and all others who have not been vaccinated within the past five years. Parents of such children will receive a card which should be filled out by the doctor at the time of vaccination and returned to the committee, that records may be complete.

The medical staff of Tecumseh Hospital, authorized this statement:

The Tecumseh Hospital Medical Staff approves whole-heartedly the program of the Tecumseh Health Education Committee in the immunization of our school children.

The enthusiastic response of the parents of the community to the signifying that the parents do realize that the prevention of disease is far better than treating the disease and its complications after it occurs.

We urge that all school children who have not been protected against small-pox during the past five years, be vaccinated before school opens this fall.

Signed: P. B. Hardy, M. D., H. H. Loveland, M. D., M. R. Blanden, M. D.

Don Carlson is Named a Second Lieutenant

KIRTLAND FIELD, ALBUQUERQUE, N. M.—Aviation cadet Donald K. Carlson, son of Mr. and Mrs. Louis A. Carlson of 24 W. Brown Street, Tecumseh, Michigan, a recent graduate of the Army Air Forces bombardier school here has been commissioned a second lieutenant and awarded the silver "wings" of the aerial bombardier, supplementing previously won aerial gunner's insignia.

Lieut. Carlson is a graduate of Tecumseh high school, class of 1942, where as an undergraduate he played football and basketball for three years and served as president of the student council. He later attended the University of Michigan, where he played freshman football. His father is a veteran of the first World War, serving as a second lieutenant with the U. S. Army.

Prior to his successful completion of 18 weeks of flight and combat training in high level precision bombing and navigation at Kirtland Field, Lieut. Carlson was stationed at Las Vegas, Nevada, where he graduated from the Army Air Forces flexible gunnery school as an aerial gunner.

Now ready for active duty, his destination is not disclosed.

WATCHES THRESHING

L. J. Petrot, superintendent of the New York Central Lines, with offices in Toledo, was here last Saturday for the threshing of the Dynamic Kernels Biblical Wheat.

Tithe Wheat Yields 27 Bu. To The Acre

CROP HAS TOTAL VALUE OF MORE THAN $500; HARVEST ATTRACTS 5,000 FOLK

It was announced yesterday, that Radio Station WJR, Detroit, would broadcast a complete program of the Biblical Wheat Project, over its station at 6 p. m., Saturday, July 29.

Perry Hayden, local miller, and his wife, Elizabeth, with Mr. and Mrs. Henry Ford of Dearborn, played hosts Saturday to an estimated crowd of 5,000 persons who gathered on one of the Ford farms just east of Tecumseh to witness the unique threshing of the fourth crop of "Dynamic Kernels Biblical Wheat."

The project, which started in September, 1940, from one cubic inch of wheat, has grown until this year 14 acres of wheat was harvested. The total weight of the 186 bags of grain as they came from the four threshers, loaned by Mr. Ford for the occasion, was 22,765 pounds, or a total yield of 27 bushels to the acre. In dollars and cents the crop value was $529.70.

"Mathematically speaking," said Mr. Hayden, in commenting upon the good crop, "If we had planted the customary bushel and a half of seed per acre, or two bushels, we might have received a yield of 40 bushels per acre, but of course there would have been fewer acres."

As an example of the unusual interest being taken in getting as high a yield as possible was the fact that Harry Downing, an assistant to Edgar Clark, superintendent of the Macon Ford Farms, found about three bushels of wheat in the tool box of the old Westinghouse separator and brought it to the mill Monday. Roland Mohr, in kicking around in the straw, after the threshers had left Saturday, found two bundles that had not been threshed. This was flailed out by hand by Edward Escolme, Monday night. Most of the 6,417 test heads picked up by the rest of the Grange in a "Gleaning Contest" was threshed out on the miniature threshing outfit.

A 40 minute devotional program, with Rev. Edward Escolme of the Friends church presiding preceded the actual threshing operations Saturday. The following program was given: chorus, students of the Edison Institute; scripture reading: Rev. John Scarlett, rector, St. Peters Episcopal church, Tecumseh; chorus: students of the Edison Institute with Mary Jane Hayden as soloist; prayer: Mrs. Herbert Hood, chaplin, Pomona Grange, Adrian; chorus: students of the Edison Institute; remarks: Perry Hayden, Rev. Worthy A. Spring, president Cleveland Bible College, Charles Figy, Michigan State Commissioner of Agriculture, Howard Rather, dean of the State College, Michigan State College, Lansing, Mich., Merrill Meigs, vice president, The Hearst Corporation, Chicago, Ill.; closing prayer: Rev. Norman Mac Naughton, pastor Methodist church, Tecumseh.

A demonstration of flailing was then given by Eugene Harris, and David Boyd, both of Tecumseh. Flails were furnished by Mr. Ford.

Next was set in motion the Birdsall 1863 horse operated separator. Will Knight of Adrian was in charge of this thresher, and horses were furnished by Art Ternes (Mitchell Mobley as driver), Lyle Bailey, Joe Diver, Wilson Diver, and Carlos Barrickow.

One of the threshing outfits that seemed to attract the greatest interest of both young and old was the Hy-Ben-Jo-Bill miniature separator, operated by Henry Ford II. This machine, bearing the nicknames of the four grandchildren of Henry Ford (Henry, Benson, Josephine, and William) worked to perfection.

One of the high spots of the threshing was when Mr. Ford started the 1882 Westinghouse engine that he operated as a boy in 1882 for 85 consecutive days. This engine performed well, and pulled a Westinghouse separator that threshed out the major part of the crop.

Merrill C. Meigs, vice president of the Herst Corporation, Chicago, woh, with his brother, James Meigs, western advertising manager for the American Weekly, flew in from Chicago in their own plane, and operated a J. I. Case engine owned by the Edison Institute at made in 1890, and which is now Greenfield Village. William Clark, vice president of the J. I. Case Co. at Racine, Wis., drove over to see the engine and separator operate.

The members of the Tecumseh Grange again served lunches and drinks at two stands erected for the occasion. It is reported that

POST-WAR EMPLOYMENT

The activities of the people of the United States have been greatly increased during the war emergency and there are millions of Americans working who never worked before.

When the war emergency ends, there will be an inevitable slackening of war production but it is hoped that some methods can be developed to maintain economic activity somewhere close to the present scale.

Some idea of the problem appears when we realize that there will be about seven million discharged military personnel and somewhere around twenty million war workers. The employment of those who intend to seek work will be a considerable undertaking.

Obviously, there will exist something of an economic cycle. The demand for goods will depend upon the volume of employment and vice versa. Undoubtedly, the initial demand will be tremendous, due to shortages during war years and to the fact that many Americans have managed to save some money for future spending.

THE OLD JUDGE SAYS...

"Mary and I were just saying, Judge, how lucky we are here in America that we have so many natural resources to help win the war."

"That's right, Jim. When war broke out we had oil, we had steel, we had food, lumber, aluminum...practically everything we needed. There's one thing we didn't have...*rubber*. The enemy had that."

"But that didn't bother us for long. Soon American brains and industry had synthetic rubber by the tons rolling out of plants. That filled a critical need...you can't win a war without rubber."

"I was very much interested the other day in reading a statement made by a high government official on synthetic rubber. In it he said 'It is fair to regard the rubber manufactured to date as being almost solely the product of the beverage distilling industry.'"

"He also said that, in his estimation, the tremendous contribution of distillers' industrial alcohol to the synthetic rubber program had not received the recognition which it deserves."

"We certainly learned something today, didn't we Mary?"

Remember How The Pioneers Built Houses?

Surely, we've all read how the pioneers of this nation built their homes. They made their way through wilderness and swamps to the location of their choice and with ox teams and axes they hewed the lumber and cleared their farms.

It's a far cry today from the days of the Pioneer when it comes to home building. True, a modern home lends just as much security as it did in those days, but the method is different as to building.

We urge you, then, to budget your income now—BUY WAR SAVINGS BONDS—and then, when Victory has been won, we'll build the home of your dreams.

You won't need an ox team or an axe—you won't need to travel to distant points. A lot of your choosing will be available here and we'll be happy now to show you plans and specifications.

the treasury of the Grange is ahead $600 for the two days they served.

Employees of the Macon Ford Farms, and members of the Tecumseh Grange furnished the labor that really did the hard work. Among those who assisted Wm. Leslie Becker as chairman of the harvesting were Mal Partridge, George Parsons, Perl Ash, Charles Patterson, Harold Rohrbach, Arthur Eaton, Lawrence Ash, Lawrence Hoagland, W. W. Grigg, Ernest Harris, Norman McConnell, Fred Sheldon, Stanley Frost and Clayton Bigelow. Wallace Bryan furnished the binder July 7 that was drawn by the Ternes team.

One of the outstanding personalities on the threshing job was Blair O. Bashore, pastor of the Baptist church, Tecumseh, who did a remarkable job of feeding the Birdsall separator.

Assisting Edgar Clark from the Macon Ford Farms were Vern Thomas, Peter Socks, Claude Bailey, Jess Frost, H. Blohm, V. Graff, Tom Hamilton, Gus Branke, Harry Downing, V. Weyher, Leland Bush, L. C. House, W. Dettmann, Geo. Winterstein, and William Clark.

The tithe, or 18 bags of the wheat, as they came from the field, were given to the Friends church, Sunday, and in turn given to the Cleveland Bible College. The college is going to sell part of it locally to farmers, who want to grow wheat and give one tenth to their own churches. Bernard Poucher of Tipton bought the tithe last year, and one tenth of the crop he raises this year will go to the Tipton Community Church.

Mr. and Mrs. Henry Ford, and Henry Ford II of Dearborn and Detroit, Merrill C. Meigs of Chicago, Raymond Jeffreys of Columbus, Worthy Spring of Cleveland, Rev. and Mrs. Edward Escolme, Mr. and Mrs. Ralph Comfort, Mrs. A. A. Hayden Flour Mills Tecumseh, Mich. July 27, 1944

Your Wheat and Hayden's Hog Balancer Will Produce Pork

Corn is still scarce, but there's one whale of a wheat crop locally. Why not feed your red wheat with HAYDEN'S HOG BALANCER?

FOR PIGS UP TO 80 LBS.
Feed 400 lbs. of grain, and 100 lbs. Hog Balancer.

FOR PIGS 80 LBS. TO 125 LBS.
Feed 500 lbs. grain, and 100 lbs. Hog Balancer.

FOR PIGS OVER 125 LBS.
Feed 600 lbs. grain, and 100 lbs. Hog Balancer.

To hand feed Hayden's Hog Balancer, feed 1-4 to 1-2 lbs. per head per day until pigs weigh 80 to 100 lbs. From then on to market, feed 1-2 to 3-4 lbs. per head per day.

As soon as you get your Ration Certificate for new tires from your Local Ration Board—present it to us, and we'll affix them to your wheels. We have plenty of Grade 1 tires ready for B and C card holders.

But before you get new tires, make sure your old tires have given you maximum service. Before you let them wear too thin—drive in for inspection for possible retreading. Remember, tires on the battle field of Normandy are being retreaded as high as nine times. Why not retread yours at least once?

Whether we recap or retread your old tires—or supply you with new tires—rest asssured of the excellence of our service, and our abiding by all government regulations.

The proudest title in the Army

IT CONSISTS of two simple words.

Yet every soldier who's worth his salt covets it.

This title is simply:

"Good Soldier."

It isn't just happenstance that so many women in the WAC have earned this title—the proudest in the Army.

For wherever Wacs are working, both here and overseas, there you find a job well done. And done with a spirit so gallant and fine that high Army officers everywhere say of the WAC . . .

"They're soldiers. *Good soldiers!*"

ANNUAL SCHOOL MEETING DISTRICT NO. 7 Tecumseh, Michigan July 10, 1944

The meeting was called to order by the President, Dr. Brown, at 8:10 p. m.

The minutes of the last annual meeting were read and approved.

The reports of the Secretary, Mr. John Larsen, (copy attached), and the Treasurer, Mr. Earl Lindsley, were read and on motion approved.

Superintendent Berkhof again presented in his annual report a detailed analysis of the activities of the Tecumseh schools during the past year. A large section of the report was devoted to a discussion of the school plant needs in our community together with a review of the activities which had been carried out under the direction of the Board of Education to meet these needs.

The annual report of the librarian, Miss Edith Ingersoll, was read and ordered placed on file.

This report was supplemented by a financial report by Mr. Berkhof showing total receipts of $3,287.58 including balances, and expenditures of $2,757.28, leaving a cash balance of $490.30.

The annual report of the Athletic Control Committee was given by Mr. Fay Whelan and approved. This report indicates that total receipts for the fiscal year amounted to $3,995.75, including cash balance, and that expenditures for improvements and purchases amounted to $977.17, leaving a cash balance of $3,018.58. Mr. Whelan also explained that further expenditures had been authorized which would increase the value of the recreation center as a community playground and for adult recreation purposes.

The terms of office of Trustees Mr. Jens Touborg and Mr. Earl Lindsley having expired the meeting proceeded to the election of two trustees to the vacancies. The name of Mr. Touborg was placed in nomination to succeed himself. There being no other nominations a motion was made and seconded that the nominations be closed and that the Secretary be instructed to cast the unanimous vote of the meeting for Mr. Touborg to succeed himself.

A call was then made for nominations to fill the vacancy caused by the expiration of the term of office of Mr. Earl Lindsley. The name of Earl Lindsley was placed in nomination also the name of LeRoy Van Winkle. The President, Dr. Brown, appointed Mr. Ned Baldwin, Mr. R. S. Moore, Mr. Charles Manley and Mr. Marvin Watkins as tellers. A ballot was taken and 225 votes were cast of which Earl Lindsley received 185, LeRoy Van-Winkle 40. Mr. Lindsley having received the majority of all votes cast was declared elected as trustee of the district for the ensuing three years.

Upon a motion made and seconded the meeting was adjourned.

JOHN LARSEN, Secretary.

REPORT OF THE SECRETARY TO SCHOOL DISTRICT NO. 7. TECUMSEH, MICHIGAN

The report of the Secretary is one that could very well be dispensed with as a relic of the past ages.

Suffice it to say that the report of Edward W. Smith & Co. of Detroit, Certified Public Accountant, states under date of July 8, 1944, that "The Books of the School District are very well kept, accurate and neat and any information we desired was readily obtainable." (end quote).

The books of the District and this Auditor's report are open to inspection by qualified electors on request.

Mr. Berkhof, the superintendent, will give you a comprehensive report of the year's operations. He is to be complimented on the range and scope of the report and I am sure that you will gain in knowledge from hearing it.

It is to be regretted that a full year has passed since your instruction of a year ago to the Board to press for enlarged and greater educational advantages and opportunities for the future has not met with success. It is for you to decide what the Board shall do as your representatives for the children of tomorrow's schools.

The Board has been disappointed in a seeming lack of interest on the part of district electors in school affairs and asks for greater and more active participation of the public in all school matters.

Do not leave it all to your elected Board!

JOHN LARSEN, Secretary.

July 8, 1944.

Board of Education
School District No. 7
Tecumseh, Michigan
Gentlemen:

We have made an examination of the books and records of your school district for the fiscal year ended June 30th, 1944 and submit our report herewith which consists of the following:

Statement of Receipts and Disbursements for the Fiscal Year Ended June 30th, 1944, by Various Funds and Classifications.

Recapitulation of Extra Curricular Activities Funds

Statement of Receipts and Disbursements of Various Class Funds.

These accounts have all been examined to the extent necessary to satisfy us as to their accuracy. All recorded receipts were traced to the bank. The collection and payment of taxes to the school was verified with the township clerk, and the bank balances reconciled and verified with the bank.

The bonded debt of the school consists of one $1560.00 bond which is due April 1, 1945 and is the last of the issue of October 20, 1939 to cover the cost of the athletic field. All accounts other than the regular current bills which are not due until July have been paid.

All vouchers to cover disbursements have been examined. All funds withdrawn have been upon proper authority.

The insurance policies have been examined by us and in our opinion the school district is fully covered for fire, windstorm, boiler and compesation insurance in sufficient amounts. The School Treasurer is under $10,000.00 bond.

We have examined the records of the treasurer and find that they are in agreement with the books of the secretary.

The books of the school district are very well kept, accurate and neat and any information we desired was readily obtainable.

Respectfully submitted,
Edward W. Smith & Co.
Certified Public Accountants.

5 Boys Killed In U. S. Service

RAYMOND BACHTAL AND VERNON BEACH FROM TECUMSEH; OTHERS FROM CLINTON

Word is received of the death of Pfc. Melvin Flager, which occured during D-Day at Normandy. Pfc. Flager is the son of Mr. and Mrs. Vernon Flager of Dansville, formerly of Tecumseh and would have celebrated his 21st birthday Monday, August 7. He attended Tecumseh schools and previous to entering army service November 9, 1942, was employed at Tecumseh Products Co. He was in overseas service 15 months, with the 16th Infantry.

Besides the parents he leaves three brothers Pvt. Donald Flager, somewhere in the Southwest Pacific, Pfc. Herbert Flager at Oceanside, Calif., and Douglas at home; three sisters Mrs. Ray Herford and Mrs. Ivah Antcliffe of Brooklyn and Nora Ellen at home; his grandparents Mrs. Lucinda Ensign of Tecumseh, Sumner Ensign of Eden, O., and Mrs. Della Hollester of Hudson, and an uncle Waldo Ensign of Tecumseh.

Memorial services are being planned.

Five members of the military service from this area, two of them from Tecumseh, have been reported killed in action, according to messages from the war department. Two others were reported as missing.

Mr. and Mrs. Ray Bachtal were notified Monday by the War Department that their son Private Raymond L. Bachtal was killed in action in France, July 4.

Pvt. Bachtal who was 22 years of age, entered service October 16, 1942 and had been overseas since March, 1944.

He is survived by his parents, two brothers, William Leo and Robert Leroy, and a sister Ruby, all of Tecumseh.

Mrs. Chester Beach and Mrs. Clarence Beach have received word that their brother, Sgt. Vernon Cummings, who was reported missing since May 10, is now officially reported as killed in action over Berlin. Before entering army service Sgt. Cummings was employed at Tecumseh Products Co., and had also worked at the Beach service station. Mrs. Cummings and daughter are in Phillips, Wis., where Mr. and Mrs. Chester Beach are spending a few days.

Mr. and Mrs. John Hull and Mrs. Harold Hull of Clinton have received word that the former's son Pfc. Harold Hull was killed in action June 2 in Italy. They previously had received word that he was missing in action.

Pfc. Hull who entered service in March 1943, was 23 years of age and had been overseas since September 1943, serving in Africa and Italy. He was awarded the Purple Heart for injuries received in February and only recently had rejoined his unit.

His wife and daughter live with his parents. He also leaves a half brother Ernest Groeb and a half sister Mrs. Robert Alonzo of Clinton.

Before entering the service he was employed by Tecumseh Products Company.

Lt. Charles L. Way, 23, son of Mr. and Mrs. Clyde Way of Clinton, was one of a crew of four men killed in a plane crash Monday afternoon near Alexandria, La., where he was stationed at Esler Field. The cause of the accident was not learned.

Lt. Way, who was born in Clinton, was inducted into army service in 1940. He received his preflight training at Maxwell Field, Ala., and graduated in February 1943 at Napier Field, Ala., when he received his wings and commission. Previous to army service he was a staff sergeant with the Michigan National Guard.

He was married May 1, 1943, to Miss Barbara Burrell at Florence, S. C., who was home with her husband on his furlough in June.

Besides the widow and his parents, he leaves a brother John and his grandmother Mrs. Luzetta Way of Clinton.

One-handed Watch at a Dollar to Revolutionize Time Telling

A one-handed watch, as simple mechanically as it can be made but dressed up in a plastic case that will make it appear to be worth many, many times it's dollar value, is in the making in Tecumseh. And after the war, the Adamson Watch may again make the dollar as famous as did the Ingersoll, a decade ago.

The new watch, models of which already have been cast, is ticking away in the office of Geo. H. Adamson, local inventor and maker of navagational time instruments, now used exclusively by the Army and Navy in winning the war. But when peace comes, and Mr. Adamson turns his factory to post-war manufacturing, the new watch is expected to go on the market. It will sell at around the dollar mark and may carry a guarantee similar to nationally advertised fountain pens. "Not for a year, not for life, but guaranteed forever."

Mr. Adamson, a member of the Tecumseh Rotary Club, gave members of that organization a glimpse of the post-war watch, when he addressed the group at its dinner meeting, Monday evening. A model of the watch was passed around the table and members found no difficulty at all in reading the time.

"You don't need two hands on a watch to tell what time it is and neither do you need three," Mr. Adamson said. "Our ancestors, two or three hundred years ago, didn't have two hands on their watches and they got along very nicely. The more hands you put on a watch the more intricate the works and I propose to make a simple watch, something that will give service, look good to the owner and still be inexpensive."

The one hand on the new watch is the so-called hour hand. The dial is graduated into qurater hours. You simply guess at the exact minute. But you'd be surprised how accurately one can guess.

"It's all right for the fellow who wants to know time to the split second to have a watch with three or four hands," the inventor said, "but the average fellow is not that interested."

Adamson plans to put the watch into a plastic case. There will be a watch in the colors of the rainbow, a watch to match every suit or dress, a watch for every purse. The plastic case will be permanently sealed so that it cannot be repaired by a jeweler. The watch must be returned to the maker for service.

And another new gadget in the watch will be the winding mechanism. You won't wind it with the stem, oh, no, that's too old fashioned. You'll simply roll the watch in your hand and presto, it's wound.

Adamson is not an ameteur in the watch business. He's designed several watches, in fact one of his finest models is now being used aboard every big plane that the Navy flies. He's made them with no jewels at all, and full of jewels.

"We are just doing a bit of post-war planning," Adamson said, "but when this war is won I'm thinking that everybody will want something revolutionary, something as new as tomorrow. Then is when we'll put our watch on the market—and at a price that everybody can afford."

MRS. CLARE DOWLING DIES IN HOSPITAL

Mrs. Clare Dowling, aged 52 years, a resident of Clinton nearly all her life, died Friday night at Tecumseh hospital after several months illness. Mrs. Dowling was formerly Ethel Mae Case and was born on the farm where the family now resides and where she lived except for a few years in Adrian after her marriage to Mr. Dowling in 1921.

Besides her husband she leaves two daughters, Miss Dorothy Dowling and Mrs. Raymond Bird both at home. A brother Guy L. Case preceded her in death.

Funeral services were held Monday at Dunn Funeral Home in Onsted with burial in Oakwood cemetery in Adrian.

NOW MARINE OFFICER

Arthur R. Baaske, son of Mr. and Mrs. Otto Baaske, graduated Wednesday from the U. S. Naval Air Station in Corpus Christi, Texas, received his gold pilot wings and was commissioned second lieutenant in the U. S. Marine Corps Reserve.

Lt. Baaske is 22 years of age, and a graduate of Tecumseh high school. He enlisted in the Naval Reserve V-5 pilot training in September 1942. He received civilian pilot training at Thatcher, Ariz., and completed preflight training at St. Marys, Calif., going from there to Pasco, Wash., and then to Corpus Christi.

He is expected home this weekend on a 15-day leave after which he will report at San Diego, Calif.

TO ENTER COLLEGE

Miss Lenore Oliver, daughter of Mr. and Mrs. Ralph Oliver, who has been spending several months in California, has passed the entrance examination for the State College at San Diego, which she will enter September 5. She is a graduate of Ford Macon high school.

BENEAR—BEADLE

Pfc. Warren F. Filter Now In New Caledonia

New Caledonia, South Pacific—While serving at this island base with the Army's services of supply forces, Warren F. Filter, formerly a drill press operator at the Tecumseh Products refrigeration plant of Tecumseh, Mich., has been promoted from private to private first class.

Pfc. Filter is now on duty with an ordinance ammunition company which operates a vital ammunition depot, consisting of warehouses and open storage for all types of ammunition, serving the fighting forces operating in this theater of war. Pfc. Filter's work includes supervising working parties in handling ammunition, checking shipments and repairing valuable material damaged in transit overseas.

The son of Mr. and Mrs. Henry Filter of RFD No. 2, Britton, Mich., Pfc. Filter entered the Army in July 142 and received his specialized training at Camp Wolters, Texas, before embarking for overseas duty in Jan. 1943. He has also been stationed at Guadalcanal before coming to New Caledonia.

Pfc. Filter attended Ford Macon High School where he played an active part on the school's baseball team.

GETS COMBAT BADGE

WITH THE FIFTH ARMY, ITALY—Private First Class Harry V. Marsh, whose home is at 28 East Brown Street, Tecumseh, Michigan, has been cited by his regiment of the 36th "Texas" Infantry Division and awarded the Combat Infantryman Badge for actual participation in combat with the enemy while serving on the Fifth Army front in Italy.

Standards for the badge are high. The decoration, which was recently authorized by the War Department, is awarded to the infantry soldier who has proved his fighting ability in combat.

The handsome badge consists of a silver rifle set against a background of infantry blue, enclosed in a silver wreath.

GOOD CONDUCT MEDAL

MUROC ARMY AIR FIELD, Muroc, California, Fourth Air Force—Pfc. Ernest L. Hastings, son of Mrs. Nanie Hastings, 303 S. Maumee Street, Tecumseh, Michigan, has been awarded the Army Good Conduct Medal for exemplary behavior, efficiency and fidelity. He was recommended for this medal by his immediate commanding officer.

MISSIONARY MEETING

The Presbyterian Missionary Society met Friday afternoon with Mrs. J. F. Rector on South Union street. Mrs. S. W. Boyce presided and Mrs. Grant Schreder conducted devotionals. Letters from missionaries were read and the program topic "The Rural Church" was presented by Mrs. Rector.

The August meeting will be held in the church parlors, preceded by a potluck luncheon.

Camp At Blissfield To House Nazi Prisoners

Blissfield has been chosen as the location for a camp to house German war prisoners, the site to be south of the town on the River Road, where seven acres have been leased. Between 250 and 500 prisoners will be housed in tents in the camp and will be employed in the canning and pickle factories at Blissfield, Adrian, Hudson, Dundee and Ida from August 15 till December 1. The men will also be available to farmers in the area for picking during the tomato, peach and apple season. Prisoners will be under guard at all times and returned to the camp each evening.

The camp will be enclosed in fence and water and lights will be installed.

Funeral Services Held For Joe Hanna, Saturday

Funeral services for Joe Hanna were held Saturday afternoon at Belding Funeral Home. Rev. James C. Murdoch officiated and bearers were Messrs. W. L. Allen of Grand Rapids, E. C. Heilman, J. F. Elliott, L. E. Brown, L. H. Titley and P. C. Satterthwaite. Earl Lindsley gave the Masonic service at the grave in Brookside cemetery.

Relatives and friends from out of town who attended were Mr. and Mrs. John Guss, Mrs. Frank Hurst and Miss Nellie Poole of Toledo; Mr. and Mrs. William L. Allen and Mrs. Betty McClelland of Grand Rapids; Mrs. Howard Jones of Rochester, N. Y.; Mr. and Mrs. Lester Stegg and Mrs. Edith Hanna of Detroit; Mr. and Mrs. Harry Dernberger of Pontiac; Mrs. Mary Deery, Mrs. Richard Hanna, and a group of fellow employees from the Magnesium Fabricators in Adrian, where the department of which he was assistant superintendent, was closed for the funeral.

BETTY LOU BRUDER, 18, DIES IN U. M. HOSPITAL

Betty Lou Bruder, 18 years old, daughter of Mr. and Mrs. Bert Bruder, died Monday afternoon at University hospital in Ann Arbor after several months illness. She was born July 22, 1926, in Gibson City, Ill., and came to Tecumseh with her parents six months later. The family located on a farm northeast of town where they have since made their home. Betty Lou graduated from Clinton high school and was a member of the Macon Methodist church.

She is survived by her parents, three sisters Mrs. Gerald Carey and Mrs. Edward Furlong of Ypsilanti, and Mrs. Hamilton Moore of Britton; three brothers, Corp. Chalmer Bruder of Ft. Custer, Pvt. Delmar Bruder with the Fifth Army in Italy, and Clifford of Leslie; her grandparents Mr. and Mrs. Andrew Reynolds of Fisher, Ill.

The body was brought to the Collins Funeral Home where funeral services will be held this (Thursday) afternoon at 2:30. Rev. R. E. Simons of Flat Rock will officiate and burial will be in Riverside cemetery in Clinton.

RENDELL FAMILY

The 37th annual reunion of the Rendel family was held July 30 at the Milan Park, with 96 members present. County Normal To Open Again

LENAWEE AND HILLSDALE JOIN IN 2-COUNTY SCHOOL LOCATED AT BLISSFIELD

The Lenawee County Normal School at Blissfield, which was closed last year for the first time in 35 years, will reopen in September, and will operate as a two-county normal, for Lenawee and Hillsdale counties and will receive a double state appropriation as a result. John Drake, Hillsdale county school commissioner, has been added to the personnel of the board which now consists of C. Mulder, Blissfield, chairman; Mr. Drake, secretary; Dr. E. E. Mosher of Lansing and Mrs. E. T. Armstrong, Lenwaee county school commissioner.

The school will open September 5 with four teachers, and 21 student applications have already been received.

Miss Dorothy Drewyor Bride of Roy Lindner

Before a setting of palms and lavendar asters, with the lovely Rosewood Cross in background, the wedding of Miss Dorothy Mary Drewyor, daughter of Mr. and Mrs. Clyde E. Drewyor of Tecumseh, and Seaman Roy Rodrick Lindner, son of Mr. and Mrs. Ernest Lindner of Lansing was solemnized Sunday, July 23, at noon, in St. Luke's Methodist Church in Oklahoma City, Okla., following the morning service. Rev. Fulton Moore read the double ring ceremony.

James Peters, Naval Medical student, sang "Because," and Mrs. Everett Curtis at the organ played nuptial music and the wedding march.

The bride wore the traditional wedding gown of white marquisette made with basque buttoned to the waist in back, the long tunic-train falling from the waist, opening at the front over a plain skirt of the same material, and edged all around with a four-inch pleated ruffle of self material. Her circular, fingertip length veil was held in place by a wreath of orange blossoms, made of simulated pearl, and was edged with lace. She carried a shower bouquet of white gladioli petals, and her only ornament was a string of pearls, a gift from the groom.

The bride's only attendant was her mother, Mrs. Clyde E. Drewyor, who wore a gown of blue crepe with a corsage of white camelias, Mr. Lindner was attended by his brother, Pfc. Clair Lindner of Salina, Kansas.

Mrs. Lindner was graduated from Eastern High School in Lansing, and attended Adrian College, where she was a Delta Delta Delta. Mr. Lindner also was graduated from the Lansing High School. He and is stationed at the Naval is serving in the Naval Air Corps, Technical Training Center, Norman, Okla.

Out-of-town guests at the wedding included Mrs. C. Drewyor, Mrs. Neva Vicary, Leslie, Michigan, Seaman Gilbert Hobbs, Washington, D. C., Ens. and Mrs. Robert F. Moore, San Francisco, Calif.

Mr. and Mrs. Clyde Harrison, 300 N. W. 23rd, St., Oklahoma City, entertained at dinner for the wedding party Sunday, in their home. Miss Patty Bieber was an additional guest.

Tin Can Collection Needed But Must Wait

"Why is it that this up-and-coming town isn't having tin can collections as other towns are?" writes an interested subscriber to The Herald. "No doubt there are many housewives in town who have saved tin cans in the proper way, anticipating a collection. Perhaps a container could be made and set up in a convenient place downtown, where we could drop a sackful at a time as we come down to do our shopping," the inquiry continues.

In reply to the inquiry, Wade L. Jones, village clerk and who has had an active part in every scrap drive locally, says that he has attempted several times to organize a tin collection here. However, he has not thus far been successful. It seems that the value of the tin is destroyed if it is rusty, and there is no place available where it can be stored. About three months ago a tin can collection was planned for Tecumseh but what to do with the cans became the problem. They can be shipped to the reclaiming station only in car load lots and would have to be taken to Adrian for storage until such time as a car could be filled through a county-wide pick-up.

"We want to have a collection here," Mr. Jones concluded, "but until we can solve the disposal problem our hands seem to be tied."

Fire Losses Show Saboteur Failure

YEAR'S INCREASE IN BLAZE DESTRUCTION CALLED "NOT ALARMING"

East Lansing, Mich., Aug. 3—A communique from the home front this week reported enemy resistance stubborn, but progress satisfactory. It was signed by Commissioner Oscar G. Olander of the Michigan State Police.

The report concerned control of the No. 1 weapon of the enemy—fire. It showed that while Michigan's fire loss for the report period had increased, the gain was not in proportion to the increase in the country as a whole.

In the matter of both loss of life by fire and in fire destruction of rural property, there were decreases.

Statistics gathered by Arnold C. Renner, chief of the fire division of the state police, showed the fire loss of the nation had increased approximately $34,000,000 last year over the previous year. Yet the increase in Michigan, arsenal of a global war, where the saboeur's torch might break the fortunes of men at the front increased but $3,441,751.56.

The increase was "not alarming," therefore, in the opinion of Chief Renner, who points out that part of the increase can be attributed to "inexperienced help in our manufacturing plants, speeded-up war schedules, worn heating elements for which parts are not available and lack of sufficient help to maintain proper 'housekeeping conditions' in places where risks are great."

But 260 of a total of 46,825 fires were identified as "incendiary."

Fire loss in the rural, unprotected areas showed a decrease of $47,000 under that of the preceding year. The report showed there had been 129 deaths by fire during the year, a decrease of 54 from the year preceding. It is the second year in succession to show a drop in the number to lose their lives by fire.

Commenting on the rare instances where fires in war plants joined forces with the enemy in an offensive on supply lines to the fighting fronts, Mr. Renner said the two largest had been the Dow Chemical plant at Marysville, and the Machine Company at Ecorse, each loss exceeding $400,000.

In a tabulation of fire causes, Renner said the conclusion could be drawn that "folks just won't learn" for among the leading causes are the old stand-bys—careless smoking, children playing with and careless use of matches, overheated stoves and furnaces and kindling fires with kerosene and gasoline. Nearly 7,000 fires originated from these four causes.

Other reliable ways of calling out the fire department haven't been forgotten, Renner says. He cites such causes as thawing out frozen pipes with aper torches, careless disposal of hot ashes and leaving the electric iron on while Mrs. Housewife goes down town to shop.

GUILD PICNIC

The Florence Weld Mission Guild will hold a picnic Tuesday evening, August 8 at the home of Mrs. W. J. Penman. Members are to bring a dish to pass and table service. Those desiring transportation are to call Miss Marie Koernig or Mrs. M. G. Partridge.

Presbys Still In League Lead

CHURCH SOFTBALL GAMES ATTRACTING MUCH INTEREST; PARK READY FOR PICNICS

The Presbyterians continued to maintain their lead this week in the Church Softball League, with nine wins and four losses to their credit while the Baptist-Foundry team is in second place, with six wins and four losses. The Methodists are in third place with seven wins and six losses and the Friends fourth with six wins and seven losses. St. Peter's is in fifth place and the Lutherans sixth.

The league is now entering the last leg of the summer schedule, which ends the latter part of August. There is a keen spirit of competition and any one of the first four teams can still win the top honors.

The Tecumseh Products Company's softball team put in an appearance three times at Recreation Center last week. Starting off with a 3 to 2 victory over a Detroit MESA team on Sunday the success was shortlived for an Adrian MESA defeated the Products 6 to 1 on Wednesday. The local outfit came right back, however, and topped the league-leading Adrian Dwyer by an 8 to 1 score. All games drew good crowds.

The ladies softball team has been organized and plays each Wednesday evening.

Picnic tables have been set up at the park and ovens also are in place and the public is invited to use this equipment without any charge. There also are croquet, horsehoe sets, archery, softball and volly ball contests that are open each evening. For the children there are slides, a merry-go-round and other playground equipment.

Coach Fred Raizk, who is in charge of the park during the summer, declared that it is being used extensively and that he expects that crowds will increase during August.

Roy Judson Tate, 67, Dies at Clinton Home

Roy Judson Tate, aged 67 years, died Friday evening at his home in Clinton. He had been in failing health for several months but was confined to his bed only a days. He was a former employee of Clinton Woolen Mills, giving up his work in October because of ill health.

He leaves the widow Mrs. Minnie Tate, five sons Floyd of Clinton, Burt of Tecumseh, Oley of Vandercook Lake, John of Wawlers Lake and Charles, store keeper second class of the U. S. Navy, and six grandchildren.

Funeral services were held Wednesday afternoon at the Hause Funeral Home. Rev. Carlton Foltz officiated and burial was in Riverside cemetery.

DR. JOHN R. THOMPSON GETS ARMY COMMISSION

John R. Thompson, son of Mr. and Mrs. John R. Thompson of West Logan Street, Saturday received his degree at the University of Michigan as a doctor of medicine. At the same time he was given a commission as first lieutenant in the Army medical corps and placed on the inactive list for a nine months period. This will permit him to serve his internship at Mercy Hospital, Toledo.

Dr. Thompson is now at the home of his parents where he will remain for a month before reporting to the Toledo hospital.

Admiral Thos. C. Hart, USN., Ret., was the speaker at the graduation program, Saturday. Several from Tecumseh were in attendance.

ACCEPTS NEW JOB

Carl Brablec, superintendent of Britton schools, is moving to Clarkston where he has been engaged as head of the public schools. Mr. Brablec has served as superintendent in Britton for four years and previously as principal eight years.

EXELBY REUNION

The 48th reunion of the Exelby-Underwood families will be held Sunday, August 6, at the Britton Park with potluck dinner at one o'clock. In case of rain the gathering will be held in the Christian church.

MEETING DATE CHANGED

St. Elizabeth's Altar Society will meet Wednesday evening, August 9, at the home of Mrs. N. Geehan on Mill street instead of with Mrs. James Tressler as previously planned.

AUXILIARY TO MEET

The Tecumseh Hospital Auxiliary will meet Tuesday evening, August 8, with Mrs. B. L. Warren at her home, 110 E. Pottawatamie street.

EVERYBODY'S FIGHT

More than two hundred persons have been the victims of a wave of infantile paralysis that has visited twenty-eight counties in North Carolina and hundreds of doctors are closley studying the epidemic which is constantly spreading.

Fortunately, only 8 cases have resulted fatally but the appearance of the epidemic focusses attention upon the mystery of the disease. The war on it is not alone the cause of North Carolinians, it belongs to the entire nation, if not the world, and everybody should be interested in promoting efforts to avert other outbreaks.

MIRACLES IN WARFARE

Casualties, suffered by American forces, it is announced, now exceed those sustained in the first World War.

This should emphasize the fact that the nation is engaged in two wars. We fight two enemies at the same time. Their attacks coincide because each wished to benefit by the belligerency of the other.

Considering the mammoth nature of the wars in which we fight there is certainly little reason for the people of this country to be pessimistic about the future of the United States. The nation, through its fighting men, workers farmers and business leaders, has accomplished miracles.

COMMUNICATIONS

To The Editor of The Herald and Mr. George Bancroft
111 Hiawatha Street
Tecumseh, Michigan
Dear Mr. Bancroft:

Your very kind letter under recent date addressed to the editor of The Tecumseh Herald and myself was greatly appreciated. It's such encouragement from citizens of our city that really makes a person fight a little harder for the things that America stands for.

Unfortunately, some of our local citizens have either misunderstood or become alarmed about the recent school program. In all growing communities where a program calls for improvements to take care of the advancement of the community, some citizens naturally are against any improvements which cause higher taxes. People of these characteristics naturally fight a little harder than those who are interested but don't take the advantage of the great American institution of voting as to their convictions.

Whatever has been accomplished in the past in this America, 90% of the projects were defeated in the starting of the program, but by having good progressive citizens these have been overcome to such an extent that America is what it is today. I don't think any citizen wishes to retard the advancement of its community and most times it is retarded due to misunderstandings and not having the proper information. At least that is the way I feel towards the defeat of our present School Sinking Fund.

The Tecumseh Products Co. came to Tecumseh ten years ago this fall when its population was 1900 people. Today it stands in a crowded condition of 3500 people. The only reason Tecumseh has not grown bigger is due to the war. There is absolutely no doubt in my mind that within three or four years after the end of the war Tecumseh will be nearly 6000 people.

Naturally, this means new schools because the schools at the present time are taxed to their capacity and one or two small schools are condemned. We citizens must never forget that the tomorrow of America is our school children of today. It is not what you and I had when we went to school but it is what we must give to our present youth of our country. We older citizens must never forget that these boys and girls are our future citizens of tomorrow. That is why we have the America of today.

Please accept my deepest appreciation of your kind letter, and we sincerely hope that sometime this fall we can again present this school board's program to the community with the proper information so that the citizens of Tecumseh can stamp their approval for the betterment and advancement of our youth.

Yours very truly,
RWH:HHH R. W. Herrick.

FLAG IS DEDICATED AT WOODEN SCHOOL

Some 130 persons attended the flag raising and dedication, held recently at the Wooden school, near Onsted. Members of the American Legion participated in the program including Walter Kindscey, second district commander, Frank Kessler, chaiplain of the second district, and Dr. Silk.

Mrs. Faye Barrows, director of the school, presented the flag to the teacher, Miss Myrna Bugbee of Tecumseh, who in turn presented it to Paul Harwood, scoutmaster, for placing and raising. The flag was raised by Willis Parkhurst, Scout and pupil of the school, assisted by other Scouts. Billy Hayden of Tecumseh played a cornet solo and after the flag had been hoisted the audience joined in the pledge of allegiance.

Recitations were given by Clifford and Donna Jean Parkhurst, Alice and Helen Barrows, and "Chuckie" Fish. Others taking part in the program were Virginia Baker, Janet Lukomski, Carlene and Ronald Bradley, Donna Jean and Clifford Parkhurst, Helen and Alice Barrows, Elaine Ann Faust, Janet Lukomski, Leone Schultz, Lois Benschoter, Charles Schultz, George Barrows, Ramon Merx, Maurice Fish and Willis Parkhurst.

The guest speaker was Mr. Kindscey, who discussed the objectives of the American Legoin. Mrs. E. T. Armstrong, county school commissioner, also spoke. The program closed with the singing of "God Bless America," by Lois, Ronald and Leland Benschoter, accompanied by their father, Joe Benschoter, on the guitar, and Miss Mary Lou Boyd of Tecumseh, on the piano.

The program was held out of doors near the newly erected flag pole. The speakers' platform and the school room were beautifully decorated with garden flowers and there was a large service flag in honor of Elwyn Merz, Edward Lukomski, Stephen Lukomski and Ronald Hall, who are in military service.

Guests were present from Dearborn, Detroit, Macon, Clinton, Tecumseh, Adrian, Brooklyn, Norville, Manitou Beach and Onsted.

When the War Is Over
Will These Scales Balance?

When Hitler and Hirohito have taken the licking that they deserve and Peace again prevails upon the earth, will the scales that you see above balance for you?

Will the savings that you have made during the war, when wages were high and jobs plentiful, be sufficient to make a sizeable down-payment on the home that you have been wanting?

Ask yourself these questions and then think! It may be only a few months, possibly a year, before our government will release critical materials and make it possible to begin the construction of the home that you have been longing for. Will you be ready?

Our advise is this: Buy War Bonds NOW. Keep them, don't cash them. Then, when Victory has been won, you will have that nest-egg for a new home.

These Are Crucial Days

Our Nation is at War. Hundreds and thousands of lives are being sacrificed in battle and industry—that Victory may be ours. Which brings each of us to ask: "Am I, on the home front, doing my part to win this war? Is my sacrifice sufficient?"

The next time you visit our store and can't buy what you want, or the next time you have to wait for service, don't become impatient. We're trying to serve you to the best of our ability—with everything at our command. But remember! Groceries and meats have gone to war, too.

So, in all seriousness, we say to you, don't complain. Our soldiers, the men who are fighting and dying for you are not complaining. They're sacrificing, truly.

NEWS OF OUR MEN AND WOMEN IN UNIFORM

San Francisco, Calif.

Dear Mr. Wickwire, Editor:

I am writing this letter to let you know how much I appreciate your sending me The Tecumseh Herald. About the first thing I look for is the letters from the boys in the service from my home town. I was reading a piece in the paper of my brother who was on maneuvers down in Louisiana. Well I am a long ways from there but I like it very much where I am.

I am in the Southwest Pacific and I have seen plenty of action and suppose things are going pretty good around Tecumseh.

Well I was on furlough about three weeks ago and I had one swell time. I went to Australia.

There is one thing I don't like back there is those 4-F guys marrying our girl friends. Here we are looking forward thinking they will be there when we get back, and then you get a letter saying she is married to some nice boy back there.

Well I guess I had better drop that subject for now.

Well I have been working quite hard for the last few weeks. But that is what helps win the war.

You will have to excuse this writing cause my pen point is shot and I can't get another one. I think a lot of the people that sent me Christmas packages this year and that goes for Mrs. Jack Smith, Mrs. William Creger and Mrs. Frank Robbinette. Everybody thinks a lot of the people back there for what they are doing for the boys overseas. Well I guess I will close for now and may God bless you all.

Sincerely yours,
Pfc. LaVern Creger.

"PRIVATE HARGROVE" FUNNIEST PICTURE

"See Here, Private Hargrove," the hilarious best-seller based on Army life, has been made into one of the funniest screen comedies of the year. In the film, which opens at the Clinton Theatre on Sunday, August 6, a group of young players make sure-fire bids for stardom.

These include young Robert Walker, who embarked on his screen career as the sailor in "Bataan," in the title role of the hapless Hargrove, and lovely Donna Reed, whose most recent appearances were in "The Man from Down Under," and "The Human Comedy," is cast as Hargrove's sweetheart. True to the Army, he meets her while she is working in a canteen at Fort Bragg, North Carolina.

Keenan Wynn, last seen as the gangster in "Lost Angel" with Ilo the Margaret O'Brien, is Private Mulvehill, and Donald Curtis plays the sergeant who takes Hargrove in hand and almost takes on more trouble than he can handle. "Bill" Phillips and George Offerman, Jr., have their greatest opportunity so far.

"...and I often think of Elm Street"

"I'm a long way from home out here, and when I'm alone at night, Dad, I often think of Elm Street with its big trees, its neat houses, the bells on a quiet Sunday morning—and all of us coming in town for church. It's the peace and freedom and decency of it all that gets under my skin—and it makes me a bit homesick now and then.

"There's nothing like Elm Street over here—and never will be till these folks change their system.

"The trouble lies with the men who rule—and with the people who let them get away with it.

"Over here the wrong men have been running things too long. They have been crazy with power. They gradually took over more and more, and when the people finally woke up—it was too late. These folks can't throw out their officials the way we can. They have to have a war to get rid of their so-called 'new order.'

"Thank God we can still put the men we want into office—and throw them out again—with ballots instead of bullets.

"This mess is a fine example of what dictatorship and regimentation can do when they really get going. And talk about bureaucrats—you ought to see what the ones over here are doing to farmers. You can't do anything on your own. You just take orders—and like it.

"We ordinary folks at home always had a feeling of independence and self respect. You and Mom were always looking ahead to *better* things—for yourselves and for us kids. That sort of thing is missing here, Dad—and I think it's the result of years of being pushed around. These folks have been told what to do and when and how to do it for so long that they don't know anything else. They've forgotten how to think for themselves.

"Don't let this system get a toe hold at home, Dad. It's bad stuff. And the trouble is, it sneaks up on you. You don't realize that it's got you till it's almost too late.

"I think most American farmers are just like us—plain, practical, hard working, thrifty people—blessed with a lot of good common sense. Most of us aren't very strong for fancy political theories. We know by experience that the American way of getting things done, even with its short-comings, has brought more real happiness, prosperity, progress, education, health and general good to more people than any other system in the world.

"And that's something to think about . . ."

* * *

Millions of American boys from farms and villages are doing a lot of thinking. They are writing home anxiously these days. Many of them are worried—wondering what is happening to America while they are away. They realize now, more than ever, what real freedom means—and we at home must guard it for them as well as for ourselves.

STATE DOCTOR WARNS OF FOOD POISONING

The increase in food poisoning which usually occurs in summer months could be avoided by proper refrigeration, according to Dr. William DeKleine, state commissioner of health. The most comto the growth of staphylococcic mon form of food poisoning is due germs in certain foods left at room temperature.

Staphylococci may be present in the food eaten without harmful results. It is only when these bacteria grow that they produce a poison. Prompt refrigeration keeps the food safe, since staphylococcic germs do not grow at low temperatures. However, left at room temperature for a few hours the germs may produce enough poison to cause violent illness.

Because staphylococci are commonly present in the nose and throat, in skin infections or even in the air, there is no way to be sure that they have not entered food. Such foods as custards, meats, cakes, pastries and cream, which encourage the growth of staphylococci, should never be left at room temperature. The same precaution should be taken with all creamed meats and vegetables and with sandwich fillings.

Time Is Nothing To a Hog

But it is to the feeder.

HAYDEN'S PIG & HOG BALANCER
when mixed with your new grain will put your hogs on the market in a minimum of time.

Not only will this splendid, proven balancer save time, but it will also save money over a straight grain feeding program.

Time means nothing to a hog, we admit. But it does to you! Why waste a month or so when every moment counts. Feed HAYDEN'S HOG BALANCER and save both time and money.

Pig Pointers
Be sure your hogs are free from worms. Ask us for details.

Watch Out For Worms

Right now there are a lot of chickens that are 10 to 14 weeks old which need worming.

Unless chicks are raised in strictly clean quarters or on clean range, they may be quite heavily infested with worms by this time.

We can heartily recommend Chek-R-Ton which can be easily and safely applied to your pullets without harmful effect.

If your birds are in good shape, they'll really go to town on your own grain mixed with
HAYDEN'S 32% POULTRY BALANCER.
We recommend this formula:

150 lbs. corn
50 lbs. wheat
50 lbs. oats
100 lbs. Hayden's 32% Balancer

Protect Your Car!

It's Worth More Today Than the Day That You Bought It!

KEEP IT IN REPAIR OR WALK

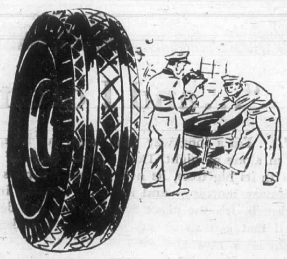
There's no fooling any more about the value of your car; it's worth more today than the day that you bought it. That's because cars are no longer built; you couldn't buy a new one if you wanted it.

Therefore, it's up to you **NOW** as to how long your car will last and give you service. No one can give you the answer but yourself. Upon how well you treat your car depends its existance.

We say to you then in all sincerity: "Don't neglect your car—any piece or part of it. Keep it well lubricated have the oil changed regularly. Watch for unusual noises, have them checked at once. And, above all, have it regularly inspected by a competent mechanic."

We would like to service your car for you. We have pledged to keep as many cars on the road for the duration as possible. Regardless of the make of your car, we'll give you **HONEST SERVICE** and promptly. Also, we'll do our best to obtain replacement parts where needed.

Until Victory then, remember this! You'll not have another car until Peace. In the meantime, **BUY BONDS** and **CARE FOR THE CAR YOU HAVE.**



Recap Before the Fabric Shows Through

There's no propaganda connected with the story when your tire man tells you that **NEW TIRES** are hard to get—that it's not rationing cerificates that you need—it's the tires that can't be found.

Danger of blowout, and irreparable condition threatens, when you ride on your tires long enough to wear to the fabric. That is the time when driving not only is dangerous — it's the time when your tire man may say: "You've waited too long; your tire cannot be recapped."

Don't wait that long. Bring your tires to us for careful checking regularly.
